## UNIVERSITY MISSION STATEMENT

---

Troy University is a public institution comprised of a network of campuses throughout Alabama and worldwide. International in scope, Troy University provides a variety of educational programs at the undergraduate and graduate levels for a diverse student body in traditional, nontraditional, and emerging electronic formats. Academic programs are supported by a variety of student services

which promote the welfare of the individual student. Troy University's dedicated faculty and staff promote discovery and exploration of knowledge and its application to life-long success through effective teaching, service, creative partnerships, scholarship, and research.

## WELCOME TO TROY UNIVERSITY

---

Troy University's history of teaching excellence dates to its founding in February 1887 as Troy Normal School. From the outset, the institution quickly earned a reputation for innovation and accessibility. Troy Normal became Troy State Teachers College in 1929, Troy State College in 1957, and Troy State University in 1967.

The Montgomery campus earned independent accreditation in 1983, as did the Dothan campus in 1985. The Phenix City campus and the locations around the nation and the world, administered by

the Troy Global Campus, have always operated under the accredi-

tation of the Troy campus.

In 2005, the separately accredited campuses were merged into a single university structure forming Troy University. This name change represented the fifth major advancement in the storied, dynamic rise of the University to national and international prominence. Today, Troy University serves nearly 30,000 students in Alabama and around the world.

The Troy University calendar may be found in each schedule of classes or at <http://www.troy.edu>.

## THE GRADUATE SCHOOL

---

Authorized by the State Board of Education, Troy University, then known as Troy State College, offered its first master's degree program in 1957 and awarded the first master's degree in education in 1958. Since that time, Troy University has continued to meet the needs of its graduate students, and now the Graduate School offers advanced degrees in the colleges of education, business, the arts and sciences, and health and human services.

### **Purpose of the Graduate School**

The purpose of the Graduate School is to provide quality, accessible degree programs that respond to the needs of the University's constituency for professional development and educational enrichment. The degree offerings reflect a wide range of master's degrees and a selected number of specialist programs that serve students and practitioners throughout this region and at site locations globally.

A purpose further exists to provide educational services for the larger community, especially graduate and advanced education for adult students.

Through the various degree programs, the Graduate School provides an academic environment conducive to the maximum development of students. This unit of the university provides quality programs to students and the larger community through the utilization of staff and facilities and through research, superior teaching, scholarship, and public service.

The goals of graduate study are:

1. to develop the professional skills and academic competencies of students;
2. to prepare students for research and further graduate study;
3. to promote the development of intellectual inquiry and the desire for life-long learning.

### *Organization and Administration of the Graduate School*

The Graduate School of Troy University is under the general supervision of the Graduate Council. The Senior Vice Chancellor for Academic Affairs and Dean of the Graduate School serve as *ex officio* members of the Council. The Council is organized to provide for systematic examination, approval, and evaluation of all curricular offerings and degree requirements. All policies and regulations affecting graduate curricular and degree programs are formulated by the Graduate Council.

Members of the Graduate Council are elected from the graduate faculty in the five colleges of the University.

### **Scope of the Instructional Program**

The basic purposes of the University are determined by the Alabama State Legislature and the University's Board of Trustees. While the past history of the University reflects an institutional purpose that was dedicated to teacher education, there has been in recent years broadening dedication to the advancement of the arts and sciences, business, communication and fine arts, and health and human services.

The faculty and administration of the University recognize that changes in technology, urbanization of the region, advances of science, greater participation by working students, national and world economics, international relations, and advancement of democratic processes, along with the preservation and advancement of the cultural heritage, will demand constant attention in determining the future purposes of the University.

### **Nature of Graduate Work**

Graduate level work differs appreciably from that of undergraduate programs. Graduate students will find that their programs are geared toward meeting certain criteria.

The first of these criteria is that the graduate student should understand the ramifications of research as well as the manner in which it is conducted. Research, the context of graduate study, is conducted in a systematic, thorough, critical, interpretative, and analytical manner—free of preconceived notions and receptive to new ideas; such research attempts to collate and synthesize new patterns of meaning, discover new truths, and correct past errors.

The second component of the graduate program requires that graduate students master their field of study. Such mastery would entail a thorough grasp of the subject matter, literature in the field, theory, and methodology related to the student's field of interest.

Finally, every graduate program must give students the opportunity to demonstrate research skills, knowledge of the field, and opportunity to contribute to the field of study. Thus, a person who wishes to do graduate level work must be prepared to pass examinations, both written and oral, to write coherent papers that reflect the results of research as defined above, and to participate in course projects.

# GENERAL REGULATIONS

## Admission Requirements

All regulations governing the Graduate School are designed to equal or exceed the minimum criteria recommended by the Commission on Colleges of the Southern Association of Colleges and Schools, the Alabama State Department of Education, and specialized accreditation. All regulations regarding admission, retention, and completion are minimum, and departments, schools, and colleges may prescribe more stringent requirements. Applicants are advised to check with the dean, department chair, or program adviser in the academic area, or the Graduate Admissions Office for degree requirements specific to the degree sought.

## Pre-Admission Procedures

### Application Forms

Application forms for admission to the Graduate School are available online at [admissions.troy.edu](http://admissions.troy.edu). The application should be submitted at least one month before the first day of the semester or term of intended attendance. If fraudulent information is discovered on the application form, a student may be administratively withdrawn.

Applications must include:

1. A completed online application form with fee;
2. Validated proof of earning a BA/BS degree from a regionally accredited or otherwise approved college by submitting official transcripts from all universities attended;
3. Appropriate standardized admission exam, if required;
4. A letter of recommendation; and
5. Other documentation supporting the application

Please see the following explanation of these application requirements.

Consult the Troy University webpage at [admissions.troy.edu](http://admissions.troy.edu) for additional information.

## Transcripts

All official transcripts (raised seal with Registrar's signature, security paper, and without "Issued to Student" stamped on them) from all universities attended noting that credit was accepted toward the completion of the bachelor's degree are required for applicants holding a bachelor's degree. Troy University undergraduates do NOT need to provide a transcript. All official transcripts showing the completion of the bachelor's, master's, or higher degree are required for applicants holding a master's or higher degree. These transcripts must be sent directly from the previous university or college directly to and be filed in the Graduate Admissions Office at the address listed below. Failure to report all universities previously attended may result in denial and/or dismissal. Applicants are responsible for requesting official transcripts from each institution previously attended. The Admissions

Office will assist students in completing transcript requests. Applicants who have not completed the undergraduate degree are required to submit one official transcript at the time of application and one official transcript upon completion of the degree. Once the Application for Admission is on file, all transcripts submitted become the property of Troy University and will not be returned. Transcripts should be sent to the appropriate address:

## Standardized Admission Test (Entrance Exam) Scores

Official scores from nationally standardized aptitude examinations, such as the GRE, MAT or GMAT must be submitted at the time of application if required by the program. No time limit for test scores is established for admission into Graduate School, although most scores are only available for five years. All GRE, MAT, or GMAT scores can be sent to:

## Letter of Recommendation

The official Troy University Letter of Recommendation that addresses the individual's potential for success in the selected graduate program as well as his/her written and oral communication skills must be completed and submitted electronically to the location that the Application for Admission was submitted. The official Letter of Recommendation form may be found at [www.troy.edu/graduateschool/forms.html](http://www.troy.edu/graduateschool/forms.html). **Note:** A letter submitted to meet specific program requirements may be used for admission to the Graduate School to satisfy this admission requirement.

## Other Documents Required

1. College of Education students seeking advanced teacher certification (Class A) must furnish a copy of a valid teaching certificate (not Optional or Provisional certificates). Alternative Fifth-year students seeking initial certification are not required to present a teaching certificate. See the College of Education section for additional information.
2. Students who have completed an Air Force, Navy, Army or Marine Corps intermediate or senior level Professional Military Education (PME) course must submit an official transcript from the Registrar at Air University, Naval War College, or Army War College. Students who have completed U.S. Army Command and General Staff College or the Marine Command and Staff College must submit an official transcript. Students who have completed any other service-sponsored PME School must submit a course completion certificate.
3. Students who enroll or take courses on the Troy campus must submit a medical record to the Health Center (Troy Campus requirement).

Submission of the completed application, application fee, official test scores, letter of recommendation, and official transcripts normally completes an application for admission.

## Graduate Program Admission Classifications

### Master's Degree Programs

### Admission Requirements

**To qualify for admission to Graduate School, applicants must meet the requirements of the Graduate School as well as the specific program of interest.** Graduate School admission requirements are outlined below. Students who transfer to another graduate program after admission will be required to meet the admission requirements for the new program. All students must complete a Student Acknowledgement Form.

#### Unconditional Admission - Master's Degree

To qualify for unconditional admission to a master's degree program, applicants must meet the following requirements:

1. Hold a master's or higher degree from a regionally accredited or equivalent foreign university. No test score or letter of recommendation is required for those who hold a master's or higher degree from an accredited university for any master's level program. All official transcripts must be provided.

OR

2. Hold a baccalaureate degree from a regionally accredited or equivalent foreign university with a minimum overall undergraduate grade point average of 2.5 (4.0 scale) or a 3.0 grade point average on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the grade point average. Students entering licensure and professional programs must meet specified grade point average requirements.

OR

3. Hold a baccalaureate degree from an unaccredited or otherwise accredited college or university with a minimum overall undergraduate grade point average of 2.5 (4.0 scale) or a 3.0 grade point average on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the grade point average. (See Unaccredited or Otherwise Accredited Baccalaureate Degree Holders - Student Admission Requirements.)

**Note:** *Students seeking advanced degrees in teacher education or nursing programs must hold a baccalaureate degree from a regionally accredited college or university.*

AND

4. Provide an official Troy University Letter of Recommendation that addresses the individual's potential for success in the selected graduate program as well as his/her written and oral communication skills. See web request form at [www.troy.edu/graduateschool/forms.html](http://www.troy.edu/graduateschool/forms.html).

**Note:** *A letter submitted to meet specific program requirements may be used for admission to the Graduate School to satisfy this admission requirement.*

AND

6. Meet the unconditional requirements of the specific program. See specific programs for details. Some programs have additional requirements which may include a graduate admissions test or qualified work experience.

#### Conditional Admission - Master's Degree

Conditional admission may be granted under certain circumstances to applicants who cannot satisfy all unconditional admission requirements. **Not applicable for Ed.S., Alternative Fifth-Year Certification programs, DNP, or PhD. students.**

Students admitted conditionally only because of a low undergraduate grade point average will be cleared of their conditional status if, at the completion of nine semester hours, they have achieved a 3.0 grade point average or greater on all graduate work attempted. Students must clear the conditional admission requirement of a 3.0 average at the completion of nine semester hours, or they will be dropped from the graduate program for one calendar year after which they may petition the Dean of the Graduate School to re-enter.

Students admitted conditionally only because of a low test score, where applicable, will be granted unconditional admission prior to the completion of nine semester hours provided they have maintained a 3.0 grade point average on all graduate work attempted and have retaken the test and received a satisfactory

score. **Note:** *Please consult the individual program test score requirement prior to taking the exam. Exam requirements vary by program.*

Students must meet the conditional admission requirements for both the Graduate School as well as the specific program. Not all programs have Conditional Admission Program specific admission requirements are outlined for each program. See program description and curriculum for details.

#### Baccalaureate Degree Holders

Students who have earned a baccalaureate degree from a regionally accredited or equivalent foreign college or university, but lack the required grade point average and/or acceptable test score (official test score required) to be admitted unconditionally, may be granted conditional admission for a maximum of nine semester hours. Students admitted under conditional status may, with the consent of their major adviser, enroll in as many as nine semester hours during their first semester. (Also see Unaccredited or Otherwise Accredited Student Admission requirements.)

#### Temporary Admission—Master's Degree

(Nine-semester-hour maximum load for full time enrollment)

Temporary admission may be granted under certain circumstances to applicants who have not submitted all original transcripts, the letter of recommendation, or original exam score where applicable. **Note:** *Please consult the individual program test score requirement prior to taking exam. Exam requirements vary by program.* Not all programs allow for Temporary Admission.

Application fees must be paid in full to be considered for Temporary Admission status. Students must provide, at a minimum, proof of eligibility, copy of bachelor's degree transcript, diploma or letter of completion to be initially considered as eligible for Temporary status. **Not applicable for Licensure programs, Ph.D., DNP, Ed.S., MEd., M.Acc, MA.Eco., MBA, or MSN students.**

#### Procedures

A baccalaureate graduate of a regionally accredited or equivalent foreign college or university who lacks certain necessary records may be granted temporary admission. Such records should be completed before the end of the semester or term for which the student was given temporary admission. Students admitted in temporary status are under conditional admission requirements until admission status may be determined. Conditional admission status requires that students must clear the conditional admission requirement of a 3.0 grade point average at the completion of nine semester hours, or they will be dropped from the graduate program for one calendar year, after which they may petition the Dean of the Graduate School to re-enter. **Students from non-accredited or otherwise accredited universities or students seeking dual enrollment are not eligible for temporary admission. (See Unaccredited or Otherwise Accredited Student Admission requirements.)**

#### Records

1. If the records are completed before the term ends and the results indicate that the student is not eligible for admission, the student must withdraw from the class or classes, with a refund if applicable, or receive non-degree credit for the class or classes for which he/she is registered. Applicable refunds will be made in accordance with regulations as stated in published refund policies.
2. When the records are completed and if it is determined that the student was not eligible for graduate admission, all hours pursued will be converted to non-degree credit with no refund of tuition. Students receiving financial aid are responsible for repayment.
3. When the records are completed and if it is determined that the student was not eligible for unconditional enrollment because of low grade point average or low exam score(s), students will be admitted under conditional status. See Conditional Admission requirements.
4. If the student has completed the term for which temporary admission was granted and the records are still not in order, the hours pursued will be held in abeyance until the records

are clear. No refund of tuition will be made, and the student will not be permitted to enroll in succeeding terms until the records are complete and admissibility is determined; however, with the permission of the appropriate graduate admission authority, the student may extend temporary admission for a second term. Written approval authorizing the extension must be in the student's permanent record. A student may attend only a maximum of one semester, two terms, or complete nine credit hours in temporary status. There is no "second semester" or "third term" extension.

- When the records are complete and if it is determined that the student was eligible for unconditional admission, all hours pursued will be counted toward the appropriate graduate program requirement.

## Doctoral Degree Programs

### Doctor of Nursing Practice (DNP)

#### **Unconditional Admission—Doctoral Degree**

Doctorate of Nursing Practice (DNP) students will be admitted only under unconditional admission status. Admission to the program will have limited availability. To be considered for unconditional admission to the DNP program the applicant must

- Hold the required degree from a nationally-accredited program (ACEN, NLNAC or CCNE).
- Have earned a minimum cumulative GPA of 3.0 (4.0 scale) on all post-secondary coursework.
- Submit official transcripts for all post-secondary academic study.
- Earn a minimum GRE score of 290 (150 verbal, 140 quantitative) or 850 on pre-November 2011 GRE test (450-verbal, 400 quantitative).

*Note: This requirement is waived for post-MSN applicants.*

- Possess a current unencumbered license as a registered nurse in Alabama or in the state where clinical practice will occur.
- Submit two letters of professional reference that address academic ability, professional competence, and leadership potential in nursing.
- Complete a successful interview conducted by the Nursing Graduate Admissions Committee.
- Submit an 800 to 1000 word essay describing professional goals and how completion of the DNP program will enhance future roles and activities.
- Submit a resume that includes education, work experience in nursing, research experiences, publications, presentations, community service, professional memberships and service.
- Possess a valid certification in advanced practice nursing from a nationally recognized credentialing body or be eligible to take a nationally recognized certification exam.

*Note: This requirement applies only to post-MSN applicants.*

- Submit documentation of academic clinical hours.

*Note: This requirement applies only to Specialty to DNP and post-MSN applicants.*

#### **Conditional Admission—Doctoral Degree**

All candidates for admission to the DNP program must meet the requirements of unconditional admission as described above. Conditional admission is not available for DNP applicants.

### Doctor of Philosophy in Sport Management (Ph.D.)

The applicant must submit an application to the Troy University Graduate School. No pre-requisites will be required for admission other than the applicant must have attained a master's degree from a regionally accredited institution of higher education. In order to be given full consideration, all requested materials must be received by the deadlines listed below:

#### Application Deadlines:

Fall Admission for U.S. citizens:	May 1
Fall Admission for non U.S. citizens:	March 1
Spring Admission for U.S. citizens:	September 1

Spring Admission for non U.S. citizens: July 1

### Admission Examination Requirements

1. TOEFL scores are required for all international students; this requirement is waived if the student has earned a bachelor's or master's degree from a regionally accredited U.S. institution. Students scoring 80 or higher on the Internet-based TOEFL Test, 213 or higher on the Computer-based Test, and a 550 or higher on the Paper-based TOEFL Test will be given full consideration for admission into the Doctoral Program. Students scoring below these requirements may be required to (in addition to other admission requirements) interview with the Doctoral Admissions Committee prior to full consideration of admission into the program.

2. Official scores from nationally standardized aptitude examinations, such as the Graduate Record Examination (GRE), Miller's Analogy Test (MAT), General Management Admissions Test (GMAT), or Law School Admissions Test (LSAT) must be submitted at the time of application. All entrance exams must have taken place within 5 years of submission to the program. Applicants achieving the minimum scores on the submitted entrance exam will be given full consideration for admission into the doctoral program. Minimum scores are presented below.

MAT	= 399 total score
GMAT	= 540 total score (verbal and quantitative)
LSAT	= 157-158 total score
GRE	= 304 on the Revised GRE (verbal and quantitative only)
	OR
	1000 or higher on the Non-Revised GRE (verbal and quantitative score totals only)

3. Students scoring slightly below the minimum scores indicated may request an interview with the Doctoral Admissions Committee prior to full consideration of admission into the program. If the Doctoral Admissions committee deems the applicant's transcripts, references, writing sample, and statement of intent submitted items acceptable, the interview may be conducted. It is the applicant's responsibility to contact the Doctoral Program Coordinator to request an interview.

The applicant must submit the following materials to the Troy University Graduate School:

- Troy University Graduate School Application Form
- One official transcript per each institution of higher education ever attended.
- Three (3) Letters of Reference  
The letters of reference must address the applicant's readiness to enroll in a doctoral program. It is recommended that such individuals be previous undergraduate or graduate professors, advisors or others who can substantiate the applicant's academic preparation for admittance to a doctoral program.
- Statement of Intent. The statement of intent should:
  - Identify and obtain support for a TROY Sport Management doctoral faculty member to serve as potential research advisor
  - Include details of your rationale for pursuing a Ph.D. in Sport Management.
  - Include details regarding your career and research interests.
- Writing Sample  
The goal of the writing sample is to measure the applicant's ability to write clearly and succinctly in an academic fashion. The writing sample will assist the Doctoral Admissions Committee in evaluating the applicant's research, writing, analytical and problem-solving skills. The writing sample may include a thesis completed by the student or a significant research paper, preferably written at the graduate level, and solely by the applicant. The paper must be double spaced, 12 point, Times New Roman font with 1 inch margins on all sides. It is recommended that the writing sample follow the American Psychological Association (APA) style. However, other writing styles, including but not limited to Chicago,

Modern Language Association (MLA), AMA Manual or other accepted research writing styles, will be considered.

The Doctoral Admissions Committee will evaluate the writing sample based on the following criteria: 1) Writing Development and Critical Thinking – ability to articulate the primary concept and inform the reader of its focus; 2) Organization and Structure - development of the topic to include fluid transitions; 3) Paragraph Development - use of transitions and language within each paragraph.; 4) Mechanics – appropriate spelling, grammar, and punctuation; and 5) Use of Writing Style – Although all classes and dissertation will employ the APA format, the Committee will review the sample for appropriate use of other acceptable academic research writing style such as cited in the previous paragraph.

**NOTE:** The writing sample could also include accepted or published research that the applicant has been sole or co-author of a research project. The applicant must submit a PDF of the paper or a link as proof of publication.

#### 6. Resume or Curriculum Vitae

#### Transient Admission

Students from other accredited universities who wish to take a course(s) from Troy University must:

1. Complete a standard "Application for Admission," provide proof of a baccalaureate degree (no official transcripts required), and pay the application fee.
2. Present a transient authorization form from the parent school to the Admissions office of the campus location where the course will be delivered. The authorization must identify the course(s) to be taken and the term in which it will be taken, or indicate that the course is to be taken at the student's discretion. The form must be signed by a designated official of the University or campus (i.e., Registrar, Director, etc.).
3. Meet all prerequisites and provide the documentation prior to being admitted to a particular course.

Application status for the semester is determined by the information supplied on the application for admission. Admission status may not be changed following the last day to add/drop for the semester.

#### Transfer Admission

The admission requirements for transfer students are the same as regular admission standards. Students on temporary, permanent academic, or disciplinary suspension from any other college or university should refer to Transfer of Students on Suspension.

#### *Transfer of Students on Suspension from Another Institution*

1. Temporary, Indefinite, or Permanent Academic Suspension: A student who has been suspended from another college or university is not eligible to apply for admission to Troy University. Appeals may be made to the Dean of the Graduate School.
2. Disciplinary Suspension: Students on disciplinary suspension from another institution must be eligible to return to that institution before being considered for admission to Troy University.

*Note: Requests for waivers must be submitted in writing to the Dean of the Graduate School.*

#### TROY Honors Graduate Admission

Students holding a baccalaureate degree from a regionally accredited institution from the list of undergraduate degrees provided below and a "cumulative" grade point average of 3.4 or above may be "unconditionally" admitted to the listed graduate program below. Not all graduate programs participate in Troy Honors Graduate Admission. Participating graduate programs are listed on the following page. Students admitted as a Troy Honors Graduate must complete an Application for Admission and pay the application fee. Upon verification of the graduating cumulative grade point average and corresponding undergraduate degree, all admission exams and letters of recommendation are waived. Please see chart for the full listing of participating programs and required baccalaureate

degrees.

**Troy Honors Graduate Admission applies only to the following graduate programs:**

#### Unaccredited or Otherwise Accredited Baccalaureate or Master's Degree Holders—Student Admission Requirements (United States and Foreign Universities)

Students must submit an official transcript(s) with degree(s) posted at least one semester/term prior to the desired date of registration. The appropriate academic college and the Graduate Council will evaluate all submitted transcripts using commonly accepted practices and guidelines. A determination will be made based on (1) the unaccredited or otherwise accredited institution's affiliation with the following agencies which honor recognition provided by the former: Council on Postsecondary Accreditation (COPA) and the Commission on Recognition of Post Secondary Accreditation (CORPA), and/or the Council for Higher Education Accreditation (CHEA); (2) acceptance of credit by three other regionally accredited universities located in the area of the unaccredited institution; (3) review and approval of the Graduate Council. The applicant will be required to submit a copy of the college's catalog and other information as needed. Only upon the approval of the Graduate Council may a student begin taking graduate courses at Troy University. Should the student be inadvertently (without the University's knowing that the baccalaureate degree or masters degree is from an unaccredited or otherwise accredited institution) admitted into classes prior to baccalaureate degree or master's degree ap-

proval and the evaluation indicates that the student is not eligible for admission, the student will be withdrawn from the class or classes, or receive non-degree credit for the class or classes for which he/she is improperly registered, and all tuition will be forfeited.

*Note: Students seeking advanced degrees in teacher education or nursing programs must hold a baccalaureate degree from a regionally accredited college or university.*

*Note: Students seeking a master's degree from the Sorrell College of Business who hold an undergraduate degree from a non-regionally accredited U.S. college or university must obtain and submit a letter from the Dean of three Colleges/Schools of Business accredited by the AACSB or ACBSP stating that students from the student's non-regionally accredited undergraduate institution have been accepted into the graduate business programs at those institutions.*

### Post Master's Admission

Students admitted in this category must hold the master's degree from a regionally accredited or equivalent foreign institution. Graduate credit taken while enrolled as a post master's degree student is not admissible as degree credit unless it is approved by the Program Director and is limited to a total of six semester hours. All official undergraduate and graduate transcripts are required for admission. If the degree is earned outside the United States, an Educational Credential Evaluators, Inc. (ECE) evaluation is mandatory. Applicants to the DNP program are eligible only for unconditional admission status.

### Special Admission: Non-Degree Matriculates

A student interested in earning graduate credit, but who is not an applicant for a graduate degree at Troy University, may be admitted as a "Special Student" with the approval of the Dean of the Graduate School or his/her designee. Admission may be granted to qualified students holding a baccalaureate degree or higher from a regionally accredited or equivalent foreign institution or to students in good standing at another regionally accredited or equivalent graduate school (official copy of transcript must be provided). Should a student apply later and be accepted to a degree program, a limit of six semester hours will be considered for credit toward the degree. Graduate students may earn no more than six semester hours of grades below "B" (see Academic Suspension). It is the responsibility of the student to observe the limitations imposed on credit hours, grade point average, coursework, and transfer of credit. Special students may not be admitted at a later date on a temporary admission. Credits taken in Special Admission status by students who are found not to be in good standing at their previous institution will be voided with the posting of no grade "NG" by the Registrar. Doctoral students are not eligible for special admission status.

### Certificate Program Admission Requirements

Students interested in completing a certificate program offered through the Graduate School must apply to be unconditionally admitted into the Graduate School through the standard admission process. All certificate courses are graduate courses. Consult the Unconditional Admission section of this catalog for admission requirements.

### International Student Admission

#### International Student Graduate Admission Requirements

1. Meet all Graduate School Admission Criteria
2. The Troy University International Admissions Office will evaluate student degree credentials using standardized best practice procedures and determine equivalency to a U.S. degree.
3. Meet English Proficiency Requirements for Graduate Admission. All graduate students must demonstrate English

proficiency for admission to the Graduate School prior to taking graduate courses. Proficiency may be demonstrated by ONE of the following options:

- Make a satisfactory score on the Test of English as a Foreign Language (TOEFL): 193 (computer-based test), 70 (Internet-based test), or 523 (paper test).
- Make a satisfactory score on the International English Language Testing System (IELTS): score of 6.0.
- Make a satisfactory score on the ACT COMPASS ESL exam. To pass the ACT Compass ESL, a student must attain a total of 270 on the Listening, Reading, and Grammar sections, with no individual score below 85, and a minimum score of 8 out of 12 on a writing test. *Note: The ACT Compass ESL may be taken only once.*
- Students lacking satisfactory test scores may be admitted following satisfactory completion of the Troy University English as a Second Language (ESL) courses.

#### English Placement for Non-native Speaker of English

Any student whose first language is not English must submit an official score report for the Test of English as a Foreign Language (TOEFL), the International English Testing System (IELTS), or the ACT Compass ESL examination. Students who do not meet the minimum English proficiency requirements specified for the TOEFL, IELTS, or ACT Compass ESL test will be placed at the appropriate level in the Troy University English as a Second Language (ESL) program. The ESL program is available on the Troy campus and at the Global Campus site in Atlanta.

The following process will be used to satisfy the Graduate School language admissions requirements through the Troy University ESL program:

Students will be placed in the appropriate level of English as a Second Language (ESL) class based on the score made on the ACT Compass ESL test. A standardized final exam will count as 30% of the final grade in each class at the advanced level. Students must make a grade of "B" or better in their last semester/term at the completion of level five and/or six in order to be "certified" as having met the English proficiency requirement for admission to the Graduate School. The certification form will be submitted by the International Programs Admissions Office to the Student Services Office upon the student's successful completion of the ESL program. Students may not begin taking graduate courses until they are "certified" as English proficient. Contact the Center for International Programs at [intlprog@troy.edu](mailto:intlprog@troy.edu) for specific information.

#### Student Visa Requirements

Only the Troy University campuses in Alabama and the teaching site in Atlanta, Georgia, are approved to host students on a nonimmigrant student visa. Students may refer to the web site <http://trojan.troy.edu/graduateschool/> for information on program availability at a specific Troy University campus.

Persons requesting U.S. Citizenship and Immigration Services (USCIS) form I-20 to obtain an F-1 visa or DS-2019 to obtain a J-1 visa who require additional information should contact the Center for International Programs, Troy, Alabama, 36082, USA; telephone: 1 (334) 670-3736; email: [intlprog@troy.edu](mailto:intlprog@troy.edu).

#### International Student Submission Requirements

Students must submit the following official documents:

1. Completed Application for Admission.
2. Application fee.
3. All official transcripts and *preferably* Educational Credential Evaluators, Inc. (ECE) evaluation of the transcript if the institution is not an accredited United States institution. Prospective students must submit an institutionally transcribed tran-

script in English. Applicants who cannot obtain an institutionally translated transcript may obtain a translation utilizing the services of an approved credential evaluating service.

Educational Credential Evaluators, Inc (ECE)  
P.O. Box 514070  
Milwaukee, WI 53203-3470  
Telephone (414) 289-3400  
Fax: (414) 289-3411, Email: eval@ece.org  
<http://www.ece.org>

Institutionally translated transcripts will be evaluated preferably by ECE, or may be evaluated by Troy University using standard accreditation practices and guidelines. If the foreign school does not appear in any of these sources or if the transcript does not provide the information necessary to determine admission status based on standard criteria, the applicant must utilize the credential evaluation services ECE. Whenever possible, applicants transferring credit should submit a copy of the school catalog.

4. Students must make a satisfactory score on the TOEFL, IELTS, or ACT Compass ESL exam (may be taken only once) prior to beginning graduate coursework. See English Proficiency Requirements provided under International Student Admission Requirements.
5. Satisfactory score on the graduate admission examination. *Note: Please consult the individual program test score requirement prior to taking exam. Exam requirements vary by program.* (Contact the Troy University International Admission office or an International Troy University site office near you for more information.)
6. Troy University Letter of Recommendation The Letter of Recommendation form is located online. The following items must be addressed in the Letter of Recommendation: the recommender's name, organization, position or title, telephone or email; how long and in what capacity the recommender has known the applicant; and the key characteristics that the candidate possesses (e.g. leadership, communication, knowledge, creativity, reliability, ability to communicate in writing, initiative, ability to get along with others, scholarly potential).
7. A detailed statement of financial status showing that adequate financial resources are ensured. Non U.S. citizens (and immediate family members) who are members of allied military forces or civilian agencies assigned to U.S. military installations are exempt from providing financial statements or TOEFL scores provided that their proficiency in English is certified in writing by an appropriate U.S. military official. Such a statement of financial status is required only for those international students seeking a J-1 or F-1 student visa.

### Three-Year Baccalaureate Degree Holders Requesting Admission to the Graduate School

1. No "Bridge Program" courses are required for students completing at least one year of a graduate program in their home country prior to applying to the Troy University Graduate School. Applicants must meet all English proficiency requirements that are provided under International Student Admission Requirements.

**OR**

2. Students identified as exceptional graduates by an institutionally recognized external agency may be eligible for Unconditional admission with no "Bridge Program" requirements. If the institution is identified as a "Top Institution" and the graduate holds an "honors diploma", meets all admission and English proficiency requirements that are provided under International Student

Admission Requirements, then she/he may be enrolled in the qualifying graduate program.

**OR**

3. Students who do not qualify for admission by the two options listed above will meet with the dean of the discipline, for which the student seeks admission, who will prescribe a mandatory one-year baccalaureate equivalent course of study of at least 30 semester hours of undergraduate coursework, to be completed with a cumulative grade point average of 2.5. All grades below the grade of "C" must be retaken. This prescribed course of undergraduate study shall be referred to as a "Bridge Program". Bridge program students should not repeat courses taken at the undergraduate level. Bridge program students will be enrolled as "Undergraduate" students. This coursework must be successfully completed and certified by the dean of the college prescribing the coursework prior to admission to the Graduate School. Upon completion of the Bridge Program, students will be admitted to the appropriate graduate program.

### Dual Enrollment

#### Lacking Prerequisites

Students holding a baccalaureate degree from a regionally accredited or equivalent foreign college or university, who are applying for graduate admission, will have transcripts reviewed by their adviser to determine if specific degree program prerequisites are met prior to admission to a graduate program.

Students needing to meet prerequisite requirements will be considered "Post-Baccalaureate" students until such time as prerequisites are fully completed and the cumulative grade point average for the prerequisite courses is a 2.5. "Post-Baccalaureate" students having six semester hours or fewer of prerequisites remaining may begin dual enrollment coursework and apply for Graduate Admission with the approval of their adviser.

#### Final Semester of Graduating Seniors Only

With the approval of the Dean of the Graduate School or designee, seniors lacking six semester hours or fewer for graduation may, during the term in which their undergraduate requirements are being completed, be enrolled in one or more courses for graduate credit provided they present an acceptable score on the appropriate entrance exam and have an overall grade point average of 2.5 (on a 4.0 scale) or a 3.0 grade point average on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the grade point average. Consult specific program for specific admission requirements. If admitted, the student may enroll in no more than a combined total of nine semester hours of undergraduate and graduate work.

See *TROY Honors Graduate Admission* requirements for applicability.

### Academic Program Evaluation

The Academic "Program Evaluation" serves as a formalized program document developed by a graduate student and his/her adviser. Together, the student and adviser confirm this document. The Academic "Program Evaluation" provides an outline of the coursework and requirements leading to a specified graduate degree. It should be referenced during each registration. If the student selects courses outside the ap-

proved plan of study, without prior faculty adviser approval, the credits may not apply toward degree requirements, but will affect the student's grade point average. The Academic "Program Evaluation" may be found on WebExpress.

### **Academic Suspension/Dropped from Program/Retention**

Graduate students may earn no more than six semester hours of grades below "B". Students who earn more than six semester hours of "C" grades or below are automatically academically suspended from the University for a period of one calendar year, at which time the student may petition the Dean of the Graduate School for readmission.

Conditionally admitted students who do not attain a 3.0 grade point average (4.0 scale) at the completion of nine semester hours will be academically suspended from the University for a period of one calendar year at which time the student may petition the Dean of the Graduate School for readmission.

Students who are academically suspended are prohibited from attending the Graduate School or any academic level of the University for a period of one calendar year. Any courses taken at another university during the time of academic suspension will not be accepted for credit.

Courses that are over eight years old are not computed in grade point averages for retention purposes. Quality points are no longer considered in determining retention.

### **Attendance Policy**

In registering for classes at the university, graduate students accept responsibility for attending scheduled class meetings, completing assignments on time, and contributing to class discussion and exploration of ideas. Students receiving financial assistance are required to attend classes according to the regulations for financial assistance benefits in addition to those regulations required for the course.

A student will be excused for a class absence for circumstances beyond the student's control or if the student has been required to attend an activity sponsored by the university. Faculty members who sponsor activities that require class absences must send a list of student names approved by the Dean or designee or Office of the Provost to each member concerned at least three days before the scheduled absence.

Faculty members may levy academic penalties upon unexcused absences; however, such penalties for unexcused absences will be a part of each course syllabus and will be distributed to each class at the beginning of each class and a copy filed in the departmental office.

### **Changes in Class Schedules**

The courses for which a student registers must bear the approval of his/her adviser and the appropriate Academic Dean. Changes in the class schedule are not permitted after the close of the registration period.

**Registration for a course makes the student responsible for completing the course unless he/she officially drops or withdraws from the course(s).**

### **Drops**

A student who wishes to reduce, but not entirely eliminate, his or her credit load may drop a course. Students may drop a course or courses via Trojan Web Express, or submit a request in the Record's Office. The last day to drop a course will be assigned for each term, session, or semester based on 65% completion of the length of the course. Dates will be published on the Schedule of Classes and the Academic Records web page ([www.troy.edu/records](http://www.troy.edu/records)). The 65% rule also applies to international teaching locations.

### ***From Early Registration through Late Registration—Free Course Schedule Adjustment Period***

Students may drop a course or courses during the Free Course Schedule Adjustment Period. Tuition and refundable fees will be returned.

### ***From End of Late Registration (Free Course Schedule Adjustment Period) through the Last Day to Withdraw***

A non-punitive grade of DR will be assigned up until the last day to drop, as posted in the Schedule of Classes and on appropriate web pages. **Students may not drop after the deadline.** Any student who fails to drop by the deadline will be assigned a grade. Extenuating circumstances such as military deployments must be documented before an exception can be considered.

### **Withdrawals**

Withdrawal from the University is defined as a removal from all courses for all current semesters, sessions, or terms. The last day to drop a course will be assigned for each term, session or semester based on 65% completion of the length of the course. Dates will be published on the Schedule of Classes and the Academic Records web page. The 65% rule also applies to international teaching locations.

### ***From Early Registration through Late Registration—Free Course Schedule Adjustment Period***

Students who wish to withdraw from all classes prior to the last day of late registration must CANCEL their registration in writing through the designated withdrawal official (DWO) located on the **Academic Records web page**. Written cancellation does not require the completion of the withdrawal form or an exit interview. Tuition and refundable fees will be returned.

### ***From End of Late Registration (Free Course Schedule Adjustment Period) through the Last Day to Withdraw***

A student who wishes to withdraw from all courses for a current semester/session/term may withdraw with no academic penalty with a non-punitive grade of "W" until the last day to withdraw (posted in the Schedule of Classes and on appropriate web pages). Tuition and fees will be charged during this period.

Students may **not** withdraw via Trojan Web Express. An official withdrawal form must be completed and processed before the student's withdrawal is considered final.

**Students may not withdraw after the withdrawal deadline. Any student who fails to withdraw by the deadline will be assigned a grade. Check with the Financial Aid Department to determine how financial aid is calculated prior to withdrawing. Extenuating circumstances such as military deployments must be documented before an exception can be considered.**

### **Changing Program of Study**

If a student decides to change his/her declared program of study, the student must be in good academic standing or eligible for readmission and meet the entrance requirements for the new degree program in effect at the time of admission to the new program. The student must submit a completed Graduate Change of Academic Program Application (no fee required) to the Graduate Admissions office at his/her home campus. Graduate Change of Academic Program Applications are available at campus Admissions offices and online. Final approval to change programs will be granted by the appropriate academic dean consistent with change of program procedures established by that college.

Courses previously credited to the former program will be evaluated for acceptability for the new degree program through the process of *Petition for Transfer of Graduate Credit* evaluation. *Petition for Transfer of Graduate Credit* forms are available from any graduate program office or online. Grades below a "B" will

not be considered for transfer, and any loss of credit will be reported to the student and the Financial Aid Office, if applicable. All grades from work attempted in the first graduate program will contribute to the cumulative grade point average, unless the credit is older than eight years. All graduate programs requires a *cumulative* grade point average of a 3.0.

*Note: Students using VA benefits should be aware that the VA may not pay for courses taken in a second program unless the VA has been notified of the degree program change. (See the VA certifying official for further details.)*

### **Class Cancellation**

The institution reserves the right to cancel any course for which there is insufficient enrollment.

### **Inclement Weather and Emergency Situations**

Both faculty and students are responsible for meeting all assigned classes. In the event of inclement weather, faculty and students will be expected to attend classes as usual as long as they may do so without risking peril to themselves or to others. During periods of inclement weather, faculty and students will not be penalized for absences dictated by perilous conditions. In severe cases of inclement weather or other emergency conditions, the Office of the Senior Vice Chancellor for Academic Affairs or designee will announce cancellation of classes through the local and regional media as well as through the University's websites.

### **Correspondence Credit**

Credit earned through correspondence will not be acceptable for graduate work. A correspondence course is defined as a complete pre-packaged course designed to be delivered through sequential steps at the student's own pace without instructor or student interaction.

### **Course Numbers**

- Courses numbered "9950" to "9999" are for workshops or continuing education credit.
- Courses numbered "8800" to "8899" are open to students in the doctoral program.
- Courses numbered "7700" to "7799" are open only to students who have received their master's degree.
- Courses numbered "6600" to "6699" are open to qualified graduate students or to students who have already received their master's degree.
- Courses numbered "5500" to "5599" are open only to graduate students and graduating seniors. Seniors must have the approval of the instructor of the course and meet unconditional graduate admission criteria. Courses numbered "5500" to "5599" in business, English, history, and mathematics are open only to graduate or post-graduate students. A student may not enroll in a course numbered "5500" to "5599" if it duplicates the same course listed on an undergraduate transcript.
- For the master's degree, 50% of the total graduate program must be earned in "6000" level courses. In the Education Specialist program, 50% of the total graduate program must be earned in "7000" level courses.

### **Credit Hour**

Definition of a Credit Hour Equivalency:

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks (does not include final exam time) for one semester or the equivalent amount of work over a different amount of time; or
2. 50 minutes of classroom instruction plus additional out-of-class work (the general expectation is two hours) for fifteen weeks ; or
3. A minimum of 2,250 minutes per three semester hour course of instruction, which does not include final exam time; or
4. An amount of work represented in intended learning outcomes that are at least an equivalent amount of work as required in items 1-3 above of this definition for other academic activities including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

### **Degree Semester Hour Requirements**

The minimum number of semester hours required for graduate programs varies. Additional coursework may be required for a student with academic deficiencies and/or a limited background and experience. Additional degree requirements will be determined by the student's adviser or advisory committee with the concurrence of the dean of the appropriate academic discipline. This process may result in additional semester hours in excess of the minimum number of published degree requirements.

### **Directed Studies, Specialized Studies, Readings, Advanced Readings, Selected Topics Course Restrictions**

Students may not exceed a total of six semester hours taken in any combination of Directed Studies, Specialized Studies, Readings, Advanced Readings, or Selected Topics course credits. Consult individual programs for additional restrictions.

### **Global Campus**

The Senior Vice Chancellor for Academic Affairs is charged with the administrative oversight of Global Campus, which is responsible for the delivery of educational programs outside the state of Alabama and abroad as well as online through Troy Online. Global Campus is designed to meet the needs of non-traditional learners, who generally have educational needs that are different from those supported by traditional colleges and universities. Courses and degrees are delivered at times and in formats to fit the needs of adult learners who have full-time employment, work shifts or are prone to short-notice moves.

Troy University has a long history of service to the United States military. Working in cooperation with base educational services personnel who provide local program support, Global Campus delivers educational programs on many military bases, typically in classroom space provided by the military.

Global Campus academic offerings and programs are under the purview of the various departments and colleges of the University. Troy University faculty and administrative oversight functions include, but are not limited to, academic oversight and control; monitoring of institutional effectiveness; faculty selection, certification, evaluation and faculty status determination.

Student services are provided from the Troy campus and include, but are not limited to, admissions and maintenance of official academic records.

All of the degree programs offered at Global Campus sites are approved programs in the Graduate Catalog; however, not all degree programs are offered at every location.

### **Troy Online**

Troy University's Troy Online was established as a compre-

hensive, educational unit of Troy University's Global Campus to allow and provide any student, regardless of location, the opportunity to earn a Troy University degree online. Since its inception, Troy Online has expanded to include different programs and methodologies to reach local students, working adults, and the military. Troy Online offers students the opportunity to obtain both undergraduate and graduate courses and degree programs online. The online courses integrate textbooks with online materials, graphics, audio, and video, and facilitate faculty and student interactions. Specialized software is utilized. For more information on graduate programs offered via this format, visit [trojan.troy.edu/etroy/onlinegraduateprograms/](http://trojan.troy.edu/etroy/onlinegraduateprograms/).

### Student Services

The Senior Vice Chancellor for Academic Affairs is charged with the administrative oversight of Global Campus, which is responsible for student services. These services meet the needs of students at each location and include orientation, counseling, financial aid, transcript service, graduation ceremonies, learning support, career services as well as other services and activities such as library support and alumni organizations.

### Tuition and Fees

Each educational site provides its own schedule of tuition and fees for students and procedures for payment and refunds.

### Registration

Registration dates and in-class offerings may be found at each Global Campus site's website. Registration dates and online course offerings may be found on Trojan Web Express. Students may register for in-class and online courses through Trojan Web Express at <http://splash.troy.edu/go-to/webexpress/>.

### State Authorizations

Information of state authorizations is located at: [trojan.troy.edu/etroy/accreditation.html](http://trojan.troy.edu/etroy/accreditation.html).

### Grade Appeals

Faculty members have the authority to grade student work and to assign grades; these are academic judgments. A faculty member's syllabus enumerates student academic performance expectations and consequences. Faculty members render academic judgments when a student's academic performance violates established standards or fails to meet stated expectations. Academic judgments made by faculty are based on academic content, course requirements, and student performance. Students may not appeal grades based on allegations concerning the competence of a faculty member, the fairness of examinations, the difficulty of a course, or other matters of a purely academic nature. Grades for individual assignments and exams may not be appealed. While it is recognized that faculty hold the right and responsibility to grant a grade, a student who receives a course grade that he or she believes to be unwarranted for reasons other than those listed above may appeal that grade using these stated procedures.

**Step 1.** Within the first four weeks of the start of the following term or semester in which the grade is received, the student shall have informally appealed the grade to the instructor. If that instructor is not teaching at Troy University during the term following issuance of the grade, the student will make contact with the instructor through the department chair to informally appeal the grade.

**Step 2.** If the issue is not resolved at this informal level and the student wishes to pursue the appeal, the student shall request in writing a meeting with the respective department chair. This request shall be addressed to the department chair and shall be received no later than the end of the fifth week of instruction for the term or semester following issuance of the grade. The request

must summarize the student's complaint and the student's informal appeal to the instructor.

**Step 3.** Within two weeks of receipt of the request, the department chair shall discuss the appeal with the student and with the instructor, separately or at the same time. *If the department chair upholds the decision, the matter is closed. The decision is final.*

**Step 4.** If the department chair does not support the decision of the instructor, the matter shall be appealed within two weeks of the department chair's decision to the designated associate dean or dean of the college. The department chair will forward the appeal package to the designated associate dean or dean. The designated associate dean or dean will empanel three full-time faculty colleagues from the department and/or discipline to review the matter. *The decision of this panel shall be final and binding on all parties.* **Note:** Students may not use this procedure to appeal grades resulting from violations of academic honesty. Students should refer to the Oracle, the University's official student handbook, for these appeals.

### Grade Point Average (GPA)

The grade point average is computed by dividing the number of credit hours attempted into the total number of grade points earned.

### Incomplete Grades

This incomplete grade policy replaces all other incomplete grade policies as of August 9, 2012.

If a student is unable to complete all course grading requirements, the student may be eligible to request the assignment of an incomplete grade. An incomplete grade is not automatically assigned by the instructor, but must be requested by the student and approved by the instructor. The decision to approve or reject a student's request for an incomplete grade is at the discretion of the instructor using the following criteria:

- Student submits a completed "Incomplete Grade Request" form prior to assignment of a course grade.
- Student's progress in the course is deemed satisfactory.
- Student is passing the course when the request is made.
- The circumstances that prevented the student's completion of course requirements are beyond the student's control and adequate documentation is provided.

A student may request an incomplete by completing and submitting to the instructor an "Incomplete Grade Request" form. This form can be found at [trojan.troy.edu/graduateschool/forms.html](http://trojan.troy.edu/graduateschool/forms.html). An incomplete grade will not be assigned until the student receives from the instructor the approved request form which outlines the work to be completed, the grading weight of the assignment(s), and a deadline for when all required work must be received. It is the student's responsibility to follow up with the instructor on the status of their request for an incomplete grade and become informed of all work required and deadlines.

### Time Limit for Removal of Incomplete Grades.

Any student who receives an "I" must adhere to the deadlines set by the instructor for when required assignments must be received. The instructor deadline must not exceed 9 weeks from the date of the end of the semester that the "I" was awarded. All instructor set deadlines apply whether or not the student enrolls for the semester or term following the assignment of the incomplete grade. Work received on or before the instructor set deadlines will be graded and computed into the final course grade. The instructor will submit a "Change of Grade" form to the registrar on or before the last day to remove an Incomplete from the previous term or semester published in the University's master calendar. Student assignments not received by the instructor's deadlines will not be graded and a "Change of Grade" form will not be submitted. If a "Change of Grade" form is not submitted by the appropriate time, the "I" will automatically be converted to an "FI". An "FI" is calculated as an "F" when determining grade point average.

