IV. Reports

A. Chancellor

A summary of reports and agenda items for the Board meeting was provided which included a update on SACS, a report on a School of Science & Technology, branding and advertising report, update on the PACT program, bond issue refinancing resolution and a resolution to name the General Academic Building. The Chancellor welcomed Commissioner Wright Waters, Sun Belt Conference, and added that the Board will hear a report on the

Conference. Chancellor Hawkins also said that following the meeting Board members will be given a tour of University Park which houses CGI, Information and Technology Department, and eCampus.

The Chancellor reported on the following topics:

Enrollment

Enrollment has increased about 14% since 2005 with current enrollment at about 31,000. Global Campus serves approximately one-half of current figures. The University is experiencing growth in enrollment across the system. It was noted that in 1989 Troy Campus enrollment was at 3800 compared to 7200 currently. International student enrollment is at 850 representing 60 countries. China is one of the top countries represented and the Chancellor reported that Confucius Institute Board of Directors will be invited back to campus in the fall for the opening of Confucius Institute to be housed in the newly renovated Bibb Graves Hall. A conference will be planned in conjunction with the opening with officials invited from Beijing, Washington, and the Consul in Houston.

State Appropriations

A comparison of funding levels from 2008 to present was shared and it was noted that base appropriation in 2008 was 62,000,000 and 2010 45,000,000. Of the 45M it was reported that 5M is stimulus money and from all indications will not be there for the next year. The Chancellor added that the University is in stable condition as we go into 2011. Steps have been taken to compensate for proration. It was noted that proration was 11% in 2009 and 9.5% in 2010. To address proration the University has put into place a hiring freeze for vacant non-faculty positions through March 31, 2011, and initiated a 10% budget reduction for non-personnel expenditures.

Facilities

An overview was given on the Montgomery Campus properties in regard future development sites. Some of the properties mentioned were the Executive Building for demolition, Jefferson Davis Hotel, a two-story building with 30 parking spaces on Church Street, a one-story building located on the corner of Church and Catoma Streets, and a high-tech building and two lots on the corner of Montgomery and Catoma Streets.

The Chancellor updated the Board on construction status for the Troy Campus dining facility, the arena and the Bibb Graves Hall renovation project.

B. Board Committee Reports

o Academic Affairs Committee, Honorable Gerald Dial

Senator Dial called upon Dr. John Dew to provide an update on the Southern Association of State Colleges and Universities (SACS).

• SACS Update, Dr. John Dew

Dr. Dew reported that a SACS Team visited campus in September to review our Doctorate in Nursing Practice (DNP) program. It was a very thorough review chaired by the Associate Provost at the University of Texas-Austin. Dr. Dew said it was a positive review in terms of the overall University and they were very impressed with the quality of our DNP program. They were also impressed with our ability to deliver this program online. The University did receive one recommendation and that was to continue to add additional faculty for this program to make sure we have a good balance between teaching and research capabilities. Plans are already underway to address this recommendation and the University will provide SACS with a follow-up report in February. It was noted that the annual SACS meeting is scheduled for December in Kentucky and it is anticipated the University will receive feedback at that time.

In conclusion, Dr. Dew responded to questions/comments from Board members. Mr. Nailen inquired as to the budget impact of the additional faculty positions for the DNP. Dr. Dew responded that he anticipates that it will involve adding about three faculty positions and should not be an insurmountable budget impact.

Mr. Higgins shared information regarding the Board's Academic Affairs Committee meeting with the SACS Team saying that he felt the committee did a good job in letting the Team know about the Board's commitment to the DNP program.

Senator Dial echoed Mr. Higgins comments and thanked Mr. Higgins and Mrs. Carter for their part in the meeting with SACS Team.

- **School of Science & Technology, Dr. Jack Goldfrank**

Dr. Goldfrank shared information for a Science and Technology School at Troy University and said that the University has a unique opportunity to tie it to economic development. He added that his vision would be to establish a separate science and technology school within the College of Arts & Sciences. The new school should be aligned closely with the College of Business and integrated with regional economic development. He further said that he would recommend expansion of the University's current science and technology offerings and create more focused select disciplines which become the core competencies and expand the University's reputation. He said that all of the above should be strategically aligned with the needs of the region.

