

RN to Bachelor of Science in Nursing (RN-BSN) - 51.3801

For applicants residing outside of Alabama:

The RN to Bachelor of Science in Nursing (RN-BSN) is a post-licensure degree completion track that requires an active, unencumbered Registered Nurse (RN) license for admission. This program does not lead to initial RN licensure or advanced practice credentials.

The state determinations provided in this document reflect whether Troy University is authorized to offer student field placements and whether the program has the availability to coordinate preceptor-supervised clinical experiences within each jurisdiction. Clinical placement availability is subject to change based on state board regulations, institutional agreements, and local placement capacity.

For educational requirement questions, contact the Office of State Authorization at stateauthorization@troy.edu.

For clinical requirement questions, contact Brittany Bettis at bbettis@troy.edu.

State/ Territory	Licensing Board	Meets educational requirements	Does this program have the availability to offer clinical experiences in this state?	Method of Delivery	Modified