## Grading System

**Note 1:** Some grades, in addition to the F, calculate as an F in the grade point average.

**Note 2:** If the student makes a "D" or "F" in a core course, the course must be retaken.

**Note 3:** If the student makes a "D" or "F" in an elective course, the course must be retaken or another elective taken in its place.

Grade	Description	Credit	Grade points per hour
A	Excellent	Yes	4
B	Above Average	Yes	3
C	Average	Yes	2
D	Below Average	Yes	1
F	Failure	No	0
AU	Audit	No	0
DR	Dropped course	No	0
FA	Failure to attend any classes (Calculates as an F in the GPA)	No	0
I	Incomplete	No	0
IP	Thesis or Clinical Research in Progress	No	0
FI	Course requirements not completed by end of time limit for course assigned an Incomplete or In-Progress (Calculates as an F in GPA)	No	0
NG	No grade reported by faculty at end of term (assigned by Registrar)	No	0
P	Pass	Yes	0
W	Withdrawal	No	0

## Grade Point Average (GPA)

The grade point average is computed by dividing the number of credit hours attempted into the total number of grade points earned.

## IP (In-Progress) Grades

Students who show satisfactory progress in one of the following courses, but are unable to complete requirements in one semester, may be issued IP grades. No other courses are eligible to award the grade of IP.

IP grades may be issued only for the following courses:

- Thesis Research (Not Research Methods Courses)
- Practicum
- Internship
- Thesis
- Personal Supervisor and/or Curriculum Development
- Field Problem

## Time Limit for Removal of In-Progress (IP) Grade

IP grades must be removed within one calendar year from the date at which the IP was assigned. An IP grade that is not removed during the stated time limit will automatically become a grade of "FI."

## Program Completion Requirements

### Grade Point Average

Students must have a 3.0 grade point average (4.0 scale) for

all work attempted at the time of degree completion. Credits over eight years old shall not be used in computing the final grade point average at the time of degree completion. In the case of courses that have been retaken due to grades of "C" or below, all grades will be counted as hours attempted in determining the overall grade point average.

## Research Requirement

### For Initial Master's Degree

All graduate programs require certification of the student's ability to do research in a specialization. This requirement is met by achieving a grade of "B" or better in an approved research course(s) in the student's program. Students must repeat the research course if a grade of "C" or below is attained.

### For Second Master's Degree

If the research requirement was completed for the first master's degree, students are exempt from this requirement in the second master's degree. Students exercising this exemption must complete an additional elective course in their program, or obtain approved transfer credit to achieve the minimum required credits for graduation.

## Comprehensive Examinations

Students admitted to a graduate program requiring a comprehensive examination must pass the required comprehensive examination, written and/or oral, covering the work taken in the major field. All students must register in advance for comprehensive examinations in their academic departments. Students should consult with their advisors regarding procedures for scheduling and taking comprehensive examinations. This examination is usually taken during the last semester/term prior to graduation.

The passing of the comprehensive exams is not to be considered a waiver of any other requirement for any program. Students who have unsuccessfully attempted the comprehensive exam may not change their program of study. Should students fail the comprehensive exam, they must successfully retake the exam within one year of the date originally taken.

## Thesis or Field Project

A thesis or field project is frequently the culmination of graduate education at Troy University. A thesis or field project requires a commitment of one or more years. While faculty assist in the direction of the thesis or field project, the graduate student is responsible for the development, research, writing, and completion of the thesis or field project. Graduate students should consult with their program director and faculty adviser about thesis or field project availability and suitability.

The Troy University Thesis Guidelines located at [trojan.troy.edu/graduateschool/assets/documents/thesisguidelines.pdf](http://trojan.troy.edu/graduateschool/assets/documents/thesisguidelines.pdf) provides students with essential requirements concerning the thesis preparation, completion, and submission. Individual departments, schools, and colleges may impose additional requirements or may specify requirements in greater detail. The graduate student has a responsibility to learn what, if any, special departmental/school/college requirements may apply. The thesis should be prepared in accordance with the instructions of the Troy University Thesis Guidelines and department, school or college special requirements.

## Thesis Students – Continuous Enrollment

Students must be enrolled in at least one semester hour of thesis the semester in which they defend their thesis.

## Intent to Graduate Procedure

Candidates for a graduate degree must indicate their inten-

tions to complete the requirements for graduation by filing an "Intent to Graduate" form at the beginning of the term/semester prior to the term/semester of graduation with the Graduate Records Office. Since this form is used to check completion of requirements, order diplomas, and enter students in the commencement program, it must be filed in accordance with the published deadlines. Students failing to submit Intents to Graduate by the published date will graduate at the next semester of graduation. Candidates must use the online form located at [splash.troy.edu/go-to/intent/](http://splash.troy.edu/go-to/intent/). If the online form is not accepted this means that the application is too late for participation in the upcoming graduation. A graduation fee must be paid at the time of filing.

### Graduation Ceremony

Attendance at commencement is not required for degree conferral; however, all candidates are urged to attend. Students will attend the graduation ceremony immediately following their program completion. Students may select which graduation ceremony to attend based on their preferred location. The students will be provided with a link to the graduation ceremony selection when the student files an "Intent to Graduate" form.

### Time Limit to Complete Master's and Ph.D. Degree Programs

All credits used to satisfy Masters or Ph.D. degree requirements may not exceed eight years at the time of degree completion. For students completing the Master of Science in Nursing, all credits used to satisfy degree requirements may not exceed five years at the time of degree completion.

A student not enrolled with Troy University for three years or more must meet all degree requirements current at the time of readmission.

### Time Limit to Complete DNP Degree Program

For students completing the Doctor of Nursing Practice-Post BSN program, all credits used to satisfy Doctoral degree requirements may not exceed eight years at the time of degree completion.

For students completing the Doctor of Nursing Practice—Post Master's program, all credits used to satisfy degree requirements may not exceed five years at the time of degree completion.

A student not enrolled with Troy University for three years or more must meet all degree requirements current at the time of readmission.

## Readmission Procedures

### Readmission to Graduate School after Academic Suspension

Graduate students may petition for readmission to the Graduate School only twice. In order to be eligible to petition for readmission, a student must have been out of school for at least one calendar year. Students may submit petitions for readmission two months prior to the eligible readmission date. Students who have been academically suspended must follow the procedures outlined below:

1. A student must petition the Dean of the Graduate School in writing and cite the particulars of his/her case. The petition packet should include:
  - a. A letter describing the circumstances that led to academic suspension and give evidence of probable success before being considered for readmission;
  - b. Copy of the student's transcript;
  - c. Appropriate letters of support from faculty;
  - d. Documentation of circumstances which led to suspension; and
  - e. Readmission Application.

*Note: Student petitions for readmission must be document-*

*ed, circumstances verified by the appropriate academic official at each location before the Dean of the Graduate School will present the petition to the respective Academic Dean (s).*

2. The Dean of the Graduate School in turn will submit the petition and supporting documentation, e.g., transcripts, updated Application for Admission, letter of petition, letters of support, etc., to the appropriate departmental faculty committee through the office of the dean of the discipline in which the student requests readmission.
3. The departmental committee will review the case and make a recommendation for approval or disapproval to the dean of the discipline.
4. The dean of the discipline has the authority to accept or reject the recommendation of the department. If the dean of the discipline accepts a favorable recommendation from the departmental committee, he or she must forward it along with his/her endorsement to the Dean of the Graduate School and the Chair of the Graduate Council for their concurrence.
5. If the student's petition is rejected by the dean of the discipline (in 4 above), the student is notified in writing by the dean of the discipline with copies placed in the student's permanent record.
6. If the Dean of Graduate School and Chair of Graduate Council accept the recommendation of the dean of the discipline (in 4 above), the student is notified by the Dean of the Graduate School in writing of the decision and informed of any conditions that were placed on his/her readmission. If admitted, it will be on a conditional basis only. The decision of the Dean of Graduate School and Chair of Graduate Council is final.
7. If the Dean of the Graduate School or Chair of the Graduate Council rejects the recommendation of the dean of the discipline, the request is referred to the Graduate Council as a final appeal. The decision of the Graduate Council is final.
8. Students who have been suspended or dropped from other universities' programs for academic reasons must follow the procedures noted below:
  - a. The processes of # 1-7 above must be followed. All transcripts from all universities must be submitted as part of this process.
  - b. A student will be eligible for readmission 12 months from the beginning of the suspension period.
  - c. Troy University will accept transfer credit only from universities where students are in good academic standing. The acceptance of any transfer credit is at the discretion of Troy University.

### Readmission to a Graduate School Program by a Student in Good Standing

A student who is not enrolled in courses for **one to up to three years** must contact the Student Services Office and complete a Readmission to Graduate School Application. These students are allowed to remain in the program for which they originally enrolled. A student not enrolled with Troy University for **three or more years** must meet all degree requirements current at the time of readmission and complete a Readmission to Graduate School Application. All students who have attended another institution of higher learning since last attending Troy University, must submit a *Readmission to Graduate School Application* and provide official transcript(s) from that institution before re-enrolling. Readmission to Graduate School Applications are available online at [troy.edu/graduateschool/forms.html](http://troy.edu/graduateschool/forms.html).

## Registration

Students must be registered for all classes prior to attendance in these classes. If a student's name does not appear on a class roster, he/she may not sit in or otherwise attend the course. Students should register during designated registration times. Once

students have registered for a course or courses, they incur a financial commitment which must be met. Students can pay their tuition online by accessing the Trojan Web Express.

Students who fail to attend a class without following drop/withdrawal policies will receive a grade of FA, and those students will still be charged full tuition and fees. Students with an outstanding balance will not be permitted to register for future terms.

### **Repeating Courses**

Students may repeat a course in which they received a grade of "D," "F," or "W." Students who received a grade of "C" or below in the required research course or courses requiring a grade of "B" or better must repeat the course and attain a "B" or higher grade to satisfy the coursework requirements in their program of study. Both grades will be counted as hours attempted in determining the overall grade point average. See degree program for additional minimum course grade requirements.

### **Residency Requirements**

See specific program for details.

### **Resident Credit Calculation**

Residency, the number of Troy University credit hours earned, must be established to be eligible for a Troy University graduate degree. Resident credit for a program is determined by deducting the non-Troy University transfer/transient credit hours allowed in the program from the total hours required for the program. Residency requirements vary by degree program. See specific programs for minimum residency requirements.

See the appropriate degree program for specific transfer credit requirements.

### **Semester Hour Load Limits**

Definitions:

- A "semester" is defined for hour load limit purposes as 16 weeks of class meetings.
- A "term" is defined for hour load limit purposes as up to a nine week period of class meetings.
- A "session" is defined for hour limit purposes as up to nine weeks of class meetings within a semester.
- A "full-time" graduate student for admission status purposes is a student taking eight or nine semester hours per semester or six semester hours per term, or eight to nine semester hours in a combination of semesters, terms, and/or sessions over a sixteen-week period.
- A part-time student is defined as a graduate student taking less than a "full-time" load.

**Warning: Students who register for coursework in excess of the approved load without prior approval and violate the University's policy regarding course load will be required to drop the overload or lose the excess credit.**

### **Load Limit for Students with Temporary Admission Status**

Students with a temporary admission status are limited to a maximum of nine semester hours per semester or six semester hours per term, or a combination thereof not to exceed nine semester hours over a sixteen-week period.

### **Load Limit for Students with Conditional Admission Status**

Students admitted conditionally may take a maximum of nine semester hours per semester or six semester hours per term or a combination thereof not to exceed nine semester hours over a sixteen-week period until the "conditions for admission" are removed.

### **Load Limit for Students with Unconditional Admission Status**

The maximum load for unconditionally admitted graduate students is twelve semester hours per semester, or six semester hours per term, or a combination thereof not to exceed twelve semester hours over a sixteen-week period. With the written approval of the student's academic adviser, the maximum load may be increased to 16 semester hours for unconditionally admitted students. Students who schedule an overload may not reschedule an overload in the subsequent term unless they maintain an overall grade point average of a 3.0 on a 4.0 scale during the term in which the overload was scheduled.

### **For Graduate Assistants**

Graduate Assistants are restricted to a minimum of six semester hours or a maximum of nine semester hours per semester.

### **Transfer Credit**

Transfer credit is defined as college credit that was earned at another regionally accredited or equivalent foreign institution and is transferable and accepted for credit toward a degree program at Troy University. Transfer credit includes any work previously earned at Troy University as part of a degree program other than the one in which the student is currently enrolled.

No grade earned in a transfer credit course is included in the calculation of the "institutional" grade point average (Graduating GPA), to include all prior master's degrees.

Academic credit and/or degrees accepted for transfer to Troy University must be earned at regionally accredited U.S. universities or at foreign universities whose academic credit and/or degrees have been evaluated and determined by appropriately prepared faculty to be equivalent to that awarded by a U.S. institution. All transfer credit is evaluated in terms of level, content, quality, comparability, and degree program relevance.

### **Transfer Credit From a Previous U.S. Graduate Degree**

Courses taken at the graduate level that contributed to the completion of a prior U.S. graduate degree program may be applicable for credit in the new program based on review by the dean of the program. A limit of six semester hours of credit earned from any previous graduate degree may be applied to the requirement for a second master's degree. Up to ten semester hours of credit earned from a prior graduate degree may be applied to the DNP. Transfer credits are subject to departmental approval and time limitations. All credits used to satisfy the second master's degree must be less than eight years old at the time of degree completion. A Petition for Transfer of Graduate Credit form must be completed and approved. See TRANSFER CREDIT FROM A REGIONALLY ACCREDITED INSTITUTION section for specific requirements for the evaluation of transfer credit. Petition for Transfer of Graduate Credit forms are available at [trojan.troy.edu/graduateschool/forms.html](http://trojan.troy.edu/graduateschool/forms.html)

**Note:** Refer to TIME LIMITS TO COMPLETE GRADUATE DEGREE PROGRAMS and TIME LIMITS TO COMPLETE GRADUATE NURSING DEGREE PROGRAMS for more information on limitations of transfer credits.

### **Transfer Credit From Regionally Accredited Universities**

No credit may be transferred to a Troy University graduate program until a student is unconditionally admitted and has successfully completed a minimum of nine semester hours with the university. The maximum number of graduate credit hours transferred into a graduate program will not exceed 12 semester hours. Please consult specific degree programs to determine allowable transfer credit hours.

1. A grade of "B" or higher must have been earned in each course. Transfer credit will not be used to determine the Troy University grade point average. A copy of the course syllabus

- may be required.
- Sixth-year degree program students must refer to the specific discipline section of the Graduate Catalog for further requirements.
  - To be acceptable as transfer credit, all hours must have been earned within eight years of the date of degree completion of the graduate program at Troy University. Credit accepted as transfer credit, which becomes over eight years old (graduate nursing courses may not exceed five years) before the graduate degree requirements are completed, will become invalid and will not be counted toward graduate degree requirements.
  - Where Troy University is replacing another university under Department of Defense contracts, students will be permitted to transfer up to 18 semester hours of Troy University equivalent coursework. This rule applies for one calendar year from the start of the Troy University program and is only for students who have been in attendance at that site.

#### **Documents Required for Evaluation of Transfer Credit:**

- A completed Petition for Transfer of Graduate Credit form.
- A copy of the official transcript showing the course(s) taken.
- A course description taken from the college catalog where the course was taken.
- Evidence that the course was taken for graduate credit or would have been accepted as graduate credit if not indicated on the transcript.
- Course substitutions may be considered, as applicable.
- A copy of the course syllabus may be required. Officially accepted transferred graduate coursework will be posted on the official Troy University transcript.

#### **Transfer Credit From Unaccredited or Otherwise Accredited Universities**

Some degree programs prohibit the acceptance of transfer credit from unaccredited or otherwise accredited universities. If a student meets unconditional graduate admission standards and has earned graduate level credit at an unaccredited or otherwise accredited institution of higher learning, the student may petition for transfer credit. Petitions for transfer credit must be submitted immediately upon admission. Credits will not be accepted until the student has completed nine semester hours and has maintained a 3.0 grade point average necessary for good standing. Credits will be evaluated and approved by the dean of the discipline and the Graduate Council, if needed. All requests must meet the stated conditions specified in the Transfer Credit from Regionally Accredited Universities section above. A determination will be made based on (1) the unaccredited or otherwise accredited institution's affiliation with the following agencies which honor recognition provided by the former: Council on Postsecondary Accreditation (COPA) and the Commission on Recognition of Post Secondary Accreditation (CORPA), and/or the Council for Higher Education Accreditation (CHEA); (2) acceptance of credit by three other regionally accredited universities located in the area of the unaccredited institution; (3) review and approval of the Graduate Council.

*Note: A Petition for Transfer of Graduate Credit request form must be completed, with the request annotated across the top of the form, that the institution is non-regionally accredited. A copy of the official transcript, course descriptions, syllabus, and faculty credentials, if available, should be attached. All information submitted by the student must be verified by the appropriate academic official at each location, and a letter recommending support or non-support must accompany the request before the dean of the college will have the petition reviewed.*

#### **Transfer Credit from Foreign Universities**

Students seeking transfer of credits from a foreign university must submit a Petition for Transfer of Graduate Credit form and an official credit evaluation to the Troy University International

Admissions Office as discussed below. Petition for Transfer of Graduate Credit forms are available at [trojan.troy.edu/graduateschool/forms.html](http://trojan.troy.edu/graduateschool/forms.html)

Students may use one of two methods for an official credit evaluation:

- Present to the Troy University Admissions Office original transcripts including an English translation and university-prepared course descriptions for courses the student desires to transfer. Using established university protocols, the International Admissions Office will determine if the foreign university is considered equivalent to a U.S. regionally accredited university, and authenticate all submitted documents. When appropriate, the International Admissions Office will translate the credit value of each course(s) being petitioned for transfer into U.S. equivalents.
- Request an official evaluation from ECE by submitting transcripts and course description. The official evaluation, along with the original transcripts, must be presented to the Troy University International Admissions Office.

A Petition for Transfer of Graduate Credits form and a letter from the International Admissions Office will be forwarded to the appropriately qualified faculty for review, evaluation, and determination of the acceptability for transfer of each course. Petition packets are returned to the International Admissions for inclusion in the student's file. If the faculty have deemed the course equivalent to a Troy University course applicable to the student's degree program, the International Admissions office will verify that the grade earned is equivalent to the Troy University grade of "B" or better before an approval for transfer is granted. The International Admissions Office will notify the student of the approval or denial of the petitioned course(s) for transfer.

No credit may be transferred to a Troy University graduate program until a student is unconditionally admitted and has completed a minimum of nine semester hours with the university. The maximum number of graduate credit hours transferred into a graduate program will not exceed 12 semester hours. Please consult specific degree programs to determine allowable transfer credit hours.

A grade of "B" or higher must have been earned in each course. Transfer credit will not be used to determine the Troy University grade point average. A copy of the course syllabus may be required.

To be acceptable as transfer credit, all hours must have been earned within eight years of the date of degree completion of the graduate program at Troy University. Credit accepted as transfer credit, which becomes over eight years old (graduate nursing courses may not exceed five years) before the graduate degree requirements are completed, will become invalid and will not be counted toward graduate degree requirements.

#### **Transfer Credit for the Ph.D. in Sport Management Degree**

The Ph.D. degree in Sport Management at Troy University requires a minimum of 90 credits beyond a baccalaureate degree. In order to satisfy the 90 credits past a baccalaureate degree, no more than 30 credits of a Master's or Juris Doctorate (J.D.) degree from another regionally accredited institution of higher education will be recognized. As such, the student must complete a minimum of 60 credit hours in the Sport Management doctoral program at Troy University.

#### **Conditions for Transfer Credit from another Sport Management doctoral program:**

- Students must complete the admissions application packet as described previously
- A maximum of 16 credits from another Sport Management doctoral program will be allowed to transfer to the Troy University Sport Management Sport doctoral program
- All transfer courses must be comparable to Troy University's graduate courses and must be approved by the admissions commit-

tee

### Professional Military Education Credit (PME)

Troy University awards transfer credit for specific Professional Military Education (PME) courses completed at select military service schools for which credit is recommended by the American Council on Education and approved by the dean of the appropriate College. The maximum number of credit hours transferred into a graduate program, to include PME credit, will not exceed 12 semester hours. Please consult your adviser for individual program acceptance. No credit may be granted for work that will be over eight years old at the time of graduation from the Troy University program for which transfer credit was requested. No waivers will be permitted.

### Transient Credit

**Under no circumstances may a student be enrolled in another institution while enrolled at Troy University without prior transient authorization.** Students who have been granted unconditional admission to the Graduate School, and who are in good standing, may petition to take pre-approved graduate level courses at another regionally accredited or equivalent foreign graduate school. Transient credit does not count toward Troy University residence credit or one's Troy University grade point average (GPA). See specific program restrictions for transient credit. The maximum number of credit hours transferred into a graduate program, to include transient credit, will not exceed 12 semester hours.

Pre-approval to enroll in such courses must be obtained from the appropriate dean of the degree-granting college prior to enrollment in the course. A grade of "B" or higher must be earned in each transient course. Military senior service school credits, if appropriate for the degree, may be accepted as transient credit upon approval. The combined total of transfer and transient credits may not exceed 12 semester hours.

### Transcript Requests

Requests for transcripts must be submitted in writing or by a signed fax as required by the Family Educational Rights and Privacy Act of 1974 (FERPA). Email requests cannot be accepted at this time. A transcript request form may be printed from the Troy University website at [splash.troy.edu/go-to/transcripts/index.html](http://splash.troy.edu/go-to/transcripts/index.html).

All transcript orders will be charged a \$10.00 fee. The following information must be provided in all transcript requests:

1. Full name
2. Social security number or Troy University student ID number
3. Dates of attendance
4. Location of attendance
5. Address where the transcript(s) is to be sent
6. The number of transcripts requested

An official transcript is one that bears the official university raised seal with the Registrar's signature on security paper and is issued by the Registrar's Office and sent directly to another institution. It reflects all transferred credit accepted, non-traditional credit accepted, and credit courses taken at Troy University. To receive a consolidated official transcript, a student must

1. Receive an admission status other than "temporary,"
2. Clear all outstanding financial obligations to Troy University,
3. Prepare a Transcript Request Form at any Troy University office and pay the appropriate fee.

*Note: Official copies are mailed from one institution to another. Student copies mailed or released to the student will be stamped "Issued to Student."*

### Financial Information

#### Tuition and Fees

#### Alabama Campuses

Consult the [trojan.troy.edu/sfs/tuition\\_fees.html](http://trojan.troy.edu/sfs/tuition_fees.html) website for current tuition and fees.

#### Troy Online Course Rates

Consult the [trojan.troy.edu/etroy/tuition.html](http://trojan.troy.edu/etroy/tuition.html) website for current tuition and fees. For more information concerning online graduate programs, please contact Troy Online at [etroygraduate@troy.edu](mailto:etroygraduate@troy.edu), call 1-800-414-5756, or consult the website at [trojan.troy.edu/etroy/onlinegraduateprograms/](http://trojan.troy.edu/etroy/onlinegraduateprograms/).

#### Global Campus Course Rates

Tuition and fees vary according to campus site and are subject to change without notice.

#### Clearance of Obligations

All financial or other obligations to the University must be cleared prior to the end of each semester or term. An outstanding balance for a prior semester or term must be paid before the student will be allowed to register for subsequent semesters or terms. Transcripts will not be issued if financial obligations have not been satisfied. Failure to meet financial obligations to the University could subject the student to additional late payment charges, as well as collection costs.

#### Financial Aid

Graduate students at Troy University may receive limited financial aid. Transient students are not eligible for financial aid through Troy University.

Students may apply for a Federal Direct Unsubsidized Stafford Loan for a maximum of \$20,500 per academic year; the total combination of all funds received regardless of the source cannot exceed the total cost of education.

Troy University has limited funds (awarded first-come, first-served) in the College Work Study Program and the Federal Perkins Student Loan Program for which graduate students may apply. The application priority deadline is March of each year for students enrolling the following fall term. Students are urged to use the financial aid section of the website for more detailed information on the financial aid application process.

Students must be enrolled at least half-time to be eligible to receive a student loan.

#### Graduate Course Loads

	Semester Hours	Accelerated SH (Terms only)
Full Time	8-9	6
3/4 Time	7	4-5
Half Time	4-6	3
< Half-Time	1-3	1-2

All forms and contact information required to apply for graduate student financial aid are available in the financial aid section of the University website.

Students who, for any reason, register for classes but do not attend **MUST NOTIFY THE RECORDS OFFICE IN WRITING TO WITHDRAW, PRIOR TO THE FIRST CLASS MEETING. Any student who fails to do so will be responsible for payment of fees and will be charged with failing grades.**

#### Transient Students and Financial Aid Availability

Transient students are not eligible for financial aid through Troy University.

#### Withdrawals for Students Receiving Title IV Aid

In addition to Troy University's withdrawal policy, if a student is a recipient of Title IV aid (Federal Direct Loans or Perkins Loans, for example) federal regulations administered through the U.S. Department of Education will apply. If a recipient of Title IV aid withdraws during the term, the university will calculate the amount of aid the student did not earn, and the unearned portion will be returned to the Title IV programs. The student is responsible for any charges which are unpaid as a result of the return of Title IV funds.

Generally speaking, a student earns Title IV aid based on the number of days completed during the term prior to withdrawal. Once 60% of the term has been completed, the student is considered to have earned 100% of the Title IV aid awarded.

A student who withdraws must complete the Exit Interview Form. (For any disbursed student loans, repayment begins six months after you are no longer a half-time student.)

### **Veterans Education Benefits**

The following is a summary of the educational assistance that the Department of Veterans Affairs offers to veterans, service members, and their dependents. More detailed information is available on our web site.

1. The Montgomery GI Bill® (Chapter 30) assists students who entered active duty for the first time after July 1, 1985, and who agree to have their pay reduced \$100 for 12 months. Veterans must have been honorably discharged, and active-duty personnel must have served at least two years.
2. The Post 9/11 GI Bill® (Chapter 33) assists students who have served at least 90 aggregate days on active duty after September 10, 2001, and are still on active duty or were honorably discharged from active duty; or released from active duty and placed on the retired list or temporary disability retired list; or released from active duty and transferred to the Fleet Reserve or Fleet Marine Corps Reserve; or released from active duty for further service in a reserve component of the Armed Forces. Students may also be eligible if honorably discharged from active duty for a service connected disability if they have served 30 continuous days after September 10, 2001.
3. The Montgomery GI Bill® – Selected Reserve Education Assistance Program (Chapter 1606) assists students who have a six-year obligation in the Selected Reserves. Students who are officers must agree to serve six years in addition to current obligation, complete initial active duty for training, serve in a drilling Selected Reserve unit, and remain in good standing.
4. The Veterans Educational Assistance Program – VEAP (Chapter 32) assists students who enlisted in the military after December 31, 1976, and before July 1, 1985, who contributed money to the educational fund.
5. Vocational Rehabilitation (Chapter 31) provides assistance to veterans who have a service-connected disability and need vocational rehabilitation because his/her disability creates an employment handicap.
6. The Dependents' Educational Assistance Program (Chapter 35) provides education and training opportunities to eligible dependents and survivors of certain veterans who either died of, or are permanently and totally disabled as the result of, a service-connected disability. The disability must arise out of active service in the Armed Forces.

### **Veterans In-State Status**

- A Veteran using educational assistance under either Chapter 30 (Montgomery G.I. Bill – Active Duty Program) or Chapter 33 (Post-9/11 G.I. Bill), of title 38, United States Code, who lives in the state in which the institution is located (regardless of his/her formal State of residence) and enrolls in the institution within three years of discharge or release from a period of active duty service of 90 days or more.

- Anyone using transferred Post-9/11 GI Bill® benefits (38 U.S.C. § 3319) who lives in the state in which the institution is located (regardless of his/her formal state of residence) and enrolls in the institution within three years of the transferor's discharge or release from a period of active duty service of 90 days or more.

- Anyone described above while he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same institution. The person so described must have enrolled in the institution prior to the expiration of the three year period following discharge or release as described above and must be using educational benefits under either Chapter 30 or Chapter 33, of Title 38, United States Code.

- Anyone using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 3311(b)(9)) who lives in the state in which the institution is located (regardless of his/her formal State of residence).

- Anyone using transferred Post-9/11 G.I. Bill® benefits (38 U.S.C. § 3319) who lives in the state in which the institution is located (regardless of his/her formal state of residence) and the transferor is a member of the uniformed service who is serving on active duty.

- The policy shall be read to be amended as necessary to be compliant with the requirements of 38 U.S.C. 3679 as amended.

### **Application Procedures**

Students who are eligible for educational benefits from the Department of Veterans Affairs should contact the Troy University VA specialist at their location to complete the necessary forms. After all of the necessary forms and documentation are submitted to the Troy University VA specialist, the student's enrollment information will be certified to the Department of Veterans Affairs. The Department of Veterans Affairs processes claims 8 to 12 weeks after receiving the completed paperwork. More detailed information is available on the VA section of the financial aid section of the web site.

### **Payment Methods**

The amount of money a student receives from the Department of Veterans Affairs depends on which education program the student is eligible for, how many hours of credit the student is registered for, the length of the term, and, for retirees, the number of dependents.

### **Graduate Assistantship/Fellowship Program**

The objectives of the Graduate Assistantship/Fellowship program are to provide professional experiences which complement graduate instruction and research while contributing financial assistance to students pursuing graduate degrees. This assistantship/fellowship program is designed to aid in the successful completion of the degree pursued and to enhance career opportunities through applied professional experiences.

The Graduate Assistantship/Fellowship Program is administered by the Dean of the Graduate School. Additional questions regarding this program should be directed to the Dean of the Graduate School. The Graduate Assistantship/Fellowship program is available only on campuses located in Alabama.

### **Eligibility**

To qualify for a graduate assistant/fellow appointment, a student must satisfy the following general eligibility requirements. Additional eligibility requirements may exist according to teaching and/or research positions.

1. Must possess an undergraduate degree with an excellent aca-

demic record.

2. Must be admitted to a graduate program at Troy University. This does not include temporary admission
3. Must be pursuing a graduate degree in the field to which assigned or in a related field in which the student has substantial experience.
4. If applying for a Research or Teaching Assistantship or Fellowship, the student must be unconditionally admitted to a graduate program at Troy University.
5. Must be registered in the Graduate School for at least six graduate semester credit hours during a regular semester or at least six graduate semester credit hours for the summer term. An exception to this requirement may be made by the Dean of the Graduate School under the following conditions:
  - a. If a student is classified as a graduate student and is required to take undergraduate courses for the graduate degree, a minimum of three graduate hours and six undergraduate hours must be taken to qualify for a graduate assistantship. This does not include undergraduate prerequisite courses required prior to being accepted into a graduate program. In addition, tuition assistance will not be paid for undergraduate courses.
  - b. If a student has made satisfactory progress toward obtaining the graduate degree and needs fewer than six graduate hours to complete the degree, the student may be considered for an assistantship.
6. When a tuition scholarship is included in the graduate assistantship, this award may impact on the student's eligibility for federal programs of financial assistance. Students are responsible for checking with the Office of Financial Aid.
7. International graduate students must be in compliance with all U.S. Citizenship and Immigration Services (USCIS) of the Department of Homeland Security (DHS) requirements.
8. If receiving the Graduate Assistant Tuition Scholarship, the student is not eligible for any other Troy University funded scholarship.
9. In order to qualify for the Graduate Assistant Tuition Scholarship, the student must be hired prior to the last day of free drop/add that term/semester.
10. PLEASE NOTE: All Graduate Assistants and Fellows will comply with all state policies and Standards of Conduct outlined by Troy University and the department in which they are working. Any student found in violation of University policy or not upholding these stated standards will immediately be removed from their position and made ineligible for future Graduate Assistantships and Fellowships.

### **Doctoral Teaching Assistantships**

Students who are fully admitted to the Doctor of Philosophy in Sport Management program may apply for a doctoral teaching assistantship offered on the Troy, Alabama campus. Consult the Director of the Ph.D. in Sport Management program for more details.

### **Refund Policy**

#### **Receipt of Refunds**

Each registered Troy University student will receive a Trojan OneCard. The Trojan OneCard will be mailed to the student using the address on file with the University. To receive any refunds from the University, a student must activate his or her Trojan OneCard. During card activation, the student will choose how to receive his or her refund money. Options available include having the refund:

- **Electronic Deposit to Another Account (ACH Transfer)** – Once funds are released by the University to BankMobile, it typically takes 1-2 business days for the receiving bank to credit the money to your account.

- **Electronic Deposit to a BankMobile Vibe Account** – If you open a BankMobile Vibe account (upon identity verification), money is deposited the same business day BankMobile receives funds from the University.

### **Scholarships**

Students seeking scholarship information should visit the Financial Assistance webpage at [trojan.troy.edu/financialaid/](http://trojan.troy.edu/financialaid/).

### **Student Accident & Sickness Insurance Plan**

For additional information on student accident and sickness insurance plans, please refer to [trojan.troy.edu/healthservices/assets/documents/2012-13\\_Health\\_Brochure.pdf](http://trojan.troy.edu/healthservices/assets/documents/2012-13_Health_Brochure.pdf).

### **Troy University Library**

The Troy University Libraries ([trojan.troy.edu/library/](http://trojan.troy.edu/library/)) hold a wide variety of resources in multiple formats, including print, multimedia (CD, DVD, video, audio cassettes, microfilm, and microfiche), as well as electronic linkages, both on the library network and on the Internet, to libraries and information sources worldwide. These resources allow the Library staff to ensure that students and faculty have access to the information they need to fulfill their educational and research goals. Students should contact their local Troy University office for additional library information.

The Library's networked system consists of the online public access catalog and numerous online bibliographic databases, many with full text journals. The Library's homepage is constantly developing to provide more sophisticated and user friendly access to resources in the library and around the world.

The Library faculty and staff are continually developing quality collections, facilities, and services to assist students and faculty in their educational journeys. The Library faculty and staff provide professional and technical assistance and instruct users in the best methods of utilizing the Library's resources. Through this instruction and assistance, students learn information literacy skills that will support lifelong learning and continuing education.

### **Housing—Troy Campus Only**

Housing accommodations are available on-campus for students in residence halls at Troy University. Inquiries and applications should be submitted to the Director of University Housing.

University Apartments, located at the end of North Franklin Drive, consists of 48 air-conditioned one- and two-bedroom units operated by the University for married students. Since the demand for these units is considerable, interested couples should contact the Housing Office well in advance for reservation.

The University Housing Office endeavors to assist persons seeking apartments, rooms, or other off-campus housing in finding suitable accommodations. Students desiring assistance in securing off-campus accommodations should contact the Housing Office.

## **UNIVERSITY-WIDE REGULATIONS**

---

Only a portion of the University-wide regulations are represented below. Please consult the *Oracle*, the University's official Student Handbook, online at [trojan.troy.edu/oracle/](http://trojan.troy.edu/oracle/) for the most current and complete version.

### **Standards of Conduct**

By publication of these "Standards of Conduct," the university calls to the special attention of students and organizations the standards by which they are expected to abide. Students and organizations should be aware of the STANDARDS and should know they will be held accountable for their provisions.

## General

All students enrolling in Troy University assume an obligation to conduct themselves at all times as responsible members of the campus community and in accordance with standards of common decency and decorum, with recognition and respect for the personal and property rights of others and the educational mission of the University.

## Authority for Rules and Regulations

The Board of Trustees of Troy University is vested with the authority to promulgate rules and regulations regarding the conduct of students while enrolled at Troy University by Title 16-56-6, Code of Alabama, 1975. The University Trustees have delegated full authority to the University administration to prepare and administer rules and regulations for the welfare and discipline of its students.

## Administrative Responsibility and Authority

The Student Affairs Division of the University has primary authority for the supervision of student conduct and administration of discipline. The Senior Vice Chancellor for Academic Affairs and staff are responsible for working with students and student organizations to encourage support and compliance with University standards. They delegate specific responsibilities to members of their respective staffs and, in some instances, to student government agencies. It is permissible for the Dean of Student Services to handle disciplinary decisions administratively if the student or student organization agree to an administrative hearing. The Dean of Student Services is responsible for coordinating all disciplinary procedures and maintaining appropriate records of student conduct and disciplinary actions.

## Misconduct Defined

By enrollment at the University, a student or organization neither relinquishes rights nor escapes responsibilities of local, state, or federal laws and regulations. The "STANDARDS OF CONDUCT" are applicable to behavior of students and organizations on and off the University campus if that behavior is deemed to be incompatible with the educational environment and mission of the university. A student or organization may be disciplined, up to and including suspension and expulsion, and is deemed in violation of the "STANDARDS OF CONDUCT", for the commission of or the attempt to commit any of the following offenses:

1. Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the University, faculty or other officers or employees of the University.
2. Forgery, alteration or misuse of university documents, records, or identification.
3. Issuance of a worthless check made payable to Troy University.
4. Actual or threatened physical abuse, threat of violence, intimidation, hazing, harassment, or any other act that endangers the health or safety of any person.
5. Any sexual conduct that takes place without the victim's consent, sexual harassment, or sexual misconduct.
6. Destruction, damage, or misuse of university property, public, or private.
7. Theft, attempted theft, burglary, attempted burglary, accessory to these acts, and/or possession of stolen property.
8. Unauthorized manufacture, sale, delivery, use, or possession of any drug or drug paraphernalia defined as illegal under local, state, or federal law.
9. The unlawful possession, use, or distribution of alcoholic beverages, public drunkenness, driving under the influence, or the public display of alcoholic beverages and the use or display of such in public areas of the residence halls and all other public areas of the campus.
10. Participation in any form of gambling.
11. Use, possession, display or distribution of any rifle, shotgun, handgun, or other lethal or dangerous device capable of launching a projectile by air, gas, explosion, or mechanical means (including BB guns, air-soft guns, and paintball guns). Only duly-constituted law enforcement officers may possess firearms on campus.
12. Use, possession, display, or distribution of any toy weapon which resembles a real weapon, any swords, any illegal knives, any explosives (including fireworks and sparklers), any martial arts weapons, or any devices which are used to threaten the safety and well-being of any person.
13. Disorderly conduct, including rioting, inciting to riot, assembling to riot, raiding, inciting to raid, and assembling to raid university properties.
14. Pervasive behavior or dress that is objectively offensive and detracts from the educational experience of other students.
15. Trespassing or unauthorized entry to or use of university facilities.
16. Unauthorized use or attempted use of any services belonging to or provided by the University, including but not limited to, computer, telephone, cable television, copying facilities, or any other such service.
17. Unauthorized possession of a key to any university facility.
18. Interference with the use of or access to university facilities, obstruction or disruption of teaching, research, administration, service, disciplinary procedures, or other activities on university property by either university or non-university person or groups.
19. Classroom disruption to include any classroom behavior that interferes with the instructor's ability to conduct class or the ability of other students to learn.
20. Failure to dress appropriately for academic exercises or campus events including no foot wear, pajamas, dirty clothes/body offensive to others, and head coverings indoors unless considered to be a part of religious dress.
21. Failure to promptly comply with directions of university officials (faculty, staff or student employees) or law enforcement officers acting in the performance of their duties as such officials and officers.
22. Participation in setting or causing to be set any unauthorized fire, entering false fire alarms, bomb threats, tampering with fire extinguishers, alarms, or other safety or fire-fighting equipment, failure to evacuate or immediately respond to a fire alarm.
23. Pervasive use of the mail, telephone, computers, and electronic media that undermines and detracts from the educational experience of other students and/or the ability of faculty or staff to meet their obligations to provide for students' educational experience.
24. Conviction of any misdemeanor or felony that adversely affects the educational environment of the University.
25. Violation of any university policies or regulations as published or referred to in the Student Handbook, including, but not limited to, those governing the time, place, and manner of public expression; the registration of student organizations; the use of university facilities; occupation and visitation of residence halls and other housing owned or controlled by the university; and the use and parking of motor vehicles on the campus.
26. Conduct in violation of public law, federal and state statutes, local ordinances, or university regulations or policies, whether or not specified in detail, that adversely affects the student's suitability as a member of the academic community

and regardless of whether such conduct has resulted in a conviction under a statute of ordinance.

27. Any other activity, conduct, or dress not specifically stated herein that impairs, endangers, or disrupts any person, property, social order, or the educational environment of the University.

### **Complaint Policy**

### **Tobacco Policy**

---

#### **Introduction**

Troy University is committed to providing a healthy and safe environment for all students, faculty and staff. The University's Board of Trustees demonstrated this commitment with the approval of a resolution designating Troy University as a tobacco-free institution.

This new policy, which went into effect on August 13, 2012, prohibits smoking and the use of all tobacco products within all University buildings, parking lots, structures, walkways, indoor and outdoor athletic facilities, University vehicles, worksites and grounds and any vehicles on campus regardless of ownership. The health care and health education programs of the University perform an important function by demonstrating and promoting healthy lifestyles through activities such as curtailment of the use of tobacco products.

#### **Definitions**

- A. "Smoking" means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette or pipe.
- B. "Tobacco Products" such as all forms of tobacco, including but not limited to cigarettes, cigars, pipes, water pipes (hookah), electronic cigarettes, and smokeless tobacco products (e.g. chewing tobacco and snuff).
- C. "Members of the University Community" include its faculty, staff, students, volunteers, vendors, customers, and visitors.

#### **Policy**

This policy applies to all Troy University employees, students, contractors, vendors, recruits, and visitors.

The use of all tobacco products is prohibited on all property that is owned, operated, leased, occupied, or controlled by the University. "Property" for the purposes of this paragraph includes buildings and structures, grounds, parking lots, non-public walkways, sidewalks and vehicles, as well as personal vehicles in these areas. These same policies apply for all TROY campuses and locations.

Troy University will provide a variety of wellness initiatives to assist students, faculty, and staff to achieve nicotine independence and smoking cessation.

### **Implementation Authority**

Authority for enforcement of this policy is vested in the Deans of Colleges, Department Chairs, Supervisors or the Dean of Students and Athletic Director or their designee, in conjunction with the Senior Director of Human Resources.

### **Compliance**

Violation of this policy may result in corrective action under the Student Code of Conduct, Human Resources Policies and Procedures or other applicable University Regulations or Policies. Visitors refusing to comply may be asked to leave campus.

## COLLEGE OF ARTS AND SCIENCES

The College of Arts and Sciences is, from both historical and functional points of view, the core of the modern university. The College of Arts and Sciences views creativity, inquiry and understanding as among the greatest values in human experience. Thus, the College of Arts and Sciences is dedicated to the questioning, creation and transmission of knowledge; to the provision of undergraduate and graduate educational programs that are responsive to the need of an enlightened and productive citizenry; and to the provision of programs and services that enhance the

quality of life of the people it serves.

These goals complete a commitment to creativity and inquiry free of bias and based upon the principles of objective scholarship. The College's goals require a responsibility to promote and convey those elements of the liberal arts and sciences that must be essential components of the educational goals of all units of the university. The college seeks richness through diversity of its programs and strength through erudition.

### MASTER OF SCIENCE IN BIOMEDICAL SCIENCES (M.S. BMS)

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

#### Mission

The M.S. program and certificate in the Biomedical Sciences are designed to achieve the following: 1) to prepare students for future entry into medical and other professional schools in the health sciences and 2) to provide students with advanced knowledge in the biomedical sciences.

Upon completion of the degree program, students will gain a thorough knowledge of biomedical concepts developed through courses that focus on the changing face of medicine and biotechnology. This program will foster

strategic and critical thinking, logical analysis, and propose solutions to the challenges of medicine, the allied health sciences, and biotechnology.

The expected program learning outcomes of students enrolled in the Master of Science in the Biomedical Sciences include:

1. Demonstrate a conceptual competence of the basic biomedical sciences.
2. Develop a framework for maintaining technological currency in the biomedical sciences and healthcare.
3. Develop critical thinking skills for applying scientific knowledge in problem-solving.
4. Acquire skills for developing hypotheses, analyzing data, and interpreting and communicating results in the biomedical sciences.
5. Develop written and oral skills for communicating effectively and professionally.
6. Promote ethical standards for all professional activities in the biomedical sciences and healthcare.

#### Prerequisite Requirements

Candidates for admission must have a baccalaureate degree from a regionally accredited college or university. At a minimum,

applicants should have successfully completed genetics, human anatomy and physiology, and microbiology. Other prerequisites include physics, general chemistry, and organic chemistry. Students with undergraduate degrees outside of the biological sciences are encouraged to inquire about the program.

### Admission Requirements

To apply for admission to the M.S. program in Biomedical Sciences, applicants must submit the following:

1. Completed Application for Admission to the Graduate School;
2. Official transcript(s) from all universities or colleges attended;
3. Official copy of one of the following: GRE (with writing score), GMAT or MCAT, PCAT, OAT, DAT or equivalent.
4. Two letters of recommendation from professors, physicians, or other appropriate professionals that address the applicant's potential for success in a graduate program; and
5. A 500-word personal statement that addresses the applicant's professional goals, readiness for graduate school, and potential for completing the M.S. B.M.S. program.

### Unconditional Admission

Applicants may be admitted unconditionally if they meet the following requirements:

1. Applicants who have completed a master's or higher degree from a regionally accredited college or university may be admitted unconditionally. Applicants must submit all materials listed in Admission Requirements for the M.S. in Biomedical Sciences.
2. Attained a bachelor's degree from a regionally accredited college or university and achieved a minimum of 2.5 GPA in all undergraduate courses.
3. Have an acceptable score on the appropriate entrance exam: GRE 290 (recommended: 150 verbal, 140 quantitative) and GRE writing score. If the student has taken the MCAT (recommended: 487), DAT (recommended: 16) or equivalent professional exam, then this may be substituted for the GRE.

### Conditional Admission

Conditional admission may be granted under certain circumstances to applicants who cannot satisfy all unconditional admission requirements to a graduate program. See conditional admission requirements in the general regulations section of this *Catalog*.

Students admitted conditionally only because of a low undergraduate grade point average will be cleared of their conditional status if, at the completion of nine semester hours, they have achieved a 3.0 grade point average or greater on all graduate work attempted. Students must clear the conditional admission requirement of a 3.0 average at the completion of nine semester hours, or they will be dropped from the graduate program for one calendar year after which they may petition the Dean of the Graduate School to re-enter.

Students admitted conditionally only because of a low test score will be granted unconditional admission prior to the completion of nine semester hours provided they have maintained a 3.0 grade point average on all graduate work attempted and have re-taken the test and received a satisfactory score.

### Transfer Credit

A maximum of four courses (12 semester credit hours) taken at another regionally accredited institution, each with a "B" grade or better, can be applied toward the degree. These courses must be comparable in catalog description to Troy University courses in the M.S. program in Biomedical Sciences and must be approved by the Chair of the Department of Biological and Environmental Sciences. Students who transfer a "core" course will still be held accountable for all material and Troy courses. In addition, transfer students must still successfully complete the comprehensive exam.

### Degree Requirements

1. Unconditional admission
2. Overall 3.0 GPA in all graduate work completed
3. No more than two grades in any course work attempted with a grade of C or below
4. Completion of the curriculum listed below. A grade of "B" or better is required for BIO 6691 (3) Research Methodology and Experimental Design. If the student makes a "D" or "F" in an elective course, the course may be retaken or another elective taken in its place
5. For Non-Thesis Option, successful completion of all components of the comprehensive examination

### Curriculum (30-31 sh)

The Master of Sciences in Biomedical Sciences is a 30-31 hour non-thesis or thesis-option degree.