Dr. Goldfrank stated that the selection of a leader for the School would be critical. He added that he would recommend the following be used as a guide to leader selection.

Qualifications--Terminal science and technology degree; senior level position in industry or government

Characteristics—Visionary leader, strategist, bridge builder between academia, industry and government

Responsibilities—Implement the vision, partner with major industrial companies, create new programs and build core competencies, secure grants and grow research capabilities, and lure world-class scientists and technologists

Dr. Goldfrank added that the building blocks for a Science and Technology School would include Chemistry, Environmental Science, Geomatics, Physics, Physical Science, Computer Science, Biology, and Math.

In closing, Dr. Goldfrank stated that the next steps would be to hire the leader, empower the leader, support the leader, and make it happen!

Following the presentation, Dr. Goldfrank responded to comments and questions from Board members and added that his proposal is to identify and focus on one or two areas where the University would stand out from all others. Discussion followed.

- **PACT Program Strategy, Mr. Marcus Paramore**

Mr. Paramore briefed the Board on the Pre-paid Affordable College Tuition (PACT) program activity and the bill that was passed in the Legislature last year. He added that we have developed a 3-pronged strategy to address the action in Public Act 2010-725. We will have a legal strategy, legislative strategy, and we will build a coalition that will help us carry it out. Mr. Paramore gave a brief overview that has brought us to this point. He added that the first step in this process was to frame the legal question as to whether the Alabama Legislature possess the legislative power to set and regulate tuition at Troy University as it did in the act in section 4 when the Code of Alabama, Section 16-56-6, vested that power to the Board of Trustees at Troy

University. He further explained the aspects of the legal and legislative strategies. He addressed the strategy of building a coalition with the other nine institutions affected. In conclusion, Mr. Paramore stated that the three strategies discussed today outline the path we would like to take to move this effort forward. Discussion followed and Mr. Paramore responded to questions and comments from the Board members. He added that with the guidance and approval of the Chancellor we are ready to move forward quickly in this effort.

Mr. Higgins reiterated his comments from a previous discussion and said that our position should be that the Board has the authority to set tuition. He said the question is: Does this Board have the authority to set tuition? Mr. Higgins added that his thinking is that we don't need to address PACT issue; we need to address the question above and that would take care of the issue. The Chancellor added that we need to deal with the PACT issue because over the life of the program it will cost the University over \$20M. Mr. Paramore stated that the Public Act 2010-725 did not repeal any part of the statutes which addresses the power of the Board of Trustees. The Chancellor stated that this is an important perspective that needs to be factored into discussions with counsel. Mr. Higgins inquired as to the Higher Education Partnership position. Mr. Paramore responded that at this time there has been no communication with the Partnership. Discussion followed.

- **Advancement Presentation, Mrs. Donna Schubert/Dr. Jean Laliberte**

Mrs. Schubert provided an Advancement update. She said being new in her position she could not take credit for the good work she would report on today. Mrs. Schubert expressed appreciation to Mrs. Sandi Gouge for her good work and also thanked Buddy Johnson, Jane Martin, and Tom Davis.

Mrs. Schubert's report covered Broadcast & Digital Network Division, which includes Trojan Vision and Public Radio; Marketing; and Public Relations.

Broadcast & Digital Network

TROY Trojan Vision has been very active in production and the efforts that go on at Trojan Vision support education, athletics, and other special events at the University. One of the things they have accomplished is the ability to provide live streaming coverage of special events such as the Faculty & Staff Convocation, athletic events, and commencements. There has been some wonderful feedback on our Alabama in Politics program with Steve Flowers. They have also expanded sports coverage replays. Infrastructure is a key part of our broadcast and digital network and they have installed fiber optics cable on the Dothan Campus and this will make it possible for us to have a television station on that campus. Mrs. Schubert also reported that the station on the Montgomery Campus is up and operable. Mrs. Schubert continued by saying that TROY Trojan Vision also covered the opening the Manley Johnson Center and Fraternity Row dedication ceremony. A map what shared that reflected the coverage area for TROY Trojan Vision.

