

COLLEGE OF EDUCATION

The College of Education offers teacher education programs that lead to certification as well as non-certification programs in graduate study. Offerings reflect a flexible program of current curricula, educational plans, and requirements, which may be altered as warranted by changes in the professions and accrediting agencies. As regulating agencies (e.g., Alabama State Department of Education, NCATE, CACREP, and CORE) modify standards

and expectations, programs may be modified during a candidate's period of study. At such time, candidates may be subject to revised program or certification requirements. The purpose of all College of Education graduate programs is to develop innovative, informed, reflective decision makers.

Certification in Alabama

Candidates completing an approved teacher certification program are eligible to apply for the Alabama Class A professional certificate, provided they meet the following:

- a grade point average of 3.0 on all graduate coursework attempted.
- a grade of “C” or better in all coursework which applies to certification.
- a grade of “B” or better in the research requirements for the program.
- Any “D” earned in a teaching field course must be successfully repeated with a grade of “C” or better.
- Successful completion of the Praxis II examination in all areas of initial certification.

Any candidate who applies for a professional certificate is subject to all regulations set forth by the Alabama State Department of Education. These regulations may include a comprehensive background check, verification of appropriate experience, and prior certification specific to the certification sought. Additional requirements (e.g., standardized examinations to demonstrate content mastery) may be added as the Alabama State Board of Education and other accrediting agencies modify regulations. Candidates should consult their education adviser for details.

Only candidates properly admitted to an approved certification program and who successfully fulfill all program and certification requirements will be recommended for certification. The Certification Officer, appointed by the Dean of the College of Education, is the only Troy University official authorized to recommend candidates for certification in any state.

Certification in Other States

Other states may grant professional certification to candidates completing the Troy University teacher education program. Some states may have additional requirements. Candidates seeking certification in other states should contact the appropriate State Department of Education.

Only candidates properly admitted to an approved certification program and who successfully fulfill all program and certification requirements will be recommended for certification. The Certification Officer, appointed by the Dean of the College of Education, is the only Troy University official authorized to recommend candidates for certification in any state.

Admission Requirements for College of Education

Unconditional admission to the Graduate School does not constitute unconditional admission to specific programs in the College of Education. Students seeking advanced degrees in the College of Education should refer to the admission requirements specific to the degree program.

Transfer Credit

A maximum of four courses (12 semester hours) taken at another regionally accredited institution each with a grade of “B” or better within eight years of graduation may be considered for application toward the degree. These courses must be comparable in catalog description to Troy University courses in the specific degree program and must be approved by the appropriate depart-

ment chair and dean. If the Troy program holds specialized accreditation, all courses taken at other sites/institutions will be reviewed to ensure that they are eligible for credit under specialized accreditation requirements.

Requirements for Admission to Candidacy

Students should refer to the appropriate candidacy form for detailed information regarding program requirements.

1. Students must have a 3.0 GPA on all work attempted to be admitted to candidacy.
2. Unconditionally admitted graduate students may apply for candidacy after completing six semester graduate hours and requirements as outlined for the specific degree program.
3. Conditionally admitted graduate students having attained unconditional graduate status may apply for candidacy after completing nine semester graduate hours required for the specific degree program.
4. Unconditionally admitted graduate students must apply for admission to candidacy within the first eighteen semester hours of graduate coursework. If not completed within the first eighteen hours, a hold will be placed on the student’s registration until Degree Plan/Admission to Candidacy is completed.

Degree Requirements

Successful completion of the courses listed under each program area with an overall grade point average of 3.0 on a 4.0 scale is necessary to fulfill requirements for the degree. If the student makes a “D” or “F” in a core course, the course must be retaken. If the student makes a “D” or “F” in an elective course, the course may be retaken or another elective may be taken in its place.

Program Completion Requirements

All graduate programs require successful completion of specific end-of-program assessments. These assessments may include, but are not limited to, written comprehensive examinations, a portfolio, a thesis, a field project, and standardized examinations.

MASTER OF SCIENCE IN EDUCATION (M.S.Ed.)

TRADITIONAL FIFTH-YEAR CERTIFICATION PROGRAMS FOR TEACHERS

Purpose

The purpose of the fifth-year certification program for teachers is to provide an opportunity for advanced study within their discipline for candidates who are seeking advanced certification in the same discipline/level in which they hold baccalaureate level professional educator certification.