*\* The University requires that 6000-level courses make up at least 50% of the 30-31 semester hours.*

*\*Courses with separate lectures and labs must be taken together.*

*\*Please note that 5000-level courses cannot duplicate undergraduate courses that the student has taken as an undergraduate.*

*\*Please note that the 6000-level core classes are ONLY offered in a 16-week format during the fall and spring semesters. Summer courses (6000-level) are offered on an 8-week format.*

*\*BIO 6691 (3) Research Methodology and Experimental Design requires a grade of "B" or better.*

*\*Under the guidance of the student's advisor and the Chair of the Department, the student may pursue original research (independent acquisition and interpretation of data) in a particular area of the biomedical sciences. The completion of a thesis is required.*

### Comprehensive Examination

After the completion of all core course, Non-Thesis Option students must successfully complete a comprehensive examination. The comprehensive exam is given in the semester or term prior to graduation. Students should work closely with their advisor to prepare for their comprehensive exams, which will be prepared, administered, and evaluated by the graduate committee. Comprehensive exams will be taken as scheduled by the University and/or Department.

## GRADUATE CERTIFICATE IN BIOMEDICAL SCIENCES (BMS)

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

### Admission Requirements

All certificate students must be admitted to the Graduate School and M.S. BMS program to qualify for the Certificate. See *Graduate Admissions* and *M.S. BMS Admission Requirements*.

### Certificate Requirements

Students admitted in the M.S. BMS program may qualify for the BMS Certificate by completing the required courses and maintaining an overall 3.0 grade point average or better. The Graduate Certificate requires 18-19 semester hours of coursework as described below:

#### Required Courses (15 sh)

BMS	6615	3	Medical Microbiology and Immunology

### Other Requirements

Students who wish to be issued a certificate must submit the following to their home campus:

- Certification Intent
- Certificate Plan and Progress Record
- Copy of student transcripts

## MASTER OF SCIENCE IN COMPUTER SCIENCE

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

The Master of Science degree in Computer Science prepares students for a professional career in the computer science industry, IT industry, or computer science research. Typical graduates of the program may be employed as software developers, network engineers, database administrators, or further pursue a Ph.D. degree. Objectives of the program are as follows:

1. To provide students with opportunities to refine their skills and core competencies in computer science through the advancement and development of concepts, techniques, and methodologies appropriate in the field.
2. To facilitate the development of advanced skills in an environment that will ensure both a realistic and varied exposure to contemporary information processing problems.
3. To promote the integration and application of cutting edge concepts and approaches in the computer science field.

### Prerequisite Requirements

Candidates for admission must have a baccalaureate degree in Computer Science or a related field from a regionally accredited four-year college or university.

### Admission Requirements

#### Unconditional Admission

1. Hold a bachelor's degree in Computer Science (CS) or a related field from a regionally accredited four-year college or university with a minimum overall undergraduate grade point average of

2.5 (on a 4.0 scale) or a 3.0 grade point average for the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the grade point average. All transcripts from all colleges or universities attended are required.

2. An acceptable score on the appropriate entrance exam [GRE 286 (850 on the old exam) (verbal plus quantitative), MAT 385 or GMAT 380].
3. Acknowledgement form

### **Conditional Admission**

For those students who cannot satisfy all unconditional admission requirements, conditional admission may be granted under certain circumstances. Individuals admitted on a conditional basis may satisfy the requirements for unconditional admission as follows:

1. Students failing to achieve the minimum entrance exam score exam [GRE 286 (850 on the old exam) (verbal plus quantitative), MAT 385 or GMAT 380] may satisfy the test requirement by successfully completing nine semester hours of graduate CS courses with a minimum grade point average of 3.0.
2. Students not having a 2.5 undergraduate grade point average may satisfy the requirement by the successful completion of nine semester hours of graduate CS courses with a minimum grade point average of 3.0.
3. A student with a bachelor's degree outside the field of CS may satisfy the bachelor's degree requirement by completing ALL of the following courses or their equivalent:

MTH 2215 – Applied Discrete Mathematics

CS 2250 – Computer Science I and

CS 2255 – Computer Science II

or

CS3360 – Concepts of Object Oriented Programming I

CS 3310 – Foundations of Computer Science

CS 3323 – Data Structures

CS 3332 – Software Engineering

Additional courses may be required by the CS Graduate Advisor depending on the student's background. A student must complete all courses with a grade point average of 3.0. *Note: To remain eligible for Federal Financial Aid, all undergraduate courses MUST be completed before students enroll in any graduate courses. Students receiving Federal Financial Aid may NOT enroll in undergraduate courses after they have begun graduate coursework.*

### **Transfer of Credit**

A maximum of four courses (12 semester credit hours) taken at another regionally accredited institution, each with a "B" or better grade, can be applied toward the degree. These courses must be comparable in catalog description to Troy University courses in the department's graduate program and must be recommended for transfer credit by the Chair of the Department of Computer Science and approved by the Dean of the Graduate School. Non-thesis students who transfer a "core" course are still required to take a written comprehensive exam based on the material presented at Troy University.

### **Degree Options**

There are two degree options: thesis and non-thesis. In the thesis option, the student must successfully complete and defend a thesis as well as complete other requirements stated below. See Thesis Guidelines for additional information. In the non-thesis option, the student must pass a written comprehensive exam and

must successfully complete a research paper.

### **Degree Requirements**

The successful completion of 33 semester hours, including 6 hours of thesis research for the thesis option and 33 semester hours, including 3 hours of research project for the non-thesis option, with an overall grade point average of 3.0, and successful completion of a thesis or a paper. If the student makes a "D" or "F" in a core course, the course must be retaken. In both cases, a student must complete the Core Courses and choose one of the several specialization concentrations.

Thesis	Non-Thesis
1. Complete 33 SH of graduate -level courses to include 6 SH of course CS 6699;	1. Complete 33 SH of graduate-level courses to include 3 SH of course CS 6625;
2. Maintain a minimum overall 3.0 GPA; <b>AND</b>	2. Maintain a minimum overall 3.0 GPA
3. Successfully complete and defend a thesis.	3. Pass the written comprehensive examination; <b>AND</b>
4. 6 hours of thesis research	4. Successfully complete an approved research paper.

## MASTER OF SCIENCE IN CRIMINAL JUSTICE

---

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

The purpose of the Master of Science degree in Criminal Justice is to broaden and enhance each student's ability to understand, analyze and evaluate issues that confront the American criminal justice system. The objectives of the program's core coursework are (a) the analysis of personnel situations in light of standard personnel processes applying major personnel laws and regulations to situations arising in criminal justice organizations; (b) demonstrate a comprehensive understanding of the evolution of criminal law and procedures as evidenced by recent U.S. Supreme Court decisions; (c) critically evaluate the scholarly evidence considering the effectiveness of various crime control policies employed by the police, the courts, and the correctional system with both juvenile and adult offenders; and (d) explain situations in criminal justice and criminal behavior by applying various criminological theories; and (e) demonstrate an ability to appropriately apply various research designs and methodologies in criminal justice situations. Specific institutional objectives of the program are as follows:

1. to prepare students to fulfill a need in American society for professional law enforcement personnel and competent criminal justice administrators by providing educational programs that develop each student's problem solving skills in ways that prepare the student to address the issues that arise in the dynamic and evolving criminal justice field;
2. to develop each student's ability to synthesize and apply knowledge of the critical theories and concepts in the field of criminal justice in his/her problem solving analysis;
3. to develop each student's ability to identify and develop alternative solutions to problems that confront the modern criminal justice system based on his/her knowledge of current theories and concepts;
4. to develop each student's ability to evaluate and appropriately choose solutions to problems that confront the criminal justice system;
5. to develop each student's ability to effectively communicate the results of his/her analysis.
6. to provide students who seek administrative and managerial positions in the field of criminal justice with the credentials to qualify for those positions;
7. to provide an appropriate program of graduate study for students who are interested in research in the field of criminal justice and in advanced graduate study.

## Prerequisite Requirements

The minimum requirement for admission to the Master of Science program in Criminal Justice is a baccalaureate degree from a regionally accredited four-year institution. Students who desire to enter this program but do not have a degree in criminal justice, police administration, law enforcement, or corrections may be required to meet other criteria such as additional coursework regarding undergraduate or professional preparation. Significant professional experience may be considered. However, admission to the program does not imply official admission for the degree.

## Admission Requirements For Master of Science in Criminal Justice

### Unconditional Admission

1. Hold a masters or higher degree from a regionally accredited university. No test score is required. An official transcript showing completion of a master's or higher degree is required.  
OR
2. Hold a baccalaureate degree from a regionally accredited college or university with a minimum overall undergraduate grade point average of 2.5 (4.0 scale) or a 3.0 grade point average on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the grade point average. All transcripts from all colleges or universities attended are required.  
AND
3. Have an acceptable score on the appropriate entrance exam [GRE 290 (850 on the old exam) (verbal plus quantitative), MAT 385 or GMAT 380].

### Conditional Admission

Conditional admission may be granted under certain circumstances to applicants who cannot satisfy all unconditional admission requirements to the graduate program. See Conditional Admission requirements in the general regulations section of this catalog. Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.

Students with academic deficiencies (course work, GPA, GRE, or MAT scores) may be required to complete additional course work before being granted unconditional admission to the program.

## Accelerated BS/MSCJ Admission

Certain qualified honors students who successfully complete the Troy BS/MS in Criminal Justice Accelerated Honors Option will be allowed to transfer up to 9 hours of Master of Science in Criminal Justice graduate credit earned during their last year of undergraduate studies to the Graduate MS in Criminal Justice Program. Refer to the most recently published Undergraduate Catalog for more information about admission to the BS/MSCJ Accelerated Honors Option.

## Transfer Credit

A maximum of four courses (12 semester hours) taken at another regionally accredited institution each with a grade of "B" or better can be applied toward the degree. These courses must be comparable in catalog description to Troy University courses in the Criminal Justice Graduate Program and be approved by the main campus dean/department chair. If the student transfers a "core" or "required course," he/she is still subject to a written comprehensive exam based on the material presented at Troy University.

## Degree Requirements

Students completing the degree program with a GPA of 3.0

or higher, a grade of "B" or better in CJ 6650 Research Methods for Criminal Justice and for Non-Thesis option students a grade of "B" or better in CJ 6690 Capstone for Criminal Justice or for Thesis Option students successful defense of the master's thesis, will be eligible to be awarded the degree of Master of Science in Criminal Justice. If the student makes a "D" or "F" in a core course, the course must be retaken. If the student makes a "D" or "F" in an elective course, the course may either be retaken or another elective taken in its place.

## Curriculum

The Master of Science in Criminal Justice is a 30 (non-thesis option) or 36 hour (thesis option) program. Students may select the Security Studies Concentration. All courses offer three semester hours of credit.

All courses offer three semester hours credit.

## MASTER OF SCIENCE IN ENVIRONMENTAL AND BIOLOGICAL SCIENCES

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

### Purpose and Goals

The Master of Science Graduate Program in Environmental and Biological Sciences is designed to broaden the student's perspective and provide skills and knowledge for understanding and solving problems in the environmental and biological sciences. The Program teaches students the direct and indirect economic, social, and political contributions of the environmental and biological sciences. The Program underscores the interdisciplinary and cooperative nature of environmental and biological issues. The Program teaches how to manage conflicts and emphasizes the importance of effectively communicating with the private and public sectors, regulatory agencies, interest groups, and communities. The Program objectives are listed below:

1. To demonstrate the pivotal role of the environmental and biological sciences in understanding and addressing environmental, ecological, medical, agricultural, and policy-related

issues;

2. To promote the professional development of students for entry and advancement in the private and public sectors as scientists, educators, administrators, or managers;
3. To provide students with the necessary skills for performing research, reviewing and evaluating regulatory guidelines, and writing professional documents;
4. To foster an understanding and appreciation of the role of values and ethics in research, management, and institutional performance;
5. To strengthen the academic foundations of students seeking entry into professional schools and into doctoral programs at graduate schools; and
6. To provide teachers with opportunities for advancement and to broaden and update their knowledge in order to enrich the classroom experience of their students.

### Prerequisite Requirements

Candidates for admission must have a baccalaureate degree, preferably in a technical subject area. Candidates should have completed ecology and one junior/senior level (3000/4000) biology course. Additionally, one year of general chemistry and one course in statistics is required.

**Note:** To remain eligible for Federal Financial Aid, all undergraduate courses **MUST** be completed before students enroll in any graduate courses. Students receiving Federal Financial Aid may **NOT** enroll in undergraduate courses after they have begun graduate coursework.

### Admission Requirements for Master of Science in Environmental and Biological Sciences

#### Unconditional Admission

Unconditional admission may be granted to students who fulfill the following requirements:

1. Hold a baccalaureate degree from a regionally accredited university with a minimum overall undergraduate grade point average of 2.5 (4.0 scale) or a 3.0 grade point average on the last 30 semester hours
2. Demonstrate an adequate academic background in the sciences that includes natural or biological sciences, general chemistry, and statistics
3. Have an acceptable score on the appropriate entrance exam [GRE 290 (850 on the old exam) (verbal plus quantitative)].

#### Conditional Admission

Conditional admission may be granted under certain circumstances to applicants who cannot satisfy all unconditional admission requirements to the graduate program. See Conditional Admission requirements in the general regulations section of this catalog. Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.

Students admitted conditionally only because of a low undergraduate grade point average will be cleared of their conditional status if, at the completion of nine semester hours, they have achieved a 3.0 grade point average or greater on all graduate work attempted. Students must clear the conditional admission requirement of a 3.0 average at the completion of nine semester hours, or they will be dropped from the graduate program for one calendar year after which they may petition the Dean of the Graduate School to re-enter.

Students admitted conditionally only because of a low test score will be granted unconditional admission prior to the completion of nine semester hours provided they have maintained a 3.0 grade point average on all graduate work attempted and have re-taken the test and received a satisfactory score.

Students with academic deficiencies (coursework, GPA, GRE score) may be required to complete additional course work before being granted unconditional admission to the program.

#### Thesis-Track Admission

Candidates will not be admitted into a thesis-track unless they have identified a thesis research supervisor and that faculty member has agreed to act as that student's thesis advisor. Candidates can apply to a non-thesis track concentration and change to a thesis track concentration after a thesis advisor has been identified. Conditionally accepted students cannot be accepted into a thesis track concentration until they have cleared conditional status.

#### Accelerated BS/MS in EBS Admission

Certain qualified honors students who successfully complete the Troy University BS in Environmental Science—Environmental Science Concentration-Accelerated Honors Option will be allowed to transfer up to 9 hours of MS EBS graduate level hours earned during their last year of undergraduate studies to the graduate MS in EBS program. Refer to the most recently published Undergraduate Catalog for more information about admission to the MSEBS Accelerated Bachelors to Masters Honors Option.

#### Transfer Credit

A maximum of 12 semester hours taken at another regionally accredited institution, each with a "B" grade or better, can be applied toward the degree. These courses must be comparable in catalog description to Troy University courses in the Department's graduate program and also be approved by the Department Chair. Non-thesis students who transfer a "core" course are still required to take a written comprehensive exam based on the material presented at Troy University.

#### Degree Requirements

1. Unconditional Admission
2. Completion of curriculum listed below. If the student makes a "D" or "F" in a core course, the course must be retaken. If the student makes a "D" or "F" in an elective course, the course may either be retaken or another elective taken in its place.
4. Successful completion of EBS 6691 with a "B" or better
5. Overall 3.0 GPA
6. Successful completion of the comprehensive examination for non-thesis students or a thesis, including a presentation of a public seminar, for thesis students

A student who successfully completes the requirements listed above will be awarded the Master's degree (M.S.) in Environmental and Biological Sciences.

#### Curriculum for M.S. in Environmental and Biological Sciences

### **Comprehensive Examination**

After the completion of all core courses in the non-thesis option, students must successfully complete a comprehensive examination. The comprehensive exam is given in the semester or term prior to graduation. Students should work closely with their advisor to prepare for their comprehensive exams, which will be prepared, administered, and evaluated by the graduate committee.

## **MASTER OF SCIENCE IN INTERNATIONAL RELATIONS**

---

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

---

World politics have undergone a profound alteration over the past two decades. The collapse of the former Soviet Union, the evolution of the European Union, events in the Greater Middle East, the rising power of China as well as other developing countries, the influence of non-state actors such as terrorist groups and NGOs, plus concerns about national and global economic issues demonstrate a paradigm shift in international affairs. The Cold War, which dominated global events for nearly five decades, is over, yet what will replace the norms and institutions of that era is not clear. What is apparent, however, is that the world community is increasingly interdependent, that traditional identities and values are being reexamined, and that new challenges are likely to emerge.

The Master of Science in International Relations (MSIR) degree program is a 12-course, 36-credit-hour curriculum of study designed to provide students with the foundation and knowledge needed to understand the context and conduct of international relations. Students are encouraged to gain a wide-ranging appreciation of the political, historical, cultural, economic, and geographical factors that affect international relations. This appreciation is accomplished through a program of instruction focused on international relations theory and its application but drawing from disciplines such as history, economics, and geography. Students also acquire methodological and analytical skills that improve their understanding and ability to evaluate national and global developments.

The program offers courses covering history, regional studies, comparative government, foreign policy, the global economy, geography, conflict management, national security, global climate change, international organization, international law, intercultural relations, and the politics of developing countries.

### **Prerequisite Requirements**

---

Candidates for admission must have a baccalaureate degree in

any subject area from a regionally accredited college or university. There are no prerequisite course requirements.

Students with undergraduate degrees in areas not included in the curriculum are encouraged to inquire about the program.

Graduates of the Master of Science in International Relations program include individuals with undergraduate degrees in the social sciences as well as in such areas as English, foreign language, engineering, chemistry, mathematics, psychology, education, and business administration.

### **Admission Requirements for the Master of Science in International Relations Degree**

---

#### **Unconditional Admission**

1. Hold a master's or higher degree from a regionally accredited university. No test score is required. An official transcript showing completion of a master's or higher degree is required.

OR

2. Hold a baccalaureate degree from a regionally accredited college or university with a minimum overall undergraduate grade point average of 2.5 (4.0 scale) or a 3.0 grade point average on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the grade point average. All transcripts from all colleges or universities attended are required.

AND

3. Have an acceptable score on the appropriate entrance exam [GRE 294 (920 on the old exam) (verbal plus quantitative), MAT 396, GMAT 490].

4. The GRE/GMAT/MAT requirement may be waived under the following conditions:

A. If the applicant holds a baccalaureate degree from a regionally accredited college or university with a minimum overall undergraduate grade point average of 3.0 (4.0 scale)

OR

B. If the applicant holds a baccalaureate degree from Troy University with a minimum overall undergraduate GPA of 2.5 (4.0 scale) or a 3.0 on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the GPA.

OR

C. If the applicant is an officer or senior NCO in the U.S. military in good standing and holds a baccalaureate degree from an accredited college or university with a minimum overall undergraduate GPA of 2.5 (4.0 scale) or a 3.0 on the last 30 semester hours. All transcripts from all colleges or universities attended are required.

#### **Conditional Admission**

Conditional admission may be granted under certain circumstances to applicants who cannot satisfy all unconditional admission requirements to a graduate program. See conditional admission requirements in the General Regulations section of this *Catalog*.

Students admitted conditionally only because of a low undergraduate grade point average will be cleared of their conditional status if, at the completion of nine semester hours, they have achieved a 3.0 grade point average or greater on all graduate work attempted. Students must clear the conditional admission requirement of a 3.0 average at the completion of nine semester hours, or they will be dropped from the graduate program for one calendar year after which they may petition the Dean of the Graduate School to re-enter.

Students admitted conditionally only because of a low test score will be granted unconditional admission prior to the completion of nine semester hours provided they have maintained a 3.0 grade point average on all graduate work attempted and have retaken the test and received a satisfactory score.

**Accelerated BS/MSIR Admission**

Certain qualified honors students who successfully complete the Troy Political Science International Relations Concentration-Accelerated Honors Option will be allowed to transfer up to 9 hours of MSIR graduate credit earned during their last year of undergraduate studies to the Graduate MSIR Program. Refer to the most recently published Undergraduate Catalog for more information about admission to the BS/MSIR Accelerated Honors Option.

**Transfer Credit**

A maximum of four courses (12 semester credit hours) taken at another regionally accredited institution, each with a “B” or better grade, can be applied toward the degree; graduate-level courses completed by U.S. service personnel in Professional Military Education programs may also qualify for transfer credit. These courses must be comparable in catalog description to Troy University courses in the MSIR program and must be recommended for transfer credit by the Chair of the Department of Political Science and approved by the Dean of the Graduate School.

**Degree Requirements**

1. Unconditional admission
2. Overall 3.0 GPA
3. Completion of the curriculum listed below. If the student makes a “D” or “F” in a core course, the course must be retaken. If the student makes a “D” or “F” in an elective course, the course may either be retaken or another elective taken in its place.
4. Successful completion (“B” or better) of IR 6690 Capstone or Thesis
5. Successful completion (“B” or better) of IR 6601 Research Methods in International Relations, the program research requirement

*\*The thesis option is not available to Troy Online students.*

**Curriculum**

All courses offer three semester hours credit.

The MSIR curriculum of study consists of three integral components.

1. Five core required courses
2. The selection and completion of one program concentration
3. The successful completion of a comprehensive examination OR the preparation and defense of a Master’s Thesis

**Non-Thesis Option**

Students will complete a research paper that demonstrates their ability to integrate and synthesize information obtained from the course work and also shows their ability to apply the theoretical concepts of our discipline to real world subjects. The paper will be graded by a minimum of two full-time MSIR faculty members.
- 2. Thesis \***— Students choosing the thesis option must register for IR 6668 (3 credit hours) and IR 6669 (3 credit hours) as their last two courses in the program. They must successfully research, write, and defend their thesis while taking IR 6668 and IR 6669. This process involves directed research in selected areas of international relations, based on the student's proposal, related to the student's needs, with the advice and approval of a thesis adviser and a faculty reader, and culminating in a substantive research paper of appropriate depth and schol-

arship. Students will receive a Pass or Fail for the two thesis courses, no letter grade. Students completing this option are not required to take the Comprehensive Examination.

\* *The thesis option is not available to Troy Online students. Divisional Chair approval is required prior to enrolling for the thesis option. Students must obtain faculty support for their thesis prior to seeking such approval.*

## MASTER OF PUBLIC ADMINISTRATION

---

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

---

### Mission Statement

The mission of Troy University's Master of Public Administration program is to strengthen the quality of public service by facilitating learning, promoting scholarship, improving practice, and engaging in public service. The program strives to develop graduates who bring to the public work force the intellectual acuity, ethical commitment and professional competence to effectively serve the public interest.

The MPA degree is a 12-course, 36 credit hour curriculum of study. Students may take courses as pre-service, in-service, full-time, and part-time students and through Troy Online. The MPA degree program is offered at the Global Campus site in Atlanta, through online courses, and at the Troy campus. Students with less than one year of work experience in a paraprofessional, professional, technical, or supervisory position that involves relevant service to the profession and/or public service will complete an additional three-hour internship course for a total of 39 credit hours or students may substitute the PA 6694 internship course for one (1) elective concentration course resulting in a total of 36 credit hours to complete the degree requirements. However, the student's internship must be approved by the PA 6694 instructor in advance and performed in an area that is related to the student's identified concentration.

### Admission Requirements for Master of Public Administration

---

#### Unconditional Admission

Applicants may be admitted unconditionally if they meet the following requirements:

1. Hold a master's or higher degree from a regionally accredited institution. No test score is required. An official transcript showing completion of a master's or higher degree is required.  
OR
2. Hold a baccalaureate degree from a regionally accredited college or university with a minimum overall undergraduate GPA of 2.5 (4.0 scale) or a 3.0 GPA on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the GPA. All transcripts from all colleges or universities attended are required  
AND
3. Have an acceptable score on the appropriate entrance exam: GRE 294 (920 on the old exam) (verbal plus quantitative), MAT 396, or GMAT 490.
4. The GRE/GMAT/MAT requirement may be waived under the following conditions:
  - A. If the applicant holds a baccalaureate degree from a regionally accredited college or university with a minimum overall undergraduate GPA

point average of 3.0 (4.0 scale)

OR

- B. If the applicant holds a baccalaureate degree from Troy University with a minimum overall undergraduate GPA of 2.5 (4.0 scale) or a 3.0 on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the GPA.

OR

- C. If the applicant is an officer or senior NCO in the U.S. military in good standing and holds a baccalaureate degree from an accredited college or university with a minimum overall undergraduate GPA of 2.5 (4.0 scale) or a 3.0 on the last 30 semester hours. All transcripts from all colleges or universities attended are required.

#### Conditional Admission

Conditional admission may be granted under certain circumstances to applicants who cannot satisfy all unconditional admission requirements to the graduate program. See conditional admission requirements in the General Regulations section of this *Catalog*.

Students admitted conditionally only because of a low undergraduate grade point average will be cleared of their conditional status if, at the completion of nine semester hours, they have achieved a 3.0 grade point average or greater on all graduate work attempted. Students must clear the conditional admission requirement of a 3.0 average at the completion of nine semester hours, or they will be dropped from the graduate program for one calendar year after which they may petition the Dean of the Graduate School to re-enter.

Students admitted conditionally only because of a low test score will be granted unconditional admission prior to the completion of nine semester hours provided they have maintained a 3.0 grade point average on all graduate work attempted and have retaken the test and received a satisfactory score.

#### Readmission of MPA Students in Good Standing

Students who have not been enrolled for three or more years in the MPA program must complete a Readmission to Graduate School Application and meet degree requirements as stated in the most current catalog upon readmission. Students will be readmitted to the most current catalog at the time of readmission.

#### Transfer Credit

---

A maximum of 12 credit hours taken at another regionally accredited university with a grade of "B" or better can be applied to the MPA degree. Transfer credit for MPA core courses is limited to courses completed at Network of Schools of Public Policy, Affairs, and Administration (NASPAA) accredited MPA programs. These courses must be comparable in catalog description to courses in the MPA program and recommended by the Director of the MPA Program and approved by the Dean of the Graduate School. Professional Military Education (PME) courses and programs will not be accepted as transfer credits for Public Administration core courses but may be accepted as transfer credit for elective courses.

#### Internship Requirements

---

Students with less than one year work experience in a paraprofessional, professional, technical, or supervisory position that involves relevant service to the profession and/or public service are required to complete PA 6694 Internship. Students may substitute the PA 6694 Internship course for one (1) elective concentration course. However, the student's internship must be approved by the PA 6694 instructor in advance and performed in an area that is related to the student's identified concentration.

#### Research Requirement

---

##### For Initial Master's Degree

All graduate programs require certification of the student's ability to do research in a specialization. For the MPA program, this requirement is met by achieving a grade of "B" or better in PA 6601. Students must repeat PA 6601 if a grade of "C" or below is attained.

**For Second Master’s Degree**

If the research requirement was completed for the first master’s degree with a “B” or above, students are exempt from this requirement in the MPA program. Students exercising this exemption must complete an additional elective course in their program, or obtain approved transfer credit to achieve the minimum required credits for graduation.

**Degree Requirements**

1. Unconditional Admission
2. Overall 3.0 GPA
3. Successful completion of PA 6699, Capstone in Public Administration, with a grade of “B” or better
4. Completion of MPA Degree curriculum. If the student makes a “D” or “F” in a core course, the course must be retaken. If the student makes a “D” or “F” in an elective course, the course may either be retaken or another elective taken in its place.

**Curriculum**

The MPA degree curriculum consists of 12 courses including eight core courses and four elective courses from one concentration. **It is strongly recommended that students complete PA 6601-Research Methods in Public Administration and PA 6610-Foundation of Public Administration within their initial 18 hours in the MPA program.**

## MASTER OF SOCIAL SCIENCE

---

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

---

#### Mission statement

The Master of Social Science Degree (M.S.Sc.) is an interdisciplinary program for graduate students that offers a wide variety of disciplinary and interdisciplinary opportunities for advancing academic or career goals. The M.S.Sc. Degree makes the Social Science resources of Troy University available for student-centered and highly individualized programs of graduate study. Students are welcome and encouraged to choose classes from around the University that suit their research interests.

The M.S.Sc. Degree provides every student with a vibrant and collaborative intellectual community and core-course training in social science theory, analytical abilities, and methodology. After completing three core courses, students may choose additional courses from a variety of graduate offerings. Classes may be selected from any combination of the following subject areas; Anthropology, Sociology, Psychology, Economics, History, Geography, Social Science, and International Relations. Students have the option to take all of their elective courses in one area or can select courses from a variety of subjects.

Depending on needs, individualized programs will provide students with skills to:

1. Provide services to a variety of public agencies and institutions.
2. Teach in one or a variety of Social Science subject areas at a college or university level. Eighteen hours taken in a single subject area (as part of the 36 hour master's degree) will provide qualifications to teach in that subject area.
3. Teach at a high school level (with required teaching certification).
4. Effectively communicate with individuals and groups from all backgrounds.
5. Develop methodologies and skills to facilitate societal change.
6. Pursue doctoral or professional school degrees.

#### Objectives

1. To prepare students to fulfill a need in American Society for professionals in the area of Social Science by providing educational programs that develop each student's problem solving skills to address issues that arise in the dynamic and evolving Social Sciences field;
2. To develop each student's ability to synthesize and apply knowledge of the critical theories and concepts in the field of Social Science in his/her problem solving analysis;
3. To develop each student's ability to identify and develop alternative solutions to problems that are confronted in Social Sciences field;
4. To develop each student's ability to evaluate and appropriately choose solutions to problems confronted in the Social Sciences field;
5. To develop each student's ability to effectively communicate the results of his/her analysis;
6. To provide an appropriate program of graduate study for students who are interested in research in the field of Social Science and in advanced graduate study.

#### Prerequisite Requirements

The minimum requirement for admission to the Master of Social Sciences is a baccalaureate degree from a regionally accredited four year institution. Students who desire to enter this program but do not have a degree in Social Sciences or a closely related discipline may be required to meet other criteria such as additional coursework regarding undergraduate or professional preparation.

#### Admission Requirements for the Master of Social Science

A committee of graduate faculty in the Department of Social Sciences will evaluate and decide upon all applications to the program. To apply for admission to the Master of Social Science program, applicants must submit the following:

1. Completed Application for Admission to the Graduate School;
2. Official transcript(s) from all universities or colleges attended;
3. Official copy of one of the following: GRE (with writing score), MAT, or GMAT scores; and
4. A letter of recommendation that addresses the applicant's potential for success in a Master of Social Science graduate program.

#### Unconditional Admission

Applicants may be admitted unconditionally if they meet the following requirements:

1. Applicants who have completed a master's or higher degree from a regionally accredited college or university may be admitted unconditionally.
2. Applicants who have attained a bachelor's degree from a regionally accredited college or university and achieved a minimum of 2.5 GPA in all undergraduate courses.
3. Applicants must have an acceptable score on the appropriate entrance exam: GRE 850 combined (old) or 290 combined (new), MAT 385 or GMAT 380.

## **Conditional Admission**

Conditional admission may be granted under certain circumstances to applicants who cannot satisfy all unconditional admission requirements to a graduate program. See conditional admission requirements in the general regulations section of this *Catalog*.

Students admitted conditionally only because of a low undergraduate grade point average will be cleared of their conditional status if, at the completion of nine semester hours, they have achieved a 3.0 grade point average or greater on all graduate work attempted. Students must clear the conditional admission requirement of a 3.0 average at the completion of nine semester hours, or they will be dropped from the graduate program for one calendar year after which they may petition the Dean of the Graduate School to re-enter.

Students admitted conditionally only because of a low test score will be granted unconditional admission prior to the completion of nine semester hours provided they have maintained a 3.0 grade point average on all graduate work attempted and have retaken the test and received a satisfactory score.

## **Transfer Credit**

A maximum of four courses (12 semester hours) taken at another regionally accredited institution each with a grade of "B" or better can be applied toward this degree. These courses must be comparable in catalog description to Troy University courses in the Social Science Graduate Program and be approved by the department chair and college dean. If the student transfers a "core" or "required course," (s)he is still subject to a written comprehensive exam based on the material present at Troy University.

## **Requirements for Admission to Candidacy**

To be admitted to candidacy, students must have a 3.0 GPA on all work attempted. Unconditionally admitted graduate students must apply for admission to candidacy within the first eighteen semester hours of graduate coursework and complete any additional requirements outlined for the specific degree program. If not completed within the first eighteen hours, a hold will be placed on the students' registration until the Degree Plan/ Admission to Candidacy process is completed.

## **Degree Options**

There are two degree options: thesis and non-thesis. In the thesis option, the student must successfully complete and defend a thesis as well as complete other requirements stated below. See Thesis Guidelines for additional information. In the non-thesis option, the student must pass a written comprehensive exam.

## **Degree Requirements**

Any student completing the coursework with a 3.0 GPA or better, fulfilling candidacy requirements, successfully completing either the Thesis or Comprehensive Exam will be awarded the master's degree. If the student makes a "D" or "F" in a core course, the course must be retaken. If a student makes a "D" or "F" in an elective course, the course may be retaken or another elective taken in its place. Students must receive a "B" or better in SS 6691: Survey of Research Methods in Social Science.

## MASTER OF ACCOUNTANCY (MAcc.)

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

The mission of the Master of Accountancy program is to prepare students for careers with increasing professional and managerial responsibility in public accounting as well as government and industry and prepare students for admission to accounting Ph.D. programs. To achieve this, the program will focus on the development of specialized functional accounting knowledge; effective research and communication skills, using technology appropriate for the accounting profession; objectivity, integrity, and ethical behavior; and effective critical thinking and analytical problem solving skills.

### **Business Foundation Requirements for the MAcc**

1. The undergraduate business course requirements to enter the M.Acc degree program ensure that students have acquired a common body of knowledge in business administration.
  - a. Candidates for admission to the M.Acc degree program must within eight years of enrolling in the M.Acc program have earned an undergraduate degree in business administration or accounting from a school holding regional accreditation\* for its business degree program. These undergraduate degree courses must be equivalent in content and quality, and completed at an equal or higher level to Troy University courses.\*\*

OR

- b. Before attempting 6000-level course work, the student will have successfully completed, within eight years of initial enrollment in the M.Acc program, all courses or their equivalent in the following subject areas from a school holding regional accreditation\* for its business degree program: These undergraduate degree courses must be equivalent in content and quality, and completed at an equal or higher level to Troy University courses.\*\*
  - Managerial Finance
  - Accounting (Principles of Financial Accounting)
  - Microeconomics or Macroeconomics
  - Statistics

\*For international students, the business degree is to be awarded by an institution granted license to offer business degrees in their country of origin by the appropriate government agency or ministry.

*Note: To remain eligible for Federal Financial Aid, all undergraduate courses MUST be completed before students enroll in any graduate courses. Students receiving Federal Financial Aid may NOT enroll in undergraduate courses after they have begun graduate coursework.*

OR

- c. Prior to starting 6000-level course work, the student will have successfully completed the following undergraduate courses (with a grade of "C" or better) or the self-paced foundation modules equivalent to the required undergraduate courses through Troy University.\*\*

The following modules will be offered through Continuing Education at Troy University.

### Self-Paced Module

### Troy University Courses/ Module Equivalents

Understanding Corporate Finance	FIN 3331 Financial Management I
Business Math and Statistics	QM 2241 Business Statistics I
Financial Accounting	ACT 2291 Principles of Accounting I
Fundamentals of Economics	ECO 2251 Principles of Macroeconomics or ECO 2252 Principles of Microeconomics

2. If the content of the MAcc undergraduate business course work has been completed and the content is more than eight years old, the student may attempt to qualify for a waiver of these two requirements by achieving a satisfactory score on the Educational Testing Service Major Field Test in Business (Undergraduate). A satisfactory score is defined as no less than one-half standard error of the mean below the national average reported at the time the exam is attempted. For this catalog year, a score of 149 (rounded up) is acceptable. Should the student's total score be less than 149, if the scores for any of the individual business sub-areas are at or above the national average for that sub-area, the undergraduate business course for that sub-area will be waived; the student will be required to complete the undergraduate business course if the sub-area score is below the current national average. This option applies only to those students with an undergraduate degree in business administration or accounting that is more than eight years old from a regionally accredited institution. The ETS MFT (undergraduate) may only be taken one time.

**\*\*Note:** For select and predetermined student cohort groups only, the undergraduate foundation courses requirement may in part or in full be waived by the Dean of the Sorrell College of Business.

3. Along with the MAcc foundation courses above, students entering the MAcc program must have completed a degree in accounting from a school holding regional accreditation\* for its business degree program or have completed within the last 8 years with a grade of "C" or better from a school holding regional accreditation\* for its business degree program the following courses based on accounting standards, auditing standards, and tax laws that are prevalent in the United States:

ACT 2292	3	Principles of Accounting II
ACT 3391	3	Intermediate Accounting I
ACT 3392	3	Intermediate Accounting II
ACT 3394	3	Governmental Accounting
ACT 3396	3	Accounting Information Systems
ACT 4494	3	Income Tax Accounting I
ACT 4495	3	Income Tax Accounting II
ACT 4497	3	Auditing

In addition, MAcc students may be required to complete with a "C" or better the following from a school holding regional accreditation\* for its business degree program:

ENG 1102	3	Composition and Modern English II
----------	---	-----------------------------------

\*For international students, the business degree is to be awarded by an institution granted license to offer business degrees in their country of origin by the appropriate government agency or ministry.

*Note: To remain eligible for Federal Financial Aid, all undergraduate courses MUST be completed before students enroll in any graduate courses. Students receiving Federal Financial Aid may NOT enroll in undergraduate courses after they have begun graduate coursework.*

## Admission Requirements for the M.Acc.

### Unconditional Admission

1. Students applying for admission must provide official transcripts from all universities attended.
2. Applicants who have completed a master's or higher degree from a regionally accredited university may be admitted unconditionally. (No GMAT graduate admission test scores are required.) Official transcripts from all universities attended must be submitted, to include an official transcript showing completion of a master's or higher degree.
3. A bachelor's degree from a regionally accredited college or university is required. (Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admissions.)
4. Applicants must have achieved at least a 3.0 GPA in all undergraduate work or at least a 3.0 GPA in the last 30 semester hours.
5. Official graduate admission exam results of 500 or above on the GMAT admissions test must be on file (except for applicants with a previous master's or higher degree; see #2 above). The GRE and MAT exams will not be accepted.
6. A letter of recommendation is required with all applications for the M.Acc. program. The individual's potential for success in the M.Acc. program, his/her professional, managerial or administrative experience, as well as his/her written and oral communication skills must be addressed.

### Conditional Admission

Students not satisfying the minimum graduate admissions test score and grade point average requirements for unconditional admission may be conditionally admitted to the program if they satisfy both of the following conditions:

1. A score of 400 or better on the GMAT.
2. A 3.0 GPA in all undergraduate work or at least a 3.0 GPA in the last 30 semester hours of undergraduate coursework.

After the student completes the first three graduate (6000 level) courses with a "B" or better average, the student will be granted unconditional admission. Students who do not earn a "B" or better in their first three graduate (6000 level) courses, will be dropped from the program for one calendar year, after which time the student must petition for readmission.

### Reapplication

Students not satisfying the GMAT test score requirement for conditional admission may retake and resubmit when the minimum score of 400 is achieved.

### Transfer Credit

A maximum of two courses (six semester hours) taken at another regionally accredited institution, each with a "B" grade or better, can be applied toward the degree. Credit accepted for transfer into the business core, or to satisfy specified concentration courses, is limited to institutions holding ACBSP or AACSB specialized accreditation for their business programs. These courses must be comparable in catalog description, level, and content to Troy University courses and must be approved by the appropriate Troy University dean/department chair. No more than two courses (six semester hours) may be transferred in from a completed master's degree program.

### Degree Requirements

Successful completion of the courses listed below with an overall grade point average of 3.0 is necessary to fulfill requirements for the degree. If the student makes a "D" or "F" in a core course, the course must be retaken. If the student earns a "D" or "F" in an elective course, the course may be retaken, or another

elective taken in its place. All grades, including those for courses that are retaken, are calculated in the GPA required to fulfill the requirements for the degree. The student can satisfy the research component for the Master of Accountancy by receiving a "B" or better in ACT 6652, Financial Accounting Research.

### Curriculum—30 Semester Hours

The curriculum for the Master of Accountancy (MAcc) program consists of 30 semester hours. Of these 30 semester hours, 21 hours consist of required courses and nine hours consist of electives chosen in consultation with the student's adviser. Below is a list of the required courses and the electives.

#### Other courses as approved by advisor

*Note: Master of Accountancy Students may take no more than four classes online.*

There are no cross-listings with other Troy University graduate degree programs for the program. All transfer credits must be processed through normal academic approval procedures. All authorizations for MAcc students to be a transient student at another institution must be approved before the course is attempted. Professional military education courses are not accepted for credit in the MAcc program.

## **THE SORRELL MASTER OF BUSINESS ADMINISTRATION (MBA)**

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

In today's business world, the globalization of markets and production is more evident than ever. Global trade is affecting all businesses, even those focused on the domestic market. Students graduating with the Sorrell Master of Business Administration (MBA) degree will develop an understanding of these important issues along with knowledge of the strategies used by multinational corporations and how to manage in a cross-cultural environment.

### **Mission Statement**

In consonance with the mission of the University and the Sorrell College of Business, the Sorrell MBA program endeavors to offer a superior learning experience to traditional and nontraditional students in an on-campus and online setting. Rooted in fundamental business knowledge, the curriculum will be globally focused with attention to both developed and emerging economies.

### **Accreditation**

The Troy University Sorrell MBA degree is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

### **Business Foundation Requirements for the MBA**

1. The pre-requisite course requirements to enter the Sorrell MBA degree program ensure that students have acquired a common body of knowledge in business administration:

a. Candidates for admission to the Sorrell MBA degree program must within eight years of enrolling in the Sorrell MBA program have earned an undergraduate degree in business administration or accounting from a school holding regional accreditation\* for its business degree program. These undergraduate degree courses must be equivalent in content and quality, and completed at an equal or higher level to Troy University courses.\*\*

OR

b. Before attempting 6000-level course work, the student will have successfully completed, within eight years of initial enrollment in the MBA program, all courses or their equivalent in the following subject areas from a school holding regional accreditation\* for its business degree program. These courses must be equivalent in content and quality, and completed at an equal or higher level to Troy University courses.\*\*

- Managerial Finance
- Accounting (principles of financial accounting)
- Microeconomics or Macroeconomics
- Statistics

**\*Note:** For international students, the business degree is to be awarded by an institution granted license to offer business degrees in their country of origin by the appropriate government agency or ministry.

**\*\*Note:** To remain eligible for Federal Financial Aid, all undergraduate courses MUST be completed before students enroll in any graduate courses. Students receiving Federal Financial Aid may NOT enroll in undergraduate courses after they have begun

graduate coursework.

OR

c. Prior to starting 6000-level course work, the student will have successfully completed the following undergraduate courses (with a grade of "C" or better) or the self-paced foundation modules equivalent to the required undergraduate courses through Troy University.\*\*

The following modules will be offered through Continuing Education at Troy University.

<u>Self-Paced Module</u>	<u>Troy University Courses/ Module Equivalents</u>
Understanding Corporate Finance	FIN 3331 Financial Management I
Business Math and Statistics	QM 2241 Business Statistics I
Financial Accounting	ACT 2291 Principles of Accounting I
Fundamentals of Economics	ECO 2251 Principles of Macroeconomics or ECO 2252 Principles of Microeconomics

2. If the content of the MBA undergraduate business coursework has been completed and the content is more than eight years old, the student may attempt to qualify for a waiver of these requirements by achieving a satisfactory score on the Educational Testing Service Major Field Test in Business (Undergraduate). A satisfactory score is defined as no less than one-half standard error of the mean below the national average reported at the time the exam is attempted. For this catalog year, a score of 149 (rounded up) is acceptable. Should the student's total score be less than 149, if the scores for any of the individual business sub-areas are at or above the national average for that sub-area, the undergraduate business course for that sub-area will be waived; the student will be required to complete the undergraduate business course if the sub-area score is below the current national average. This option applies only to those students with an undergraduate degree in business administration or accounting that is more than eight years old from a regionally accredited institution. The ETS MFT (undergraduate) may only be taken one time.

\*\*For select and predetermined student cohort groups only, the undergraduate foundation course requirement may in part or in full be waived by the Dean of the Sorrell College of Business.

### **Admission Requirements for the Sorrell MBA**

#### **Unconditional Admission**

1. Students applying for admission must provide official transcripts from all universities attended.
2. Applicants who have completed a master's or higher degree from a regionally accredited university may be admitted unconditionally. (No graduate admission test scores are required.) Official transcripts from all universities attended must be submitted, to include an official transcript showing completion of a master's or higher degree.
3. A bachelor's degree from a regionally accredited college or university is required. (Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admissions.)
4. Applicants must have achieved at least a 2.5 GPA in all under-

graduate work or at least a 3.0 GPA on the last 30 semester hours.

- Official graduate admission exam results, i.e., GMAT [500 or above] or GRE [1050 or above in verbal and quantitative], or 294 or above on the revised GRE [verbal and quantitative]), must be on file (except for applicants with a previous master's or higher degree; see #2 above). Students who qualify for Honors Graduate Admission are not required to submit test scores. See "TROY Honors Admission" in the General Regulations section of the Graduate Catalog for additional information. Students who meet the following criteria may apply for a waiver of the MBA admission exam requirement: (1) an undergraduate degree in Business Administration or Accounting from a regionally accredited institution; (2) meet the GPA requirements for Unconditional Admission; and (3) provide documentation of three or more years of mid-level or higher professional management experience. Admission exam waivers will be reviewed on a case-by-case basis by the program director. The decision of the program director is final.
- A letter of recommendation is required with all applications for the MBA program. The individual's potential for success in the MBA program, his/her professional, managerial or administrative experience, as well as his/her written and oral communication skills must be addressed.

#### Conditional Admission

- Students with a score of 499-400 on the GMAT or 1049-930 on the GRE (verbal and quantitative)/293-274 on the revised GRE (verbal and quantitative), and the overall 2.5 grade point average/3.0 GPA on the last 30 semester hours may be conditionally admitted to the MBA program.
- After the student completes the first three 6000 level graduate courses with a "B" (3.0) or better average, the student will be granted unconditional admission.
- After completing three graduate MBA courses, students not obtaining unconditional admission status will be dropped from the program for one calendar year, after which time the student must petition for readmission.
- A letter of recommendation is required with all applications for readmission to the MBA program. The letter should address the individual's potential for success in the MBA program as well as his/her written and oral communication skills.

#### No Admission

Students with an overall undergraduate GPA of less than 2.5/3.0 on the last 30 semester hours or a score of less than 400 on the GMAT or a score of less than 930 on the GRE (verbal and quantitative), or a score of less than 274 on the revised GRE (verbal and quantitative), will not be eligible for admission into the MBA program.

#### Temporary Admission

Students will not be allowed to register for any 6000 level MBA course until temporary admission is cleared. The student will be allowed to take only the undergraduate pre-requisite business courses listed above.

#### Transfer Credit

A maximum of two courses (six semester hours) taken at another regionally accredited institution, each with a "B" grade or better, may be applied toward the degree. This is not automatic or guaranteed. The course description is evaluated and the course can be transferred into the program only if it is comparable to a Troy University MBA course and approved by the appropriate graduate business faculty or administrator. These courses must be comparable in catalog description, level, and content to Troy University

courses. If the course is not comparable to a Troy University MBA course then the transfer credit request will be denied.