In Public Radio Mrs. Schubert reported that we are expanding our coverage area. In Montgomery we have also expanded our infrastructure. Currently, there is a fundraiser underway and we have received funding for a transmitter. Mrs. Schubert added that all three of TROY's radio stations can be heard online now and we have completed a grant application for funding to CPB to replace a transmitter and Verizon Wireless is now leasing with us to use our tower to distribute their signal. Several video conferencing rooms have recently been updated.

Public Relations

Mrs. Schubert reported that the Public Relations Division can report on some great news coverage and that is reflected when Forbes Magazine ranked Troy University as the "Best University" in Alabama 2010-2011. Forbes Magazine places the University 16th nationally as a "best buy" in higher education, and for the sixth year in a row, The Princeton Review has named TROY to its "Best in the Southeast." In addition, U.S. News and World Report's annual "Best Colleges" named Troy University one of the 65 best universities in the South in its "Regional Guide." GetEducated.com, which ranks competing online higher education programs nationwide in similar classes of institutions, gave its "best buy" designation to three TROY eCampus degree programs. GIJobs.com, which works to steer veterans and active-duty military members to quality services, has recognized TROY as being in the top 15 percent of all universities, colleges, community colleges and trade schools in the country in terms of being "military. The Laboratory for the Study of Intercollegiate Athletics ranked TROY 10th among all NCAA Football Bowl Subdivision (formerly Division I-A) athletic departments in its 2010 Excellence in Management Cup.

Marketing

In Marketing Mrs. Schubert reported that the University received 29 awards in 2009-2010. She added that car tags sales have increased and Troy University. In conclusion, Mrs. Schubert gave the Board a preview of new commercials for the University.

Mrs. Schubert turned the presentation over to Dr. Jean Laliberte. Dr. Laliberte advised Board members that the University has received word that Chancellor will be presented the CASE Chief Executive Leadership Award in February.

Dr. Laliberte gave an update on the Capital Campaign. The goal is \$100M and we are currently at \$50M and if you include grant activity we are at approximately \$120M. Dr. Laliberte thanked Mr. Higgins for chairing the committee and advised that Dr. John Long serves as honorary chairperson. She added that Development is pleased to announce that for the first time the University will be taking its "Sound of the Seasons" concert to the Davis Theatre on December 9th. Dr. Laliberte displayed a copy of a print that is being used as a fundraiser for the Davis Theatre and proceeds will be used to help fund the programs of groups participating in the event. Dr. Laliberte shared an ad that will be used on television promoting the Sounds of the Season. In conclusion, Dr. Laliberte reported that preparations are already underway for the University's 125th Anniversary Celebration set for Feb. 11, 2012.

- **Finance Committee, Honorable John Harrison**
 - **Resolution No. 1—Bond Issue**

Mr. Harrison reported that the Board Finance Committee met last week to discuss the bond issue. He provided highlights of the resolution being presented today and then turned the meeting over to Dr. Jim Bookout.

Dr. Bookout introduced Louis Cardinal, Thornton Parish, and team Kurt Gwathney and Will Sellers of Balch & Bingham, who worked with the University on the bond issue.

Dr. Bookout said that the proposed 2010 bond issue will refund 1998, 2001, 2003, 2004 Series debt totaling \$21M. The University is currently under the 1969 Parity Bond Resolution which requires Surety Bond and cash debt reserve. The proposed resolution today will also offer the option to refund 2005 and 2007 bonds totaling \$18M and provide new money totaling \$16M. The primary purpose of the bond issue today would be to fund Alumni Hall renovation and to fund a portion of Trojan Arena.

Advantages of refunding reported by Dr. Bookout would be the elimination of debt reserve fund requirement and provide a lower interest rate. He noted that Series 1998, 2001, 2003 & 2004 bonds can be refunded in today's market at a net present value savings in excess of \$1.3M.

Further, Dr. Bookout provided a breakdown of current debt obligations considered for refunding.

ARTICLE III

SERIES 2010 BONDS

Section 3.1 Authorization and Issuance of Series 2010 Bonds. This Resolution constitutes a Series Resolution under the General Bond Resolution in order to provide for the issuance of the Series 2010 Bonds.

Pursuant to the authorization to do so contained in the General Bond Resolution and in Section 16-3-28, Code of Alabama (1975), as amended, the Series 2010 Bonds are hereby authorized to be issued, as one or more series of Bonds under the General Bond Resolution, in an aggregate principal amount currently estimated at \$37,000,000, but not to exceed \$60,000,000.