Advanced Certification at the Master’s Level

The College of Education offers the Traditional Fifth-Year Master of Science in Education Program for candidates seeking advanced certification in the same discipline/level in which they

hold baccalaureate level professional educator certification.

Initial Certification at the Master’s Level

For candidates seeking initial certification at the graduate level, or those who are seeking certification in an area or at levels other than those in which they hold baccalaureate level certification, the Alternative Fifth-Year (Alternative-A) Master of Science in Education Program is offered. See specific programs for any additional admissions and/or certification requirements.

In addition to the programs for teachers, fifth-year certification programs are offered in the following instructional support areas: Educational Administration, School Counseling, and School Psychometry.

Admission Requirements for Traditional Fifth-Year Certification Programs

Unconditional admission to the Graduate School does not constitute unconditional admission to any professional education program. In addition to the admission requirements for the Graduate School, candidates seeking admission to a traditional fifth year certification program for teachers must hold professional baccalaureate-level certification in the teaching field in which the Class A certification is sought except in Collaborative Teacher K-6, Gifted Education, and Reading Specialist. Temporary, provisional, and other nonrenewable certifications are not acceptable. See specific program descriptions for any additional admission requirements.

Admission to the Graduate Teacher Education Program (GTEP)

1. Submission of proof of baccalaureate level professional education certification.

MASTER OF SCIENCE IN EDUCATION (M.S.ED.)

ALTERNATIVE FIFTH-YEAR CERTIFICATION PROGRAM FOR TEACHERS

Purpose

The purpose of the Alternative Fifth-Year Program is to provide initial teacher certification programs for individuals holding a baccalaureate level degree in a field other than education or those desiring initial certification in a new teaching field. Candidates shall have acquired knowledge and skill above the level required for the completion of the baccalaureate program in the same discipline, including subject matter knowledge, student development, diversity, instructional strategies, classroom management and learning environment, communication, planning, assessment, professionalism, and collaboration.

The College of Education adopted the model standards for beginning teacher licensure developed by the Interstate New Teacher Assessment and Support Consortium (INTASC) in 2000. These standards are applied throughout the Alternative-Fifth-Year Program.

Troy Global Campus of Education students must meet all specialized accreditation requirements to be classified as graduates of specialized accredited programs (NCATE, CACREP, and CORE). Up to 12 hours of course work completed at a site/ university without the appropriate specialized accreditation may be considered for application toward program completion. See Transfer Credit section for additional information.

Admission Requirements for Alternative Fifth-Year Program for Teachers

INITIAL TEACHER CERTIFICATION PROGRAM

Prior to applying for admission to the Graduate School and the Master of Science Alternative Fifth-Year certification program, individuals must possess a baccalaureate degree from a regionally accredited institution with a posted minimum cumulative/overall graduating grade point average of 2.5 on the official baccalaureate transcript from the degree granting institution. (Students will not be permitted to use additional undergraduate or post degree courses to raise their grade point average.)

In order to establish admission status, an individual must be evaluated by the College of Education and the discipline of study to determine prerequisites. Prior to seeking admission to the Graduate School, individuals should make an appointment with the Teacher Education office on the respective campus to have all undergraduate transcript(s) reviewed by the Certification Officer/ Alternative-A Evaluation Coordinator. Individuals must bring an official copy of all undergraduate transcripts to the session. The evaluation process may take up to one week to complete.

Note: An individual's admission status to the Graduate School will be determined by the transcript(s) evaluation. Individuals who have more than six (6) hours of prerequisites will be classified as a post-baccalaureate student until they have completed all prerequisites.

In addition to completing the undergraduate prerequisite coursework, students should also be working to meet admission criteria for the Teacher Education Program.

Admission Requirements to the Teacher Education Program (TEP)

Admission to the Graduate School does not automatically qualify a student for admission to the Teacher Education Program. Written application to the Teacher Education Program is required from all students seeking acceptance. In addition to the written application, the following are also required:

1. A grade of “C” or better in the two English composition courses.
2. A grade of “C” or better in mathematics courses completed for the baccalaureate degree that is equivalent to the required general studies courses for the teacher education major. If equivalent courses were not completed at the baccalaureate level, these must be completed as prerequisites.