Note that the capstone courses, for example, BUS 6611 Global Business Strategy and BUS 6607 Capstone Experience must be taken with Troy University and will not be accepted as transfer credit from another institution. Credit accepted for transfer into the MBA core or to satisfy specified concentration courses or electives is limited to institutions holding ACBSP or AACSB accreditation for their business programs or, for international students, by an institution granted license to offer business degrees in their country of origin by the appropriate government agency or ministry. No more than two courses (six semester hours) may be transferred in from a completed master's degree program. Transient credit must meet Graduate School policy, and be pre-approved by the Dean. Professional military education courses are not accepted for credit in the MBA program.

#### Degree Requirements

Successful completion of the courses listed below with an overall grade point average of 3.0 (A = 4.0) is necessary to fulfill requirements for the degree. If the student receives a "D" or "F" in a core or an option course, it must be retaken. If the student earns a "D" or "F" in an elective course, the course may be retaken, or another elective taken in its place. The capstone and research component courses must be completed with a grade of "B" or better. A third grade below a "B" removes the student from the program for one full calendar year after which a readmission petition may be made to the graduate school.

#### Core Curriculum (22 semester hours)

ECO 6655	3	Managerial Economics for the Global Manager
FIN 6631	3	Global Financial Management
ACT 6691	3	Financial and Managerial Accounting for the Global Manager

**Unconditional Admission**

1. Students applying for admission must provide official transcripts from all universities attended.
2. Applicants who have completed a master's or higher degree from a regionally accredited university within eight years of enrolling may be admitted unconditionally. (No graduate test scores are required). Official transcripts from all universities attended must be submitted, to include an official transcript showing completion of a master's or higher degree.
3. A bachelor's degree and the following courses from a regionally accredited college or university within eight years of enrolling are required: 1. Intermediate Microeconomics; 2. Intermediate Macroeconomics; 3. Calculus or Business Calculus; and 4. Statistics or Business Statistics. (Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admissions)
4. Applicants must have at least a 2.5 GPA in all undergraduate work or at least a 3.0 GPA for the last 30 semester hours.
5. Official graduate admission exam results, i.e., GMAT (500 or above) or GRE (1050 or above in verbal and quantitative), or 294 or above on the revised GRE (verbal and quantitative), must be on file (except for applicants with a previous master's or higher degree; see #2 above).
6. One letter of recommendation is required with all applications for the program. The individual's potential for success in the program, his/her professional, managerial or administrative experience, as well as his/her written and oral communication skills must be addressed in the letter of recommendation.
7. Students are admitted for the Fall and Spring semesters only.

### Conditional Admission

Students with a score of 499-400 on the GMAT or 1049-930 on the GRE (verbal and quantitative)/293-274 on the revised GRE (verbal and quantitative), and the overall 2.5 grade point average/3.0 GPA for the last 30 semester hours may be conditionally admitted to the program. After the student completes the first three 6000 level graduate courses with a "B" (3.0) or better average, the student will be granted unconditional admission. After completing three graduate courses, students not obtaining unconditional admission status will be dropped from the program for one calendar year, after which time the student may petition for readmission. A letter of recommendation is required with all applications for the program and this letter should address the individual's potential for success in the program as well as his/her written and oral communication skills.

### No Admission

Students with an overall undergraduate GPA of less than 2.5/3.0 for the last 30 semester hours or a score of less than 400 on the GMAT or a score of less than 930 on the GRE (verbal and quantitative), or a score of less than 274 on the revised GRE (verbal and quantitative), will not be eligible for admission into the program.

### Temporary Admission

Students will not be allowed to register for any 6000 level courses until temporary admission is cleared. The student will be allowed to take only undergraduate prerequisite courses.

### Transfer Credit

A maximum of two courses (six semester hours) taken at another regionally accredited institution, each with a "B" grade or better, can be applied toward the degree. This is not automatic or guaranteed. The course description is evaluated and the course can be transferred into the program only if it is comparable to a Troy University course and approved by the appropriate graduate business faculty or administrator. These courses must be comparable in catalog description, level, and content to Troy University courses. If the course is not comparable to a Troy University course, then the transfer credit request will be denied.

*\*Note: For international students, the business degree is to be awarded by an institution granted license to offer business degrees in their country of origin by the appropriate government agency or ministry.*

### Degree Requirements

Successful completion of the courses listed below with an overall grade point average of 3.0 is necessary to fulfill requirements for the degree. If the student makes a "D" or "F" in a core course, the course must be retaken. If the student earns a "D" or "F" in an elective course, the course may be retaken, or another elective taken in its place. All grades, including those for courses that are retaken, are calculated in the GPA required to fulfill the requirements for the degree.

### Comprehensive Exam

Students in both the non-thesis and thesis options of the degree program must successfully complete a comprehensive exam. The exam will test material covered in the required core courses ECO 6630, ECO 6631, and ECO 6632, and is given in parts covering each of these three classes. Each of the three parts of the exam must be successfully passed to pass the comprehensive exam. The exam is administered at least twice

per year and students can attempt the exam after completing all of the required courses for the degree. Questions are written by the economics faculty and will be graded by at least two faculty members, reviewed by the department chair, and certified by the Dean of the Graduate School. Troy University faculty and staff administer the Comprehensive Exam.

### Curriculum (33 sh)

The curriculum for the Master of Economics program consists of 33 semester hours. The program has a thesis and non-thesis option. Students who choose the thesis option complete 24 hours of courses and 9 hours of thesis credit. Students who choose the non-thesis option must complete 30 semester hours of courses and a 3 semester hour Master's Research course. Each option has a common 12 hours of regular core courses. ## MASTER OF SCIENCE IN HUMAN RESOURCE MANAGEMENT (MSHRM)

---

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

---

The Master of Science in Human Resource Management (MSHRM) is a specialized program designed to offer the student an opportunity to obtain proficiency in contemporary human resource management concepts, activities, and skills, particularly as they are applied in developing and executing human resource management systems in support of strategic organizational objectives. As a result of successfully completing the MSHRM program, graduates should know core human resource management

functions and practices, understand how human resource management supports business strategy, appreciate the need to act ethically in their professional lives, and have a global business perspective of human resource management.

### **Accreditation**

The Troy University MSHRM degree is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

### **Business Foundation Prerequisite Requirement for the MSHRM Program**

Candidates for admission who have not earned an undergraduate degree in business administration from a regionally accredited college or university within eight years of enrolling in the MSHRM program are required to complete in their first term, with a grade of "B" or better, the prerequisite course for the MSHRM program, BUS 6600, Survey of Business Concepts. (Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see "Unaccredited or Otherwise Accredited Student Admissions" in the Graduate Catalog).

Additionally, candidates for admission who have earned a business degree from a regionally-accredited business school, but whose overall undergraduate GPA is less than 2.5, must take the prerequisite course for the MSHRM program, BUS 6600: Survey of Business Concepts, in the student's first term.

### **Admission Requirements for the MSHRM**

#### **Unconditional Admission**

1. Candidates for admission must, within eight years of enrolling in the MSHRM degree program, have earned an undergraduate business degree from a school holding regional accreditation\* for its business degree programs.
2. Students applying for admission must provide official transcripts from all universities attended.
3. Applicants who have completed a master's or higher degree from a regionally accredited university may be admitted unconditionally. (No graduate admission test scores are required.) Official transcripts from all universities attended must be submitted, to include an official transcript showing completion of a master's or higher degree.
4. A bachelor's degree from a regionally accredited college or university is required. (Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admissions.)
5. Applicants must have achieved at least a 2.5 GPA in all undergraduate work or at least a 3.0 GPA on the last 30 semester hours.
6. Official graduate admission exam\* results (GRE, GMAT [verbal and quantitative]), must be on file (except for applicants with a previous master's or higher degree; see #2 above). The GRE score (verbal and quantitative) must be 1050 or above, or 294 or above on the revised GRE (verbal and quantitative). The GMAT score must be 500 or above.
7. A letter of recommendation is required with all applications for the MSHRM program. The individual's potential for success in the MSHRM program, his/her professional, managerial or administrative experience, as well as his/her written and oral communication skills must be addressed.

**\*Note:** For international students, the business degree is to be awarded by an institution granted license to offer business degrees

in their country of origin by the appropriate government agency or ministry.

**\*\*Note:** Applicants with a minimum overall undergraduate cumulative grade point average of 3.0 (4.0 scale), or a grade point average of 3.0 (4.0 scale) or better for the last 30 semester hours of undergraduate coursework completed are not required to submit GMAT or GRE scores for admissions consideration. Formal notification of this waiver will be given to the student after review of the official transcripts.

**\*\*\*Note: Troy University MSM Talent Development and Training graduates are not eligible for admission to the MSHRM program.**

#### **Conditional Admission**

Students not satisfying the minimum graduate admission test score and grade point average requirements for unconditional admission may be conditionally admitted to the program. However, the application of any student who has earned a GPA of less than 3.0 in a previous graduate program is subject to review by the Director of the MSHRM program. The Director's recommendation will be referred to a committee of no less than three MSHRM faculty members for a final decision. After the student completes the first three graduate (6000-level) courses with a "B" (3.0) or better average, the student will be granted unconditional admission. After completing three graduate courses, students not obtaining unconditional admission status will be dropped from the program for one calendar year, after which time the student must petition for readmission. A letter of recommendation is required with all readmission applications for the MSHRM program. The letter should address the individual's potential for success in the MSHRM program as well as his/her written and oral communication skills.

### **Transfer Credit**

A maximum of two courses (six semester hours) taken at another regionally accredited institution, each with a "B" grade or better, may be applied toward the degree. This is not automatic or guaranteed.

Note that the capstone course HRM 6698 Strategic Human Resource Management must be taken with Troy University and will not be accepted as transfer credit from another institution. Credit accepted for transfer into the MSHRM program or to satisfy specified courses is limited to institutions holding ACBSP or AACSB accreditation for their business programs. These courses must be comparable in catalog description, level, and content to Troy University courses and approved by the appropriate graduate business faculty or administrator. If the course is not comparable to a Troy University MSHRM course then the transfer credit request will be denied. No more than two courses (six semester hours) may be transferred in from a completed master's degree program. Transient credit must meet Graduate School policy, and be pre-approved by the Dean. Professional military education courses are not accepted for credit in the MSHRM program.

### **Degree Requirements**

All graduates from the MSHRM program must successfully complete the courses listed below with an overall grade point average of 3.0 (A = 4.0) or better. If the student receives a "D" or "F" in a core course, it must be retaken. A third grade below a "B" removes the student from the program for one full calendar year after which a readmission petition may be made to the graduate school.

The MSHRM degree program is a non-research oriented master's degree that requires an understanding of the accepted professional practices in the field of human resource management. This program provides students with the opportunity to gain an understanding of the subject matter that will enhance their career opportunities.

**Business Foundation Prerequisite (3 semester hours)**

Candidates for admission who have not earned an undergraduate business degree from a regionally accredited business school within eight years of enrolling in the MSHRM program must take the prerequisite course for the MSHRM program, BUS 6600 Survey of Business Concepts, which must be taken in the student's first term.

## MASTER OF SCIENCE IN MANAGEMENT (MSM)

---

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

The purpose of the Master of Science in Management program is to provide a specialized professional program for the student who wants to acquire leadership skills. The MSM program is tailored to meet the needs of individuals with non-business backgrounds or degrees, or those focused specifically on enhancing leadership skills. This program is designed to develop leadership capabilities centered around motivating teams and managing people and processes in businesses and non-profit organizations. Effective communication, ethical leadership, decision-making and a quality, systematic approach to management are emphasized to assist in developing the skills and abilities necessary to manage people, processes, and to lead teams.

The MSM program is designed specifically for undergraduate majors who desire a focus on leadership development. Applicants with a minor in business, a major in a non-business field, or an interest in the leadership concentration are encouraged to apply.

**Accreditation**

The Troy University MSM degree is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

**Business Foundation Prerequisite Requirement for the MSM Program**

All students must complete with a grade of "B" or better the prerequisite course for the MSM program, BUS 6600 Survey of Business Concepts, which must be taken during the student's first term.

**Admission Requirements for the MSM****Unconditional Admission**

1. Students applying for admission must provide official transcripts from all universities attended.
2. Applicants who have completed a master's or higher degree from a regionally accredited university may be admitted unconditionally. (No graduate admission test scores are required.) Official transcripts from all universities attended must be submitted, to include an official transcript showing completion of a master's or higher degree.
3. A bachelor's degree from a regionally accredited college or university is required. (Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admissions.)
4. Applicants must have achieved at least a 2.5 GPA in all undergraduate work or at least a 3.0 GPA for the last 30 semester hours.
5. Official graduate admission exam\* results (GRE, GMAT [verbal and quantitative]), must be on file (except for applicants with a previous master's or higher degree; see #2 above). The GRE score (verbal and quantitative) must be 1050 or above, or 294 or above on the revised GRE (verbal and quantitative). The GMAT score must be 500 or above.

*\*Note:* Applicants with a minimum overall undergraduate cumulative grade point average of 3.0 (4.0 scale), or a grade point average of 3.0 (4.0 scale) or better for the last 30 semester hours of undergraduate coursework completed are not required to submit GMAT or GRE scores for admissions consideration. Formal notification of this waiver will be given to the student after review of the official transcripts.

6. A letter of recommendation is required with all applications for the MSM program. The individual's potential for success in the MSM program, his/her professional, managerial or administrative experience, as well as his/her written and oral communication skills must be addressed.

**\*\*Note: Troy University MSHRM graduates are not eligible for the MSM Talent Development and Training program.**

**Conditional Admission**

Students not satisfying the minimum graduate admission test score and grade point average requirements for unconditional admission may be conditionally admitted to the program. After the student completes the first three graduate (6000-level) courses with a "B" (3.0) or better average, the student will be granted unconditional admission. After completing three graduate courses, students not obtaining unconditional admission status will be dropped from the program for one calendar year, after which time the stu-

dent must petition for readmission. A letter of recommendation is required with all readmission applications for the MSM program. The letter should address the individual's potential for success in the MSM program as well as his/her written and oral communication skills.

### **Transfer Credit**

A maximum of two courses (six semester hours) taken at another regionally accredited institution, each with a "B" grade or better, may be applied toward the degree. This is not automatic or guaranteed.

Note that the capstone course MSM 6650 Leadership Role in Strategic Management must be taken with Troy University and will not be accepted as transfer credit from another institution. Credit accepted for transfer into the MSM core or to satisfy specified program courses is limited to institutions holding ACBSP or AACSB accreditation for their business programs. These courses must be comparable in catalog description, level, and content to Troy University courses and approved by the appropriate graduate business faculty or administrator. If the course is not comparable to a Troy University MSM course then the transfer credit request will be denied. No more than two courses (six semester hours) may be transferred in from a completed master's degree program. Transient credit must meet Graduate School policy, and be pre-approved by the Dean. Professional military education courses are not accepted for credit in the MSM program.

### **Degree Requirements**

Students graduating with an MSM degree will have successfully completed the courses listed below with an overall grade point average of 3.0 (A = 4.0) and with no more than two grades of "C" to fulfill requirements for the degree. Students may be required to take additional testing from non-Troy organizations as part of their program. A third grade below a "B" removes the student from the program for one full calendar year after which a readmission petition may be made to the graduate school.

### **Curriculum—30 Semester Hours**

# COLLEGE OF COMMUNICATION AND FINE ARTS

*The mission of the College of Communication and Fine Arts is to provide excellence in instruction in selected communication, foreign language, and fine arts disciplines along with practical experiences in journalism, mass communication, music, speech communication, classics, modern languages, theatre, visual arts and design.*

*The college assumes that the richest experiences of human beings arise from their abilities to analyze and interpret intelligently and imaginatively works of art and performances as well as the rhetoric and actions of past and present leaders; to communicate effectively within a variety of contexts using the multiple languages and tools of the communication and fine arts disciplines; to make intelligent decisions in an increasingly complex and diverse, media-driven society; and to work together harmoniously in groups to accomplish established goals.*

*The mission of the college includes the creation of a climate within and beyond its institutional boundaries that encourages responsible, ethical, and informed expression within the disciplines of which it is composed.*

*Troy University's College of Communication and Fine Arts is a primary provider of cultural events benefiting the citizens of Troy, Alabama and the region. Accordingly, the college offers such fine arts events as art exhibits; symphony band, jazz band, and choral concerts; and theatrical performances (including musical and children's theatre). In addition, the college offers a variety of symposia and workshops and an annual fine arts season subscription.*

*As part of ongoing planning and evaluation, the College of Communication and Fine Arts regularly evaluates student learning outcomes for each degree program.*

## MASTER OF SCIENCE IN STRATEGIC COMMUNICATION

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

The Master of Science Degree in Strategic Communication, offered by the Hall School of Journalism and Communication in Troy University's College of Communication and Fine Arts, is modeled on a futuristic perspective and detours from traditional graduate programs. This is a program that focuses on the leading-edges of communication issues and positions graduates for immediate responses to the new realities facing today's communication industries.

The online delivery system of the Strategic Communication program appeals to professionals across various disciplines seeking to add the skills of effective communication and leadership recognized as valued and critical to professional success in all major professions. Prior to completion of the program, the student will successfully complete a capstone strategic communication course.

Upon completion of the degree program, the student will have a thorough knowledge of critical thinking regarding strategic communication through a myriad of courses ranging from communication research to theories of strategic communication, ethics and legal issues in communication to advertising and public relations and online media communication systems. The student will succeed in a theoretically grounded, multifaceted media learning environment.

The following outlines the additional expected program learning outcomes of participants enrolled in the Master of Science Degree in Strategic Communication:

- Knowledge of digital media and multi-media platforms as they pertain to communication and leader-

ship;

- Academic research skills in strategic communication and related scholarly fields;
- Critical thinking;
- Written professional communication skills;
- Professional network formation;
- Knowledge of and the skills to study the emerging communication trends and how online media impact the public and communication industries;
- Develop a framework on how to use the evolving communication models to better serve the public with information

### Admission Requirements

#### Unconditional Admission

1. Hold a baccalaureate degree from a regionally accredited college or university with a minimum overall undergraduate grade point average of 2.5 (4.0 scale) or a 3.0 grade point average on the last 30 semester hours. All hours attempted in the term in which the 30 semester hours were reached will be used to calculate the grade point average.
2. Provide an official Troy University Letter of Recommendation that addresses the individual's potential for success in the Master of Science in Strategic Communication.
3. Provide an official baccalaureate transcript from a regionally accredited college or university.

**Conditional Admission**

Conditional admission does not apply to this program.

**Baccalaureate Degree Holders**

Students who have earned a baccalaureate degree from a regionally accredited college or university, but lack the required grade point average and/or acceptable test score (official test score required) to be admitted unconditionally, may be granted conditional admission for a maximum number of nine semester hours. Students admitted under conditional status may, with the consent of their academic adviser, enroll in as many as nine semester hours during their first semester.

**Accelerated BS/MS Strategic Communication Admission**

Certain qualified honors students who successfully complete the Troy Strategic Communication Accelerated Honors Option will be allowed to transfer up to nine hours of Master of Science in Strategic Communication graduate courses earned during their senior year of undergraduate studies to the Graduate MS in Strategic Communication Program. Refer to the most recently published Undergraduate Catalog for more information about admission to the BS/MS Strategic Communication Accelerated Honors Option.

**Transfer Credit**

A maximum of 12 semester hours taken at another regionally accredited college or university, with a grade of "B" or better, can be applied toward the degree. These courses must be comparable to Troy University's courses and must be approved the Hall School of Journalism and Communication's graduate faculty.

**Degree Requirements**

Successful completion of the courses listed below with an overall grade point average of 3.0 or better and successful completion of the required comprehensive examination is necessary to fulfill requirements for the degree. If a student makes a "D" or "F" in a core or concentration course, the course must be retaken. If the student earns a "D" or "F" in an elective course, the course may be retaken, or another elective course taken in its place. A "B" or better must be earned

in the capstone course, COM 6699, and the research course, COM 6691.

# COLLEGE OF EDUCATION

The College of Education offers teacher education programs that lead to certification as well as non-certification programs in graduate study. Offerings reflect a flexible program of current curricula, educational plans, and requirements, which may be altered as warranted by changes in the professions and accrediting agencies. As regulating agencies (e.g., Alabama State Department

of Education, CAEP, CACREP, and CORE) modify standards and expectations, programs may be modified during a candidate's period of study. At such time, candidates may be subject to revised program or certification requirements. The purpose of all College of Education graduate programs is to develop innovative, informed, reflective, global, and effective decision makers.

### Accreditation

- Council for Accreditation of Counseling and Related Educational Programs (CACREP)**

The Master of Science in Counseling and Psychology degree programs in Community Counseling and Clinical Mental Health Counseling offered at the Phenix City campus are accredited by CACREP. The Master of Science in Counseling and Psychology degree program in Community Counseling offered at the Dothan and Montgomery campuses are accredited by CACREP. The Master of Science in Counseling and Psychology degree programs in Clinical Mental Health Counseling offered at Pensacola, Panama City, Orlando, Tampa, Ft. Walton, FL, and Troy are accredited by CACREP. The Master of Science in Education degree programs in School Counseling offered at the Dothan, Montgomery, Phenix City, and Troy campuses are accredited by CACREP.

- Council on Rehabilitation Education (CORE)**

The Master of Science degree programs in Rehabilitation Counseling offered at the Dothan, Montgomery, Phenix City and Troy campuses are accredited by CORE. The CORE

accreditation includes all campuses under one accreditation.

- Council for the Accreditation of Educator Preparation (CAEP)**

The Educator Preparation Provider (EPP) at the Troy, Dothan, Montgomery, and Phenix City campuses is accredited by the Council for the Accreditation of Educator Preparation (CAEP). This accreditation covers initial teacher preparation and advanced education preparation programs. CAEP is recognized by the US Department of Education and the Council for Higher Education Accreditation to accredit programs for the preparation of teachers and other professional school personnel.

### Teacher Certification

All teacher education certification programs are approved by the Alabama State Department of Education. Students seeking teacher certification should refer to the specific program for eligibility and program completion requirements. Only those students who are properly admitted to an approved teacher certification program and complete all current requirements will be recommended for certification.

The purpose of all certification programs in the College of Education is to develop practicing master teachers, instructional support personnel, and education specialists who more effectively serve students in P-12 settings. As master teachers, instructional support personnel, and education specialists, they participate as leaders in their schools and contribute to their profession.

College of Education students in Troy Global Campus must meet all specialized accreditation requirements to be classified as graduates of specialized accredited programs (CAEP, CACREP and CORE). Up to 12 hours of coursework completed at a site/university without appropriate specialized accreditation may be considered for application toward program completion. See TRANSFER CREDIT section for additional information.

### **Certification in Alabama**

Candidates completing an approved teacher certification program are eligible to apply for the Alabama Class A professional certificate, provided they meet the following:

- For Class A program completion, a minimum GPA of 3.25 overall is required for candidates unconditionally admitted to a program.
- For Class AA program completion, a minimum GPA of 3.5 overall is required for candidates unconditionally admitted.
- A grade of “C” or better in all coursework which applies to certification.
- A grade of “B” or better in the research requirements for the program.
- Any “D” earned in a teaching field course must be successfully repeated with a grade of “C” or better.
- Successful completion of the Praxis II examination in all areas of initial certification.
- Effective September 1, 2018, all teacher candidates seeking initial licensure in the state of Alabama must achieve a passing score, set by the Alabama State Department of Education, on the edTPA.

Any candidate who applies for a professional certificate is subject to all regulations set forth by the Alabama State Department of Education. These regulations may include a comprehensive background check, verification of appropriate experience, and prior certification specific to the certification sought. Additional requirements (e.g., standardized examinations to demonstrate content mastery) may be added as the Alabama State Board of Education and other accrediting agencies modify regulations. Candidates should consult their education adviser for details.

Only candidates properly admitted to an approved certification program and who successfully fulfill all program and certification requirements will be recommended for certification. The Certification Officer, appointed by the Dean of the College of Education, is the only Troy University official authorized to recommend candidates for certification in any state.

### **Certification in Other States**

Other states may grant professional certification to candidates completing the Troy University teacher education program. Some states may have additional requirements. Candidates seeking certification in other states should contact the appropriate State Department of Education.

Only candidates properly admitted to an approved certification program and who successfully fulfill all program and certification requirements will be recommended for certification. The Certification Officer, appointed by the Dean of the College of Education, is the only Troy University official authorized to recommend candidates for certification in any state.

## **Fingerprinting Requirement**

---

Any candidate applying for admission to a State-approved program is required to be fingerprinted for a criminal history background check through the Alabama State Department of Education to the Alabama Bureau of Investigation (ABI) and the Federal Bureau of Investigation (FBI) pursuant to Act 2002-457. Fingerprinting must be done prior to conduction of observations in P-12 schools.

## **Admission Requirements for College of Education**

---

Unconditional admission to the Graduate School does not constitute unconditional admission to specific programs in the College of Education. Students seeking advanced degrees in the College of Education should refer to the admission requirements specific to the degree program.

## **Transfer Credit**

---

A maximum of four courses (12 semester hours) taken at another regionally accredited institution each with a grade of "B" or better within eight years of graduation may be considered for application toward the degree. These courses must be comparable in catalog description to Troy University courses in the specific degree program and must be approved by the appropriate department chair and dean. If the Troy program holds specialized accreditation, all courses taken at other sites/institutions will be reviewed to ensure that they are eligible for credit under specialized accreditation requirements.

## **Degree Requirements**

---

Successful completion of the courses listed under each program area with an overall grade point average of 3.0 on a 4.0 scale is necessary to fulfill requirements for the degree. If the student makes a "D" or "F" in a core course, the course must be retaken. If the student makes a "D" or "F" in an elective course, the course may be retaken or another elective may be taken in its place.

## **Program Completion Requirements**

---

All graduate programs require successful completion of specific end-of-program assessments. These assessments may include, but are not limited to, written comprehensive examinations, a portfolio, a thesis, a field project, and standardized examinations.

## **Statement of Guarantee for New Educators**

---

Candidates who are recommended by Troy University for Alabama State Teacher Certification or other school personnel certification shall be granted remediation at no cost if:

1. Teaching or have employment in-field and at level of the awarded certificate;
2. Not meeting minimum criteria using the State evaluation system or state approved system evaluation;
3. Remediation is requested within two years of the valid date of the Professional Educator certificate, issued based on recommendation by the unit.

In no case shall the unit be required to provide remediation for more than the first two years of employment.

## MASTER OF SCIENCE IN EDUCATION (M.S.Ed.)

### TRADITIONAL FIFTH-YEAR CERTIFICATION PROGRAMS FOR TEACHERS

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

#### Purpose

The purpose of the fifth-year certification program for teachers is to provide an opportunity for advanced study within their discipline for candidates who are seeking advanced certification in the same discipline/level in which they hold baccalaureate level professional educator certification.

#### Advanced Certification at the Master's Level

The College of Education offers the Traditional Fifth-Year Master of Science in Education Program for candidates seeking advanced certification in the same discipline/level in which they hold baccalaureate level professional educator certification.

#### Initial Certification at the Master's Level

For candidates seeking initial certification at the graduate level, or those who are seeking certification in an area or at levels other than those in which they hold baccalaureate level certification, the Alternative Fifth-Year (Alternative-A) Master of Science in Education Program is offered. See specific programs for any additional admissions and/or certification requirements.

In addition to the programs for teachers, fifth-year certification programs are offered in the following instructional support areas: Instructional Leadership & Administration, School Counseling, and School Psychometry.

#### Admission Requirements for Traditional Fifth-Year Certification Programs

Unconditional admission to the Graduate School does not constitute unconditional admission to any professional education program. In addition to the admission requirements for the Graduate School, candidates seeking admission to a traditional fifth year certification program for teachers must hold professional baccalaureate-level certification in the teaching field in which the Class A certification is sought except in Collaborative Teacher K-6, Collaborative Teacher 6-12, and Gifted Education. Temporary, provisional, and other nonrenewable certifications are not acceptable. See specific program descriptions for any additional admission requirements.

#### Admission to the Graduate Teacher Education Program (GTEP)

The following documents will be submitted at the time the candidate applies for admission to the University. Teacher Education staff will approve the admission and remove the candidate's hold for taking graduate courses.

1. Submission of proof of baccalaureate level professional education certification.
2. Successful completion and submission of an essay on the candidate's teaching philosophy.
3. A minimum cumulative/overall graduating grade point average of 2.75 on the baccalaureate transcript.
4. A minimum of 2.75 grade point average on (post baccalaureate) prerequisite coursework.
6. Successful completion of a criminal background check/fingerprinting.

Candidates must clear university requirements for admission and the College of Education admission requirements listed above prior to enrolling in any graduate work. **There is no Conditional Admission for this program.**

Troy Global Campus students must meet all specialized accreditation requirements to be classified as graduates of specialized accredited programs (CACREP).

### TRADITIONAL FIFTH-YEAR CERTIFICATION PROGRAM IN INSTRUCTIONAL SUPPORT AREAS

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

---

**Purpose**

The purpose of the fifth-year certification program for instructional support areas is to provide initial certification at the graduate level in the areas of Instructional Leadership & Administration, School Counseling, and School Psychometry.

In addition to the admission requirements for the Graduate School, candidates for the fifth-year programs for instructional support personnel must have baccalaureate-level professional certification in a teaching field. Temporary, provisional, and other nonrenewable certification are not acceptable. See the Specific programs for other admissions and degree completion requirements.

Troy University College of Education students must meet all specialized accreditation requirements to be classified as gradu-

ates of specialized accredited programs (CAEP, CACREP).

### INSTRUCTIONAL LEADERSHIP & ADMINISTRATION (Grades P-12)

#### *Additional Admission Requirements for Traditional Fifth-Year Certification Program in Instructional Leadership & Administration*

**Graduate Teacher Education Program (GTEP)**

All candidates must be unconditionally admitted to the university.

The ILA program admits two cohorts per academic year (Fall; Spring). The admissions deadline for Fall/T1 is July 15. The admissions deadline for Spring/T3 is October 31st.

**Applicants Must:**

1. Hold a valid Class B baccalaureate-level Alabama Professional Education Certification in a teaching field or master's level Professional Educator's Certificate in a teaching field or instructional support area. Verification of a Professional Educator Certification certificate must be provided upon application to the program.
2. Verify a minimum of three years paid, full-time successful teaching experience.
3. Submit prior to the interview an admission portfolio containing:
  - Three (3) signed letters of recommendation including one from the applicant's principal or supervisor on letterhead stationary. (These letters should address the leadership abilities of the candidate and any previous leadership experiences.)
  - Copies of the most recent performance appraisal including professional development component, if available
  - Evidence of leadership and management potential, including evidence of most recent accomplishments in the area of educational leadership and/or student achievement.
  - Summary of candidate's reasons for pursuing a master's degree in Instructional Leadership & Administration.
  - Summary of candidate's expectations from the preparation program.
  - Supplemental Experience Form (Form 125.14)
  - Curriculum Vitae/resume.
  - All admission items must be submitted prior to the application deadlines.
4. Pass an interview conducted by the Program Admission Committee.
5. Pass a written assessment.
6. A minimum cumulative/overall graduating grade point average of 2.75 on the baccalaureate transcript or a minimum of a 3.25 GPA on a master's or higher degree transcript.
7. A minimum of 2.75 grade point average on (post baccalaureate) prerequisite coursework.
8. Have an acceptable score on the appropriate entrance exam, official test score required. Required scores are as follows: GRE 850 combined (old) OR 290 combined (new), MAT 385, GMAT 380.
9. Successful completion of a criminal background check/fingerprinting.

### ALTERNATIVE FIFTH-YEAR CERTIFICATION PROGRAM FOR TEACHERS

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

---

**Purpose**

The purpose of the Alternative Fifth-Year Program is to provide initial teacher certification programs for individuals holding a baccalaureate level degree in a field other than education or those desiring initial certification in a new teaching field. Candidates shall have acquired knowledge and skill above the level required for the completion of the baccalaureate program in the same discipline, including subject matter knowledge, student development, diversity, instructional strategies, classroom management and learning environment, communication, planning, assessment, professionalism, and collaboration.

The College of Education adopted the model standards for beginning teacher licensure developed by the Interstate New Teacher Assessment and Support Consortium (INTASC) in 2013. These standards are applied throughout the Alternative-Fifth-Year Program.

Troy Global Campus College of Education students must meet all specialized accreditation requirements to be classified as graduates of specialized accredited programs (CAEP, CACREP, and CORE). Up to 12 hours of course work completed at a site/ university without the appropriate specialized accreditation may be considered for application toward program completion. See Transfer Credit section for additional information.

### **Admission Requirements for Alternative Fifth-Year Program for Teachers**

---

Prior to applying for admission to the Graduate School and the Master of Science Alternative Fifth-Year certification program, individuals must possess a baccalaureate degree from a regionally accredited institution with a posted minimum cumulative/overall graduating grade point average of 2.75 on the official baccalaureate

transcript from the degree granting institution or a 3.0 GPA on a master's or higher degree transcript. (Students will not be permitted to use additional undergraduate or post degree courses to raise their grade point average.) Effective July 1, 2017 and thereafter, a candidate must earn credit for an ALSDE approved diversity course at the Class A level, if they earned credit for a survey of special education course prior to Unconditional Admission (GTEP).

All education courses require clinical field experiences beyond class time. Candidates are required to attend an orientation prior to beginning clinical field experiences. Within the first week of class requiring a clinical field experience, students must provide evidence of background and finger print clearance application and evidence of current professional liability coverage, or the student will be dropped from the class.

### Admission Status Classification

In order to establish admission status, an individual must be evaluated by the College of Education and the discipline of study to determine prerequisites. Prior to seeking admission to the Graduate School, individuals should make an appointment with the Teacher Education office on the respective campus to have all undergraduate transcript(s) reviewed by the Certification Officer/Alternative-A Evaluation Coordinator. Individuals must bring an official copy of all undergraduate transcripts to the session. The evaluation process may take up to one week to complete.

*Note: An individual's admission to the Graduate School will be determined by the transcript(s) evaluation. Individuals will be classified as a post-baccalaureate student until they have completed all prerequisites.*

In addition to completing the undergraduate prerequisite coursework, students should also be working to meet admission criteria for the Graduate Teacher Education Program.

### Admission Requirements to the Teacher Education Program (GTEP)

Admission to the Graduate School does not automatically qualify a student for admission to the Graduate Teacher Education Program. Written application to the Graduate Teacher Education Program is required from all students seeking acceptance. In addition to the written application, the following are also required:

1. A grade of "C" or better in the two English composition courses.
2. A grade of "C" or better in mathematics courses completed for the baccalaureate degree that is equivalent to the required general studies courses for the teacher education major. If equivalent courses were not completed at the baccalaureate level, these must be completed as prerequisites.
3. A minimum cumulative/overall graduating grade point average of 2.75 on the baccalaureate transcript.
4. A minimum of 2.75 grade point average on (post baccalaureate) prerequisite coursework.
5. A passing score on all 3 sections of the required Alabama basic skills assessment. (Music students must also receive a passing score on the Basic Music Skills Test.)
6. Successful completion of an interview.
7. Completion of a minimum of 12 clock hours of classroom observation/participation.
8. Successful completion of a criminal background check/fingerprinting.

#### There is no Conditional Admission for this program.

Students working to complete pre-admission requirements for the Graduate Teacher Education Program are encouraged to work closely with their discipline adviser. This individual will assist in course selection and course sequencing for completion of these requirements.

Information regarding qualification and acceptance into the Graduate Teacher Education Program can also be obtained through the Teacher Education Office on the respective campus.

In addition to the discipline specific pre-requisites, individuals must also complete the Professional Studies prerequisite coursework.

Once all of the prerequisite requirements are met, the individual will be considered for admission into the Master of Science Alternative Fifth-Year certification program.

### Internship

All candidates completing the Alternative Fifth-Year initial certification program for teachers must complete a six-semester hour internship in the grade level(s) and academic subject(s) of the certification sought. Instructions regarding qualifications and applications for internship should be obtained from the Office of Teacher Education. Prerequisites for internship include the following:

1. Admission to the Graduate Teacher Education Program
2. A grade point average (GPA) of 3.25 overall on all graduate work attempted.
3. Internship Advisor Approval Form (A)
4. Completion of all coursework except for Internship Seminar, which is taken in conjunction with internship
5. Evidence of current First Aid and CPR certifications
7. Passing Praxis II score in each teaching field area of initial certification
8. Successful completion of comprehensive exam in the teaching field(s)
9. Evidence of current professional liability coverage of \$1,000,000 minimum.
10. Completion of any additional requirements mandated by the Alabama State Department of Education.

## EDUCATION SPECIALIST CERTIFICATION PROGRAM (Ed.S.)

---

### SIXTH-YEAR CERTIFICATION PROGRAM FOR TEACHERS

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

---

**Purpose**

The purpose of the Education Specialist (Ed.S.) certification programs in teaching is to extend the expertise and further develop knowledge, competencies, and skills of professionals holding master's level certification in the same teaching field in which the Class AA certification is sought. All coursework applied toward the Ed.S. degree program must be earned at the 6000 level or

above, and no courses applied toward certification at the master's level may be applied toward certification at the education specialist level. See the specific degree program for additional admission and degree completion requirements.

**College of Education students must meet all specialized accreditation requirements to be classified as graduates of specialized accredited programs (CAEP). Up to 12 hours of course work at a site/university without the appropriate specialized accreditation may be considered for application toward program completion. See Transfer Credit section for additional information.**

All sixth-year certification programs are approved by the Alabama State Department of Education. Elementary Education offers a thesis and non-thesis option.

### Admission Requirements for Education Specialist Programs and Graduate Teacher Educational Program (GTEP)

Admission to the Graduate School does not automatically constitute admission to the Education Specialist Program. All candidates must complete all requirements for the Alabama Class AA certification. All Ed.S. candidates must successfully complete a written comprehensive examination prior to program completion.

In addition to the Admission Requirements for Graduate School, candidates seeking the education specialist degree in a teacher education program must:

1. Hold a masters degree from a regionally accredited college or university.
2. Hold valid master's level certification in the same teaching field in which the Class AA certificate is sought.
3. Be unconditionally admitted and complete all additional admission requirements identified in the specific program.
4. Elementary program applicants must have three years of teaching experience at the elementary level documented by the submission of the EXP form.
5. Submit three (3) College of Education Reference forms. One must be from an immediate supervisor.
6. Successful completion of a criminal background check/fingerprinting.
7. Have an acceptable score on the appropriate entrance exam, official test score required. Required scores are as follows: GRE 850 combined (old) OR 290 combined (new), MAT 385, GMAT 380.

**There is no Conditional Admission for this program.**

### Program Completion Requirements

1. Have a GPA greater than 3.5
2. Pass comprehensive exam (both non-thesis and thesis options)
3. Complete thesis (thesis option)
4. No more than two grades below "B"
5. Grade of "B" or better in ECE/ELE 7790—Qualitative Research Methodology
6. No more than 12 semester hours of transfer credit
7. All credits earned within 8 years of graduation

### Certification in Alabama

Candidates completing an approved Education Specialist certification program are eligible to apply for the Alabama Class AA professional certificate, provided they meet the following:

1. a grade point average of 3.5 on all education specialist coursework attempted
2. a grade of "C" or better in all coursework which applies to certification
3. a grade of "B" or better in the research requirements for the program
4. Complete a special education survey course and EDU 6611, if not previously completed

Any candidate who applies for a professional certificate is subject to all regulations set forth by the Alabama State Department of Education. These regulations may include a comprehensive background check, verification of appropriate experience, and prior certification specific to the certification sought. Additional requirements (e.g., standardized examinations to demonstrate content mastery) may be added as the Alabama State Board of Education and other accrediting agencies modify regulations. Candidates should consult their education adviser for details.

Only candidates properly admitted to an approved certification program and who successfully fulfill all program and certification requirements will be recommended for certification. The Certification Officer, appointed by the Dean of the College of Education, is the only Troy University official authorized to recommend candidates for certification in any state.

### Certification in Other States

Other states may grant professional certification to candidates completing the Troy University Education Specialist program.

Some states may have additional requirements. Candidates seeking certification in other states should contact the appropriate State Department of Education.

Only candidates properly admitted to an approved certification program and who successfully fulfill all program and certification requirements will be recommended for certification. The Certification Officer, appointed by the Dean of the College of Education, is the only Troy University official authorized to recommend candidates for certification in any state.

## EDUCATION SPECIALIST (Ed.S.) CERTIFICATION PROGRAM

---

### SIXTH-YEAR CERTIFICATION PROGRAM FOR INSTRUCTIONAL SUPPORT AREAS

---

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

---

**Purpose**

The purpose of the Education Specialist (Ed.S.) certification programs in instructional support areas is to extend the expertise and further develop knowledge, competencies, and skills of professionals holding master's level certification in school psychology, school counseling, or educational administration. All coursework applied toward the Ed.S. degree program must be earned at the 6000 level or above, and no courses applied toward certification at the master's level may be applied toward certifica-

tion at the education specialist level. See the specific degree program for additional admission and degree completion requirements.

**Troy Global Campus College of Education students must meet all specialized accreditation requirements to be classified as graduates specialized accredited programs. Up to 12 hours course work at a site/university without the appropriate specialized accreditation may be considered for application toward program completion. See Transfer Credit section for additional information.**

### **Admission Requirements for Education Specialist Programs in Instructional Support Areas**

Admission to the Graduate School does not automatically constitute admission to the Education Specialist Program. All candidates must complete all requirements for the Alabama Class AA certification. All Ed.S. candidates must successfully complete a written comprehensive examination prior to program completion.

In addition to the Admission Requirements for Graduate School, candidates seeking the education specialist degree in a instructional support program must:

1. hold a masters degree from a regionally accredited college or university,
2. complete a special education course as a prerequisite if not previously completed, (Not required for Community Counseling.)
3. be unconditionally admitted and complete all additional admission requirements identified in the specific program, hold a valid master's level certification in the same instructional support area or teaching field in which the Class AA certificate is sought, (not required for Community Counseling). *Students seeking an Ed.S. in ILA will need to complete the RHO route prior to program admission if not currently holding a Class A in Instructional Leadership or Educational Administration.*
4. Have an acceptable score on the appropriate entrance exam, official test score required. Required scores are as follows: GRE 850 combined (old) OR 290 combined (new), MAT 385, GMAT 380.
5. Successful completion of a criminal background check/fingerprinting.

**There is no Conditional Admission for this program.**

### **Certification in Alabama**

Only candidates properly admitted to an approved certification program and who successfully fulfill all program and certification requirements will be recommended for certification. The Certification Officer, appointed by the Dean of the College of Education, is the only Troy University official authorized to recommend candidates for certification in any state.

Candidates completing an approved Education Specialist Certification program are eligible to apply for the Alabama Class AA professional certificate, provided they meet the following:

- a grade point average of 3.5\* on all education specialist coursework attempted
- a grade of "C" or better in all coursework which applies to certification
- a grade of "B" or better in the research requirements for the program.
- meet the PRAXIS II requirement of the Alabama Educator Certification Testing Program (AECTP).\*\*

**\*\*Note:** *This condition applies only to those applicants seeking initial certification in an instructional support area.*

Any candidate who applied for a professional certificate is subject to all regulations set forth by the Alabama State Department of Education. These regulations may include a comprehensive background check, verification of appropriate experience, and prior certification specific to the certification sought.

Additional requirements (e.g., standardized examinations to

demonstrate content mastery) may be added as the Alabama State Board of Education and other accrediting agencies modify regulations. Candidates should consult their education adviser for details.

### **Testing for Class AA Certification for Instructional Leadership & Administration**

Applicants for Class AA Certification who are meeting requirements for a Certificate which covers a grade span different from the grade span covered by the Certificate used as the basis for admission to the Class AA Instructional Leadership program must meet Praxis II requirements of the Alabama Educator Certification Testing Program (AECTP). Some individuals hold an Alabama Certificate for principal 1-6 or 7-12 rather than P-12. A person holding one of those Certificates and completing the Class AA Instructional Leadership P-12 program must meet the Praxis II requirements as a precondition for Certification.

### **Certification in Other States**

Other states may grant professional certification to candidates completing the Troy University Education Specialist program. Some states may have additional requirements. Candidates seeking certification in other states should contact the appropriate State Department of Education.

Only candidates properly admitted to an approved certification program and who successfully fulfill all program and certification requirements will be recommended for certification. The Certification Officer, appointed by the Dean of the College of Education, is the only Troy University official authorized to recommend candidates for certification in any state.

### **Degree Requirements**

All coursework applied toward the Ed.S. degree program must be earned at the 6000 level or above. Courses applied toward certification at the master's level may not be applied toward certification at the education specialist level.

All Education Specialist degree students must complete at least 18 semester hours of required coursework at the campus where the internship and/or practicum is supervised.

### **Ed.S. Instructional Support Certification Programs**

#### **INSTRUCTIONAL LEADERSHIP & ADMINISTRATION (ED.S.)** 30 sh

#### **Goals and Objectives:**

The goal of the Ed.S. Instructional Leadership & Administration program is to strengthen and extend the student's knowledge, skills, and abilities developed at the Master's level so that the candidate will become an informed, reflective decision maker who demonstrates the ability to:

1. Articulate a clear vision and inspire and engage stakeholders in developing and realizing the mission;
2. Manage and leverage systems and processes to achieve desired results;
3. Act with a sense of urgency to foster a cohesive culture of learning;
4. Express their commitment to student and adult learners and to their development;
5. Facilitate and monitor the teaching and learning process;
6. Model professional, ethical behavior and expect it from others.

#### **Additional admission requirements for the EdS in Instructional Leadership & Administration:**

In addition to the Admission Requirements for Graduate School, candidates seeking admission to a cohort to complete the requirements for the Education Specialist degree in Instructional Leadership & Administration must hold the master's Professional Educator Certificate in Educational Administration or Instructional Leadership. In addition the candidate must meet one of the following criteria:

1. Hold a Class A Alabama Instructional Leadership & Administration certificate earned after completing a redesigned program at an Alabama university;
2. Be currently serving as a superintendent, assistant superintendent or associate superintendent, assistant to the superintendent, principal, assistant principal, supervisor (any subject and/or grade level), administrator of career and technical education, coordinator, or evaluator; or
3. Document three years of employment in an instructional leadership position for which one of the certificates in Rule 290-3-3-.53.01(2)(b) is proper certification according to the current edition of the Subject and Personnel Codes of the Alabama State Department of Education.
4. Successful completion of a criminal background check/fingerprinting.

In an effort to maintain the rigorous nature of the Instructional Leadership & Administration program, to stay in step with changes in the field of administration and to ensure that our candidates maximize the benefit from the program, Troy University strongly recommends that each candidate have completed at least one year of administrative experience in a public K-12 school prior to admission to the Ed. S. program.

**Candidates must be admitted to GTEP prior to taking any coursework.**

Applicants who completed a Class A program other than one approved by the Alabama State Board of Education on or after September 8, 2005, must submit a portfolio which includes:

1. Three (3) signed letters of recommendation including one from the applicant's principal or supervisor on letter head stationary. (These letters should address the leadership abilities of the candidate and any previous leadership experiences.)
2. Copies of most recent performance appraisal including professional development component, if available
3. Evidence of ability to lead student achievement
4. Evidence of leadership and management potential.
5. Summary of candidate's reasons for pursuing the Class AA certificate in Instructional Leadership & Administration.
6. Supplemental Experience Forms (Form 125.4)
7. Curriculum Vitae
8. Successful completion of a criminal background check/fingerprinting

**Required Courses\*: (30 sh)**

**SCHOOL COUNSELING (ED.S.)**

**36 sh**

**Goals and Objectives:**

The goal of the Ed.S. School Counseling program is to strengthen and extend the students' knowledge and skills devel-

oped at the Master's level so that the students will:

1. Become informed, reflective decision makers;
2. Understand the developmental, proactive, and preventive focus of counseling in the schools;
3. Facilitate academic, career, and personal-social development of K-12 students;
4. Provide interventions for learning and behavioral problems; and
5. Work collaboratively with parents, school personnel, and with other agencies and organizations to facilitate student learning, and manage a comprehensive developmental counseling program.