The Series 2010 Bonds shall be issued, if at all, subject to the discretion of the Chancellor and Treasurer, in consultation with the University's financial professionals, based on prevailing market conditions at the time or times of the proposed sale thereof. The issuance of any part or sub-series of the Series 2010 Bonds shall in itself conclusively evidence the determination by the Chancellor and the Treasurer that market conditions at that time warranted the issuance of that part or sub-series of the Series 2010 Bonds. The Series 2010 Bonds may be sold by public or private sale at the discretion of the Chancellor and Treasurer, in consultation with the University's financial professionals.

At the time of issuance of the Series 2010 Bonds, the University shall file with the Secretary of the Board and the Trustee the same items that are required, pursuant to Section 2.3 of the General Bond Resolution, to be so filed prior to the issuance of any series of Additional Bonds.

Section 3.2 Certain Terms and Provisions of Series 2010 Bonds.

(a) The Board hereby determines and prescribes the following terms, provisions and other matters relative to the Series 2010 Bonds:

(1) The Series 2010 Bonds shall be issued, subject to the discretion of the Chancellor and Treasurer of the University, in consultation with Bond Counsel and the other professionals advising the University in connection with the issuance of the Bonds, in one or more sub-series, on a Tax-Exempt and/or Tax-Favored and (if and to the extent required under the Code) Taxable basis. Reference is made to Section 3.3 hereof for certain representations and covenants of the University in respect of any Series 2010 Bonds issued on a Tax-Exempt or Tax-Favored basis.

(2) The Series 2010 Bonds shall be generally designated "Troy University, Facilities Revenue Bonds, Series 2010", with such other or special designations as to any part or sub-series thereof, if any, as the Chancellor and Treasurer are hereby authorized and entrusted to set forth in the 2010 Determination Document; and shall be fully registered as to both principal and interest, with each separate sub-series thereof numbered consecutively from R-1 upwards.

(3) The University will not fund or provide for a reserve fund for the Series 2010 Bonds.

(4) Because a substantial portion of the proceeds of the Series 2010 Bonds will be applied to pay costs of the Facilities described in Section 2.1(a) (hereinafter referred to, collectively, as the "2010 Project"), the University will establish the Series 2010 Construction Account, more fully described in Section 3.4 hereof.

(5) The proceeds of the Series 2010 Bonds shall be used as provided in Section 2.1(a) hereof, subject to the discretion permitted therein and in the General Bond Resolution.

(b) Subject to the conditions set forth below in this subsection (b), the Board hereby authorizes and entrusts the Chancellor and Treasurer to determine or prescribe, in the Series 2010 Determination Document, which shall constitute an integral part of this Series Resolution, such of the other terms, provisions and other matters relative to the Series 2010 Bonds enumerated in Section

2.4(c) of the General Bond Resolution as they deem necessary or desirable. The net interest cost of any Series 2010 Bonds issued as a series of Tax-Exempt Bonds shall not exceed 4.5%, the net interest cost (without regard to any subsidy expected to be received by the University from the federal government) of any Series 2010 Bonds issued as a series of Tax-Favored Bonds shall not exceed 6.5% and the net interest cost of any Series 2010 Bonds issued as a series of Taxable Bonds shall not exceed 6.5%.

Section 3.3 Tax-Related Representations and Covenants. Any reference in this Section 3.3 to the "Series 2010 Bonds" shall be deemed to refer, on a sub-series by sub-series basis, only to that sub-series or those sub-series of Series 2010 Bonds issued on a Tax-Exempt or Tax-Favored basis. The University makes the following representations, warranties and covenants as the basis for its issuance of the Series 2010 Bonds, which representations, warranties and covenants are intended to be relied upon:

(a) The University warrants that the interest on any Tax-Exempt Series 2010 Bonds is and will continue to be excludable from the gross income of the owners thereof for federal income tax purposes. The University will continuously comply with all requirements imposed by the Code as conditions to the exclusion from gross income for federal income tax purposes of the interest on any Tax-Exempt Series 2010 Bonds. The University warrants that any Tax-Favored Series 2010 Bonds do and will throughout the life of the issue continue to meet all requirements imposed by the Code to be and remain Tax-Favored.

(b) The University will not apply or permit the proceeds of the Series 2010 Bonds to be applied in a manner that would cause any of them to be deemed "private activity bonds" within the meaning of Section 141 of the Code. The University shall assure that (i) not in excess of ten percent (10%) of the Net Proceeds of the Series 2010 Bonds is used for Private Business Use if, in addition, the payment of more than ten percent (10%) of the principal or ten percent (10%) of the interest due on the Series 2010 Bonds during the term thereof is, under the terms of the Series 2010 Bonds or any underlying arrangement, directly or indirectly, secured by any interest in property used or to be used for a Private Business Use or in payments in respect of property used or to be used for a Private Business Use or is to be derived from payments, whether or not to the University, in respect of property or borrowed money used or to be used for a Private Business Use; and (ii) in the event that both (A) in excess of five percent (5%) of the Net Proceeds of the Series 2010 Bonds are used for a Private Business Use, and (B) an amount in excess of five percent (5%) of the principal or five percent (5%) of the interest due on the Series 2010 Bonds during the term thereof is, under the terms of the Series 2010 Bonds or any underlying arrangement, directly or indirectly, secured by any

interest in property used or to be used for said Private Business Use or in payments in respect of property used or to be used for said Private Business Use or is to be derived from payments, whether or not to the University, in respect of property or borrowed money used or to be used for said Private Business Use, then said excess over said five percent (5%) of Net Proceeds of the Series 2010 Bonds used for a Private Business Use shall be used for a Private Business Use related to the governmental use of a portion of the projects financed with the Net Proceeds and shall not exceed the proceeds used for the governmental use of the portion of such projects to which such Private Business Use is related.

(c) The University shall assure that not in excess of the lesser of five percent (5%) of the Net Proceeds of the Series 2010 Bonds or five million dollars are used, directly or indirectly, to make or finance a loan (other than loans constituting nonpurpose investments (within the meaning of section 148(f)(6)(A) of the Tax Code)) to persons other than state or local government units.

(d) Except to the extent permitted under Section 149(b)(3) of the Code, (i) payment of principal of or interest on the Series 2010 Bonds is not directly, indirectly or otherwise guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof), and (ii) none of the proceeds of the Series 2010 Bonds will be used to make loans the payment of principal or interest with respect to which is to be guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof).

(e) The University covenants that it will restrict the use and investment of the proceeds of the Series 2010 Bonds in such manner and to such extent, if any, and take or refrain from taking such other actions, all as may be necessary, after taking into account reasonable expectations at the time of the delivery of and payment for the Series 2010 Bonds, so that the Series 2010 Bonds will not constitute "arbitrage bonds" within the meaning of Section 148 of the Code or "hedge bonds" within the meaning of Section 149(g) of the Code.

(f) The Chancellor or Treasurer is hereby authorized to execute and deliver, for inclusion in the transcript of proceedings for the Series 2010 Bonds, a Tax Compliance Certificate relating to and made as of the Issue Date of the Series 2010 Bonds. Such Tax Compliance Certificate shall, among other things, reaffirm as of its date the continuing accuracy, completeness and correctness of the tax-related representations herein contained, set forth the reasonable

expectations of the University regarding the amount and use of all the proceeds of the Series 2010 Bonds and the facts and estimates on which those expectations are based, and contain such other and further representations, covenants, designations and elections on the part of the University as Bond Counsel or the Purchaser shall request to evidence the Tax-Exempt or Tax-Favored status, as the case may be, of the Series 2010 Bonds and the commitment of the University to maintain the same. The University hereby agrees to perform any such covenants contained in the Tax Compliance Certificate.

(g) The University will make such informational reports as may be required under the Code, and in particular Section 149(e) thereof, with respect to the issuance of the Series 2010 Bonds.

(h) The University covenants that it will (1) apply the proceeds of the Series 2010 Bonds to the governmental purposes of the borrowing, (2) make timely rebate payments to the United States, if any are required, and (3) maintain books and records and make calculations and reports necessary to make and to evidence sufficient rebate payments.