**Admission to the Graduate Education Program (GTEP) School Counseling**

1. Submission of proof of master's level professional education certification in school counseling.

## MASTER OF SCIENCE (M.S.) ADULT EDUCATION

*Students holding this degree will not be recommended for any teacher/counselor/administrator certificate or license.*

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

### Purpose

The purpose of the Master of Science in Adult Education (MSADE) program is to offer students an opportunity to acquire proficiency, knowledge, and skills in the social context of adult education, program development and management, and the facilitation of adult learning.

This program prepares students for careers in such areas as industry, continuing professional education, training and program development, instructional technology, corporate consulting, health care, post-secondary education, government agencies, non-profit organizations, professional organizations, and professional military education.

### Program Objectives

Upon successful completion of the M.S. in Adult Education, graduates will be able to:

1. Develop curricula that incorporate an understanding of how the social context influences the field, including culture, policy, economics, and technology.
2. Discuss the different ways in which adults learn and how to assess their needs, interests, motivations, and capabilities.
3. Apply specialized knowledge related to their concentration area to practical situations.
4. Evaluate relevant research and apply it to their concentration area.

tion area.

6. Articulate a personal adult education teaching philosophy.

### Admission Requirements

To apply for admission to the Master of Science in Adult Education program, applicants must submit:

1. A completed Application for Admission to the Graduate School.
2. An official transcript(s) from all universities attended.
3. A letter of recommendation that addresses the applicant's potential for success in professional graduate studies.

### Unconditional Admission

Students should meet the unconditional admission requirements for the Graduate School.

### Conditional Admission

Upon recommendation by Graduate Admissions, conditional admission may be granted under certain circumstances to applicants who cannot satisfy all unconditional admission requirements. See also conditional admission requirements in the General Regulations section of this Catalog.

After the student completes the first three graduate courses with a "B" or better average, the student will be granted unconditional admission. Students not satisfying conditional admission requirements will be dropped from the university for one calendar year, after which time the student must petition for readmission.

### Accelerated BS/ADE Admission

Certain qualified honors students who successfully complete the Troy BS/MS in Adult Education Accelerated Honors Option will be allowed to transfer up to 9 hours of Master of Science in Adult Education graduate credit earned during their last year of undergraduate studies to the Graduate MS in Adult Education Program. Refer to the most recently published Undergraduate Catalog for more information about admission to the BS/MSADE Accelerated Honors Option.

### Transfer Credits

A maximum of 12 credit hours taken at another regionally

accredited university with a grade of “B” or better can be applied to the MSADE degree. These courses must be comparable in catalog description to courses in the MSADE program and must be approved by the Dean of the College of Education.

## Academic Advisement

Faculty advisement for the program is required.

## Degree Requirements

Students must select either Option I or Option II, successfully complete the required core courses (either 15 sh or 18 sh), successfully complete an approved concentration, and successfully complete either a capstone or thesis. Students interested in additional areas of graduate study must go through the College of Education for pre-approval. Faculty advisement for the program is required.

## Program of Study

Students must successfully complete ONE of the following options:

**Option I** is a 33 semester-hour program consisting of a 15-semester-hour core of required courses which includes the successful completion of a 3-semester-hour capstone course. Additionally, an 18-semester-hour concentration is required.

### 33 Semester Hours

#### Required Core Courses: (15 sh):

ADE 6600	3	Foundations of Adult Education
ADE 6640	3	Social Context of Adult Education
ADE 6670	3	Adult Learning and Development
ADE 6691	3	Research Methodology (A grade of “B” or better is required)
ADE 6699	3	Capstone

#### Select an approved concentration: (18 sh)

Students choosing this option must register for ADE 6699 (3 sh) and successfully complete this course. This course is a culminating experience that helps students integrate and apply the knowledge they have gained in their program. Emphasis is placed on challenging students to view the adult educational process from many perspectives. Working independently students will create an educational portfolio to demonstrate mastery of program objectives and proof of readiness to receive a master’s degree, which will be submitted in portions throughout the term/semester for feedback from the instructor and classmates. An oral presentation will be required. *Prerequisite: Completion of all core courses (ADE 6600, ADE 6660, ADE 6670, ADE 6691) and at least four of the six required concentration classes. Students must obtain a 3.0 GPA before entering ADE 6699. Grading system is Pass/Fail.*

**Option II\*** is a 36-semester-hour program consisting of an 18-semester-hour core of required courses which includes the successful completion of a 6-semester-hour thesis. Additionally, an 18-semester-hour concentration is required. **Note:** *Option II may only be offered at an approved location with a fulltime Adult Education faculty member on site.*

*\*Thesis option is not available to Troy Online students.*

### 36 Semester Hours

#### Required Core Courses: (18 sh):

ADE 6600	3	Foundations of Adult Education
ADE 6640	3	Social Context of Adult Education
ADE 6670	3	Adult Learning and Development
ADE 6691	3	Research Methodology (A grade of “B” or better is required)
ADE 6695	6	Thesis

#### Select an approved concentration: (18 sh)

Students choosing this option must register for ADE 6695 (total of 6 credit hours) as their last two courses in the program. The thesis must be related to both the student’s concentration area and adult education. The student must successfully research, write, and defend a thesis. This process involves directed research in selected areas of study based on the student’s proposal, related to the student’s needs, with the advice and approval of a thesis adviser and a faculty reader, and culminating in a substantive research paper of appropriate depth and scholarship. Students completing this option are not required to take the capstone course. *Prerequisite: Completed all core courses; completed at least four of the six required concentration classes. Students must obtain a 3.0 GPA before entering ADE 6695. Grading system is Pass/Fail.*

## Concentrations

### Curriculum and Instructional Design

#### 18 Semester Hours

##### Concentration Purpose:

The M.S. in Adult Education with a concentration in Curriculum and Instructional Design equips graduates with the ability to analyze, design, develop, implement, and evaluate curricula for the education and training of adults in diverse learning situations. Both theoretical and practical aspects of adult learning, the instructional design process, teaching strategies, and educational evaluation are explored to provide a comprehensive program useful in designing instruction at multiple levels including community, post-secondary, workplace, or government applications.

##### Objectives:

Upon successful completion of the M.S. in Adult Education with a concentration in Curriculum and Instructional Design, graduates will be able to:

- Discuss the nature of the adult learner and the appropriate methods for teaching and evaluating adult learners.
- Apply the instructional design process to a variety of adult learning situations.
- Synthesize a client’s unique education and training needs to create a contextually relevant and effective curriculum.

##### Concentration Courses:

ADE 6653	3	Evaluation and Assessment
ADE 6674	3	Methods and Strategies for Teaching Adults
ADE 6680	3	Curriculum Development for Adult Education
EDU 6613	3	Principles of Instructional Design
EDU 6614	3	Instructional Performance Design Systems

##### Advisor Approved Elective (3 sh)

### Instructional Technology

#### 18 Semester Hours

##### Concentration Purpose:

The M.S. in Adult Education with a concentration in Instructional Technology prepares graduates for an instructional technology profession based on their field of specialty such as teachers, trainers, instructional designers, training specialists, instructional media specialists, and other human services professionals. Graduates will be able to analyze, design, develop, implement, and evaluate curricula and instructional technologies for education and training in diverse learning situations. The focus will be on both theory and application of instructional technology as it relates to the graduate area of interest.

##### Objectives:

Upon successful completion of the M.S. in Adult Education with a concentration in Instructional Technology, graduates will be able to:

- Apply learning theories to instructional design.
- Select and develop instructional delivery systems.
- Integrate instruction with other factors that influence human

performance.

- Use technology in support of the development and delivery of instruction.

**Concentration Courses:**

EDU 6606	3	Current and Emerging Instructional Technologies
EDU 6613	3	Principles of Instructional Design
EDU 6614	3	Instructional Performance Design Systems
EDU 6616	3	E-Learning Design
EDU 6619	3	Instructional Media
ADE 6653	3	Evaluation and Assessment

**Leadership in Workforce Development**

**18 Semester Hours**

**Concentration Purpose:**

The M.S. in Adult Education with a concentration in Leadership Studies emphasizes the development of 21st century leadership. It focuses on developing leaders who are globally-minded, proficient in technology, and who can apply and generate knowledge from real-world situations. The Leadership Studies concentration is designed for professionals who desire to develop leadership competencies and dispositions that can be applied in a variety of settings and situations, including private, non-profit, public, military, and healthcare industries.

**Objectives:**

Upon successful completion of the M.S. in Adult Education with a concentration in Leadership Studies, graduates will be able to:

- Interpret the psychological, legal, social, political, economic, and cultural environments of organizations.
- Utilize technology and empirical data to plan, develop initiatives, make decisions, and evaluate effectiveness.
- Model the dispositional and interpersonal skills necessary to provide effective organizational leadership.

**Leadership Theory and Practice (3SH)**

EAL 6633 3 Leadership: Theory and Practice

**Planning, Decision Making, and Data Analysis (6SH)**

## GRADUATE CERTIFICATES IN ADULT EDUCATION

---

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

*Students holding a graduate certificate in Adult Education (ADE) will not be recommended for any teacher/counselor/administrator certificate or license.*

Four (4) graduate certificates in Adult Education are available:  
 Certificate in Curriculum and Instructional Design (CID)  
 Certificate in Instructional Technology (IT)  
 Certificate in Leadership Studies (LS)  
 Certificate in Workforce Development (WD)

**Admissions Requirements**

Applicants pursuing the Graduate Certificate in 1) Curriculum and Instructional Design, 2) Instructional Technology, 3) Leadership Studies, and 4) Workforce Development must be admitted to the Graduate School and MSADE program. See Graduate Admissions and MSADE Admission requirements.

**Option 1: Special Admission Non-Degree Matriculates**

See Special Admission: Non-Degree matriculates requirements in the graduate catalog.

**Option 2: Admission for Current Students**

Student must be admitted to the Graduate School and the Master of Science in Adult Education program at Troy University. See Graduate Admission and the Master of Science in Adult Education program requirements.

**Option 3: Admission for Post-Master's Students**

Students who have graduated from a master's degree program at Troy University or another university may be admitted to the certificate program. See Post Master's Admission and Certificate Admission requirements in the graduate catalog. Admission is unconditional.

**Course Requirements (12sh)**

Admitted ADE students may qualify for a certificate by completing the four required courses and maintaining an overall 3.0 GPA or better in order to meet the certification requirement.

**\*\*For students pursuing a MSADE concentration along with a certificate, a single course can be applied only one time to satisfy the concentration or certificate requirements.** Due to overlapping courses, students may not earn a certificate that is comparable to their concentration. Faculty approval is required.

**Advisement**

Faculty advisement for the certificate program is required.

**Certificate Assessment –Exit Survey**

All students will complete an exit survey.

**Financial Aid**

Follow Graduate School guidelines.

**Guidelines/Procedures for Obtaining Certificate**

Students who wish to be issued a certificate must submit the following to the Chair of the Department of Leadership Development and Professional Studies or designee:

1. Complete Certificate Intent
2. Copy of transcript

## MASTER OF SCIENCE (M.S.) SECOND LANGUAGE INSTRUCTION

---

**Additional education courses are required to teach in the United States K-12 setting. See Master's of Science in Education section of the Graduate Catalog. Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

---

**Purpose**

The purpose of the Master of Science in Second Language Instruction (SLI) is to offer students an opportunity to acquire proficiency, knowledge and skills in the pedagogical process of teaching language to non-native speakers.

**Program Objectives**

Upon successful completion of the Master of Science in Sec-

ond Language instruction, our students will demonstrate:

1. The professional skills and academic competencies required for second language instruction;
2. Knowledge of recent theories of how languages are structured and acquired;
3. Knowledge of and understanding of principles necessary to create and deliver appropriate lesson plans;
4. Knowledge of and ability to create appropriate assessments;
5. Knowledge of a wide range of research methodologies and how they relate to increased achievement for language learning students;
6. Knowledge of a wide range of cultural values and beliefs represented by different cultures and how they relate to increased achievement for all students.

### Admission Requirements

To apply for admission to the Master of Science in Second Language Instruction program, applicants must submit:

1. A completed Application for Admission to the Graduate School.
2. Must hold a baccalaureate degree in English or another language, sociology, education, psychology, journalism, linguistics or any language related discipline.
3. Official transcript(s) from all universities attended.
4. Two (2) letters of recommendation submitted in English from former or current professors. The letters are expected to provide insights into the applicant's ability and aptitude for graduate study. If working, letters from colleagues will be accepted. See web request form at: [www.troy.edu/graduateschool/forms.html](http://www.troy.edu/graduateschool/forms.html).

### Unconditional Admission

Students should meet the unconditional admission requirements for the Graduate School with the following exceptions:

1. Applicants must have achieved at least a 3.0 GPA on all undergraduate work.
2. Students must demonstrate a strong evidence of excellence in language skills by providing an essay on a topic in literature, writing, language, linguistics, education or any related field.

### Conditional Admission

Students entering the English as a Second Language Track must successfully satisfy one of the following in addition to the Conditional Admission requirements of the Graduate School:

1. Make a satisfactory score on the Test of English as a Foreign Language (TOEFL): TOEFL: IBT (internet based test) 80/ 213/ CBT (computer based test) 213/ PBT (paper based test) 550.
2. Make a satisfactory score on the International English Language Testing System (IELTS): score of 6.5
3. Make a satisfactory score on the ACT COMPASS ESL exam. To pass the ACT Compass ELS, a student must attain a total of 270 on the Listening, Reading and Grammar sections, with no individual score below 85, and a minimum score of 8 out of 12 on the writing test. **Note:** The ACT Compass ESL may be taken only once.

### Transfer Credits

A maximum of 12 credit hours taken at another regionally accredited university with a grade of "B" or better can be ap-

plied to the MSSLI degree. These courses must be comparable in catalog description to courses in the MSSLI program and must be approved by the Dean of the College of Education.

### Academic Advisement

Faculty advisement for the program is required.

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

### Accreditations

The Clinical Mental Health Counseling program is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) at the following locations: Ft. Walton Beach, Montgomery, Altamonte Springs, Panama City, Pensacola, Dothan, Phenix City, Tampa, and Troy.

The School Counseling Program available at all four Alabama Campuses is accredited by both CACREP and by the Council for the Accreditation of Educator Preparation (CAEP). The School Counseling program is approved by the Alabama State Department of Education and lead to Alabama Class A certification.

Troy Global Campus College of Education students must meet all specialized accreditation requirements to be classified as graduates of specialized accredited programs (CAEP, CACREP, and CORE). Up to 12 hours of coursework completed at a site/university with the appropriate specialized accreditation may be considered for application toward program completion. See Transfer Credit Section for additional information.

### Counseling and Psychology Mission Statement

The mission of the Division of Counseling, Rehabilitation, and Interpreter Training is to educate, develop and train counseling and psychology professionals by utilizing the highest external standards set by state and national licensing/certifying boards. Counselor education faculty design and deliver counseling programs through a variety of instructional modalities. The counseling degree programs provide graduate education at regional and state locations. The program seeks students from diverse populations.

### Goals and Objectives

Students graduating from Troy University's counseling programs should:

1. Obtain knowledge and understanding of the identity, roles, history, philosophy, credentials, licensure, legal/ethical, current trends, practices, supervision models, collaboration-crisis-trauma concepts, and self-care strategies related to the counseling profession.
2. Gain knowledge and understanding of program evaluation and research methodology to include application, evaluation and analysis of quality research and effective counseling programs.
3. Develop personal and professional dispositions to effectively analyze and evaluate ethical, legal, diverse, and best practice issues related to the counseling profession.
4. Develop counseling abilities to analyze, evaluate. Apply and create treatment methodologies, therapeutic interventions, assessment techniques, effective cultural strategies, and other abilities that apply to the practice of counseling in school, agency clinical and community settings.
5. Demonstrate analysis, evaluation and application of core counseling concepts as applied to the knowledge of professional identity and practice.

### Counseling Programs Admission Policy

In addition to meeting graduate school admissions requirements, the student is required to have the following:

1. Three specified reference forms/letters to include one from the applicant's undergraduate adviser, department chair or dean, most recent employer, and a person chosen by the applicant. If the applicant is unable to obtain references regarding educational or employment history, selected individuals may be approved by the Graduate Counseling Admissions Committee. These references must attest to the applicant's potential in forming effective interpersonal relationships, aptitude for graduate study, appropriate vocational goals relevant to the program, and personal and professional self-development as well as other relevant information to be determined by the program faculty.
2. A resumé that includes personal information and professional portfolio regarding topics such as, but not limited to, educational and work history, personal and professional goals, professional affiliations, awards, articles, and references.

3. Individual and/or group interviews conducted by members of the program faculty to assess the following topics: appropriateness of academic history, work history, relationships in individual and group contexts, vocational goals and objectives and their relevance to the program, each applicant's openness to self-examination, personal and professional self-development, and other factors deemed relevant by the program faculty regarding successful performance as a graduate student and as a counselor.
4. Evidence of academic skills deemed essential by the program faculty to include, but not limited to, written and oral communication, comprehension and critical analysis of professional literature, basic use of the library, Internet, and other information systems, and competence in statistics and relevant mathematics.
5. Approval of the Graduate Counseling Admissions Committee for the department within the parameters established by the College of Education and the Graduate Council.
6. Have an acceptable score on the appropriate entrance exam, official test score required. Required scores are as follows: GRE 850 combined (old) OR 290 combined (new), MAT 385, GMAT 380.
7. There is no Conditional Admission for School Counseling.

For conditionally admitted students, a Plan for Proving Graduate Status (PPGS) shall be developed during the student's first semester/term of enrollment. The PPGS may include

- specific undergraduate or graduate courses as prerequisites,
- retaking entrance exams, and
- proficiency examinations and/or work samples, papers, projects or other measures of performance.

The required level of performance for the PPGS shall be communicated to the student in writing with a designated completion deadline. Students who are conditionally admitted may take for graduate credit only courses that are approved in the PPGS. Conditionally admitted students must complete all requirements specified in the PPGS and maintain a GPA of 3.0 or better on courses taken within the first nine hours of graduate work.

Those students who do not meet the requirements described in item four above (evidence of academic skills) but who meet all other requirements for unconditional or conditional admission shall also develop a PPGS. These students may be admitted conditionally subject to the requirements and time period specified in the PPGS. Such students must also complete all requirements specified in the PPGS and maintain a 3.0 (4.0) scale grade point average on each course attempted within the first nine hours of graduate work.

Students must complete all admission requirements prior to registering for any graduate courses. However, those students who are required to develop a PPGS due to deficiencies in academic skills may have additional time as specified in the PPGS to remediate those deficiencies. If the student fails to meet all admission requirements within the time specified in the PPGS, the student will be withdrawn from classes with no credit.

### **Counseling Program Guidelines**

1. **Required Hours.** Students enrolled in programs in Counseling and Psychology must complete 60% of required hours (excluding internship and/or practicum) at the site where internship and/or practicum are completed. (Required hours to be completed at internship/practicum location 60 hour program—10 courses; 48 hour programs-8 courses; 36 hour program-7 courses) Students should see their academic adviser for specific requirements.
2. **Internships/Practicum.** Students are required to complete supervised internship and practicum courses at the same campus.
3. **Comprehensive Examination.** Student must pass a written comprehensive examination for completion of counseling and psychology programs. For more detailed information,

please consult the *Counseling Programs Student Handbook*.

4. **Student Handbooks.** Students enrolled in Counseling programs are required to follow all policies, procedures, guidelines and regulations stated in the *Counseling Programs Student Handbook* and the *Practicum/Internship Handbook*. These two handbooks are common for all campuses. A third common handbook, *Supervisor's Manual*, is provided to professionals supervising practica and internships.
5. **Research Requirement.** Students enrolled in the Counseling and Psychology programs are required to take CP 6691 Research Methods only at Troy University. This course may not be substituted with another Troy University research course or one transferred from another university.

**Locations: Dothan, Montgomery, Phenix City, Troy**

The Rehabilitation Counseling program at Troy University is fully accredited by the Council on Rehabilitation Education (CORE) through 2017 ([www.core-rehab.org](http://www.core-rehab.org)). Students are admitted each semester. Those interested in applying should complete an application at [www.troy.edu/admissions](http://www.troy.edu/admissions). The Rehabilitation Counseling program was awarded the RSA Long Term Training Grant in 2005, 2010, and again in 2015. This grant makes scholarships available to Rehabilitation Counseling students who intend to work in a nonprofit rehabilitation setting. Any student interested in applying for the scholarship should contact his or her advisor for an application and further details on the scholarship.

Student outcomes are evaluated using common assignments in all required courses. In addition, students must complete a program midpoint evaluation and a final dispositions evaluation during their last internship. All student outcome evaluations are based on CORE standards and data is collected using LiveText. Students must also successfully pass a comprehensive exam prior to graduation. Students enrolled in the rehabilitation counseling program can opt to take the CPCE or CRC exam for their comprehensive exam.

The Rehabilitation Counseling program is offered on the Dothan, Montgomery, Phenix City and Troy campuses. There are six faculty members who are Certified Rehabilitation Counselors (CRC). As of Spring 2013, Troy University has 87 students (full and part time students combined) on the four campuses. Approximately 84% of the students are from underrepresented groups, including those with disabilities. In 2012, a total of 16 students graduated from the program. These graduates work in a variety of settings including state rehabilitation agencies (Alabama, Florida, and Georgia), the VA, and community rehabilitation programs.

Further information regarding enrollment, retention, graduation rate, and employment of students can be obtained from the program coordinator. In addition, Troy University publishes the Fact Book annually which gives enrollment and graduation rates for all programs at the university.

**Mission Statement:**

The mission of the Troy University Rehabilitation Counseling program is to prepare rehabilitation counselors to provide rehabilitation services designed to assist individuals with disabilities to achieve their maximum potential. In addition, services will be provided to rehabilitation agencies and programs, and research related to rehabilitation will be pursued. The Troy University program leads to a Master of Science degree with a specialty in Rehabilitation Counseling. Students may choose an emphasis area in either hearing or visual impairment. Upon graduation, students will have the basic foundational knowledge, skill and experiences necessary to enter the profession of rehabilitation counseling and practice as rehabilitation counselors.

**Objectives for Rehabilitation Counseling:**

To prepare master's-level rehabilitation counselors who

1. understand and follow the Code of Professional Ethics for Rehabilitation Counselors;
2. know the laws that affect individuals with disabilities and are able to advocate for the rights of those individuals;

3. understand the concept of choice, self-advocacy and self-determination, and promote these concepts throughout the rehabilitation process;
4. value the worth and dignity of all individuals and view individuals with disabilities as equal partners in the rehabilitation process;
5. demonstrate the ability to practice counseling techniques, job placement skills, and career strategies that will assist individuals with disabilities to develop the skills and competencies they need to function effectively in society; and
6. know the technology and accommodations that are available to provide individuals with disabilities access to work, leisure, and school activities.

To continuously update the Rehabilitation Counseling Specialty by

1. encouraging communication, feedback, and evaluation between faculty, students, and community resources to promote quality programmatic improvement;
2. providing a balanced curriculum of knowledge and skill development that is consistent with the requirements of the Council on Rehabilitation Education (CORE);
3. promoting research by students and faculty in the area of rehabilitation counseling; and
4. promoting participation in local, state and national professional rehabilitation and counseling associations.

## COLLEGE OF HEALTH & HUMAN SERVICES

The College of Health and Human Services provides quality education for professional practice in a variety of areas associated with health and human services. The college aspires to the highest standard of educational excellence blending a professional perspective with a liberal arts and science foundation.

The College is committed to the development of students who are knowledgeable, caring, responsive and self-directed. The college aspires to produce graduates who are self-directed individuals able to meet the health and human caring needs of a diverse and complex society through change, advocacy and leadership within their communities.

The College's School of Nursing offers graduate programs at the Master's and Doctoral levels. Graduate programs within the School of Nursing include a Master's of Nursing (MSN) in one of two tracks: Healthcare Informat-

ics and Nursing Leadership and Family Nurse Practitioner. For the nurse who already holds a MSN degree, post master's certificate options are offered in Family Nurse Practitioner and Healthcare Informatics and Nursing Leadership. The School of Nursing also offers post baccalaureate and post master entry options into the Doctor of Nursing Practice (DNP). Post baccalaureate DNP students may enter the Family Nurse Practitioner or Healthcare Informatics and Nursing Leadership track.

The College of Health and Human Service also offers through its School of Hospitality, Sport, and Tourism Management a Master of Science in Sport Management, Master of Science in Kinesiology, and a Doctor of Philosophy in Sport Management.

### MASTER OF SCIENCE IN NURSING (M.S.N.)

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

The Master of Science in Nursing Program is designed to provide graduates of baccalaureate programs in nursing the opportunity to develop the advanced knowledge and clinical skills required for leadership positions in nursing. The program prepares Nursing Informatics Specialists, Nurse Executives and Family Nurse Practitioners. Students are accepted for admission to the

MSN tracks every semester. Fall admission is recommended for students who wish to pursue full-time study. Post MSN certificate options are offered in Family Nurse Practitioner and Healthcare Informatics and Nursing Leadership. The MSN program is offered online with faculty based on the Troy, Montgomery, Dothan, and Phenix City campuses in Alabama.

The Master of Science in Nursing Family Practitioner (FNP) track is designed to prepare students to assess, diagnose, treat, and manage the healthcare needs of individuals across the life span who are culturally diverse and live in rural and urban areas. The program is offered online; however, there are a limited number of mandatory on campus requirements. Students complete clinical requirements in their locale.

The Master of Science in Nursing Healthcare Informatics and Nursing Leadership (HINL) track is designed to prepare students to meet the growing needs of a diverse and complex healthcare

system. Students will select one area of focus: Nursing Informatics or Nursing Leadership. Students are prepared with the knowledge and skills necessary to excel as nurse informatics specialists or nurse administrators. Courses are offered fully online and there are no on campus requirements for students in the Healthcare Informatics and Nursing Leadership track.

### MSN Student Learning Outcomes

Upon successful completion of the MSN degree the graduate will be able to achieve the following end-of-program student learning outcomes:

1. Incorporate advanced knowledge and theories from nursing and related disciplines to continually improve nursing care across diverse settings;
2. Integrate leadership, management and education principles into advanced nursing care that utilizes ethical and critical decision-making;
3. Apply the evolving standards and principles of quality improvement and safety for advanced nursing within a defined setting;
4. Evaluate research outcomes and current evidence in conjunction with culturally-appropriate, patient-centered care for the purpose of selectively integrating research findings into the practice setting;
5. Manage informatics and communication technologies to enhance, integrate, and coordinate appropriate patient care;
6. Develop interdisciplinary advocacy strategies to impact healthcare policy at the system level;
7. Communicate, collaborate and consult as a leader and member of intraprofessional and interprofessional teams for improvement of health care outcomes;
8. Integrate clinical prevention interventions for the provision of culturally responsive advanced nursing care to individuals and populations in a global society;
9. Demonstrate role competencies in a specialized area of advanced nursing practice at the master's level.

### Accreditation

The School of Nursing MSN Program is accredited by the Accreditation Commission for Education in Nursing, 3343 Peachtree Rd. NE, Suite 850, Atlanta, GA, 30326.

### Prerequisite Requirements

Candidates for admission must hold the baccalaureate degree in nursing.

### Admission Requirements

*Note: Meeting minimal admission requirements does not assure admission.*

- May 1 for Fall Semester
- October 1 for Spring Semester
- March 1 for Summer Semester

#### Unconditional Admission

1. Hold a baccalaureate degree in nursing (BSN) from a regionally accredited university and a nationally accredited nursing program (ACEN, NLNAC, CCNE, CNEA). Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.
2. Overall undergraduate grade point average (GPA) of 3.0 on a 4.0 scale, or 3.0 on a 4.0 scale in the nursing major;
3. Score of 396 or higher on the Miller's Analogy Test (MAT) or score of 290 on Graduate Record Exam (850 on the old exam) (verbal plus quantitative). GRE or MAT required for

every applicant;

4. Current unencumbered RN licensure;
5. Undergraduate health assessment course or the equivalent.
6. Two letters of professional reference;
7. Minimum of one year experience as a registered nurse is required for the Family Nurse Practitioner track.

#### Conditional Admission

1. Hold a baccalaureate degree in nursing (BSN) from a regionally accredited university and a nationally accredited nursing program (ACEN, NLNAC, CCNE, CNEA). Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.
2. Overall undergraduate GPA of 2.5 on a 4.0 scale or 2.5 on a 4.0 scale in the nursing major.
3. Score of 380 on the MAT or score of 277 on the GRE (650 on the old exam) (verbal plus quantitative). GRE or MAT required for every applicant.
4. One or more years of clinical experience as an RN; or graduate study without a graduate degree in nursing or another discipline, and a graduate GPA of 3.0 on a 4.0 scale.
5. Current unencumbered RN licensure.
6. Undergraduate health assessment course or the equivalent.
7. Two letters of professional reference.
8. Minimum of one year experience as a registered nurse is required for the Family Nurse Practitioner track.

Temporary admission is not applicable for Nursing Licensure Programs, this includes the MSN and DNP degrees.

A student admitted conditionally to the graduate nursing program must clear conditional admission after nine semester hours. The student must attain an overall GPA of 3.0 on a 4.0 scale. Students not satisfying conditional admission requirements will be dropped from the program for one calendar year, after which time the student may petition for readmission. *Note: To facilitate success in the program, a student admitted under conditional status should pursue a part-time course of study.*

#### Admission Requirements for Post-Masters Certificate Option

1. Graduate of a nationally accredited MSN Program (ACEN, NLNAC, CNEA, or CCNE).
2. Current unencumbered RN licensure in the state in which the student plans to have clinical experiences.
3. Two letters of professional reference.
4. Minimum of one year experience as a registered nurse.

#### Transfer Credit

A maximum of six semester hours taken at another regionally accredited institution of higher education with a "B" grade or better may be applied toward the degree. These courses must be comparable to Troy University courses and must be reviewed by the graduate nursing faculty who will make a recommendation to the Dean of the College of Health and Human Services and the Graduate Dean. For students completing the Master of Science in Nursing, all transfer credits used to satisfy degree requirements may not exceed five years at the time of the degree completion.

#### Degree Requirements

A student completing the coursework with a 3.0 or better GPA, fulfilling candidacy requirements, and successfully completing the required comprehensive examination requirement will be awarded the degree.

*NOTE: 1. Requirements for the MSN degree must be satisfied within five years of the initial enrollment for that degree.*

**NOTE 2.** Grades below “C” are not acceptable for meeting requirements for a subsequent course.

**NOTE 3.** Students must earn a grade of “B” or better in NSG 6691: Research and Evidence for Advanced Nursing Practice.

**NOTE 4.** Successful completion of NSG 6697: Scholarly Inquiry II meets the comprehensive examination requirement.

### Requirements for Students in Clinical Courses

All students must maintain RN licensure, current CPR certification, professional liability insurance, proof of annual physical examination and negative drug screen and a clear background check when enrolled in clinical nursing courses. Professional liability insurance is available through the School of Nursing. Students are responsible for their own medical care if needed in the clinical setting. Students are also responsible for personal transportation costs incurred during the program.

Students must meet Center for Disease Control (CDC) and Occupational Safety and Health Administration (OSHA) guidelines.

*Laboratory Fees for the MSN Program:*

NSG 6618, 6696, 6697	\$ 37.50
NSG 6613, 6666, 6668	\$ 67.50
NSG 6636, 6637, 6680	\$180.00

*Note: Fees subject to change annually*

## POST-MASTER’S CERTIFICATE OPTIONS

Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.

##### Mission Statement

The post-master’s certificate options provide lifelong learners with the opportunity to specialize in an area other than that obtained in their MSN program. An MSN degree is required. Those who complete the certificate option earn a certificate of completion, not another master’s degree, and are eligible to apply for the appropriate specialty certification exam.

##### Accreditation

The School of Nursing MSN Program is accredited by the Accreditation Commission for Education in Nursing, 3343 Peachtree Rd. NE, Suite 850, Atlanta, GA, 30326.

##### Admission Requirements

1. Graduate of nationally accredited MSN Program (ACEN, NLNAC, CNEA, or CCNE).
2. Current unencumbered RN licensure in the state in which the student plans to have clinical experiences.
3. Two letters of professional reference.

4. Minimum of one year experience as a registered nurse.

## Curriculum

### FAMILY NURSE PRACTITIONER CERTIFICATE

**Minimum Semesters: 5**

**Minimum Total Hours: 33 sh, 705 clinical clock hours**

The post-master's certificate option provides lifelong learners with the opportunity to specialize in an area other than that obtained in their Master of Science in Nursing (MSN) program. An MSN degree is required. Those who complete the certificate option earn a certificate of completion, not another master's degree, and are eligible to apply for the appropriate specialty certification exam.

The post-master's certificate in Family Nurse Practitioner Option consists of five semesters/11 courses offered by Troy University's School of Nursing and requires 33 semester hours and 705 clinical clock hours for completion. Students who begin in Fall semester can complete the FNP certificate option in five semesters. The program is open to graduate students who have completed an MSN program and meet the requirements. There are a limited number of mandatory on campus requirements. There is a certification exam available with completion of this certificate.

### HEALTHCARE INFORMATICS AND NURSING LEADERSHIP CERTIFICATE

**Minimum Semesters: 4**

**Minimum Total Hours: 23 sh, 480 clinical clock hours**

The post-master's certificate option provide lifelong learners with the opportunity to specialize in an area other than that obtained in their Master of Science in Nursing (MSN) program. An MSN degree is required. Those who complete the certificate option earn a certificate of completion, not another master's degree, and are eligible to apply for the appropriate specialty certification exam.

The post-master's certificate in Healthcare Informatics and Nursing Leadership Option consists of four semesters/7 courses offered by Troy University's School of Nursing and requires 23 semester hours and 480 clinical clock hours for completion. Students will be accepted into the program only in fall semester and can complete the program in two years or four semesters attending fall and spring semesters. The program is offered totally online and would be open to graduate students who have completed an MSN program and meet the requirements provided below for admission.

## DOCTOR OF NURSING PRACTICE (DNP)

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

The Doctor of Nursing Practice (DNP) is a terminal degree and prepares the graduate to provide the most advanced level of nursing care for individuals, families and communities. The objectives for the program are consistent with the American Association of Colleges of Nursing's (AACN) specifications for practice doctoral programs in nursing in accordance with The Essentials of Doctoral Education for Advanced Nursing Practice. Fall admission is recommended for students who wish to pursue full-time study.

Upon successful completion of the Doctor of Nursing Practice the graduate will be able to achieve the following end-of-program student learning outcomes:

1. Evaluate advanced knowledge and theories from nursing and related disciplines for advanced practice nursing at the highest level.
2. Design quality, cost effective and innovative nursing care models based on the knowledge of interrelationships among nursing, organizational, political, and economic sciences.
3. Incorporate systems engineering concepts to prevent and solve complex health care delivery problems.
4. Translate research to transform nursing practice and support evidence-based nursing practice for diverse patient populations and organizations.
5. Foster leadership for the advancement of interprofessional collaboration and integration of information and technology for quality improvements in patient care and healthcare systems.
6. Develop effective practice standards for managing ethical issues inherent in patient care, health care organizations and research.
7. Initiate changes in health care systems through the design and implementation of health policies that strengthen the health care delivery system.
8. Evaluate system responses to health and illness as a basis for clinical prevention and population health services in rural and urban settings within a global market.
9. Demonstrate role competencies in a specialized area of advanced practice nursing as a Doctor of Nursing Practice.

### Accreditation

The School of Nursing DNP Program is accredited by the Accreditation Commission for Education in Nursing, 3343 Peachtree Rd. NE, Suite 850, Atlanta, GA, 30326.

### Admission Requirements for the Doctor of Nursing Practice

Doctorate of Nursing Practice (DNP) students will be admitted only under unconditional admission status. Conditional admission is not available for DNP applicants.

Admission to the program will be limited to the number of

available spaces. To be considered for unconditional admission to the DNP program the applicant must:

Hold the required degree from a nationally-accredited program (ACEN, NLNAC, CCNE, CNEA). Applicants are admitted as:

- Post BSN candidates
  - Post MSN candidates
2. Earned a minimum cumulative GPA of 3.0 (4.0 scale) on all nursing coursework if post-baccalaureate applicant or on all graduate coursework if post-masters applicant.
  3. Submit an official transcripts for all post-secondary academic study
  4. Earn a minimum GRE score of 294. *Note: This requirement is waived for post-MSN applicants or those who hold a master's degree in a related field pending program coordinator approval.*
  5. Possess a current unencumbered license as a registered nurse in Alabama or in the state where clinical practice will occur.
  6. Submit two letters of professional reference that address academic ability, professional competence, and leadership potential in nursing.
  7. Complete a successful interview by the Nursing Graduate Admissions Committee
  8. Submit a 800 to 1000 word essay describing professional goals and how completion of the DNP program will enhance future roles and practice.
  9. Submit a Resume that includes education, work experience in nursing, research experiences, publications, presentations, community service, professional memberships and service.
  10. Possess a valid certification in advanced practice nursing from a nationally recognized credentialing body or be eligible to take a nationally recognized certification exam.  
*Note: This requirement applies only to post-MSN applicants.*
  11. Submit documentation of academic clinical hours. *Note: This requirement applies only to post-MSN applicants.*

Temporary admission is not applicable for Nursing Licensure Programs, this includes the MSN and DNP degrees.

#### **Clinical Hour Requirements for the Doctor of Nursing Practice**

DNP students must achieve a combined 1,000 clinical hours at the post-baccalaureate (MSN and DNP) level prior to graduating from the DNP program. If a student eligible for admission to the Post-Masters DNP program enters the program with fewer than 280 clinical hours, then the student is required to take the following course to achieve those hours:

NSG 8880 (1-3) semester hours Directed Professional Practicum

#### **Transfer Credit**

After DNP Coordinator evaluation of course syllabi, a maximum of 12 credit hours of coursework may be accepted from only an existing Master of Science in Nursing towards the DNP degree.

All students must maintain RN licensure, current CPR certification, professional liability insurance, proof of annual physical examination, negative drug screen and clear a background check when enrolled in clinical nursing courses. Professional liability insurance is available through the School of Nursing. Students are responsible for their own medical care if needed in the clinical setting. Students are also responsible for personal transportation costs incurred during the program.

Students must meet Centers for Disease Control (CDC) and Occupational Safety and Health Administration (OSHA) guidelines.

**Laboratory Fees for the DNP Program:**

NSG 6613, 6666, 6668	\$ 67.50
NSG 6636, 6637, 6680	\$180.00
NSG 8810, 8820, 8830, 8840	\$225.00

**Progression**

DNP students must achieve a grade of "B" or better in NSG 6691 Research Methodology (if BSN-DNP) and NSG 8812 Foundations of Evidence-Based Practice in order to meet Graduate School requirements.

Students who earn a grade of "C" or less in more than one 8000 level course must repeat the second course and achieve a grade of "B" or higher. If the course to be repeated is a prerequisite for a subsequent course, the student may not progress. If two grades of "C" are earned in the same semester, the DNP Program Coordinator will select the course to be repeated.

Graduate students may earn no more than six semester hours of grades below "B". Students who earn more than six semester hours of "C" grades or below are automatically academically suspended from the University for a period of one calendar year at which time the student may petition the Dean of the Graduate School for readmission.

**Competency Evaluations**

Prior to completing NSG 8820: Synthesis of Evidence Based Practice II: Project Development, the student must complete the Initial Competency Evaluation by successfully defending the DNP Synthesis Project Proposal. Prior to completing NSG 8840: Synthesis of Evidence Based Practice IV: Project Evaluation, the student must complete the Final Competency Evaluation by successfully defending the DNP Synthesis Project.

**Degree Requirements**

Graduation from the DNP program requires completion of a prescribed plan of study. Consistent with recommendations from the AACN, the DNP program requires three academic years for post-baccalaureate and two years for post-master's options. Therefore, the number of credits required for graduation from the DNP program will depend upon prior degree. All credits used to satisfy the degree requirements for the DNP must not exceed eight years at the time of degree completion.

**Graduation requirements include:**

- Completion of all prescribed coursework with a 3.0 GPA or better
- Submission of an approved comprehensive e-Portfolio
- Completion of a minimum of 1000 hours of graduate level clinical practice as part of a supervised academic program
- Successful completion of the Synthesis Project

**DNP Synthesis Project**

Doctor of Nursing Practice (DNP) students will identify, develop, implement, evaluate, and disseminate findings of a clinical project that has systems level impact for the improvement of healthcare outcomes for a population group within a specific nursing practice. Specific courses in the DNP curriculum guide the completion of this project.

**Transfer Credit**

A maximum of twelve semester hours taken at another regionally accredited institution of higher education with a "B" grade or better may be applied toward the degree. These courses must be comparable to Troy University courses and must be reviewed by the graduate nursing faculty who will make a recommendation to the Dean of Health and Human Services. For students completing the Doctorate of Nursing Practice, all transfer credits used to satisfy degree requirements may not exceed eight years at the time of the degree completion.

## MASTER OF SCIENCE IN KINESIOLOGY

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

The Master of Science (M.S.) degree in Kinesiology offers advance study in the science of human physical activity, particularly as movement, exercise, and sport applied to health promotion and disease prevention. The mission of the Kinesiology program is to advance the discovery, development, interpretation, dissemination, and application of knowledge that relates the study of human movement and physical activity to human well-being. As members of the American Kinesiology Association (AKA), Society of Physical Educators (SHAPE), American College of Sports Medicine (ACSM), and the North American Society for Psychology of Sport and Physical Activity (NASPSPA). The Faculty at Troy University are committed to the process of learning in order to better prepare students entering the various fields of human movement.

This degree is ideal for:

- Students who wish to continue their education in a doctoral program.
- Students who wish to continue their education in a professional school such as medicine, physical therapy, occupational therapy, etc.
- Certified physical/health education teachers who wish to further their education in human movement.
- Sport coaches who wish to continue their education to better prepare them for high school, collegiate or professional coaching.

### Prerequisite Requirements

Candidates for admission must hold a baccalaureate degree in Kinesiology or related field.

### Admission Requirements

#### Unconditional Admission

1. Applicants must have a baccalaureate degree from a regionally accredited four-year institution. Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.
2. Applicants must achieve a score of 385 or higher on the Miller Analogies Test or a score of 295 or higher on the Graduate Record Examination (850 on the old exam) (verbal and quantitative).
3. Applicants must have an overall grade point average of 2.75 on a 4.0 scale with the last 30 hours being at least a 3.0 GPA.
4. Applicants must also submit a statement of purpose letter.

#### Conditional Admission

1. Students not satisfying the unconditional admission requirements may be conditionally admitted to the program pending satisfactory completion of the first 9 semester hours with a 3.0 grade point average. Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.
2. Students not satisfying conditional admission requirements will be dropped from the program for one calendar year, after which time the student must petition for readmission.

#### Transfer Credit

A maximum of 12 semester hours taken at another regionally accredited institution of higher learning, with a grade of "B" or better, can be applied toward the degree. These courses must be comparable to Troy University's courses and must be approved by the KHP graduate faculty.

#### Degree Requirements

Successful completion of the courses listed below with an overall grade point average of 3.0 or better and successful completion of the required comprehensive examination is necessary to fulfill requirements for the degree. If a student makes a "D" or "F" in a core or concentration course, the course must be retaken. If the student earns a "D" or "F" in an elective course, the course may be retaken, or another elective taken in its place. The student can satisfy the research component requirement by successfully completing KHP 6617 and KHP 6691 with a grade of "B" or better.

#### Options

The M.S. is offered with a choice between a thesis and a non-thesis option.

#### Thesis Option

The M.S. with a thesis is for those who wish to engage in research and are considering or planning on pursuing a Ph.D. (Many Ph.D. programs require completion of a master's thesis.). The thesis track student will not take the graduate comprehensive examination.

#### Non-thesis Option

This option prepares people for professional jobs by equipping them with knowledge of and providing them with an appreciation for the research process, so they can be a consumer of research. Students are required to complete an internship in their field of interest. The non-thesis track student will also take the graduate comprehensive examination.

Students may choose one of the two areas of emphasis:

- Coaching
- Exercise Science

## MASTER OF SCIENCE IN SPORT MANAGEMENT

---

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

The Sport Management program is designed to provide the graduate with the knowledge, skills, and attitudes to engage in the practice of management in a variety of settings. The goals and objectives of the program are guided by, but are not limited to, the criteria and guidelines set forth in the Standards for an Accredited Educational Program by the Commission on Sport Management Accreditation.

Students are provided with classroom, laboratory and clinical experiences to accomplish these objectives. Students are evaluated on their progress in meeting the above objectives throughout the program. Opportunities and evaluations are provided for actual participation in professional clinical sites including athletic, sport and club fitness, coaching facilities, rehabilitation facilities and community settings in the practice of Sport and Fitness Management.

**Expected Program Outcomes:**

The program aims to provide a broad-based, comprehensive curriculum, with an emphasis on interdisciplinary collaboration that prepares a sport manager practitioner to

1. direct an individual's participation in selected clinical opportunities aimed at reinforcing and enhancing performance; facilitate learning of those skills and functions essential for productivity, thus the individual will be able to better communicate effectively with clients, subordinates and the public;
2. provide services to improve function to prevent deficits in activities of daily living, work, play/leisure, and in the underlying performance of managing to ensure quality of services and effectiveness of the program; and
3. function in a variety of roles including direct managing provider, consultant, case manager, educator, administrator, researcher and advocate in a variety of sport management delivery models and systems where sport and fitness management is traditionally practiced and in emerging areas of local community, state, regional, national and international arenas.

**Expected Student Outcomes:**

Upon successful completion of the SFM program, the student will be able to

1. plan, develop, implement and evaluate programs of service designed to meet local community, state, regional, national and international needs;
2. administer and manage a sport and fitness management service;
3. articulate and apply sport and fitness management principles, intervention approaches, rationales, and expected outcomes of service;
4. be innovators and leaders in the profession, applying sport management knowledge to the solution of complex sport managerial issues and health problems;
5. demonstrate an attitude of inquiry and nurture the capacity for creative thinking, critical analysis and problem solving; to interpret research studies and to apply research results to sport management practice; and to contribute to the advancement and dissemination of research and knowledge in the behavioral science.

---

**Prerequisite Requirements**

---

Candidates for admission must hold a baccalaureate degree in sport management or related field.

---

**Admission Requirements for the Master of Science in Sport Management**

---

**Unconditional Admission**

1. Applicants must have a baccalaureate degree from a regionally accredited four-year institution. Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.
2. Applicants must have an overall grade point average of 2.5 on a four-point scale.

**Conditional Admission**

Conditional Admission does not apply to this program.

**Transfer Credit**

A maximum of 12 semester hours taken at another regionally accredited institution of higher learning, with a grade of "B" or better, can be applied toward the degree. These courses must be comparable to Troy University's courses and must be approved by the SM graduate faculty.

**Degree Requirements**

Successful completion of the courses listed below with an overall grade point average of 3.0 or better and successful completion of the required comprehensive examination is necessary to fulfill requirements for the degree. If a student makes a "D" or "F" in a core or concentration course, the course must be retaken. ## DOCTOR OF PHILOSOPHY (PH.D.) IN SPORT MANAGEMENT

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

**Purpose**

The Doctor of Philosophy (Ph.D.) in Sport Management is a terminal degree focusing on student comprehension and interpretation of contemporary, theoretical and applied studies within the field of Sport Management. The mission of the program is to prepare the graduate with a broad range of sport management-related positions to include, but not limited to higher education, research, professional or amateur athletics, and professional sport industry.