(i) In the event that the aggregate principal amount of Series 2010 Bonds to be issued during a calendar year together with any other tax-exempt obligations to be issued by the University during such calendar year is equal to or less than the amounts set forth in Section 256(b)(3)(C) and (D) of the Code (as such provisions may be amended), the Chancellor is hereby authorized, upon consultation with Bond Counsel, to designate such Series 2010 Bonds as "qualified tax-exempt obligations" within the meaning and for purposes of Section 265(b)(3)(B) of the Code. Such designation, if made, shall be made in the Determination Document or the Tax Compliance Certificate for that sub-series of Series 2010 Bonds and shall be accompanied by such representations and warranties as are customarily made in connection with such a designation.

Section 3.4 Series 2010 Construction Account.

(a) The University shall open and maintain one or more separate accounts to be known collectively as the "Series 2010 Construction Account" (with such additional designations as may be appropriate to distinguish the accounts, if more than one, from one another), in each case in a bank

which is a member of the Federal Deposit Insurance Corporation or any agency which may hereafter succeed to its functions and duties.

(b) The moneys in the Series 2010 Construction Account shall be applied only to pay or reimburse (1) costs of the 2010 Project, including the repayment of any interim or temporary loans or advances made to or by the University for such purpose, and (2) the costs and expenses of issuing the Series 2010 Bonds. Withdrawals may be made by the University from the Series 2010 Construction Account by check or order accompanied by a certificate or certificates signed by an authorized officer of the University, stating the name of the payee and the amount and purpose of the payment. The Trustee shall serve as principal depository of the Series 2010 Construction Account and shall administer withdrawals therefrom in accordance with the aforementioned procedures, but the Trustee shall not be responsible for the application of any moneys so withdrawn from said Account by the University.

(c) Any moneys on deposit in a Series 2010 Construction Account not required for current disbursements shall be invested in Permitted Investments, as hereinafter defined, as directed by the University. Any such investments shall be payable in such amounts and at such times as may be necessary to meet required payments from that Series 2010 Construction Account. The earnings from any such investments shall be deposited in that Series 2010 Construction Account. No investment shall be made which would cause any Tax-Exempt or Tax-Favored sub-series of the Series 2010 Bonds to be "arbitrage bonds" or "hedge bonds" as those terms are used in Section 148 and Section 149(g), respectively, of the Code. The depository for any Series 2010 Construction Account in which shall be held the proceeds of any Tax-Exempt or Tax-Favored sub-series of the Series 2010 Bonds, by acceptance of its duties hereunder, agrees to keep such records and supply such information to the University as will enable the University to make any necessary rebate payments in a timely manner; provided, however, that the furnishing by the Trustee of records or information in addition to standard account records of deposits, withdrawals and investment income shall, at the option of the Trustee, be treated as an Extraordinary Service under the General Bond Resolution.

(d) As used herein, "Permitted Investments" shall mean and include any of the following (unless proscribed by the provider of any Credit Enhancement for all or any part or sub-series of the Series 2010 Bonds):

(1) Cash (insured at all times by the Federal Deposit Insurance Corporation);

(2) Obligations of, or obligations guaranteed as to principal and interest by, the United States of America ("U.S.A.") or any agency or instrumentality thereof, when such obligations are backed by the full faith and credit of the U.S.A.;

(3) Direct obligations of any of the following federal agencies which obligations are not fully guaranteed by the full faith and credit of the U.S.A.: (i) senior debt obligations issued by the Federal National Mortgage Association (FNMA) or Federal Home Loan Mortgage Corporation (FHLMC), (ii) obligations of the Resolution Funding Corporation (REFCORP) and (iii) senior debt obligations of the Federal Home Loan Bank System;

(4) Certificates of deposit or other bank deposits (i) issued by, or made with, a bank whose unsecured, long-term obligations are rated by at least one Rating Agency in one of the three highest rating categories assigned by that Rating Agency, or (ii) secured at all times by collateral described in paragraphs (1) and (2) above, which collateral is held by the Trustee or by a third-party custodian acceptable to the University and the Trustee or in which the Trustee or such other custodian has a perfected first priority security interest;

(5) Commercial paper which is rated at the time of purchase in the single highest classification, "P-1" by Moody's and "A-1+" by S&P and which matures not more than 270 calendar days after the date of purchase;

(6) Money market funds rated by at least one Rating Agency in one of the three highest rating categories assigned by that Rating Agency;

(7) Pre-refunded "Municipal Obligations" (herein defined as any bonds or other obligations of any state of the U.S.A. or of any agency, instrumentality or local government unit of any such state) which are not callable at the option of the obligor prior to maturity or as to which irrevocable instructions have been given by the obligor to call on the date specified in the notice; and (i) which are rated, based on an irrevocable escrow account or fund (the "escrow"), in the highest rating category of Moody's or S&P or any successor

thereto; or (ii) (A) which are fully secured as to principal and interest and redemption premium, if any, by an escrow consisting only of cash or obligations described in clause (2) above, which escrow may be applied only to the payment of such principal of and interest and redemption premium, if any, on such Municipal Obligations on the maturity date or dates thereof or the specified redemption date or dates pursuant to such irrevocable instructions, as appropriate, and (B) which escrow is sufficient, as verified by a nationally recognized independent certified public accountant, to pay principal of and interest and redemption premium, if any, on such Municipal Obligations on the maturity date or dates thereof or the specified redemption date or dates pursuant to such irrevocable instructions, as appropriate; and

(8) Municipal Obligations rated "Aaa/AAA" by both Moody's and S&P or general obligations of states of the U.S.A. rated "A2/A" or higher by both Moody's and S&P.

Neither the Bonds nor any pledge or agreement made in this Resolution or the General Bond Resolution shall be or constitute an obligation or debt of any nature whatsoever of the State, and neither the Bonds nor any obligation arising from any such pledge or agreement shall be payable out of any moneys appropriated by the State to the University. MISCELLANEOUS

Section 7.1 No Recourse. No recourse shall be had for the payment of the principal of or interest on the Bonds, or for any claim based thereon or on this Resolution or in the General Bond Resolution, against any member of the Board or any officer of the University, past, present or future, or any Person executing the Bonds, all such liability, if any, being expressly waived and released by every Holder by the acceptance of the Bond or Bonds held by it.

Section 7.2 Construction as a Contract. The provisions of this Resolution shall constitute and be construed as a contract, made under and for all purposes governed by and construed in accordance with the laws of the State, between the University and the Holder or Holders from time to time of the Bonds; provided, however, that no agreement, covenant or obligation of the University herein or in the Bonds contained shall be construed as imposing any pecuniary liability on the University or the State except as may be payable solely from the General Student Fees and Special Student Fees and any additional fees or revenues hereafter pledged and the Bond Fund established and provided for. No provision of this Resolution shall be construed to limit or restrict, either expressly or impliedly, the obligations of the University contained in the General Bond Resolution or the powers of the Trustee thereunder, nor shall the provisions of this Resolution be construed in any manner inconsistent with the provisions of the General Bond Resolution.

Attest: _____

Secretary of the Board

○ **Athletics Committee, Honorable Allen Owen**

• **Athletics Presentation, Mr. Steve Dennis**

Mr. Dennis presented the athletic report and advised that the Troy Sports Hall of Fame had its initial meeting. He added that we are proud that Commissioner Waters could join us today and athletic directors across the Sun Belt Conference are pleased with the growth of the Conference.

The program was turned over to Commissioner Waters.

The Commissioner expressed his appreciation to the University for the opportunity to present to the Board. He presented the Board members with a book chronicling the Conference's 10-year anniversary. The Conference is built on solid principles and the ten universities in the Conference are all comparable institutions and from that standpoint the playing field is level. Commissioner Waters provided some highlights from the Conference and said that last year for the third year in a row over 1800 student athletes who had a 3.0 GPA or better were recognized in the Conference. In perspective the Conference certifies annually about 4500 student athletes so this gives you an idea of the caliber of students represented, Commissioner Waters said. Also, last year the Conference had 11 Academic All-American athletes. He added that in the past four years Sun Belt football teams were 4 and 3 in bowl play and ranks us sixth among 11. This past year the Conference had seven players drafted into the NFL. Commissioner Waters shared many other Sun Belt points of pride for all sports. He concluded his presentation by outlining measures being taken by the Conference to address sportsmanship.

○ **Executive Committee, Dr Doug Hawkins**