**Expected Program Outcomes**

The program aims to provide a comprehensive curriculum with an area of specialization to prepare a sport manager practitioner or academician to:

1. Demonstrate the ability to conduct research related to the sport industry.
2. Analyze, evaluate, and implement solutions to complex sport issues, to prepare innovators and leaders in the field of sport management.
3. Support the dissemination of scholarly and practical research and knowledge in the behavioral sciences.
4. Demonstrate teaching and research skills needed for success in professional sport management roles.

**Expected Student Outcomes**

Upon successful completion of the Ph.D. in Sport Management the graduate will be able to:

1. Recall knowledge from core and specialized areas of study in the curriculum.

2. Identify essential teaching strategies necessary for success in the sport management education environment.
3. Effectively express complex concepts both orally and in writing.
4. Interpret research studies and apply research results to sport management practices.
5. Apply sport management knowledge to the solution of complex sport management issues, with demonstration of sensitivity to crucial, controversial sport issues.
6. Analyze and apply sport management principles, approaches, rationales, and expected outcomes of service.
7. Organize and plan programs of service designed to meet local, state, regional, national, and/or international needs.
8. Prepare research within the field of sport management for presentations and purposes.

## Admissions

The applicant must submit an application to the Troy University Graduate School. No pre-requisites will be required for admission other than the applicant must have attained a Master's degree from a regionally accredited institution of higher education. In order to be given full consideration, all requested materials must be received by the deadlines listed below:

### Application Deadlines (Preferred Application Dates):

Fall Admission for U.S. citizens:	February 1
Fall Admission for non U.S. citizens:	December 1
Spring Admission for U.S. citizens:	September 1
Spring Admission for non U.S. citizens:	July 1

### **Admission Examination Requirements**

1. TOEFL scores are required for all international students; this requirement is waived if the student has earned a bachelor's or master's degree from a regionally accredited U.S. institution. Students scoring 70 or higher on the Internet-based TOEFL Test, 193 or higher on the Computer-based Test, and a 523 or higher on the Paper-based TOEFL Test will be given full consideration for admission into the Doctoral Program.

2. Official scores from nationally standardized aptitude examinations, such as the Graduate Record Examination (GRE), Miller's Analogy Test (MAT), General Management Admissions Test (GMAT), or Law School Admissions Test (LSAT) must be submitted at the time of application. All entrance exams must have taken place within 5 years of submission to the program. Minimum scores are presented below.

MAT	=399 total score
GMAT	=540 total score (verbal and quantitative)
LSAT	=157-158 total score
GRE	=304 [Revised GRE (verbal and quantitative only)] OR 1000 or higher [non-revised GRE (verbal and quantitative score only)]

3. The applicant must submit the following materials to the Troy University Graduate School:

1. Troy University Graduate School Application Form
2. One official transcript per each institution of higher education ever attended.
3. Three (3) Letters of Reference

The letters of reference must address the applicant's readiness to enroll in a doctoral program. It is recommended that such individuals be previous undergraduate or graduate professors, advisors or others who can substantiate the applicant's academic preparation for admittance to a doctoral

program.

#### 4. Statement of Intent.

A. Include details of your rationale for pursuing a Ph.D. in Sport Management.

B. Include details regarding your career and research interests.

C. Identify 2-3 TROY Sport Management doctoral faculty members that you are interested in working with. A list of doctoral directive faculty members and their curriculum vitae indicating their research areas may be viewed at [trojan.troy.edu/hstm](http://trojan.troy.edu/hstm).

#### 5. Writing Sample

The goal of the writing sample is to measure the applicant's ability to write clearly and succinctly in an academic fashion. The writing sample will assist the Doctoral Admissions Committee in evaluating the applicant's research, writing, analytical and problem-solving skills. The writing sample may include a thesis completed by the student or a significant research paper, preferably written at the graduate level, and solely by the applicant. The paper must be double spaced, 12 point, Times New Roman font with 1 inch margins on all sides. It is recommended that the writing sample follow the American Psychological Association (APA) style. However, other writing styles, including but not limited to Chicago, Modern Language Association (MLA), AMA Manual or other accepted research writing styles, will be considered.

The Doctoral Admissions Committee will evaluate the writing sample based on the following criteria: 1) Writing Development and Critical Thinking – ability to articulate the primary concept and inform the reader of its focus; 2) Organization and Structure - development of the topic to include fluid transitions; 3) Paragraph Development - use of transitions and language within each paragraph.; 4) Mechanics – appropriate spelling, grammar, and punctuation; and 5) Use of Writing Style – Although all classes and dissertation will employ the APA format, the Committee will review the sample for appropriate use of other acceptable academic research writing style such as cited in the previous paragraph.

**NOTE:** The writing sample could also include accepted or published research that the applicant has been sole or co-author of a research project. The applicant must submit a pdf of the paper or a link as proof of publication.

#### 6. Resume or Curriculum Vitae

## Doctoral Admissions Committee

The Doctoral Admissions Committee will be composed of all Sport Management faculty members with doctoral directive status. Once all of the application information has been received from the Graduate School, the Sport Management Doctoral Admissions Committee will review all eligible applicants. After the committee considers all aspects of the admission process, it will make a recommendation regarding an applicant's admission into the Ph.D. in Sport Management Program. After a decision has been made, applicants will be notified of their status.

Only those faculty members with doctoral directive status will be able to serve as a dissertation chair. All applicants are strongly encouraged to read about the backgrounds and interests of doctoral directive faculty members as [www.troy.edu/hstm](http://www.troy.edu/hstm).

## Doctoral Teaching Assistantships

Students who are fully admitted to the Doctor of Philosophy in Sport Management program may apply for a doctoral teaching assistantship offered on the Troy, Alabama campus. All Doctoral directive status faculty members will vote on the DTA applicants.

If further discussion is needed, then interviews will be scheduled for the DTA applicants with the undergraduate program coordinator and the Ph.D. coordinator. Consult the Director of the Ph.D. in Sport Management Program for more details.

### **Transfer of Credit**

The Ph.D. degree in Sport Management at Troy University requires a minimum of 90 credits beyond a baccalaureate degree. In order to satisfy the 90 credits past a baccalaureate degree, no more than 30 credits of a Master's or juris doctorate (J.D.) degree from another regionally accredited institution of higher education will be recognized. As such, the student must complete a minimum of 60 credit hours in the Sport Management doctoral program at Troy University.

### **Conditions for Transfer Credit from another Sport Management doctoral program:**

1. Students must complete the admissions application packet as described previously
2. A maximum of 16 credits from another Sport Management doctoral program will be allowed to transfer to the Troy University Sport Management Sport doctoral program
3. All transfer courses must be comparable to Troy University's graduate courses and must be approved by the admissions committee

### **Entrance into the Program**

All students accepted into the Ph.D. in Sport Management program are required to complete a new student orientation. The new student orientation may take the form of visiting the Troy campus or via virtual orientation. Students must meet with their major advisors routinely, preferably using technology such as but not limited to Skype, WebX or Jigsaw that permits visualization of the parties, to discuss progress towards the degree. The primary research faculty member usually assumes the role of major academic advisor and Chair of the Comprehensive Examination and Dissertation Committees. Students and their committee chairs are responsible of organizing the Comprehensive examinations as well as the dissertation proposal and defense dates.

### **Time to Complete Degree**

Consistent with other terminal degree programs at TROY, the Sport Management doctoral student will have a maximum time for degree completion of eight years, inclusive of completing dissertation requirements. However, it is important to note that a full-time student (i.e., taking 6 credits per term) may be able to complete coursework in two (2) years. Additionally, dissertation may require 1-2 years to fully complete. **As a result, students can finish the program in as little as three (3) years).**

### **Doctoral Student Evaluation**

At least once per academic year all faculty with doctoral directive status and graduate faculty teaching in the doctoral program will meet to discuss and evaluate the progress of all doctoral students in the program. This evaluation is designed to assist the doctoral student in successfully completing the program on a timely basis. The results of the evaluations will be distributed to the students by the coordinator of the doctoral program in a timely manner.

### **Comprehensive Examinations**

Sport Management doctoral students are required to suc-

cessfully complete a written and oral comprehensive examination prior to generating a dissertation proposal and subsequent research study. The purpose of the comprehensive exam is to provide the doctoral candidate the opportunity to demonstrate a degree of mastery related to the salient concepts, theories, and practices pertaining to the discipline of Sport Management. The doctoral student will be provided an opportunity to demonstrate an understanding of research methodologies, including statistical methodology.

### **Timeframe for the Comprehensive Examination**

The comprehensive exam may be taken in the last term of class enrollment but not any later than the end of three subsequent terms, unless extenuating circumstances arise and approved by the committee chair. For example, should students complete their final classwork during term 2, they may elect to take the comprehensive exam in term 2 but no later than the end of term 5 unless extenuating circumstances arise.

### **Applying for the Comprehensive Examination**

Students must inform their major advisor of their intent to take Comprehensive Exam in ample time to permit the development of the examination questions and for the preparation of the student for those questions. All students must submit a Doctoral Comprehensive Exam Application and receive approval from their major advisor, who generally serves as the comprehensive exam committee chair, at least two (2) weeks before the exam is given.

### **Preparing for the Comprehensive Examination**

The comprehensive exam is a collaborative process between the student and the comprehensive exam committee chair, with participation by other selected members of the comprehensive exam committee. Students will meet with their respective Comprehensive Examination Committee Chair to discuss components of the exam and resources to assist them in responding to the questions. Contact by the student with other committee members is recommended. Each member, including the chair, of the examination committee will prepare and evaluate questions within the areas of their expertise, including at least one section for research and statistics.

### **Taking the Comprehensive Examination**

The sport management comprehensive exam will be offered in three ways: take-home only, proctored only, or combination of take-home and proctored exams. The comprehensive examination committee will determine the dates of the exam and the timeframe for the students to return their responses. Both the exam and response return dates will be provided to the student well in advance of taking the exam to minimize interference of external entities (i.e., jobs, family issues, etc...). The chair of the comprehensive examination will oversee the administration of the comprehensive exams including the distribution of the written exam to the student, collection of the responses, dissemination of the answers to the other members of the comprehensive examination committee and scheduling the oral examination.

### **Written Examination**

The written portion of the comprehensive examination will evaluate a student's mastery in the discipline of sport management. Students will be assessed in three areas: research/statistics, doctoral core, and the student's cognate area. The student must return the exam to the committee chair by the assigned date and time. Unless the student notifies the committee chair of extenuating circumstances and such circumstances are approved by the committee, failure to do so may result in the student being terminated from the program.

### **Oral Examination**

Once a student has completed the written portion of the comprehensive exam, an oral examination with the student's Comprehensive Examination Committee will be scheduled. The oral examina-

tion must be conducted in such a manner (i.e. Skype, Jigsaw, or other acceptable technological means) that there is visualization between all involved parties. Performance on both the written and oral components of the exam must be acceptable to the comprehensive examination committee for the student to receive a passing grade.

### **Evaluating the Comprehensive Examination**

The written examination will be read and evaluated by all members of the student's comprehensive exam committee. Generally, one week after the written examination the comprehensive exam committee will meet with the student for an oral component of the exam. **NOTE: each question must be scored by at least three members of the committee.** Except for allowed substitutions, all members of the examination committee must be present with the student at the oral part. Performance on both the written and oral components of the exam must be acceptable to the comprehensive examination committee. At this time, the examination committee is responsible for deciding whether the student is qualified to be admitted to doctoral candidacy.

After completing the written and oral examination, the committee will score the exam in the following manner:

**Pass with Distinction:** All of the committee members agree that the student responded to all parts of the examination in an outstanding manner.

**Pass:** The majority of the committee members agree student responded to the majority parts of the examination in an acceptable manner. However, in case of a tie, either the Dean or Associate Dean of the College of Health and Human Services will be asked to read and evaluate the exam.

**Fail Retake Permitted:** At least three of the committee members agree that the student failed to respond in an acceptable manner to more than one of the sections asked and this is the first time the exam has been taken. Under such circumstances, the exam cannot be retaken until the next semester. The student will be required to be enrolled in at least one credit hour for the semester the exam will be taken for the second time. While the committee members will remain the same, the questions asked may be different. The student will not be allowed to propose a doctoral dissertation until the exam is passed. Additionally, if the committee members agree that the student failed to respond in an acceptable manner in the second exam, the student's program will be terminated. Retaking the comprehensive final will be permitted only once.

**Fail:** All of the committee members agree that the student failed to respond in an acceptable manner to more than one of the parts asked, no retake will be permitted, and the student's program is terminated.

### **Reporting Results of the Comprehensive Doctoral Examination**

1. Only after the Committee reaches a decision on the results of the Comprehensive Exam should students be notified. Typically this should occur within about three weeks of the examination date.
2. The comprehensive examination committee chair will be responsible for notifying students of the examination results in a timely manner. Other Committee members should treat all exam information in the strictest confidence.
3. After a student successfully completes the written and oral components of the comprehensive examination, the comprehensive examination committee chair will be responsible for notifying the Troy University Dean of the Graduate School.

### **Admission to Doctoral Candidacy**

Students seeking to enter Doctoral Candidacy must have:

1. Completed all coursework with a GPA of 3.0 or higher; and
2. Passed the comprehensive exams

### **Dissertation Proposal**

The members of the Dissertation Advisory Committee should be appointed as soon as possible after the student has begun doctoral work, and in general, no later than the end of 18 hours or three terms into the program. The proposal is a document that formally presents the student's written description of the projected doctoral dissertation. The dissertation advisory committee is responsible for reviewing the proposal to determine the feasibility of the project. The committee's approval endorses the research plan and indicates the committee supports initiating or continuing the dissertation project. Generally, the proposal should be submitted to, and approved by, the Dissertation Advisory Committee as soon as the student has successfully passed their comprehensive examination but no more than three terms thereafter.

The dissertation committee for a candidate for the doctoral degree shall consist of no fewer than three but no more than four members selected from individuals with full-time Graduate Faculty status at Troy University. At least two persons (including the chairperson) must be from the School of Hospitality, Sport, and Tourism Management and one member may be selected from a different academic, yet related, discipline. If a third member cannot be located on the Troy University campus, a faculty member from another campus may be invited to serve on the dissertation committee. Such a faculty member must hold a full-time Graduate Faculty status at the home institution and must be approved by the other members of the Dissertation Committee and be acknowledged by the Dean of the Graduate School at Troy University.

### **Writing the Dissertation**

The dissertation proposal indicates the student's commitment to the dissertation advisory committee to complete the proposed project in a reasonable timeframe, generally a year or more. The most recent edition of the American Psychological Association (APA) will be the only writing style accepted in writing the dissertation. Additionally, a 12 point font Times New Roman font should be used consistently throughout the document. The student is encouraged to review the dissertation guidelines on the Troy University Graduate school website for further information.

The drafts of the dissertation will only be reviewed by all members of the dissertation committee. Feedback and suggestions from the dissertation committee members should be incorporated until the draft is considered acceptable by all members of the committee. The student should anticipate review by the dissertation committee and the incorporation of feedback to consume approximately two to three weeks.

Students must be continuously enrolled for a minimum of 1 credit hour in Dissertation (SFM 8860) per term during and including the semester in which they successfully defend their dissertation. Dissertation credit hours may exceed but may not be less than the minimum of 18 term hours. For example, if students attain 18 dissertation credits but do not successfully defend their dissertation, they will be required to enroll in at least one credit hour of in Dissertation (SFM 8860) until they successfully defend their dissertation. If a student fails to maintain the continuous enrollment requirement he or she may be required to undergo re-admittance into the Ph.D. program.

### Dissertation Defense

The defense provides the candidate with an opportunity to address the components of the dissertation such as the introduction, importance of the study, methodology, results, and discussion/conclusion. The work must be of publishable quality using the Graduate School's format requirements. To complete their degree, each doctoral candidate is required to prepare, present, and orally defend a dissertation that shows independent investigation. Upon completion of the dissertation, the student must successfully complete an oral defense pertaining to the dissertation research.

When the dissertation has been approved by all members of the Dissertation committee, the student with the approval of the Dissertation chair will determine the date, time, and site of the oral Dissertation defense. All members of the defense committee must receive a copy of the candidate's dissertation at least two weeks prior to the scheduled defense. If the student does not pass the oral dissertation defense, a subsequent oral defense may be scheduled at the discretion of the Dissertation chair. Only after the student has successfully defended the dissertation will the members of the dissertation committee sign the Dissertation Acceptance Page(s). The dissertation chair will notify the Dean of the Graduate School at least one week in advance of the scheduled oral Dissertation defense. **The oral Dissertation defense must occur at least four weeks before the intended date of graduation/commencement.** Due to distance constraints, if the student cannot physically be on the Troy campus for the dissertation defense, the student is responsible to arrange technology such as Skype, WebX or Jigsaw, per the dissertation committee approval, for the dissertation defense.

### After Dissertation Defense

Dissertations must be written in English and must be acceptable in form and content to present to the Dissertation Committee and to the Graduate School. The work must be of publishable quality and must be in a form suitable for publication, using the Graduate Schools' format requirements. The Dissertation must be reviewed by the Graduate School for adherence to Dissertation formatting requirements (Appendix C in the Dissertation Guidelines). The student must submit a flawless copy printed on regular paper to the Graduate School (Adams Administration Building, Room 011, Troy campus) for format review. The appropriate number of "Dissertation Acceptance Pages" and "Human and Animal Review Forms" printed on bonded paper with appropriate original signatures should be submitted along with Dissertation. The Dissertation and other required pages are to be submitted in a "10 x 13" heavy manila envelope with a copy of the title page adhered to the front of the manila envelope. The last date a fully approved Dissertation may be submitted to the Dean of the Graduate School is three (3) full weeks prior to the date of graduation. **THIS DEADLINE IS NOT NEGOTIABLE.**

The student is responsible for checking the University academic calendar for relevant deadlines for commencement for the semester in which he or she plans to graduate ([troy.edu/records/graduation/graduationinformation.html](http://troy.edu/records/graduation/graduationinformation.html)).

### Plagiarism

The awarding of a university degree attests that an individual has demonstrated mastery of a significant body of knowledge and skills of substantive value to society. Any type of dishonesty in securing those credentials therefore invites serious sanctions, up to and including suspension and expulsion (see Standard of Conduct in each TROY *Catalog*). Examples of dishonesty include actual or attempted cheating, plagiarism\*, or knowingly furnishing false information to any university employee.

\*Plagiarism is defined as submitting anything for credit in one course that has already been submitted for credit in another course, or copying any part of someone else's intellectual work – their ideas and/or words – published or unpublished, including that of other students, and portraying it as one's own. Proper quoting,

using strict APA formatting, is required.

**Plagiarism is a very serious offense that Troy University does not tolerate. Evidence of plagiarism may prevent granting of a degree.**

### Academic Suspension

Graduate students may earn no more than six term hours of grades below "B". Students who earn more than six term hours of "C" grades or below are automatically academically suspended from the University for a period of one calendar year, at which time the student may petition the Dean of the Graduate School for readmission.

Conditionally admitted students who do not attain a 3.0 grade point average (4.0 scale) at the completion of six term hours will be academically suspended from the University for a period of one calendar year at which time the student may petition the Dean of the Graduate School for readmission.

Students who are academically suspended are prohibited from attending the Graduate School or any academic level of the University for a period of one calendar year. Any courses taken at another university during the time of academic suspension will not be accepted for credit.

Further information may be found in the Troy University catalog at <http://trojan.troy.edu/catalogs/1415graduate/pdf/documents/General-Information.pdf>.

### Readmission

For any student seeking readmission into the program, he or she must meet all degree requirements current at the time of readmission. Further information regarding readmission procedures may be found in the Troy University catalog at <http://trojan.troy.edu/catalogs/1415graduate/pdf/documents/General-Information.pdf>

### Doctoral Program Completion Requirements

All students will be required to take and achieve a minimum grade of "B" in each of the following doctoral core classes:

<b>Doctoral Core</b>		<b>(15 sh)</b>
SFM 8812	3	Seminar in Sport Marketing
SFM 8814	3	Seminar in Sport Finance
SFM 8816	3	Seminar in Organizational Behavior and Leadership
SFM 8820	3	Seminar in Legal Aspects of Sport
SFM 8822	3	Seminar in Sport Management Pedagogy

### Research and Statistics Requirements (15 sh)

All students will be required to take and achieve a minimum grade of "B" in each of the following research and statistics courses:

SFM 8803	3	Research Methods for Doctoral Students
SFM 8810	3	Seminar in Applied Statistics in Sport Management
SFM 8835	3	Seminar in Advanced Statistics in Sport Management

The student, in consultation with the major advisor, must select a minimum of six hours of advisor approved electives of research courses

### Cognate Area Requirements (12 sh)

The cognate area represents the area of specialization that the student wishes to pursue. In consultation and with approval of the major advisor, the student will select four graduate level

classes to fulfill the 12 credit cognate area requirement. Cognate areas may include, but are not limited to, Sport Organization Behavior/Theory; Sport Marketing, Sport Finance, Legal Aspects of Sport, Athletic Administration, Sport Communication, or Sport Tourism.

### **Comprehensive Examination (0 sh)**

Students must take and receive an acceptable evaluation from their comprehensive examination committee before they may begin the dissertation research project.

## **MASTER OF SOCIAL WORK**

**Students should consult the General Regulations section of the Graduate Catalog for additional information regarding Graduate School admission requirements, transfer credit, and other critical policies and procedures.**

The Troy University Master in Social Work Program derives its mission from the University's goal of preparing students to demonstrate competence in their chosen field and to encourage excellence in student learning. The purpose of the Master in Social Work Program is to prepare students for advanced social work practice. The Program is dedicated to enhancing the quality of life beginning with, and progressing through, the individual system and increasingly complex levels of social organization. The basic aim is to prepare the graduate with advanced social work knowledge, values, and skills to practice within the context of a diverse, multicultural, global, and technologically oriented society. Teaching, learning, and service are exercised in an atmosphere that prizes and upholds the traditions, values, and ethics of the social work profession.

### **Accreditation Statement**

The Master in Social Work Program is accredited by the Council on Social Work Education (CSWE) and program graduates will be eligible to sit for the social work examination. Social work licensure is required in the state of Alabama for those in the practice of social work.

### **Objectives**

The Master in Social Work derives the program's objectives in accordance with the Council on Social Work Education Educational Policy Handbook. Students will be able to:

#### **1. Identify as a professional social worker and conduct oneself accordingly.**

Social workers serve as representatives of the profession, its mission, and its core values. They know the profession's history. Social workers commit themselves to the profession's enhancement and to their own professional conduct and growth.

#### **2. Apply social work ethical principles to guide professional practice.**

Social workers have an obligation to conduct themselves ethically and to engage in ethical decision-making. Social workers are knowledgeable about the value base of the profession, its ethical standards, and relevant law.

#### **3. Apply critical thinking to inform and communicate professional judgments.**

Social workers are knowledgeable about the principles of logic, scientific inquiry, and reasoned discernment. They use critical thinking augmented by creativity and curiosity. Critical thinking also requires the synthesis and communication of relevant information.

#### **4. Engage diversity and difference in practice.**

Social workers understand how diversity characterizes and shapes the human experience and is critical to the formation of identity. The dimensions of diversity are understood as the intersectionality of multiple factors including age, class, color, culture, disability, ethnicity, gender, gender identity and expression, immigration status, political ideology, race, religion, sex, and sexual orientation.

#### **5. Advance human rights and social and economic justice.**

Each person, regardless of position in society, has basic human rights, such as freedom, safety, privacy, an adequate standard of living, health care, and education. Social workers recognize the global interconnections of oppression and are knowledgeable about theories of justice and strategies to promote human and civil rights. Social work incorporates social justice practices in organizations, institutions, and society to ensure that these basic human rights are distributed equitably and without prejudice.

#### **6. Engage in research-informed practice and practice-informed research.**

Social workers use practice experience to inform research, employ evidence-based interventions, evaluate their own practice, and use research findings to improve practice, policy, and social service delivery. Social workers comprehend quantitative and qualitative research and understand scientific and ethical approaches to building knowledge.

#### **7. Apply knowledge of human behavior and the social environment.**

Social workers are knowledgeable about human behavior across the life course; the range of social systems in which people live; and the ways social systems promote or deter people in maintaining or achieving health and well-being. Social workers apply theories and knowledge from the liberal arts to understand biological, social, cultural, psychological, and spiritual development.

#### **8. Engage in policy practice to advance social and economic well-being and to deliver effective social work services.**

Social work practitioners understand that policy affects service delivery, and they actively engage in policy practice. Social workers know the history and current structures of social policies and services; the role of policy in service delivery; and the role of practice in policy development.

#### **9. Respond to contexts that shape practice.**

Social workers are informed, resourceful, and proactive in responding to evolving organizational, community, and societal contexts at all levels of practice. Social workers recognize that the context of practice is dynamic, and use knowledge and skill to respond proactively.

#### **10. Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.**

Professional practice involves the dynamic and interactive processes of engagement, assessment, intervention, and evaluation at multiple levels. Social workers have the knowledge and skills to practice with individuals, families, groups, organizations, and communities. Practice knowledge includes: identifying, analyzing, and implementing evidence-based interventions designed to achieve client goals; using research and technological advances; evaluating program outcomes and practice effectiveness; developing, analyzing, advocating, and providing leadership for policies and services; and promoting social and economic justice.

#### **11. Engage in Advanced Practice.**

Synthesize and apply a broad range of interdisciplinary and multidisciplinary knowledge and skills. In areas of specialization, advanced practitioners assess, intervene, and evaluate to promote human and social well-being. To do so they suit each action to the circumstances at hand, using the discrimination learned through experience and self-improvement. Advanced practice incorporates all of the core competencies augmented by knowledge and practice behaviors specific to a concentration.

#### **12. Engage in Field Education.**

Social workers apply the theoretical and conceptual contribution of the classroom with the practical world of the practice setting. It is a basic precept of social work education that the two interrelated components of curriculum—classroom and field—are of equal importance within the curriculum, and each contributes to the development of the requisite competencies of professional practice. Field education is systematic

cally designed, supervised, coordinated, and evaluated based on criteria by which students demonstrate the achievement of program competencies.

### **Program Eligibility**

All students must be admitted to Troy University Graduate School. There is not a conditional admission based on grade point average. All students holding an earned baccalaureate degree from a college or university accredited by a recognized regional accrediting association are eligible for application to the **Two Year** (60) hour program. Students must have a 2.5 (4.0 scale) or a 3.0 grade point average on the last 30 semester hours taken.

Students holding a Bachelor's degree in Social Work (BSW) from a CSWE accredited program and have a 3.0 grade point average in the last 30 semester hours of Social Work course work are eligible to apply for Advanced Standing. Advanced Standing applicants may receive a MSW upon successful completion of 30 semester hours of Concentration Curriculum. The Director of the MSW Program is responsible for determining academic eligibility for Advanced Standing Placement. The Director is also responsible for answering questions related to academic credit applied to the degree program in adherence to accreditation and policy standards.

In addition to the grade point average requirements, students must take the GRE or MAT. The GRE acceptable score is 850 combined (old) or 290 combined (new). The MAT acceptable score is 385. There is a conditional admission only because of a low test score. Students admitted conditionally only because of a low test score will be granted unconditional admission after the completion of nine (9) semester hours provided they have maintained a 3.0 grade point average on all graduate work attempted. There is not a requirement to retake the test once the academic requirement is met.

An additional requirement of being able to complete the MSW Program is the production of a current (within 30 days) criminal background check for Foundation and Concentration Practicum. Providing the background check does not guarantee acceptance into a Practicum setting or eligibility to sit for licensure. Students applying to this program should be aware of the potential ramifications of a positive criminal background check and the potential of not being able to complete this program. Ongoing participation requires the continual development and demonstration of the highest standards of ethical, interpersonal, and professional engagement.

### **Program Initiation**

The Master of Social Work two year program admits students each fall. Cohorts begin only in the fall semester. The program is currently offered only in a face-to-face format. Advanced Standing (one year) program admits students in the fall. Cohorts begin for Advanced Standing only in the fall and this program is offered in a face-to-face format.

Applications may be submitted throughout the year. Acceptance notifications will be issued in October, March, and June for the next August.

### **Program Prerequisites**

All applications must have an undergraduate or graduate statistics course prior to attendance. If this requirement has not been met students may take: PSY 3301, QM 2241, MTH 2210 or the Director of the MSW program approved equivalent.

### **Admission Requirements**

#### **Unconditional Admission**

In addition to meeting University graduate school admissions requirements, the student must also submit the following admission requirements:

1. Two reference letters from the following list: applicant's most recent academic adviser, department chair, dean, college instructor, most recent employer, and no more than one personal reference chosen by the applicant. These references must attest to the applicant's potential in forming effective interpersonal relationships, aptitude for graduate study, appropriate vocational goals relevant to the program, and personal and professional self-development.
2. A résumé that includes personal information including topics such as, but not limited to, educational and work history, personal and professional goals, professional affiliations, volunteer work, awards, articles/grant work, and references.
3. A personal statement written in APA format (500-750 words) addressing the following: a) reason for seeking a Master in Social Work degree; b) relevant experiences which have shaped this decision; c) future expectations post-graduation.
4. An MAT score of 385. Students applying for the Advanced Standing Program may have the MAT requirement waived if he/she is a Licensed Bachelor of Social Work. Students applying for the MSW Foundation Program may have the MAT waived with 5 years of verifiable social service experience.

#### **Conditional Admission**

1. Students not satisfying the unconditional admission requirements may be conditionally admitted to the program pending satisfactory completion of the first 9 semester hours with a 3.0 grade point average. Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.
2. Students not satisfying conditional admission requirements will be dropped from the program for one calendar year, after which time the student must petition for readmission.

### **Transfer Credit**

In addition to University transfer requirements, the Masters in Social Work will only accept master's level courses from a CSWE accredited Social Work program. The Director of the MSW program must review and approve these transfer credits.

### **Practicum Requirements**

Students are required to complete supervised practicum course(s) in the sequence set by the program. The student must have a current (within 30 days) national criminal background check, liability insurance, and all required documentation (shots, drug screens etc.) as required by the University and practicum site prior to participation. Providing the background check does not guarantee acceptance into a Practicum setting or eligibility to sit for licensure. Students applying to this program should be aware of the potential ramifications of a positive criminal background check and the potential of not being able to complete this program.

### **Degree Requirements**

#### **Foundation Curriculum**

The foundation curriculum allows students to develop the foundation level competencies named above. This includes a minimum of thirty (30) semester hours of required study. The foundation practicum (6 semester hours) requires a minimum of 400 contact hours in the field.

#### **Concentration Curriculum (30 Semester Hours)**

The concentration curriculum allows students to develop competencies associated with either Direct Practice (DP) or Organizational Leadership and Management (ORGM). This includes a minimum of thirty (30) credits of required study. The Concentration Practicum is 9

semester hours requiring a minimum of 510 clock hours in the field.

**ACT 6699 Contemporary Issues in Accounting (3)**

A study of contemporary accounting issues and an analysis of how accounting practice is influenced by regulatory agencies, economic conditions, and professional accounting organizations. *Prerequisites: All business foundation courses or equivalent and ACT 3391, ACT 3392, ACT 3394, ACT 3396, ACT 4494, ACT 4495 and ACT 4497.*

analysis, design, development, implementation, and evaluation of performance improvement interventions within organizations is emphasized.

**ADE 6617****Seminar in Personnel Planning and Leadership (3)**

This course focuses specifically on an understanding of how leadership is distributed among leaders (formal and informal) and followers within an organization. Special emphasis will be given to building leadership capacity with an organization.

---

**ADULT EDUCATION**

---

**ADE 5560 Instructional Systems Development (3)**

This course emphasizes systematically developed course design. Special attention is given to learning and instructional systems theory.

**ADE 6620****Seminar in Communication and Human Relations (3)**

An investigation of literature and research related to verbal and nonverbal communication, listening, and human relations appropriate to adult education.

**ADE 6600 Foundations of Adult Education (3)**

An overview of adult education to give an understanding of characteristics of adults as learners as well as the history, philosophy, and nature of adult education. Includes exposure to fundamental adult education concepts such as lifelong learning, self-directed learning, and contract learning.

**ADE 6630****Programs for Adult Education (3)**

A study of current concepts and objectives of adult education programs, courses and activities. Includes study of adult education programs and agencies serving diverse adult learners.

**ADE 6605 Computer Based Instructional Technologies (3)**

This graduate level advanced survey course is designed to prepare students to use classroom adaptable technologies. Emphasis is given to historical and social context, computer systems, software, hardware, and curriculum adaptation.

**ADE 6640****Social Context of Adult Education (3)**

This course examines the social context of adult education in terms of the impact of social, political, economic, global, and technological changes. Special emphasis will be given to the analysis of trends and issues, synthesis of complex concepts, and development of reflective practice.

**ADE 6606 Current and Emerging Instructional Technologies (3)**

This course focuses on current and emerging instructional technologies. The emphasis of this class is on the instructional use of production software, desktop publishing, graphics, hypermedia, on-line services, optical technology, and telecommunications.

**ADE 6641****Organizational Behavior and Group Dynamics (3)**

An overview of paradigms, theories, models, and constructs of organizational cultures designed to provide students with an understanding of group dynamics within organizations.

**ADE 6608 Curriculum Integration of Technology (3)**

The purpose of this course is to prepare students to apply knowledge and competency in instructional technologies in relation to curriculum design, diverse models, and teaching situations at all developmental levels. Included is evaluation of software, audio/visual production, and instructional design using technology as a basis for instruction.

**ADE 6645****Power, Politics and Organizational Change (3)**

This course is designed for participants to understand the interwoven intricacies between the different forces within an organization and how to maneuver and persuade organizational outcomes.

**ADE 6610 Workforce Development and Training (3)**

This course will explore the differences in personnel training and workforce development. It will provide an exploration of the scope, values, and purposes of the field of Workforce Development. The course will address theories and application of adult training.

**ADE 6653****Educational Evaluation (3)**

This course is designed to assist participants with the development of knowledge and skills that can be applied to successful student outcomes assessment and curriculum program evaluation. Specifically, the course will focus on planning and constructing teacher made tests and performance assessments. In addition, the course includes the study of basic models and approaches used in evaluating curriculum/programs for effectiveness.

**ADE 6612 Workforce Management and Organizational Development (3)**

This course provides an introduction to the field of Workforce Management and Organizational Development (WMOD). It examines basic concepts and principles of human performance, the theoretical underpinnings of the field, research and application literature, and various approaches to solving human performance problems. A systematic approach to the

**ADE 6670****Adult Learning and Development (3)**

This course is a study of the distinctive characteristics of adult development and the implications for adult learning. Emphasis will be given to the understanding of philosophical orientations related to the nature of adult learners and their learning processes; principles of motivation and effective facilitation geared toward adult learners; and social and cultural influences on adult learning.

**ADE 6674****Methods and Strategies for Teaching Adults (3)**

A study of methods and formats used in organizing educational materials for adult learners. Emphasis is

given to designing effective instruction which matches methods and strategies to educational demands.

**ADE 6680 Curriculum Development for Adult Education (3)**  
A study of concepts, learning theories, materials, and media related to curriculum and program development in adult education.

**ADE 6691 Research Methodology (3)**  
The study and evaluation of research methods commonly used in the social sciences. The course will provide information necessary to understand and apply research processes, synthesize knowledge and writing, and plan and organize research problems for interpretation and application of research results. Application of these skills in the form of a written project using the Publication Manual of the American Psychological Association (APA) is required. *A grade of "B" or better is required.*

**ADE 6694 Special Problems in Adult Education (1-3)**  
A study of problem or problems using research techniques. Selection of problem to be approved by student's adviser and instructor under whom study is to be made. Study should contribute to student's program. Preparation of scholarly paper or project required and may involve oral defense.

**ADE 6695 Thesis (1-6)**  
The thesis must be related to both the student's concentration area and adult education. Information regarding thesis guidelines and requirements may be obtained from the Graduate School office. *Grading system is Pass/Fail.*

**ADE 6696 Practicum in Adult Education (1-3)**  
**6697** Supervised experiences related to instruction in area  
**6698** of specialization. Emphasis on application of skills, concepts, and principles acquired in previous courses. Grading system is Pass/Fail. *Prerequisite: Completion of coursework and approval of adviser are required.*

**ADE 6699 Capstone (3)**  
This course is a culminating experience that helps students integrate and apply the knowledge they have gained in their program. Emphasis is placed on challenging students to view the adult educational process from many perspectives. Working independently students will create an educational portfolio to demonstrate mastery of program objectives and proof of readiness to receive a master's degree, which will be submitted in portions throughout the term/semester for feedback from the instructor and classmates. An oral presentation will be required. Grading system is Pass/Fail. *Prerequisites: Completion of all core (ADE 6600, ADE 6640, ADE 6670, ADE 6691) and at least four of the six required concentration classes. Students must obtain a 3.0 GPA before entering ADE 6699.*

## ANTHROPOLOGY

---

**ANT 5510 High Civilizations of the Old World (3)**  
An anthropological examination of the socio-cultural systems that formed the foundations of the pre-industrial high civilizations of the Old World

and a survey of past cultures that achieved this degree of development. Emphasis on the theoretical basis for the anthropological interpretation of past societies.

**ANT 5511 High Civilizations of the New World (3)**  
An anthropological examination of the socio-cultural systems that formed the foundations of pre-industrial civilizations of the New World and a survey of past cultures that achieved this degree of development. Emphasis on the theoretical basis for the anthropological interpretation of past societies.

**ANT 5540 Culture in the Media (3)**  
This course explores anthropological concepts by focusing on the connections between the media of mass communication and multiple forms of popular art and culture.

**ANT 5550 Anthropology of Sex and Gender (3)**  
This course will focus on gender as a primary organizing principle of society and explore how these categories get created, reproduced and transformed. Topics of discussion include: the social position of men and women in the family; changing social, economic and political ideologies with respect to the construction of gender and the reproduction of gender inequality from a global perspective.

**ANT 5560 Magic, Witchcraft and Religion (3)**  
An examination of the role of religion and the supernatural among traditional peoples with an emphasis on the theoretical aspects of the anthropological approach to religion.

**ANT 5570 Anthropology of Power and Citizenship (3)**  
This course explores anthropological concepts of state power, governmental centralization and the simultaneous devolution of governmental responsibilities to ordinary citizens. It uses ethnographic materials to demonstrate the negative consequences of budget-cutting and unfettered free market ideologies employed by nation-states and provides ethnographic examples of resistance to current global trends promoting Western economic hegemony.

**ANT 6625 Specialized Study in Anthropology (3)**  
This course provides the student an opportunity to pursue in-depth study on a topic or issue of personal interest under the guidance and direction of a department faculty member. May be repeated up to a total of six credit hours. See semester hour limits listed under General Regulations section.

**ANT 6665 Advanced Readings in Anthropology (3)**  
This course is designed to allow graduate students the opportunity to acquire a basic background in Anthropology literature. The readings will be in specific areas in Anthropology. May be repeated (with different topic) for credit. See semester hour limits listed under Course Restrictions in General Regulations section.

**ANT 6696 Selected Topics in Anthropology (3)**  
An examination of a particular subject which is not offered under the normal course offerings. May be

repeated (with different topics) for credit. See semester hour limits listed under General Regulations section.

---

**ART**

---

- ART 5581 Methods and Materials in Art (3)**  
Teaching methods, selection, organization, and use of art materials.
- ART 5599 Advanced Studio Projects (3)**  
Supervised study and projects in an area not included in the student's undergraduate studies.
- ART 6605 Seminar in Art History (3)**  
Historical inquiry into art with emphasis on sources and approaches to the visual arts as they interact with other facets of culture.
- ART 6625 Specialized Study in Area of Art (1-3)**  
**6626** An individualized study with studio art faculty.  
**6627** Total credit for any combination of enrollments in these courses may not exceed six semester hours. See semester hour limits listed under Course Restrictions in General Regulations section.
- ART 6662 Seminar in Art Education (3)**  
A review of issues and research in art education and the visual arts.
- ART 6664 Research in Art Education (3)**  
A review of contemporary research in art education and the presentation of a scholarly paper. *Prerequisite: ART 6662.*

---

**BIOLOGY**

---

- BIO 5505 Entomology (3)**  
A study of the orders of insects with the emphasis on morphology, taxonomy, and life cycles. *Prerequisites: General Biology. Co-requisite: BIO L505*
- BIO L505 Entomology Lab (1)**  
A study of morphology, classification, and identification of insects. A collection is required. *Co-requisite: BIO 5505*
- BIO 5513 Limnology (3)**  
A study of the physical, chemical, geological, and biological aspects of freshwater ecosystems as influenced by activities in surrounding watersheds. *Prerequisites: general biology, general ecology, general chemistry. Co-requisite: BIO L513*
- BIO L513 Limnology Lab (1)**  
Field and laboratory exercises in lake and stream science, including instrumentation, measurement, sampling, and analysis. *Co-requisite: BIO 5513*
- BIO 5514 Food Microbiology (3)**  
This course focuses on topics in microbial metabolism, food spoilage, food preservation techniques, and foodborne pathogens and their control. Some molecular techniques will be introduced. *Prerequisites: BIO 3372/L372. Corequisite: BIO L514.*

- BIO L514 Food Microbiology Lab (3)**  
This lab focuses on advanced microbiological laboratory techniques including enumeration and analysis of bacteria in food, water, and dairy products. *Prerequisites: BIO 3372/L372. Corequisite: BIO 5514.*
- BIO 5516 Microbial Ecology (3)**  
A study of the taxonomy, diversity, and ecology of microbial populations in ecosystems, with the emphasis on the roles that they play in biogeochemical cycles, their contributions to metabolic diversity, their interactions with animals and plants, their niches and bioremediation. *Prerequisites: microbiology, organic chemistry. Co-requisite: BIO L516*
- BIO L516 Microbial Ecology Lab (1)**  
Microbial ecology laboratory techniques including isolation, identification, and enumeration of microorganisms from aquatic and terrestrial environments. *Co-requisite: BIO 5516*
- BIO 5520 Field Vertebrate Zoology (4)**  
A study of the basics of vertebrate identification, with emphasis on phylogeny, anatomy, morphology, life histories, habitats, distributions, and conservation. *Prerequisites: General Biology, General Chemistry*
- BIO 5521 Population Ecology (3)**  
This course covers animal and plant populations, food supply, competition, disease, fecundity, distribution, and other environmental factors. Management of endangered species and protected ecosystems are included. *Prerequisites: General Ecology, Genetics, General Chemistry, Statistics. Co-requisite: BIO L521*
- BIO L521 Population Ecology Lab (1)**  
Field exercises in identifying ecological problems, formulating and testing hypotheses, and evaluating data using standard statistical methods. *Co-requisite: BIO 5521*
- BIO 5525 Field Botany (4)**  
A survey of vascular plants from different habitats in southeast Alabama. Principles of plant taxonomy, including history and systems of classification and nomenclature, the use of dichotomous keys, and general herbarium techniques. Emphasis is placed on plant identification and habitat types. *Prerequisites: General Biology, General Ecology.* See semester hour limits listed under Course Restrictions in General Regulations section.
- BIO 5547 Ornithology (3)**  
A study of the morphology, anatomy, physiology, taxonomy, life histories, distribution, and adaptations of birds. *Prerequisites: General Biology, General Ecology. Co-requisite: BIO L547*
- BIO L547 Ornithology Lab (1)**  
A study of the structural features, identification, and classification of birds. *Co-requisite: BIO 5547*
- BIO 5550 Environmental History (3)**  
An introduction to environmental history of the United States from the 18th century to the late 20th

century, emphasizing the post WWII period. The course will focus on the historical development of the science of ecology, the origins of environmental problems and solutions attempted by government and experts, and responses by grassroots activists over time. Prerequisite: Graduate standing at Troy University.

- BIO 5551 Toxicology (3)**  
A study of the principles related to the adverse effects of chemicals on living organisms. Prerequisite: Organic Chemistry, Anatomy and Physiology. *Co-requisite: BIO L551*
- BIO L551 Toxicology Lab (1)**  
An assessment of terrestrial and aquatic toxicity of chemical agents following standard protocols. *Co-requisite: BIO 5551*
- BIO 5571 Parasitology (3)**  
This course covers the taxonomy, structure, life histories, distribution, pathogenesis, and control of parasitic protozoa, helminths, and arthropods, with the emphasis on those of medical importance. *Prerequisites: Any 3000-level BIO lecture and lab. Co-requisite: BIO L571*
- BIO L571 Parasitology Lab (1)**  
A laboratory study of parasitic protozoa, helminths, and arthropods, with the emphasis on those of medical importance. *Co-requisite: BIO 5571*
- BIO 5576 Special Topics (1-4)**  
Specialized topics not generally included in course offerings. *Prerequisite: Permission of instructor*
- BIO 5579 Environmental Assessment (3)**  
An examination of theory and practices required in performing stream environmental assessment as currently practiced by state and federal agencies in their attempt to preserve biological integrity. Sustainable management of natural resources and a systems approach to environmental problem solving will be emphasized. Topics covered include water quality, habitat assessment, indicator species used in ecological inventory with a concentration on macro invertebrate and fish assemblages, and the index of biological integrity. *Prerequisites: BIO 1101/L101; 2202/L202 or 2229/L229. Corequisite: BIO L579.*
- BIO L579 Environmental Assessment Lab (1)**  
Laboratory instruction and hands-on field training regarding stream environmental assessment as currently practiced by state agencies in their attempt to preserve biological integrity. Topics covered include measurement of water quality, habitat, and practice sampling techniques, with a concentration on fish and macro invertebrate assemblages. In addition, students will learn the use of the index of biological integrity using their own collections of fish assemblages. *Prerequisites: BIO 1101/L101; 2202/L202 or 2229/L229. Corequisite: BIO 5579.*
- BIO 5580 Histology (3)**  
A study of the microscopic anatomy and function of cell types and tissues of mammalian organs. *Prerequisite: general biology. Co-requisite: BIO L580*
- BIO L580 Histology Lab (1)**  
A study of the microscopic anatomy of cell types and tissues of mammalian organs. *Co-requisite: BIO 5580*
- BIO 5582 Molecular Biology (3)**  
The study of the fundamental principles of chromosomal organization and gene expression, with emphasis on the structure and function of nucleic acids and proteins. *Prerequisites: Genetics, Microbiology, Organic Chemistry. Co-requisite: BIO L582*
- BIO L582 Molecular Biology Lab (1)**  
Experimental approaches in molecular analyses of nucleic acids and proteins, with the emphasis placed on common techniques utilized in clinical and research settings. *Co-requisite: BIO 5582*
- BIO 5592 Guided Independent Research (1-4)**  
Additional information is indexed under "Guided Independent Research and Study."
- BIO 5594 Guided Independent Study (1-4)**  
Additional information is indexed under "Guided Independent Research and Study."
- BIO 6601 Environmental and Biological Ethics (3)**  
Examination of major ethical theories as they apply to environmental, biological, and medical issues. The linkage of ethics to decision-making in social, public, and business policy. Course develops skills in understanding value systems and framing ethical positions.
- BIO 6603 Environmental Management (3)**  
Concepts and practices underlying procedures for environmental resource management, including planning, organizing, and conducting programs.
- BIO 6610 Principles and Methods for the Teaching Assistant (1-2)**  
This course will provide each student with significant "hands-on" experiences in college level instruction and develop the knowledge and skills teachers need to implement inquiry-based instruction. Students will work under the direct mentorship and supervision of the course instructor and will be trained in techniques, current presentations, and teaching methods of laboratory-based biology. *(Students seeking one (1) semester hour credit will be required to assist in one laboratory course. Students seeking two (2) semester hours credit will be required to assist in two laboratory courses or laboratory courses with multiple sections.)*
- BIO 6611 Global Pollution and International Environmental Policy (3)**  
An examination of global environmental issues, such as global climate change, ozone depletion, and acid precipitation. This course also deals with alter native in developing global policies and treaties to address these problems.
- BIO 6612 Environmental Impact Studies and Risk Management (3)**  
An examination of practices used in analysis of land, water, and air to determine the impact of human activities such as construction, mining, clearing, and industrial operation. Planning approaches and ecological constraints, economic evaluation, and quantitative approaches to predict impact.
- BIO 6617 Seminar in Environmental and Biological Sciences (1)**  
Presentations on interdisciplinary principles and concepts, current issues, and new studies and

research from a variety of fields, with environmental science serving as a unifying theme. Faculty members and outside speakers will present guest lectures. Candidates for the master's degree in the thesis option will present their research findings and conclusions.

**BIO 6621 Environmental Toxicology (3)**

This course is a foundation for scientific decision-making involving contaminants and their effects on biological systems. It covers the basic principles of environmental toxicology including bioaccumulation, the biological effects of toxicants from the molecular to global level of organization, and a basic understanding of the risk of environmental pollutants and the science of risk assessment. *Prerequisites: Eight semester hours or equivalent of chemistry*

**BIO 6624 Public Health (3)**

The impact of the environment on humans as well as the human impact on the environment serve as the dual focus of this course. Environmental agents of physical, chemical, and biological nature with adverse effect on human health will be considered. The physiological, molecular, cellular, genetic, and biochemical mechanisms of action of environmental carcinogens, toxins, pollutant, and other disease-causing environmental agents and the interaction of various environmental agents with biological systems will be addressed.

**BIO 6625 Specialized Study in Biology (1-4)**

6626

The student has the opportunity to engage in intensive study of a particular subject or learn a pertinent skill, which fits his/her academic and/or professional needs but is not available in the regular curriculum. This study may include educational activities or training outside of the University. The student will follow the guidelines that the Department established for the supervision and the pursuance of this study. Requires approval of the student's adviser and chairs.

**BIO 6630 Pollution Science (3)**

A study of pollution of atmosphere, surface water, and soil and groundwater from animate activities and inanimate processes. Adverse effects, fate, and transport of pollutants in air, soil, and water. *Prerequisite: general chemistry.*

**BIO L630 Pollution Science Lab (1)**

Theory and analytical techniques used in both field and laboratory for the analysis of air, water, and soil contaminants. *Prerequisite: general chemistry*

**BIO 6650 Spatial Analysis Using Geographical Information Systems (3)**

A graduate level GIS course geared for beginners that presents the understanding behind the four functional and physical components of a GIS: data input; storage and retrieval; manipulation; and data output. Multiple GIS applications are also discussed. *Prerequisites: BIO 6630, BIO L630, or permission of chair. Co-requisite: BIO L650*

**BIO L650 Spatial Analysis Using Geographical Information Systems Lab (1)**

This lab is intended for average computer users with little or no experience in ArcView GIS or any other

GIS software. At the end of the labs, students will be able to use ArcView to view, query, analyze, chart, and map geographic data. *Co-requisite: BIO 6650.*

**BIO 6655 Clinical Biochemistry (3)**

This course is the discipline of pathology (or laboratory medicine) that is concerned with the detection and measurement of biochemical changes in disease. This course will give a succinct overview, the "big picture", and relevance of biochemistry and essential pathways that regulate and affect various disorders. Discussion of potential targets for research and drug development through the use of case studies will be included. *Prerequisites: Cell Biology/Lab, General Chemistry/Lab, Genetics or equivalent, or by permission of instructor.*

**BIO 6660 Issues in Aquatic Ecology (3)**

Case studies on the overexploitation and degradation of aquatic ecosystems and their resources, with a primary focus on freshwater systems. *Prerequisite: An undergraduate ecology course is highly recommended.*

**BIO 6661 Conservation Biology (3)**

Examination of the principles, practices, and philosophy of measuring, maintaining, and enhancing biological diversity. The course focuses on the applications of ecology, population biology, and genetics of the conservation of keystone and rare species and ecosystems. *Prerequisite: An undergraduate ecology course is highly recommended.*

**BIO 6665 Sustainable Development (3)**

This course will increase student awareness of sustainability issues concerning the future survival of humans and other organisms on the planet. The course specifically covers the following: biological diversity trends, human population growth, agriculture and food consumption issues, water use and supplies, global warming and effects on biological diversity, sustainable fisheries, forest products and services, and other issues.

**BIO 6670 Special Topics (1-4)**

6671

Specialized topics not generally included in course offerings. A maximum total of 4 semester hours is allowed for program credit.

**BIO 6691 Research Methodology and Experimental Design (3)**

This course will include hands-on statistical experience emphasizing hypothesis testing using a statistical software system. It will combine several elements of research methodology including developing a grant proposal that will include topic selection, literature search, question formulation, methods, statistics, and a budget. *Prerequisite: Three semester hours in probability and statistics or permission of instructor. A grade of "B" or better is required.*

**BIO 6695 Thesis Research (1-6)**

Under the guidance of the student's adviser and the chair of the department, the student may pursue original research (independent acquisition and interpretation of data) in a particular area of environmental or biological science. The completion of a thesis is required. The results and conclusions must be successfully defended before the student's graduate committee. *Grading system is Pass / Fail. Prerequisites:*

3.0 GPA and permission of the Chair of the Biological and Environmental Sciences department.

---

**BIOMEDICAL SCIENCE**

---

- BMS 6615 Medical Microbiology and Immunology (3)**  
Emphasizes the basic clinical applications of microbiology and immunology in the treatment and prevention of infectious diseases. *Prerequisite: Microbiology/Lab*
- BMS 6620 Neuroscience (3)**  
Introduces the structure and functions of the nervous system. Special attention will be placed on the functional systems of the brain and the senses. *Prerequisite: Anatomy and Physiology/Lab*
- BMS 6625 Medical Cell Biology (3)**  
Focuses on the cellular and molecular bases of human diseases and disease processes. *Prerequisite: General Chemistry/Lab, Cell Biology/Lab, Microbiology/lab, or Genetics/Lab*
- BMS 6630 Medical Pharmacology (3)**  
This course reviews the beneficial and harmful actions of drugs on the tissues and organs of the body. Provides the foundation for understanding drug actions in health and disease. *Prerequisites: General Chemistry/Lab and Physiology*
- BMS 6635 Medical Physiology (3)**  
Reviews the functions of the various organ systems and their integration in the human body at an advanced level. *Prerequisites: Cell Biology*
- BMS 6655 Clinical Biochemistry (3)**  
This course is the discipline of pathology (or laboratory medicine) that is concerned with the detection and measurement of biochemical changes in disease. This course will give a succinct overview, the “big picture”, and relevance of biochemistry and essential pathways that regulate and affect various disorders. Discussion of potential targets for research and drug development through the use of case studies will be included. *Prerequisites: Cell Biology/Lab, General Chemistry/Lab, Genetics or equivalent, or by permission of instructor.*
- BMS 6665 Neuroanatomy (4)**  
This graduate course is a comprehensive study of the anatomy of the human nervous system. Special emphasis will be placed on relating clinical disorders to the relevant neurological structures and pathways. *Prerequisites: Anatomy and Physiology, Biochemistry, Microbiology*
- BMS 6695 Thesis Research (1-3)**  
Under the guidance of the student’s adviser the Chair of the Department, the student may pursue original research (independent acquisition and interpretation of data) in a particular area of the biomedical sciences. The completion of a thesis is required. The results and conclusions must be successfully defended before the student’s graduate committee. Grading system is pass/fail. *Prerequisites: 3.0 GPA and permission of the Chair of the Department of Biological and Environmental Sciences.*

**BUSINESS**

---

- BUS 5501 Survey of Business Concepts I (3)**  
Survey of Business Concepts I provides a survey of key concepts in Management, Marketing, Management Information Systems, and Law that provides a foundation for further study in the MSM or MSHRM courses. Course will not transfer to any other programs. *Students must earn a grade of “B” or better in the course.*
- BUS 5502 Survey of Business Concepts II (3)**  
Survey of Business Concepts II provides a study of key concepts in Accounting, Finance, Quantitative Management, and Economics that provides a foundation for further study in the MSM or MSHRM courses. Course will not transfer to any other programs. *Students must earn a grade of “B” or better in the course.*
- BUS 6601 International Business Law (3)**  
A review of international business legal systems and international law as it applies to Multinational businesses operating in a Global environment to include: international sales, credits, and commercial transactions, international treaties, U.S. trade law and regulation of the international market place.
- BUS 6607 Capstone Experience (1)**  
This course is a complement to the capstone course in the MBA program. It provides an opportunity to apply the concepts learned in earlier courses and in the capstone course by using an international business simulation. The course includes two program assessments. *A grade of “B” or better is required to complete this course successfully. The course may not be transferred into the MBA program from another institution. Co-requisite: BUS 6611.*
- BUS 6605 Business & Professional Communication (3)**  
Development of skills to assist managers to communicate to both internal and external audiences, to conduct meetings, to negotiate, and to resolve conflict. Emphasis is placed on oral and written presentation skills using state of the art technologies and presentation software. *Prerequisite: All business foundation courses or equivalent.*
- BUS 6600 Survey of Business Concepts (3)**  
An overview course of the business management field including the functional areas of economics, marketing, quantitative methods, human relations, and human resource management. *A grade of “B” or better is required. Graduate standing, acceptance into the MBA program, all undergraduate business prerequisite courses or equivalent completed.*
- BUS 6610 Business Research Design (3)**  
Designed for the student to develop and demonstrate competency in business research methodology and techniques. This course teaches the business student proper research techniques and includes a research proposal. *A grade of “B” or better is required. Prerequisite: All business foundation courses or equivalent.*
- BUS 6611 Global Business Strategy (3)**  
This course is the capstone course in the MBA program. It integrates the skills and knowledge developed in earlier courses and emphasizes case analysis. Formulation and implementation of strategies are stressed. The course includes two program as-

essments. *Prerequisites: Completion of a minimum of 24 sh in the MBA program with a B average or better including the following courses: ACT 6691, ECO 6655, FIN 6631, MKT 6661, MGT 6615, and QM 6640 or approval of the Department Chair. Students should be in their last term or semester of their program when completing this course. Co-requisite: BUS 6607. A grade of "B" or better is required. The course may not be transferred into the MBA program from another institution.*

**BUS 6612 Applied Business Research (3)**

The study of applied research of business problems to develop managerial skills in the preparation and evaluation of a research project. *A grade of "B" or better is required. Prerequisite: All business foundation courses or equivalent.*

**BUS 6613 Seminar in Business (3)**

Study and analysis of current topics on the leading edge of business. A combination of core material, readings, and research reports on contemporary aspects of business. *Prerequisite: All business foundation courses or equivalent.*

**BUS 6625 Specialized Study in the Area of Business Administration (1-3)**

**6626** Study of problem or problems using research techniques. Selection of the problems must be approved by the student's adviser, the instructor under whom the study is to be made, and the appropriate dean. The study should contribute to the student's program. Preparation of a scholarly paper is required and many involve oral defense. Total credit for any combination of enrollments in these courses may not exceed six semester hours. A specialized study may be substituted for a required course on once in student's program. *Prerequisite: All business foundation courses or equivalent.*

**BUS 6686 Internship I (1)**

Supervised professional business experience in a field setting. Required course for the MSHRM Internship Program. Permission of Internship Director and Authorization of the Designated School Official required. Must be accepted into the MSHRM Internship Program and enrolled in MSHRM program courses.

**BUS 6687 Internship II (1)**

Supervised professional business experience in a field setting. Required course for the MSHRM Internship Program. Permission of Internship Director and Authorization of the Designated School Official required. Must be accepted into the MSHRM Internship Program and enrolled in MSHRM program courses.

**BUS 6688 Internship III (1)**

Supervised professional business experience in a field setting. Required course for the MSHRM Internship Program. Permission of Internship Director and Authorization of the Designated School Official required. Must be accepted into the MSHRM Internship Program and enrolled in MSHRM program courses.

**BUS 6689 Internship IV (1)**

Supervised professional business experience in a field setting. Required course for the MSHRM In-

ternship Program. Permission of Internship Director and Authorization of the Designated School Official required. Must be accepted into the MSHRM Internship Program and enrolled in MSHRM program courses.

**BUS 6691 Internship V (1)**

Supervised professional business experience in a field setting. Required course for the MSHRM Internship Program. Permission of Internship Director and Authorization of the Designated School Official required. Must be accepted into the MSHRM Internship Program and enrolled in MSHRM program courses.

**BUS 6694 Global Immersion (1-3)**

This course will be developed as required by designated faculty. For example, a trip to visit a number of businesses engaged in export activity can be arranged, or an overseas trip conducted by a tour agency to visit overseas firms during a break period with a faculty member is feasible.

**CHEMISTRY**

---

**CHM 5500 Special Topics in Chemistry (3)**

A study of topics of special interest, such as advanced physical chemistry, advanced analytical chemistry, advanced organic, group theory, surface chemistry, and colloid chemistry. *Prerequisites: CHM 2242 and CHM 3343*

**CHM 5503 Advanced Organic Chemistry (3)**

A more in-depth study of many of the topics studied in Organic Chemistry I and II. Topics will include reaction mechanisms, synthetic methods, and structure determination using spectroscopic techniques. *Prerequisite: CHM 3357*

**CHM 5544 Advanced Inorganic Chemistry (3)**

This course covers the spectroscopy of inorganic molecules, detailed molecular orbital applications, descriptive chemistry of the transition elements, including organometallic and bioorganic compounds. *Prerequisites: CHM 2242, 5552 and L552*

**CHM L544 Advanced Inorganic Laboratory (1)**

A study of the preparation and characterization of inorganic compounds. Experience will be provided in techniques such as using a tube furnace and handling air-sensitive compounds with a glove bag and Schlenk line. *Co-requisite or prerequisite: CHM 5544*

**CHM 5545 Instrumental Analysis (3)**

A study of the operating principles of modern analytical instrumentation for determining composition and concentration. *Prerequisites: CHM 2242, CHM 3343; PHY 2253 and L253 or PHY 2263 and L263. Co-requisite: CHM L545*

**CHM L545 Instrumental Analysis Laboratory (1)**

The practical application of select modern analytical instruments to qualitative and quantitative examination of matter. Considerable attention is given to the instrument and elementary electronics involved in each. *Co-requisite: CHM 5545*

- CHM 5552 Physical Chemistry I (3)**  
A study of the theory and applications of thermodynamics, reaction kinetics, and transport properties with an emphasis on the description of ideal/non ideal gasses and solutions. *Prerequisite:* CHM 3343; PHY 2253 and L253 or PHY 2263 and L263; MTH 1126. *Co-requisite:* CHM L552
- CHM L552 Physical Chemistry I Laboratory (1)**  
An introduction to methods and techniques used in the physical chemistry laboratory, including experiments in calorimetry, phase equilibria, reaction kinetics, and transport properties. *Co-requisite:* CHM 5552
- CHM 5553 Physical Chemistry II (3)**  
A continuation of CHM 5552 with an introduction to surface phenomena, quantum chemistry, and spectroscopy with an emphasis on properties of surfaces, atomic and molecular structure, molecular orbital theory, and photochemistry. *Prerequisite:* CHM 5552
- CHM L553 Physical Chemistry II Laboratory (1)**  
A continuation of CHM L552 with an introduction to methods and techniques in computational chemistry and spectroscopy. *Co-requisite or prerequisite:* CHM 5553
- CHM 6625 Specialized Study in Area of Chemistry (1-4)**  
**6626** A study of a problem or problems using research  
**6627** techniques. Selection of problem must be approved by the professor under whom the study is to be made and the Dean of Arts and Sciences. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve oral defense. *Total credit for any combination of enrollments in these courses may not exceed four semester hours. A Specialized Study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.*
- 
- CRIMINAL JUSTICE**
- 
- CJ 6610 Principles of Administration (3)**  
A survey of the basic principles and functions of personnel administration with special attention paid to criminal justice applications.
- CJ 6620 Current Trends in Criminal Law (3)**  
A critical review through case studies of recent trends and developments affecting the interpretation of major portions of the United States Constitution which safeguard personal liberties and those which safeguard the public; an examination of principal trends and changes in the judicial processes in the light of historical experience.

Because of the ongoing nature of the process defining rights of prisoners currently, decisions of federal appellate and district courts as well as state courts are utilized. This course is a critical review of recent trends and developments affecting personal liberties of incarcerated individuals.
- CJ 6639 Seminar in Homeland Security (3)**  
Homeland Security introduces students to current public policies and issues relevant to the security of the United States. The coordination of federal, state, and local government agencies and nonprofit organizations which respond to threats is vital to the security of people, property, and our way of life. The course relies upon theories, concepts, and case studies to explore the challenges facing organizations which are a part of protecting our homeland security.

- CJ 6640 Seminar in Law Enforcement (3)**  
An in-depth examination of the various issues and problems currently being experienced in American policing.
- CJ 6642 Cyber and Information Threat Management (3)**  
Presented from an operational perspective, this course introduces students to the interdisciplinary field of cybersecurity, discusses the evolution of information security into cybersecurity, and explores the relationship of cybersecurity to organizations and society. Students will be exposed to multiple cybersecurity environments, technologies, processes, and concepts, analyze the threats and risks to/in these environments, and understand how to develop an appropriate strategy to mitigate potential cybersecurity impacts in the modern information environment.
- CJ 6643 Transportation and Border Security (3)**  
This course provides students with an analysis of issues that concern the protection of our nation's borders and United States' policy regarding the safety of the US transportation system. Moreover, the course will analyze border security issues such as immigration, Mexican Drug Wars, physical border security strategies to include the use of the US military and the Bracero Program.
- CJ 6644 Administrative Law (3)**  
A study of the legal environment in which the public administrator functions. The process and procedures of administrative agencies including administrative discretion, rule-making, investigating, prosecuting, negotiating, and settling; constitutional law, statutory law, common law, and agency-made law. Liability of governments and their officers. Selected cases and decisions.
- CJ 6645 Ethics in Criminal Justice Organizations (3)**  
The study of philosophical and practical issues related to ethical decision making in criminal justice organizations. Emphasis is given to the analysis of ethical dilemmas confronting the contemporary criminal justice system and the development of analytical skills and a values framework to act as ethical criminal justice professionals.
- CJ 6649 Statistics for Criminal Justice Research (3)**  
This course provides a review of advanced statistical techniques with emphasis upon their application in a criminal justice setting.
- CJ 6650 Survey of Research Methods in Criminal Justice (3)**  
An analysis of research strategies employed to study the causes of crime and the societal response to it. *A grade of "B" or better is required.*
- CJ 6652 Seminar in Corrections (3)**  
An in-depth examination of the various issues and problems in corrections with a special emphasis relating to administration and management.
- CJ 6653 Seminar in Intelligence (3)**  
This course examines the principle roles of intelligence in a post 9-11 environment and in national security formulation. Moreover, the course covers the intelligence cycle (planning and direction, collection, processing, analysis and dissemination). It also covers key aspects of intelligence such as warning and surprise, denial and deception; covert action; oversight and civil liberties; role of policy makers, and intelligence reform.
- CJ 6655 Selected Topics in Criminal Justice (3)**  
An examination of a particular subject which is not offered under the normal course offerings. May be repeated (with different topics) for credit. *See semester hour limits listed under Course Restrictions in General Regulations section.*
- CJ 6656 Selected Topics in Security (3)**  
An examination of a particular subject which is not offered under the normal course offerings. May be repeated (with different topics) for credit. *See semester hour limits listed under Course Restrictions in General Regulations section.*
- CJ 6660 Advanced Readings in Criminal Justice (3)**  
This course is designed to allow beginning graduate students the opportunity to acquire a basic background in criminal justice literature. The readings will be in specific areas in criminal justice. May be repeated (with different topics) for credit. *See semester hour limits listed under Course Restrictions in General Regulations section.*
- CJ 6665 Emergency and Crisis Management (3)**  
An examination of the theory and practice of emergency management. Course reviews principles and practices of emergency and crisis management. The issues, policies and responses necessary to coordinate and collaborate with other agencies in an emergency situation will be examined. Application of these policies, issues and principles will involve using cases and scenarios.
- CJ 6667 Intelligence Analysis (3)**  
Examines the disciplines of criminal and intelligence analysis as an evolving interdisciplinary approach to address and support the Homeland Security function, and complex investigations such as organized crime. The course is an integration of theory, software application for investigative analysis, and application of information management.
- CJ 6669 Legal Aspects of Security (3)**  
A historical and legal exploration of security law in the United States.
- CJ 6671 Organization Theory (3)**  
An examination of the theories of modern criminal justice organization, including current trends and development.
- CJ 6680 Criminal Justice Study Abroad (3)**  
An examination of the differences in criminal justice system between the US and a chosen foreign country, unique crime problems faced by the chosen country, and their tactics to handle the problems.
- CJ 6690 Capstone for Criminal Justice (3)**  
This course is the culmination of the MSCJ program and serves to assess the student's ability to critically analyze and integrate learning acquired in coursework across the program. Emphasis is on critical examination of current trends and research in criminal justice as well as design and implementation of criminal justice research. Comprehensive examinations will be administered in each of the MSCJ pro-

gram core curriculum areas. Students must earn a grade of "B" or better in the course. Students should enroll in the capstone course during their last semester of enrollment. *Prerequisites: Students must have successfully completed at least 24 semester hours of coursework which must include all core courses (CJ 6610, CJ 6620, CJ 6622, CJ 6636, and CJ 6650). Students must have a GPA of at least 3.0 and a grade of "B" or better in CJ 6650 before enrolling in the capstone course.*

- CJ 6692 Agency Experience (3)**  
A supervised practice in an approved criminal justice agency. Reserved for students with no prior experience in a criminal justice setting.
- CJ 6693 Master's Project (3)**  
An applied professional research project involving the analysis of a management or public policy problem, designed for the student who does not wish to write a thesis but nonetheless desires to prepare a major written work in the field of criminal justice.
- CJ 6694 Thesis Practicum (3)**  
This course is designed to offer the student who elects to write a thesis an opportunity to review research strategies, initiate a literature search, and prepare preliminary drafts of the thesis. *The student will receive a letter grade of "IP" until the completion of the thesis. Enrollment is available ONLY to students in residence at the Troy, Alabama campus.*
- CJ 6695 Thesis (3)**  
The completion and oral defense of the thesis. *Grading system is Pass / Fail. Enrollment is available ONLY to students in residence at the Troy, Alabama campus.*

- CP 6644 Community Counseling Services (3)**  
A study of multifaceted, comprehensive, community counseling and school psychological services, needs assessment, resource identification, program development, and program evaluation. Alternative models of service delivery and alternative sources of funding and program regulation are explored.
- CP 6645 Current Trends in School Counseling (3)**  
The course is designed to provide the students with relevant information and current trends in the school counseling profession.
- CP 6649 Theories of Counseling (3)**  
A study of the major theoretical approaches in counseling including the affective, behavioral, and cognitive theories. Application of theories to basic types of problems in the counseling relationship is included. Includes case studies, class demonstrations and role-playing.
- CP 6650 Practicum (3)**  
This study provides an opportunity for the student to perform, under supervision, a variety of activities that a regularly employed professional counselor would perform. Practicum provides for the development of counseling skills under supervision. The student must complete 100 clock hours including a minimum of 40 hours of direct service with clients. Experiences are accompanied by regularly scheduled, weekly on campus group supervision designed to provide opportunity for analysis and evaluation of supervised activity. Students enrolled in practicum must complete requirements in program major area. Students changing majors will be required to retake practicum in another program area. *Grading system is Pass / Fail. Prerequisites: Permission of instructor and department chair required. CP 6600, CP 6610, CP 6642, and CP 6649 are required for all programs. In addition, PSY 6669 and PSY 6670 are required for Clinical Mental Health; CP 6652 is*

*required for Rehabilitation Counseling; CP 6641 is required for School Counseling.*

- CP 6651 Counseling Diverse Populations (3)**  
A study of the psychological and sociological factors relative to cultural diversity. Special emphasis is placed on current practices utilized in counseling interventions with culturally diverse populations. This course provides supervised, on-the-job, experiences in Community Counseling. These field experiences are accompanied by weekly, on-campus, supervised sessions. Students must receive individual and group supervision. Course equals 300 clock hours of internship. Students may take up to six semester hours of internship per semester with adviser approval. Each student must complete 120 hours of direct service with clients. *Grading system is Pass/Fail. Prerequisite: Completion of CP 6650 and adviser approval.*
- CP 6663 Internship: Community Counseling (3)**  
This course provides supervised, on-the-job, experiences in Community Counseling. These field experiences are accompanied by weekly, on-campus, supervised sessions. Students must receive individual and group supervision. Course equals 300 clock hours of internship. Students may take up to six semester hours of internship per semester with adviser approval. Each student must complete 120 hours of direct service with clients. *Grading system is Pass/Fail. Prerequisite: Completion of CP 6650 and adviser approval.*
- CP 6665 Internship: Addictions Counseling (3)**  
This course provides an opportunity for the student to perform a variety of activities that a regularly employed professional counselor in an Addictions Counseling Treatment setting would be expected to perform. Experiences are accompanied by regularly scheduled, weekly group supervision. Course equals 300 clock hours of internship. Students may take up to six semester hours of internship per semester with adviser approval. Each student must complete 120 hours of direct service with clients. *Grading system is Pass/Fail.*
- CP 6666 Internship: Addictions Counseling (3)**  
This course provides an opportunity for the student to perform a variety of activities that a regularly employed professional counselor in an Addictions Counseling Treatment setting would be expected to perform. Experiences are accompanied by regularly scheduled, weekly group supervision. Course equals 300 clock hours of internship. Students may take up to six semester hours of internship per semester with adviser approval. Each student must complete 120 hours of direct service with clients. *Grading system is Pass/Fail.*
- CP 6670 Internship: Rehabilitation Counseling (3)**  
This course provides supervised experiences in a rehabilitation setting. The experience will be accompanied by scheduled on campus supervision with the university supervisor. Course equals 300 clock hours of internship. Students may take up to six semester hours of internship per semester with adviser approval. Each student must complete 120 hours of direct service with clients. *Grading system is Pass/Fail. Prerequisite: Completion of CP 6650 and adviser approval.*
- CP 6671 Internship: Rehabilitation Counseling (3)**  
This course provides supervised experience in a rehabilitation setting. The experience will be accompanied by scheduled on campus supervision with the university supervisor. Course equals 300 clock hours of internship. Students may take up to six semester hours of internship per semester with adviser approval. Each student must complete 120 hours of direct service with clients. *Grading system is Pass / Fail. Prerequisite: CP 6650*
- CP 6680 Counseling Approaches to Working with Individuals who are Deaf/Hard-of-Hearing (3)**  
This course offers students an opportunity to learn the principles of deaf culture and apply medical, psychological, and sociological research/techniques to counseling with individuals who are deaf or hard-of-hearing. *Prerequisite: Permission of instructor.*
- CP 6681 Seminar: Counseling Approaches to Working with Visual Impairment (3)**  
This course is taken in conjunction with the practicum/internship in rehabilitation counseling, offers students an opportunity to apply medical, psychological and sociological research/techniques to counseling with individuals who are visually impaired. *Prerequisite: Permission of instructor.*
- CP 6682 Leadership and Advocacy: Deaf and Hard-of-Hearing Services (3)**  
The purpose of this course is to develop an appreciation for the organization, administration, and coordination of services for individuals who are deaf or

- hard-of-hearing. Strategies for consulting with various agencies, educating the general public, counseling with individuals who are deaf or hard-of-hearing, and their families as well as approaches for advocating for these populations will be explored. *Prerequisites: CP 6652 or permission of instructor.*
- CP 6683 Leadership and Advocacy: Visual Impairment (3)**  
The purpose of this course is to develop an appreciation for the organization, administration and coordination of services for the visually impaired. Strategies for consulting with various agencies, educating the general public, counseling with the visually impaired and their families as well as approaches for advocating for these populations will be explored. *Prerequisites: CP 6650, CP 6652, PSY 6653. Taken in conjunction with internship.*
- CP 6685 Case Management (3)**  
A study of the case management process, including case findings, service coordination, referral and utilization of other disciplines, and client advocacy.
- CP 6686 Job Development and Placement (3)**  
A study of the analysis of job development and placement in the rehabilitation process and related fields.
- CP 6687 Job Development, Placement, and Workplace Accommodations for Individuals with Severe Disabilities (3)**  
This course is a study of effective job development and placement techniques and workplace strategies in the rehabilitation process for individuals who are Blind, Deaf, Hard-of-Hearing, Mentally Ill, and individuals who have Traumatic Brain Injuries, Spinal Cord Injuries, Learning Disabilities, and Multiple Disabilities.
- CP 6691 Research Methodology (3)**  
The study and evaluation of research methods commonly used in the social sciences. The course will provide information necessary to understand and apply research processes, synthesize knowledge and writing, and plan and organize research problems for interpretation and application of research results. Application of these skills in the form of a written project using the Publication Manual of the American Psychological Association (APA) is required. *Students enrolled in the Counseling and Psychology programs are required to take CP 6691 Research Methodology only at Troy University. This research course may not be substituted with another Troy University research course or one transferred from another university. A grade of "B" or better is required.*
- CP 7700 Advanced Practicum in Group Leadership (3)**  
Supervised training in group leadership, including experiential and didactic activities, focusing on group facilitation. *Prerequisites: CP 6642 and CP 6650 or equivalents and permission of the instructor. Enrollment restricted to Ed.S. students..*
- CP 7701 Seminar in Counseling and Student Personnel Work (3)**  
Individual readings and conferences, group discussions and reports focusing on the advanced student's special interest in counseling and human development. Emphasizes research findings.
- CP 7702 Advanced Theories and Techniques of Counseling (3)**  
An in-depth study of current viable theories of counseling utilizing techniques appropriate for each framework. Some areas to be covered include the cognitive, affective, and eclectic approaches. *Prerequisite: CP 6649 or equivalent*
- CP 7725 Advanced Studies in Counseling (1-3)**  
**7726**  
**7727**  
A study of a problem or topic using research techniques or a guided program of readings. Preparation of a scholarly paper is required and may involve an oral defense. A specialized study may be substituted for only one required course or elective in a student's program. *Approval by the student's adviser, the course instructor, and department chair is required.*
- CP 7753 Internship: Advanced Counseling (1-3)**  
**7754**  
**7755**  
This course provides advanced graduate students with full-time, supervised, on-the-job experience in settings appropriate to their area of specialization. Experiences accompanied by weekly on-campus meetings designed to provide opportunity for analysis and evaluation of supervised activity. *Grading system is Pass/Fail.*
- CP 7791 Research Seminar (1-3)**  
**7792**  
**7793**  
This course provides in-depth assistance to prepare students for development of, research for, and preparation of theses or field project proposal.
- CP 7794 Field Project (3)**  
An independent study of a problem of a practical nature which is encountered in a field setting. A proposal for the study and a written report of the findings must be approved by the student's advisory committee. The advisory committee will administer an oral examination covering the research findings. *Grading system is Pass/Fail. Enrollment limited to Ed.S. students.*
- CP 7795 Thesis (3-6)**  
**7796**  
Research for and preparation of a scholarly paper related to a counseling and guidance problem or situation under the supervision of the student's advisory committee. *Grading system is Pass/Fail. Enrollment limited to Ed.S. students.*
- 
- COMPUTER SCIENCE**
- 
- CS 5545 Computer Architecture (3)**  
Functional descriptions of the major components of digital computer architectures are explored, such as arithmetic and control units, memory hierarchies, channels and characterizations and interactions of individual major components of small and large computers. Also included are minicomputer architectures, specialized computer architectures, and distributed data processing architectures. *Prerequisite: CS 3310, CS 3365 or CS 4445*
- CS 5549 Analysis of Algorithms (3)**  
This course discusses various algorithms that solve searching, sorting, and cryptographic problems. There are many candidate algorithms to solve such problems. Tradeoffs involved when choosing an algorithm are discussed. Sorting algorithms such as merge, insertion, quick, and heap, search algorithms such as binary search tree, red-black tree, hashing, and B-Trees are discussed. *Prerequisite: CS 3323*

- CS 5550 Operating Systems Principles (3)**  
This course discusses what operating systems are, what they do, how they are designed and organized. Topics discussed include: process management (scheduling, intercommunication, synchronization, and deadlock handling), storage management (memory management and virtual memory management). I/O systems (hardware, interfaces, request-handling, performance issues). Applications of these concepts in modern operating systems such as Windows and Unix are presented. Prerequisite: CS 3323
- CS 6625 Specialized Study in Computer Science (1-3)**  
**6626** This course involves the study of a problem or problems using research techniques. Selection of a problem is to be approved by the student's advisor, instructor, college dean, and Dean of the Graduate School. The study should contribute to a student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for any combination of enrollments in the specialized study courses may not exceed three (3) semester hours. The course may not be substituted for a required course. See semester hour limits listed under Course Restrictions in General Regulations.*  
**6627**
- CS 6630 Introduction to Bioinformatics (3)**  
This course covers the computational methods for analyzing information about the sequence, structure, and function of biological molecules and systems, including DNA, RNA, proteins, metabolites, and other small molecules. Topics include: multiple sequence alignment, Hidden Markov Models, mathematical analysis of phylogenetic trees, physical mapping and assembly of sequences, genome rearrangement.
- CS 6632 Computer Vision (3)**  
Computer Vision is a topic that combines techniques from several different subfields of applied mathematics and computer science. Broadly, computer vision algorithms are used to process, analyze, and understand static and motion picture data. Frequency/time-domain transformations and Machine Learning algorithms serve as the backbone of Computer Vision.
- CS 6634 Cloud Computing (3)**  
This course will cover a wide range of cloud computing related concepts. Topics include but are not limited to cloud computing principles, economics, protocols, infrastructures, components, service architectures and implementations. In addition, Hadoop/map reduce as a programming model will be discussed.
- CS 6635 Image Processing (3)**  
This course introduces fundamentals and research directions in image processing. Topics include but are not limited to image representation and description, image transformation and filtering, image enhancement, restoration and reconstruction, image segmentation, image compression, object recognition, as well as image information retrieval.
- CS 6640 Advanced Database Concepts (3)**  
This course discusses design and implementation issues associated with relational and object-oriented databases. Topics include E-R modeling, relational modeling, normal forms, data storage, and concepts of object-oriented data modeling. Prerequisite: CS 3323
- CS 6643 Theory and Design of Compilers (3)**  
The formal properties of grammars, lexical and syntactic analysis, macro generators, and code selection are presented. Additional topics include hardware compilers, extensibility of languages, and implementation of simple compilers. Prerequisite: CS 3372 or 3370
- CS 6645 Performance in Analytical Models (3)**  
The fundamental concepts and structures for understanding the different approaches in analytical structures. Techniques such as Indexing, Distributed Databases, Parallel Queries, Virtualization, Fitness Function Optimization, and Biological Computing will be covered.
- CS 6646 Information Systems for Operations and Management (3)**  
Conceptual and practical foundations of information processing systems' support for management and decision-making functions are examined. Computer system project management, economic and legal considerations of management information systems, systems implementation and evaluation are additional topic areas covered in this course. Prerequisite: CS 5547
- CS 6647 Simulation and Modeling (3)**  
The theory and design of modeling problems, validation and verification of simulation models for dynamic queuing and static Monte Carlo problems are reviewed. Discrete event and continuous simulation models are analyzed. Random number generation used in simulation languages and the implementation of models on computer hardware and software engineering using general purpose and simulation languages re presented in this course. Prerequisite: CS 5547
- CS 6648 Optimization Modeling (3)**  
A systems approach is explored as it relates to using various algorithms to solve different classes of managerial problems with a computer. Prerequisite: CS 3325 or CS 5547
- CS 6649 Special Topics in Computer Science (3)**  
A series of advanced topics in areas of computer science is offered. The course details a structured discussion of varied subjects to include technological updates, a more intense study of topics covered in other course offerings, and an introduction to advanced concepts such as artificial intelligence, the theory of computability, and formal languages. Prerequisites: 12 semester hours of graduate credit
- CS 6660 Algorithmic Graph Theory (3)**  
Theory and algorithms for solving computational problems in graphs and hypergraphs. The topics may include minimum transversals, maximum matchings, trees and bipartite graphs, chordal graphs, planar graphs and graph coloring, hypertrees, chordal hypergraphs, planar hypergraphs and hypergraph coloring, colorability, perfection, and chromatic spectrum. Prerequisites: CS 3323 and MTH 4420, or permission of the instructor.
- CS 6664 High-Performance Computing (3)**

- This course teaches the methods and technology of high-performance computing and its usage in solving scientific problems. Topics focus on advanced computer architectures, parallel algorithms, parallel languages, performance-oriented computing, and grid and cluster computing. *Prerequisite* : CS 3323
- CS 6666 Computer Graphics (3)**  
This course covers the theory, design, implementation and applications of computer graphics. Topics include common graphics hardware, 2D and 3D transformations and viewing, basic raster graphics, concepts image processing, modeling, rendering, illumination, shadows, textures, programmable shaders, and animation. *Prerequisite* : CS 3323
- CS 6668 Network Security (3)**  
The course covers theory and practice of communication security in computer systems and networks. Topics include authentication and access control, virtual networks, shared key encryption, public key encryption, and digital signature. *Prerequisite* : CS 4445
- CS 6670 Applied System Analysis and Design (3)**  
Introduction to information systems development process. Systems analysis methods, covering activities, tools, and techniques for requirements gathering, modeling and specification. Systems design methods, including activities, tools and techniques for design, with an emphasis on architecture, rapid development and prototyping, and detailed design. Introduces classical approaches such as information engineering as well as object-oriented analysis and design. *Prerequisite*: CS 4447 recommended
- CS 6672 Distributed Algorithms (3)**  
This course will study issues in distributed computing through models, algorithms and bounds, with an emphasis on fundamental problems. Topics in this course will include but not limited to basic models and complexity measures, leader election, mutual exclusion, consensus, fault-tolerance, broadcast and multicast, causality, synchronization, simulations among models. *Prerequisite*: CS 3329
- CS 6674 Network and Information Security (3)**  
The goal for students in this course is to learn the fundamentals of network and information security. The topics include introduction to network security, basic cryptography, authentication, cipher techniques, attacks and defenses on computer systems, overview of essential concepts and methods for providing and evaluating security in information processing systems, importance of management and administration, social issues such as individual privacy and public policy.
- CS 6676 Advanced Computer Network (3)**  
The goal of this course is to discuss contemporary issues of computer networks such as Wireless networks, Sensor networks, Optical Networks etc. Students are expected to review research papers and work on semester long projects. Topics will cover issues related to network communication protocol stacks and simulation of these computer networks. This course assumes good knowledge of object-oriented programming.
- CS 6678 Advanced Artificial Intelligence (3)**  
Intelligent agents, problem-solving, search, knowledge representation and reasoning, planning, and reasoning with uncertain knowledge. Machine learning. Design and implementation of artificial intelligence systems including expert systems, planning, logic and constraint programming.
- CS 6680 Advanced Software Engineering (3)**  
This course covers advanced theoretical concepts of software engineering. Topics include software development models, requirement analysis, project planning and management, software architecture and design, implementation, and testing and validation.
- CS 6682 Machine Learning (3)**  
Introduction to Machine Learning, covering key algorithms in supervised, unsupervised, and reinforcement learning, such as Kernel Methods, Bayesian Networks, Hidden Markov Models, K-Means, etc. The class will also address key concepts and challenges in Machine Learning, such as the bias-variance tradeoff, generalization, regularization, boosting, etc. The course is project-based, with a focus on application in computational biology/bioinformatics. A basic knowledge of statistics and probability is a must.
- CS 6699 Research and Thesis (1-6)**  
Guided research in Computer Science results in the preparation of a scholarly thesis. The thesis includes a discussion of the research design and methodology available to plan and conduct a systematic, thorough, critical, interpretive and analytical research in an area appropriate to the interest of the individual student and consistent with the degree program. The course requires students to prepare a thesis within guidelines provided by the faculty member and to defend it before a thesis committee.
- 
- DRAMA**
- 
- DRA 5543 Theatre History I (3)**  
A history of the theatre from the origin of tragedy through English drama of the 17th century. A study of dramatic literature and elements of the theatre designed to enhance the student's appreciation of contemporary theatrical practices in the staging of the "classics".
- DRA 5551 Directing I (3)**  
Script analysis and directing principles with studies in the direction of contemporary scenes one-act plays.
- DRA 6625 Specialized Study in Area of Theatre (1-3)**  
Under the supervision of the faculty course supervisor, the student may pursue an extensive study of a particular area which fits his/her academic needs but is not available in the regular curriculum. Each proposal must be approved the preceding term by the student's advisor, the faculty course supervisor, and the department chair person. *Total credit for any combination of enrollments in these courses may not exceed six semester hours. See semester hour limits listed under Course Restrictions in General Regulations section.*

<b>EDUCATIONAL ADMINISTRATION &amp; LEADERSHIP</b>	
<b>EAL 6609</b>	<b>Communication and Problem Solving (3)</b> This course is designed to develop communication and problem solving skills required for effective leadership of people, processes, and organizations. Emphasis will be placed on verbal, interpersonal, and written communication, group dynamics, conflict resolution and consensus building. Special attention will be given to working diverse populations.
<b>EAL 6625</b>	<b>Specialized Topics in Educational Leadership (3)</b> A seminar concerned with an in-depth examination of one topic that is acutely important to educational leadership. Students are expected to use primary resources, journals, and the Internet to research and discuss the topic. The primary format of the class will be discussion, although group exercises, individual presentations and written response will also be used.
<b>EAL 6633</b>	<b>Leadership: Theory and Practice (3)</b> This course deals with the development of knowledge and skills needed for key leadership challenges such as vision, motivation, staff development, inclusive decision making and strategic planning are stress. The concept of leadership is discussed from both a theoretical and practical standpoint. Distinctions between management skills and leadership skills are emphasized. The ethical and moral aspects of leadership are examined.
<b>EAL 6643</b>	<b>Administration of School Personnel (3)</b> This course develops capacities to effectively recruit, coordinate, and develop human resources within an educational environment. Administrative procedures such as facilities management, materials management, and technology management will also be discussed.
<b>ENVIRONMENTAL AND BIOLOGICAL SCIENCES</b>	
<b>EBS 5513</b>	<b>Limnology (3)</b> The physical, chemical, geological, and biological aspects of freshwater ecosystems as influenced by activities in surrounding watersheds. Prerequisite: General Biology. Co-requisite: EBS L513
<b>EBS L513</b>	<b>Limnology Lab (1)</b> Field and laboratory exercises in lake and stream science, including instrumentation, measurement, sampling, and analysis. Co-requisite: EBS 5513
<b>EBS 5516</b>	<b>Microbial Ecology (3)</b> The study of the diversity and ecology of microbial populations in ecosystems, with the emphasis on the roles that they play in biogeochemical cycles, their contributions to metabolic diversity, their interactions with animals and plants, their niches and bioremediation. Prerequisites: Microbiology, Organic Chemistry. Co-requisite: EBS L516
<b>EBS L516</b>	<b>Microbial Ecology (1)</b> Microbial ecology laboratory techniques including isolation, identification, and enumeration of microorganisms from aquatic and terrestrial environments. Co-requisite: EBS 5516
<b>EBS 5520</b>	<b>Field Vertebrate Zoology (4)</b> The basics of vertebrate identification, with emphasis on phylogeny, anatomy, morphology, life histories, habitats, distributions, and conservation. Prerequisites: General Biology, General Chemistry
<b>EBS 5521</b>	<b>Population Ecology (3)</b> A study of animal and plant populations, food supply, competition, disease, fecundity, distribution, and other environmental factors. Management of endangered species and protected ecosystems are included. Prerequisites: General Ecology, Genetics, General Chemistry, Statistics. Co-requisite: EBS L521
<b>EBS L521</b>	<b>Population Ecology Lab (1)</b> Field exercises in identifying ecological problems, formulating and testing hypotheses, and evaluating data using standard statistical methods. Co-requisite: EBS 5521
<b>EBS 5525</b>	<b>Field Botany (4)</b> A survey of vascular plants from different habitats in southeast Alabama. Principles of plant taxonomy, including history and systems of classification and nomenclature, the use of dichotomous keys, and general herbarium techniques. Emphasis is placed on plant identification and habitat types. Prerequisites: General Biology, General Ecology
<b>EBS 5550</b>	<b>Environmental History of the U.S. (3)</b> An introduction to environmental history of the United States from the 18 <sup>th</sup> century to the late 20 <sup>th</sup> century, emphasizing the post World War II period. The course will focus on the historical development of the science of ecology, the origins of environmental problems and solutions attempted by government and experts, as well as responses by grassroots activists over time.
<b>EBS 5551</b>	<b>Toxicology (3)</b> A study of the principles related to the adverse effects of chemicals on living organisms. Prerequisite: organic chemistry, Anatomy and Physiology. Co-requisite: EBS L551
<b>EBS L551</b>	<b>Toxicology Lab (1)</b> Assessment of terrestrial and aquatic toxicity of chemical agents following standard protocols. Co-requisite: EBS 5551
<b>EBS 5576</b>	<b>Special Topics (1 - 4)</b> Specialized topics not generally included in course offerings. Prerequisite: Permission of instructor
<b>EBS 5578</b>	<b>Cell Biology (3)</b> This course covers cell structure and function with the emphasis on biochemical and molecular mechanisms. Topics include signal transduction, cytoskeleton, intracellular compartments, cell movement, differentiation, and recognition. Prerequisites: genetics, microbiology, organic chemistry. Co-requisite: EBS L578
<b>EBS L578</b>	<b>Cell Biology Lab (1)</b> Experimental approaches for studying cells at the biochemical and molecular levels. Co-requisite: EBS 5578
<b>EBS 5579</b>	<b>Environmental Assessment (3)</b>

- An examination of theory and practices required in performing stream environmental assessment as currently practiced by state and federal agencies in their attempt to preserve biological integrity. Sustainable management of natural resources and a systems approach to environmental problem solving will be emphasized. Topics covered include water quality, habitat assessment, indicator species used in ecological inventory with a concentration on macro invertebrate and fish assemblages, and the index of biological integrity. *Prerequisites: BIO 1101/L101; 2202/L202 or 2229/L229. Corequisite: EBS L579.*
- EBS L579 Environmental Assessment Lab (1)**  
Laboratory instruction and hands-on field training regarding stream environmental assessment as currently practiced by state agencies in their attempt to preserve biological integrity. Topics covered include measurement of water quality, habitat, and practice sampling techniques, with a concentration on fish and macro invertebrate assemblages. In addition, students will learn the use of the index of biological integrity using their own collections of fish assemblages. *Prerequisites: BIO 1101/L101; 2202/L202 or 2229/L229. Corequisite: EBS 5579.*
- EBS 5582 Molecular Biology (3)**  
A study of the fundamental principles of chromosomal organization and gene expression, with emphasis on the structure and function of nucleic acids and proteins. *Prerequisites: genetics, microbiology, organic chemistry. Co-requisite: EBS L582*
- EBS L582 Molecular Biology Lab (1)**  
Experimental approaches in molecular analyses of nucleic acids and proteins, with the emphasis placed on common techniques utilized in clinical and research settings. *Co-requisite: EBS 5582*
- EBS 6601 Environmental and Biological Ethics (3)**  
Examination of major ethical theories as they apply to environmental, biological, and medical issues. The linkage of ethics to decision-making in social, public, and business policy. Course develops skills in understanding value systems and framing ethical positions.
- EBS 6603 Environmental Management (3)**  
Concepts and practices underlying procedures for environmental resource management, including planning, organizing, and conducting programs.
- EBS 6611 Global Pollution and International Environmental Policy (3)**  
An examination of global environmental issues, such as global climate change, ozone depletion, and acid precipitation. This course also deals with alternatives in developing global policies and treaties to address these problems.
- EBS 6612 Environmental Impact Studies/Risk Management (3)**  
An examination of practices used in analysis of land, water, and air to determine the impact of human activities such as construction, mining, clearing, and industrial operation. Planning approaches and ecological constraints, economic evaluation, and quantitative approaches to predict impact.
- EBS 6615 Environmental Law, Permitting, and Regulatory Compliance (3)**  
A study of the steps needed and programs required to insure that public and private sector organizations are in compliance with federal and state environmental regulations. *Prerequisites: An undergraduate ecology or environmental course, or approval of adviser.*
- EBS 6617 Seminars in Environmental and Biological Sciences (1)**  
Presentations on interdisciplinary principles and concepts, current issues, and new studies and research from a variety of fields, with environmental science serving as a unifying theme. Faculty members and outside speakers will present guest lecturers. Candidates for the master's degree in the thesis option will present their research findings and conclusions.
- EBS 6621 Environmental Toxicology (3)**  
This course is a foundation for scientific decision-making involving contaminants and their effects on biological systems. It covers the basic principles of environmental toxicology including bioaccumulation, the biological effects of toxicants from the molecular to global level or organization, and a basic understanding of the risk of environmental pollutants and the science of risk assessment. *Prerequisites: Eight semester hours or equivalent of chemistry*
- EBS 6623 Environmental Negotiations and Conflict Resolution (3)**  
An examination of the approaches to resolving environmental disputes through alternative dispute resolution techniques.
- EBS 6624 Public Health (3)**  
The impact of the environment on humans as well as the human impact on the environment serve as the dual focus of this course. Environmental agents of physical, chemical, and biological nature with adverse effect on human health will be considered. The physiological, molecular, cellular, genetic, and biochemical mechanisms of action of environmental carcinogens, toxins, pollutant, and other disease-causing environmental agents and the interaction of various environmental agents with biological systems will be addressed. *Prerequisite: None*
- EBS 6625 Specialized Study in Environmental and Biological Sciences (1-3)**  
The student has the opportunity to engage in intensive study of a particular subject or learn a pertinent skill, which fits his/her academic and/or professional needs, but is not available in the regular curriculum. This may include educational activities or training outside of the University. The student will follow the guidelines that the Department has established for the supervision and the pursuance of this study. *Requires approval of the student's adviser and the department chair. See semester hour limits listed under Course Restrictions in General Regulations section.*
- EBS 6630 Pollution Science (3)**  
A study of pollution of atmosphere, surface water, and soil and groundwater from animate activities and inanimate processes. Adverse effects, fate, and transport of pollutants in air, soil, and water. *Prerequisite: general chemistry.*
- EBS L630 Pollution Science Lab (1)**

Theory and analytical techniques used in both field and laboratory for the analysis of air, water, and soil contaminants. *Prerequisite: general chemistry.*

**EBS 6635 Land Use Planning (3)**

An introduction to land use planning and land use tools, including zoning and comprehensive planning. The course also examines the interaction between land use and environments and explores strategies to reduce environmental impacts and protect natural resources.

**EBS 6637 Environmental Economics (3)**

Introduction to the micro and macro aspects of environmental economics. The course will explore the various economic and institutional means of controlling environmental problems for effectiveness, efficiency and equity.

**EBS 6650 Spatial Analysis Using Geographical Information Systems (3)**

A graduate level GIS course geared for beginners that presents the understanding behind the four functional and physical components of a GIS: data input; storage and retrieval; manipulation; and data output. Multiple GIS applications are also discussed. *Prerequisites: EBS 6630, EBS L630, or permission of chair. Co-requisite: EBS L650*

**EBS L650 Spatial Analysis Using Geographical Information Systems (1)**

This lab is intended for average computer users with little or no experience in ArcView GIS or any other GIS software. At the end of the labs, students will be able to use ArcView to view, query, analyze, chart, and map geographic data. *Co-requisite: EBS 6650*

**EBS 6660 Issues in Aquatic Ecology (3)**

Case studies on the overexploitation and degradation of aquatic ecosystems and their resources, with a primary focus on freshwater systems. *Prerequisite: An undergraduate ecology course is highly recommended.*

**EBS 6661 Conservation Biology (3)**

Examination of the principles, practices, and philosophy of measuring, maintaining, and enhancing biological diversity. The course focuses on the applications of ecology, population biology, and genetics of the conservation of keystone and rare species and ecosystems. *Prerequisite: An undergraduate ecology course is highly recommended.*

**EBS 6665 Sustainable Development (3)**

This course will increase student awareness of sustainability issues concerning the future survival of humans and other organisms on the planet. The course specifically covers the following: biological diversity trends, human population growth, agriculture and food consumption issues, water use and supplies, global warming and effects on biological diversity, sustainable fisheries, forest products and services, and other issues. *Prerequisites: None*

**EBS 6670 Special Topics (1-4)**

**6671** Specialized topics not generally included in course offerings. *A maximum total of four semester hours is allowed for program credit.*

**EBS 6680 Water Quality and Resources (3)**

This course is designed to present the basic aspects of water quality, quantity, and policy to the students

to help them make informed decisions on how to manage the social science issues related to water supply, demand, and sustainable water management within the U.S. and globally. This course specifically covers properties of water, ecological implications of water, water resources, hydrologic cycle, physical, chemical and biological characteristics of water, stream, lake and reservoir water quality, water pollution, best management practices, water laws, regulations, and standards, and water economics. This course is an elective for all concentrations within the Environmental and Biological Sciences program.

**EBS 6691 Research Methodology and Experimental Design (3)**

This course will include hands-on statistical experience emphasizing hypothesis testing using a statistical software system. It will combine several elements of research methodology including developing a grant proposal that will include topic selection, literature search, question formulation, methods, statistics, and a budget. *Prerequisite: Three semester hours in probability and statistics or permission of instructor. A grade of "B" or better is required.*

**EBS 6695 Thesis Research (1-6)**

Under the guidance of the student's adviser and the chair of the department, the student may pursue original research (independent acquisition and interpretation of data) in a particular area of environmental or biological science. The completion of a thesis is required. The results and conclusions must be successfully defended before the student's graduate committee. *Grading system is Pass / Fail. Prerequisites: 3.0 GPA and permission of the Chair of the Biological and Environmental Sciences department.*

Refer to specific departmental listings in the *Troy University Graduate Catalog* for full course descriptions of BIO (biology), BUS (business), CHM (chemistry), and GEO (geography). Information pertaining to MB (marine biology) is also provided.

*Note: Graduate students may not enroll in a 5000 numbered course if it duplicates the same course listed on an undergraduate transcript.*

**EARLY CHILDHOOD**

---

**ECE 5544 Internship Seminar (3)**

This course provides interns an opportunity to develop analytical thinking skills through examining broad educational issues and concerns, topics on the state and local levels, and those of personal interest. The scope of the course ranges from juvenile law, classroom management, professionalism, professional development for teachers, and other course topics. This course must be taken concurrently with internship. Grading system is Pass / Fail.

**ECE 6618 Designing Prosocial Learning Environments (3)**

An examination of early childhood education learning environments. Program models such as the English Infant School, the Open School, Montessori's Prepared Learning Environment and other selected models will be studied. In addition, techniques for creating, maintaining, and assessing an environment that fosters knowledge construction, integration of technology resources, the development of autonomy, and independence will be examined. Students will

- investigate and implement these techniques with young children.
- ECE 6620 Inquiries into Physical Knowledge (3)**  
The purpose of this course is to assist graduate students as they investigate and construct a deeper understanding about their own questions related to young children's construction of physical knowledge and the facilitation and evaluation of that knowledge construction in the early childhood classroom. In addition, the students will interact with young children through observation and participation in the application of appropriate physical knowledge experiences and the investigation and evaluation of children's construction of knowledge.
- ECE 6622 Parents as Partners in Education (3)**  
The purpose of this course is to assist graduate students as they investigate and construct a deeper understanding of and develop techniques to strengthen the school-parent relationship while developing mutual supporters for the total development of the young child. Pertinent topics include: stress and children, parents and families in crisis, and helping children cope with the future.
- ECE 6625 Specialized Study in Early Childhood Education 6626 (1-3)**  
6627A study of a problem using research techniques. Selection of problem must be approved by the professor under whom the study is to be made and the Dean of Education. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. Total credit for any combination of enrollments in these courses may not exceed four semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.
- ECE 6628 Inquiries into Literacy Acquisition (3)**  
This course is designed to explore emergent literacy and the role of developmentally appropriate practices for young children, N-3. The course includes emphasis on: role of the teacher and teaching reading to young children, children and multiple learning styles, the reading process, and developing a developmentally appropriate reading program for young children, N-3.
- ECE 6630 Inquiries into Representation (3)**  
This course is designed to assist graduate students as they investigate and construct knowledge of symbolic representation in all of its form. Topics include: children's talk, play, art, writing process, music, movement and construction.
- ECE 6631 Historical Perspectives in Early Childhood Education (3)**  
The purpose of this course is to assist graduate students in constructing a sense of identity with the field of early childhood education through an understanding of the past as a prologue to contemporary thought and practice. The philosophy, history, and impact of education from the time of Plato to the present will be examined with special emphasis on the major influences in early childhood education.
- ECE 6632 Authentic Assessment in the Early Childhood Classroom (3)**  
The purpose of this course is to explore the investigation and evaluation of teaching and learning in the early childhood education program through the use of human and material resources. Purposes, types, and designs for developmentally appropriate evaluation will be examined.
- ECE 6633 Integrated Thematic Curriculum (3)**  
The purpose of this course is to assist graduate students as they construct an operational knowledge of integrated thematic curriculum. The course will focus on theory, planning, implementation, and evaluation of an integrated thematic curriculum. Additionally, issues surrounding the implementation of innovative teaching methodology in traditional settings will be examined.
- ECE 6634 Inquiries into Logico-Mathematical Knowledge (3)**  
The purpose of this course is to assist graduate students as they investigate and construct a deeper understanding about their own questions related to young children's construction of logico-mathematical knowledge and the facilitation and evaluation of that knowledge construction in the early childhood classroom. In addition, the students will interact with young children through observation and participation in the application of appropriate logico-mathematical knowledge experiences and the investigation and evaluation of children's construction of knowledge.
- ECE 6635 Program Evaluation in Early Childhood (3)**  
This course is designed for the education student to examine evaluation in early childhood and elementary education programs. Techniques and procedures concerning the design and implementation of evaluation in the total school program will be investigated.
- ECE 6640 Integrating Children's Literature (3)**  
The purpose of this course is to assist graduate students as they investigate and construct a deeper understanding of and develop techniques to incorporate quality children's literature across the curriculum. Pertinent topics include award winning authors and titles found in children's literature among a variety of genre, along with developmentally appropriate techniques for focusing curriculum delivery through quality children's literature.
- ECE 7725 Specialized Study in ECE (1-3)**  
A study of the problem using research techniques. Selection of problem must be approved by the professor under whom the study is to be made, and the Dean of Education. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for any combination of enrollments in these courses may not exceed four semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.*
- ECE 7760 Leading for Learning in the School Environment (3)**  
This course is designed to extend the teacher leader from the classroom to the school environment. Students will be provided a study of the processes in-

- involved in evaluating school settings and the problems faced by instructional leaders. Major emphasis will be placed on the transition to a teacher leading in the school environment. Characteristics of leading for learning will be explored. Topics that affect today's teacher leaders and positive ways to deal with instructional issues will also be investigated.
- ECE 7761 Effective Schools and Teachers (3)**  
This course is designed to examine the knowledge base for effective schools to enable teacher leaders to develop skills in their own practices. There will be emphasis through in-depth study of the research literature on effective school settings. Students will critically examine, analyze, and evaluate the components and characteristics of effective school environments.
- ECE 7762 School Accreditation Process (3)**  
The purpose of this course is to examine the local, state, regional, and national standards associated with school accreditation. The accreditation process in these areas will be reviewed and analyzed. Students will compare and contrast the different ways schools are accredited. Topics such as: the accreditation process, school self-study procedures, validation/documentation, roles of school personnel, and creating school improvement plans will be investigated.
- ECE 7763 Legal Issues and Ethics in Education (3)**  
The purpose of this course is to allow educational leaders to explore the organizational development and maintenance services required for effective operation of the schools within the legal framework established by local, state, and federal legislative and judicial requirements. Major emphasis will be given to studying legal issues and community relations. Legal issues and services related to exceptional children will be closely examined. The development of ethical standards, informed legal decision making, and emergency procedures for ensuring safety, as well as the political factors which impact schools, society and community relations will be studied.
- ECE 7790 Qualitative Research Methodology (3)**  
The purpose of this course is to provide graduate students with an introduction to qualitative research methodology. The historical development, rationale, and relationship to quantitative research will be examined. Qualitative research methods will include procedures for selection and sampling and for data collection and analysis. Students will read a variety of qualitative studies and conduct a brief qualitative research project. Prerequisite: Course in research or tests and measurement. *A grade of "B" or better is required.*
- ECE 7793 Problem Analysis in ECE (3)**  
A study of processes involved in identifying, framing, evaluating analyzing, and seeking information about problems. Emphasis is given to information collection and processing. Students will select and analyze a problem related to early childhood education or elementary education. Restricted to students enrolled in an Education Specialist program.
- ECO 6630 Advanced Macroeconomics (3)**  
A survey of modern economic theories of the business cycle. The mathematical methods employed in macro and micro-foundations of macroeconomics will also be covered.
- ECO 6631 Advanced Microeconomics (3)**  
A mathematical analysis of consumer choice, firm production decisions, and market exchange. Mathematical methods employed in microeconomics will also be covered.
- ECO 6632 Econometrics I (3)**  
An introduction to regression analysis as employed in cross sectional time series econometrics. The statistical and probability tools required for regression analysis will also be covered.
- ECO 6633 Econometrics II (3)**  
A survey of important regression models employed in econometric analysis. Topics will vary according to the interest of instructor, but could include forecasting models, panel data analysis, limited dependent variable, and spatial econometrics.
- ECO 6634 Mathematical Economics (3)**  
An introduction to fundamental mathematical methods used in economic analysis: overviews of differential calculus, linear algebra, constrained optimization, and comparative statics. Also includes an introduction to mathematical statistics as applied to econometrics.
- ECO 6652 Macroeconomics and Forecasting (3)**  
An analysis of the courses of business cycles with the applications of macroeconomic theory and economic forecasting techniques available to the business manager. *Prerequisite: All business foundation courses or equivalent.*
- ECO 6654 Labor Economics (3)**  
An overview of the forces of supply and demand as related to labor markets; wage determination and resource allocation in U.S. labor market operations; the interrelationship of labor and the national economy, wages, prices, and employment; and labor economics in the microenvironment. An introduction to wage determination policies and strategies in a competitive global marketplace. *Prerequisite: All business foundation courses or equivalent.*
- ECO 6655 Managerial Economics for the Global Manager (3)**  
A study of the decision-making process of business managers when operating in a global economy. The efficacy of market based approaches to real world problems is considered. Various theories of the firm and managerial strategies are used to study the optimal decision-making rules for business firms when such firms must operate under conditions of uncertainty and in a global environment. *Graduate standing, acceptance into the MBA program, all undergraduate business prerequisite courses or equivalent completed.*

<b>ECO 6667</b>	<b>Economics of Public Policy (3)</b> Tools of economic theory used in the analysis of government sector policies. Topics will include normative vs. positive theories of government policy, cost-benefit analysis, theories of market failure, and comparative institutional analysis.	
<b>ECO 6668</b>	<b>Advanced Austrian Economics (3)</b> Further study of the Austrian theory of the market process. Topics include roles of the equilibrium construct in Austrian versus neoclassical price theory, capital theory, and the Austrian theory of business cycle. <i>Prerequisite: ECO 6661.</i>	<hr/> <b>EDU 5590</b>
<b>ECO 6690</b>	<b>Master's Research (3)</b> Directed research on a selected topic of economics, with the advice and approval of a faculty advisor,	<b>Global Identity: Connecting Your International Experience to Your Future (3)</b> Studying abroad is a transformative experience that has the power to challenge our thinking and our perspective on the world. This course aims to attract students across disciplines, to promote interprofessional development, and to prepare them to expand their understanding of their global identity and com-

municate their growth in intercultural competence toward their personal and professional development. Students make connections between their study abroad experience and the broader range of skills connected with this experience, to become a competitive member of a global workforce.

**EDU 6600 Classroom Management and Behavior Intervention (3)**

This course is a study of current theory, research, and practice in psychology, sociology, leadership, and human behavior as related to school age students, the nature of the educational organization, and the role of the teacher in that organization. Emphasis is placed upon the formation of a positive, developmental philosophy for effective management of classroom resources and student behavior as well as the identification of some appropriate methods and techniques to apply this philosophy.

**EDU 6603 Planning For the Classroom (3)**

This course provides students with an overview of the K-12 classroom environment and the planning necessary to establish environments that are conducive for learning.

**EDU 6606 Current and Emerging Instructional Technologies (3)**

This introductory course focuses on current and emerging instructional technologies. The emphasis of this class is on the instructional use of computers, Microsoft Office applications, software, desktop publishing, graphics, hypermedia, and the internet. Prerequisite: permission of instructor.

**EDU 6607 Curriculum Integration of Technology (3)**

This course covers the evaluation, selection, and integration of various instructional software and web-based technologies into curricula, taking into consideration teaching and learning styles while relating technologies to instructional settings, diverse models, and developmental levels. Micro-lessons are produced using multimedia-authoring tools. *Prerequisite: EDU 6606 or permission of instructor.*

**EDU 6611 Educational Technology in the Curriculum (3)**

The purpose of this course is to advance pre-service and in-service teachers beyond simple computer literacy and basic understanding of Computer-Based Instructional Technologies. It will focus on more advanced educational use of multimedia and Internet based technologies. The student will explore technologies and learning tools that foster a more learner centered constructivist environment within their specific teaching area. Critical issues arising from the integration of these technologies such as development of interactive environments and new modes of communication and subsequent effects on the definition of learning will also be investigated.

**EDU 6613 Principles of Instructional Design (3)**

This course focuses on the development of instruction by using the Instructional Systems Design (ISD) approach based on the ADDIE Model. Students will develop the necessary pedagogical skills that will facilitate the analysis, design, development, implementation, and evaluation of instructional needs to synthesize appropriate teaching and learning curriculum.

**EDU 6614 Instructional Performance Design Systems (3)**

This course further exposes students to the pedagogies, processes, tools, and techniques that facilitate proficiency in developing instructional strategies and materials. This includes case study analysis and in-depth discussion of the literature to foster theoretical application and evaluation of instructional design products. *Prerequisite: EDU 6613*

**EDU 6616 E-Learning Design (3)**

A study of various forms of distance learning with emphasis on computer based systems and on-line learning. The course integrates relevant technology including multimedia authoring, web design, and internet delivery systems. The course concentrates on the development of web-based instructional materials and the management of internet-based courses and programs. Students design an educational web site and develop a strategy to deliver web-based instruction. *Prerequisite: EDU 6606 and EDU 6613*

**EDU 6617 Graphic Design in Multimedia Instruction (3)**

A study of graphic design principles as they apply to the development of multimedia instructional courseware. The course integrates advanced graphics, multimedia authoring and web design software to teach the student relevant technology as it applies to instructional design. Students apply graphic design principles in developing a variety of multimedia instructional products working individually and in teams. *Prerequisite: EDU 6606 and EDU 6613*

**EDU 6618 Advanced Multimedia Instruction (3)**

An advanced course in computer based multimedia interactive course design. The course integrates course design software, multimedia authoring, web design and presentation graphics in the development of a multimedia lesson or course. The course concentrates on the total instructional process culminating complete multimedia class delivered either by disk or internet. Students develop their own video and audio elements learning the complete production process necessary for multimedia instructional products. *Prerequisite: EDU 6617*

**EDU 6619 Instructional Media (3)**

A study of graphic design principles as they apply to the development of multimedia instructional courseware and multimedia interactive course design. The course integrates advanced graphics, multimedia authoring and web design software to teach the student relevant technology as it applies to instructional design. The course integrates course design software, multimedia authoring, web design, social media and presentation graphics in the development of multimedia lesson or course. The course concentrates on the total instructional process in developing and delivering interactive online lessons or courses. Students develop their own video and audio elements learning the complete production process necessary for multimedia instructional process.

**EDU 6625 Specialized Study in Area of Education (1-3)**

**6626**  
**6627** This course focuses on the study of a problem or problems using research techniques. Selection of the problem must be approved by the student's adviser, the instructor under whom the study is to be made, the appropriate college dean, and the Dean of

the Graduate School. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. Total credit for any combination of enrollments in these courses may not exceed 4 semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.

**EDU 6629 The Master Teacher (3)**

This course is designed to assist the beginning graduate student in determining the expectations and attributes of the master teacher. Major emphasis will focus on effective teacher characteristics, skills and practices of teaching, as well as a review of the requirements for National Board for Professional Teaching Standards (NBPTS).

**EDU 6630 Teachers and the Law (3)**

This course is designed to help teachers become legally literate by providing them with information about the law that affects them, how the legal system works, and how that system can work for them.

**EDU 6632 Seminar in Classroom Teaching (2)**

This course is an inter-disciplinary seminar course designed for classroom teachers who desire to investigate in depth the techniques, procedures and strategies related to improving learning through improved teaching.

**EDU 6645 The Nature of Intelligence (3)**

This course provides a description and analysis of the quantitative and qualitative aspects of intelligence. It includes classic and contemporary theories of learning and their relationship to the understanding of individual differences.

**EDU 6650 Global Education in the Elementary/Middle School (3)**

This course is designed to instruct teachers about the complexities of citizenship in a world community, current issues, and concerns in this field, and methods of globalizing the existing elementary curriculum.

**EDU 6653 Evaluation and Assessment (3)**

A study of the basic statistical processes and measures used in education. Analysis of a variety of standardized tests and measurements procedures including construction, use and interpretation. Construction of teacher made tests and measuring devices.

**EDU 6655 The Arts Curriculum (3)**

This course prepares the teacher to provide a broad-based arts education program that includes history, interpretation, production, and appreciation. Emphasis is placed on utilizing the arts to enrich students learning in all curricular areas.

**EDU 6656 Teaching the Bilingual Child (3)**

This course prepares teachers to make classroom and instructional accommodations to meet the needs of the bilingual child. It also addresses facilitating home-school partnerships with families of bilingual children.

**EDU 6658 Understanding Cultural Diversity (3)**

Understanding of culturally different studies, the psychological and sociological factors that influence the counseling, teaching or training, and the employment of the culturally different. Special emphasis is placed on current practices utilized in overcoming the deficiencies in school, home, and work settings.

**EDU 6665 Field Project (3)**

The content of this course is variable, depending on student interests. The determination of the course content for each student will be made through collaboration between the student, the student's adviser, and the Instructor. Students may focus on supervised teaching, action research, or a project with a P-12 school system. *This course is open only to students enrolled in teacher education programs. The field project does not replace the comprehensive exam. Students are required to take the comprehensive exam.*

**EDU 6672 The Wiregrass Writing Project (3)**

The Wiregrass Writing Project is the local affiliate of the Alabama Writing Project and the National Writing Project. The National Writing Project strives to improve student writing achievement by improving the teaching and learning of writing in the nation's schools. The 165 sites operate on a teachers teaching teachers model. Successful writing teachers who attend this invitational summer institute will examine their classroom practice, conduct research of sound theory supporting particular approaches to the teaching of writing, and develop their own writing skills.

**EDU 6680 The Alternative Experience Internship Grades K-6 (3)**

This field experience is designed only for students who are admitted to the Alternative Fifth-Year Experience Route Program in Elementary Education. The internship will consist of a minimum of 100 clock hours of instructional experiences in elementary classroom (K-6) settings. *Grading system is Pass/Fail.*

**EDU 6682 Internship in Area of Specialization (3)**

This field experience is designed for teacher education candidates who hold current graduate-level professional educator certification and desire additional certification in another field and/or level. Experiences include planning, teaching and supervised activities in an approved clinical setting. Grading system is Pass / Fail. *Prerequisite: Admission to the Teacher Education Program, completion of all required coursework, and approval from the Director of Teacher Education.*

**EDU 6691 Research Methodology (3)**

This course is a study and evaluation of a variety of research methods and types of reporting. *(May carry the prefix appropriate to the program of study i.e. SPE, SED, IED). A grade of "B" or better is required.*

**EDU 6693 Quantitative Methods of Evaluation of Teaching and Learning (3)**

This course is a study of descriptive and inferential statistics commonly used in the literature of psychology and education. Emphasis is placed on the application of statistical method to research design. Instruction deals specifically with measures of central tendency and variability, probability theory, estimation and significance, correlation and regression,

analysis of variance, and chi-square. A grade of "B" or better is required.

**EDU 6695 Thesis (3)**

The thesis must be related to an educational problem or situation. Information regarding the thesis program may be obtained from the Dean of the Graduate School. *This course may be repeated. Grading system is Pass/Fail.*

**EDU 6696 Practicum in Area of Specialization (1-6)**

The Practicum is supervised experiences related to instruction in area of specialization. The application of skills, concepts, and principles acquired in previous courses will be emphasized. *Prerequisite: All Teaching Field courses must be completed.*

**EDU 6698 Introduction to Research (3)**

This course is designed to assist graduate students as they become competent consumers and producers of educational research. Purposes, designs, and characteristics of quantitative and qualitative research will be examined as students read and analyze a variety of studies. *A grade of "B" or better is required.*

**EDU 6699 Research in Practice (3)**

The purpose of this course is to provide graduate students in teacher education programs with an opportunity to design, implement, and write about practical quantitative or qualitative research related to their own teaching. Joint research projects with P-12 school systems are encouraged. *Prerequisite: EDU 6698 or EDU 6653. A grade of "B" or better is required.*

**EDU 7706 Environmental Education: Teaching Across the Curriculum (3)**

This course is designed to provide an interdisciplinary experience in teaching using an approach designed around environmental education themes. The graduate students will be immersed in teaching across the curriculum using issues related to the environment. The focus will be interdisciplinary and utilize hands-on learning experiences which will help to make learning meaningful and authentic.

**EDU 7709 Seminar in Decision-Making for Teachers and Educational Administrators (3)**

The purpose of this course is to critically examine, analyze, and evaluate American public education in order to frame problems, identify possible causes, seek and collect information, delineate steps to solutions, and generate possible solutions to problems facing schools today. Particular focus will be given to curriculum and instruction, financial, political, cultural, economic ethical and legal policies, and the impact of cultural diversity in American schools. *Restricted to students enrolled in an Education Specialist program.*

**EDU 7725 Specialized Study in Education (1-3)**

**7726** Study of the problem using research techniques.

**7727** Selection of problem must be approved by the professor under whom the study is to be made, and the Dean of Education. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for any combination of enrollments in*

*these courses may not exceed four semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.*

**EDU 7730 The Teacher Leader (3)**

The purpose of this course is to help teachers develop as teacher leaders in their schools. Major emphasis will focus on teacher leader characteristics, skills and effective practices in teacher leadership (recommended as the first course in the ELE/ECE Ed.S. programs).

**EDU 7750 Practicum in Area of Specialization (1-3)**

**7752** The Practicum is a supervised application of the concepts, principles, and skills acquired by the students in previous course work. Students will explore and identify alternative solutions to the problems through group interaction.

**7757****EDU 7760 Leading for Learning in the School Environment (3)**

This course is designed to extend the teacher leader from the classroom to the school environment. Students will be provided a study of the processes involved in evaluating school settings and the problems faced by instructional leaders. Major emphasis will be placed on the transition to a teacher leading in the school environment. Characteristics of leading for learning will be explored. Topics that affect today's teacher leaders and positive ways to deal with instructional issues will also be investigated.

**EDU 7761 Effective Schools and Teachers (3)**

This course is designed to examine the knowledge base for effective schools to enable teacher leaders to develop skills in their own practices. There will be emphasis through in-depth study of the research literature on effective school settings. Students will critically examine, analyze, and evaluate the components and characteristics of effective school environments.

**EDU 7762 School Accreditation Process (3)**

The purpose of this course is to examine the local, state, regional, and national standards associated with school accreditation. The accreditation process in these areas will be reviewed and analyzed. Students will compare and contrast the different ways schools are accredited. Topics such as: the accreditation process, school self-study procedures, validation/documentation, roles of school personnel, and creating school improvement plans will be investigated.

**EDU 7763 Legal Issues and Ethics in Education (3)**

The purpose of this course is to allow educational leaders to explore the organizational development and maintenance services required for effective operation of the schools within the legal framework established by local, state, and federal legislative and judicial requirements. Major emphasis will be given to studying legal issues and community relations. Legal issues and services related to exceptional children will be closely examined. The development of ethical standards, informed legal decision making, and emergency procedures for ensuring safety, as well as the political factors which impact schools, society and community relations will be studied.

- EDU 7764 Models and Strategies for Instruction (3)**  
The purpose of this course is to assist education specialist candidates as they explore a variety of instructional models throughout the educational and other learning environments. There will be an emphasis on current research of effective teaching and learning practices. Students will compare and contrast different educational instructional practices and develop set of strategies to enhance the instructional environment.
- EDU 7792 Advanced Research in Education (3)**  
This course is designed primarily for students planning to prepare a thesis. Particular attention is given to the research techniques related to the types of thesis study the student desires to undertake. (May carry the prefix appropriate to the program of study i.e. SPE, SED, IED). *A grade of "B" or better is required. Prerequisite: This course is restricted to Ed.S. candidates only.*
- EDU 7795 Thesis (1-6)**  
Research for and preparation of a scholarly paper related to a school administration, supervision, and/or curriculum problem. The project will be under the direction of the student's advisory committee. *Grading system is Pass/Fail.*
- ELE 6603 Seminar in Science Education (3)**  
This course will examine relevant research and a variety of instructional strategies appropriate in the field of natural science. Emphasis is placed on appropriate instruction and materials including technology for teaching science to students in grades K-6.
- ELE 6604 Seminar in Language Arts Education (3)**  
This course is a seminar for elementary educators desiring to design and implement developmental programs of language arts instruction in view of recent research. An examination of the research in the language arts and current practices in teaching techniques will be pursued.
- ELE 6605 Seminar in Social Science Education (3)**  
This course will examine relevant research and a variety of instructional strategies appropriate in the field of social science. Emphasis is placed on appropriate instruction and materials including technology for teaching social science to students in grades K-6.
- ELE 6622 Parents as Partners in Education (3)**  
The purpose of this course is to assist graduate students as they investigate and construct a deeper understanding of and develop techniques to strengthen the school-parent relationship while developing mutual supporters for the total development of the young child. Pertinent topics include: stress and children, parents and families in crisis, and helping children cope with the future.

An advanced seminar dealing with the theology and practice of Islam and its impact on international, legal, political, security, and social issues.

**IR 6690 Capstone (3)**

This course serves as the capstone course for the MSIR program and requires students to conduct a significant research project in an IR topic chosen by them in consultation with the instructor. Students will have 6 weeks to produce a conference level paper (5,000+ words) that will be graded by at least two faculty members. Note: MSIR candidates must achieve a grade of "B" or better in IR6690 to complete degree program requirements. *Prerequisites:* Students must have completed all other IR core courses (IR 5551, IR 6601, IR 6620, IR 6652) as well as at least 15 hours of MSIR electives prior to enrolling in this course.

## INFORMATION SYSTEMS

**IS 6625 Specialized Study in the Area of Information Systems (1-3)**

**6626**  
**6627**  
Study of problem or problems using research techniques. Selection of the problem must be approved by the student's adviser, the instructor under whom the study is to be made, and the appropriate dean. The study must contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. Total credit for any combination of enrollments in these courses may not exceed six semester hours. A specialized study may be substituted for a required course only once in a student's program. *Prerequisite: All business foundation courses or equivalent.*

**IS 6660 Introduction to Data Analytic Strategies and Applications (3)**

This course focuses on developing new insights and understanding of organizational performance based on data and quantitative methods. The course introduces the fundamentals of interpreting data, performing data analysis, understanding the data, visualizing the data and communicating with the data into actionable insights. Topics of study include qualitative and quantitative data analysis, fundamental tools and techniques for data manipulation using software tools, visualization, and decision making methodologies.

**IS 6662 Big Data Analytics and Business Decision Support (3)**

This course introduces the concepts and practices of Big Data analytics and its application to executive business decisions that enhance business competitiveness. Students will learn how to utilize Big Data methodologies and analytic software to interpret and visualize large data sets into meaningful and useful information for business use. The course also includes case studies in how major businesses have used big data to gain new perspectives and insights that enabled new competitive advantages and marketing advantages.

**IS 6672 Information Systems and Business Strategy (3)**

Considers the role of operations and information systems in defining competitive business strategies. Structural decisions (product design, marketing, and finance) as well as issues that cross corporate boundaries (strategies for distribution, supply management and global operations) are addressed. Examines emerging issues such as global manufacturing, e-commerce, sourcing strategies, manufacturing automation and environmental issues. *Prerequisite: All business foundation courses or equivalent.*

**IS 6674 Information Systems in the Global Economy (3)**

Theoretical and practical applications for managing computerized information systems; planning and control functions of the firm; emphasis on case studies of design projects; the application of human and organizational issues of Management Information Systems (MIS); current academic research into the analysis, design, and implementation of computer information systems. *Prerequisite: All business foundation courses or equivalent.*

**IS 6675 Information Security and Assurance in a Global Economy (3)**

This course introduces the various technical and administrative aspects of information security and assurance within a global networked environment and provides the foundation for understanding the

key issues related to them. Topics covered include inspection and protection of information assets, detection of and reaction to internal and external threats, determining the levels of protection needed, and the design of a consistent, reasonable information security architecture along with an implementable process. Other topics include technical and managerial aspects of a wide range of policies and issues relating to reporting and monitoring, upgrading and patching, intrusion detection, maintenance and mining of security logs, backup and recovery, and global issues related to trans-border data flow and intellectual property rights. *Prerequisites: Graduate standing, admission into the MBA program and all undergraduate business prerequisite courses or equivalent completed.*

**IS 6676 E-Commerce for Global Business (3)**  
Introduces state-of-the-art concepts and applications which are emerging in the field of electronic commerce. *Prerequisite: All business foundation courses or equivalent.*

**IS 6677 Leadership Series on Information Technology (Seminar Course) (3)**  
This course consists of seminars and a final semester student research paper. Seminars will be given by information technology (IT) leaders; each seminar will be followed by a session of questions and informal gathering. Seminar topics and speakers chosen based on the progression of other courses in the program and will have an international context. Each semester, students have the opportunity to complement their in-class learning experience with related practical experience from IT leaders. At the end of the semester, students must submit a quality written research paper to be presented in class or at a conference.

**IS 6678 International Information Technology Project Management (3)**  
This course discusses the processes, methods, techniques, tools, issues, and practices that organizations use to manage their international information systems projects. The course covers a systematic methodology for initiating, planning, executing, controlling, and closing projects. This course assumes that project management in a global organization is a complex team based activity, where various types of technologies including project management software as well as software to support group collaboration are an inherent part of the project management process. This course also acknowledges that project management involves both the use of resources from within the firm, as well as contracted from outside the organization. *Prerequisites: Graduate standing, admission into the MBA program and all undergraduate business prerequisite courses or equivalents completed.*

**IS 6679 Management Information Systems (3)**  
Conceptual and practical foundations of information systems to include support of management and decision-making functions, computer system project management, economic and legal considerations of management information systems, and system implementation/evaluation. *Prerequisite: All business foundation courses or equivalent.*

---

## JOURNALISM

---

**JRN 6600 Media Management (3)**  
In this course, students will examine the competitive environment facing today's media, the various management principles that may be applied to media companies, and media management crisis.

**JRN 6615 Public Relations and Strategic Communication**  
Students will examine how the changing media environment affects outreach methods and explores practical solutions to achieve communication goals. Emphasis is placed on crisis public relations problems. Topics include the importance of research, designing a strategic communication program, advertising and the pervasive effect of public relations.

**JRN 6640 Communication Law and Ethics (3)**  
This course provides students with an in-depth understanding of existing communication ethics, regulations and policies along with their application to media. Students will study how these legal doctrines and ethical considerations have evolved and will continue to evolve.

## KINESIOLOGY AND HEALTH PROMOTIONS

---

**KHP 6602 Motor Skills and Human Performance (3)**  
In an interdisciplinary approach, students will be exposed to a systematic analysis of motor skills and human performance. Students will learn how to observe, evaluate and diagnose, and apply interventions to improve motor skill performance.

**KHP 6604 Statistical Analysis and Interpretation (3)**  
This course requires graduate students to utilize statistical fundamentals, analyses, and interpretation of statistics. Statistical information includes, but is not limited to, sampling, hypothesis testing, regression, frequency distributions, t-tests, parametric and nonparametric statistical techniques, multivariate data analysis (MANOVA), and others using SPSS and other statistical software.

**KHP 6610 Physical Education, Sport and the Law (3)**  
The course is designed to provide students with an in-depth awareness and understanding of legal responsibilities of sport managers, coaches, and administrators. Emphasis will be placed upon critically analyzing the legal theories, structures, statutes, case law, and standards that apply to the sport industry and that impact sport organizations. Substantive legal areas include tort, constitutional, antitrust, intellectual property, agency, contract, and business law.

**KHP 6615 Organizational Behavior & Leadership in Sport (3)**  
In this course students will study the basic concepts, theories and organization of administration including financial management as applied to sport, physical education, and recreation.

**KHP 6616 Sport Finance (3)**  
This course is designed to provide students with information concerning advanced theory in finance, accounting, and managerial control of budgets.

**KHP 6617 Research Methods I (3)**  
An independent exploration of the literature and current research in the fields of Health Education and Physical Education. *A grade of "B" or better is required.*

- KHP 6620 Physical Fitness: A Critical Analysis (3)**  
This course is designed to prepare the student for the American College of sports Medicine (ACSM) Health Fitness Specialists (HFS) certification. The course will examine the process of pre-participation health screening and risk stratification, administration of physical fitness assessments, and interpretation of results and the development of appropriate exercise prescriptions used in the evaluation and improvement of human fitness. *Prerequisite: KHP 6650*
- KHP 6623 Biomechanics of Sport Techniques (3)**  
This course is designed to prepare the student for the National Strength and Conditioning Association (NSCA) Certified Strength and Conditioning Specialist (CSCS) certification. The course explores basic biomechanical concepts and their application in the analysis of sport technique. Students will apply scientific knowledge to examine sport-specific testing assessments and interpretation of results, and practice the implementation of safe and effective training techniques for the goal of improving athletic performance. *Prerequisite: KHP 6650*
- KHP 6625 Specialized Study in KHP (1-3)**  
**6626** A study of the problem or problems using research  
**6627** techniques. Selection of problem must be approved by student's adviser, instructor under whom the study is to be made, and the appropriate Director of Graduate Studies. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for any combination of enrollments in these courses may not exceed six semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.*
- KHP 6631 Programs in Health and Physical Education (3)**  
The course reviews appropriate curriculum for children of various age levels. Particular attention is devoted to a study of the capacities, attitudes, and needs of pupils as they are related to health and physical education. The principles, problems and procedures in the development of a health and physical education curriculum are thoroughly examined.
- KHP 6632 Critical Issues in Sport and Fitness Management and Health and Physical Education (3)**  
Recognition, discussion, and systematic analysis of controversial issues and problems encountered in the conduct of professional activities in health and physical education.
- KHP 6640 Sport Marketing: Physical Education, Athletics, Recreation and Intramurals (3)**  
The purpose of this course is to teach educators how to create a marketing plan. The emphasis is on following a ten-step procedure designed primarily for the non-profit sector and learning the theoretical base required to complete the process accurately and proficiently.
- KHP 6650 Sport Nutrition and Exercise Metabolism (3)**  
This course examines established dietary requirements of athletes relative to performance, training, and recovery. Emphasis will be placed on the use of peer reviewed literature to understand the importance of pre- and post-event nutrition, nutritional issues faced by athletes, and possible ergogenic strategies, foods, and dietary supplements. Examination of metabolic pathways and will allow advanced interpretation of the metabolism and macronutrients during conditions of exercise and disordered metabolism. *Prerequisite: KHP 6670*
- KHP 6670 Exercise Physiology (3)**  
This course examines acute and chronic physiological responses to the respiratory, cardiovascular, and musculoskeletal systems to the demands of exercise. Contributions made by aerobic and anaerobic metabolism to energy production will be examined. The contribution of various physiological variables will be investigated to facilitate an understanding of the physiological basis of human performance.
- KHP 6671 Advanced Exercise Physiology (3)**  
This course will allow students to experience and explore advanced concepts, topics, and laboratory techniques related to exercise physiology. Material covered in this course will prepare students to interpret, conduct, and share advanced material with their peers. Students will have the opportunity to implement an advanced research project or commence thesis-related research. *Prerequisite: KHP 6650*
- KHP 6672 Sport Psychology (3)**  
The course is designed for the student with a vocational interest in athletic coaching within the educational environment. Psychological theories will be applied to the teaching of sports skills and the development of individuals into efficient team units.
- KHP 6673 Ethics in Sport (3)**  
The course is examines ethical matters and issues relating to sport and physical activity.
- KHP 6674 Entrepreneurship in Sport (3)**  
The course provides the student with an awareness and understanding of basic concepts and problems in starting a business.
- KHP 6680 Practicum in Physical Education (3)**  
A supervised application of concepts, principles, instructional, curriculum, and delivery skills acquired by students in previous coursework. Students will identify issues regarding classroom management, testing, and evaluation in physical education. Students will explore innovative ideas for the classroom and research peer reviewed journals for information for application in the classroom setting.
- KHP 6690 Internship (3)**  
A 400-hour supervised experience in planning, staging, and evaluating a formal practicum in related field.
- KHP 6691 Research Methods II (3)**  
This course examines the variety of research methods and reporting methods used in health & physical education research. A grade of "B" or better is required. *Prerequisite: KHP 6604 and KHP 6617 with a "B" or better.*
- KHP 6694 Thesis I (3)**  
Independent research leading to the preparation of a scholarly paper related to sport and fitness management topic under the supervision of the student's advisory committee. The student's advisory committee will administer an oral examination covering the research and findings. Grading system is Pass/Fail.

**KHP 6695 Thesis II (3)**  
Independent research leading to the preparation of a scholarly paper related to sport and fitness management topic under the supervision of the student's advisory committee. The student's advisory committee will administer an oral examination covering the research and findings. Grading system is Pass/Fail.

**MARINE BIOLOGY (MB)**

---

**Offered at Dauphin Island Sea Lab (DISL) only**

*Courses are offered during the summer semester only. Since course offerings change, check the current DISL summer bulletin for specific course offerings and descriptions and contact the Marine Biology Adviser at Troy.*

*The courses listed below are taught at Dauphin Island Sea Lab in the summer only. The faculty members are recruited from many colleges and universities within and outside Alabama. The courses are identified by an MB prefix.*

*All Marine Biology courses for graduate students have the prerequisites of General Chemistry and Ecology, or the equivalents.*

**MB 5502 Marine Invertebrate Zoology (4)**  
A study of the natural history, systematics, and morphology of marine invertebrates from a variety of habitats in the Gulf of Mexico. Participation in extended field trips is part of the course.

**MB 5503 Marine Vertebrate Zoology (4)**  
A study of the biology of marine vertebrates emphasizing systematics, behavior, physiology, and ecology of local forms.

**MB 5504 Marine Botany (4)**  
A general survey of algae and vascular plants associated with the marine and estuarine environment.

**MB 5510 Introduction to Oceanography (4)**  
A general introduction to the physics, chemistry, geology, and biology of the oceans.

**MB 5519 Marine Aquaculture (2)**  
Techniques in live animal culture with an emphasis on basic principals that can be applied to the culture of any organism for research, display, or commercial profit.

**MB 5523 Marine Ecology (4)**  
Lecture and laboratory studies of bioenergetics, community structure, population dynamics, predation, competition, and speciation in marine ecosystems.

**MB 5528 Shark and Ray Biology (2)**  
An introduction to the biology of sharks and rays, with special emphasis on regional shark fauna and field techniques.

**MB 5532 Biology and Conservation of Marine Turtles (2)**  
An overview of the biology and conservation of marine turtles, including identification, distribution, nesting behavior, migratory behavior, and feeding ecology.

**MB 5538 Coastal Wetlands Ecology (4)**  
The course will focus on coastal and near shore wetland areas, with an emphasis on the biogeochemical processes that occur within.

**MB 5560 Introduction to Neurobiology (4)**  
The study of the structure, development, physiology, and pharmacology of the nervous systems and sense organs. *Prerequisite: Permission of the instructor.*

**MASTER OF BUSINESS ADMINISTRATION**

---

**MBA 6611 Business Strategy (3)**  
This course is the capstone course in the MBA program. It integrates the skills and knowledge developed in earlier courses and emphasizes case analysis. Formulation and implementation of strategies are stressed. The course includes an end-of-course comprehensive examination. A grade of "B" or better is required to complete this course successfully. The course may not be transferred into the MBA program. Students are required to complete the graduate Educational Testing Service Major Field Test and a Capstone Examination in this course. *Prerequisites: Completion of a minimum of 24 semester hours in the MBA program, with a "B" average or better, including the following courses: ACT 6691, ECO 6655, FIN 6631, MKT 6661 and QM 6640; or approval of the department chair. Students should be in the last term of their program when completing this course.*

**MANAGEMENT**

---

**MGT 6615 Ethical Leadership and Management in a Global Economy (3)**

Equips students with the critical leadership skills and solid understanding of today's ethical theory they need to become effective business leaders in today's turbulent times. The class explores the latest thinking in leadership theory and contemporary practices at work within organizations throughout the world. Closely connects theory to recent world events, such as the Wall Street meltdown, ethical scandals, and political turmoil. Students examine emerging topics, leadership vision and courage, leading virtual teams and actual leadership decisions. *A grade of "B" or better is required.*

**MGT 6625 Specialized Study in Management (1-6)**  
**6626** Study of a problem or problems using research  
**6627** techniques. Selection of the problem must be ap-

proved by the student's adviser, the instructor under whom the study is to be made, and the appropriate dean. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for any combination of enrollments in these courses may not exceed six semester hours. No more than three semester hours credit of this course may be transferred in from another institution. See semester hour limits listed under Course Restrictions in General Regulations section. Prerequisites: All business foundation courses or equivalent.*

**MGT 6645 Quantitative Methods in Management (3)**

An introduction to statistics as applied to business problems. The course is designed to develop students' ability to apply inferential statistical methods to decision making in business. *Prerequisites: All business foundation courses or equivalent.*

**MGT 6670 Seminar in International Management (3)**

A survey of theories and issues related to managing the internationalization of business firms and multinational management.

**MGT 6673 Operations Management (3)**

An analysis of the conditions under which production and management of goods and services take place in business organizations with attention to the delineation of roles played by management and labor in carrying out both production and service delivery, and application of selected quantitative techniques to support those processes. *Prerequisites: All business foundation courses or equivalent.*

**MGT 6674 Ethics in Business (3)**

Examination of ethical problems and conflicts encountered by managers attempting to fit their organizations to the larger social environment. Addresses ethics, codes of ethics, social responsibility of organizations in domestic and global environments. *Prerequisites: All business foundation courses or equivalent.*

**MGT 6675 Theory of Organizations (3)**

The study of general business management from a structural standpoint: planning, organizing, staffing, directing, and controlling. *Prerequisites: All business foundation courses or equivalent.*

**MGT 6677 Systems Management (3)**

The study, design, implementation and operation of a system within the organization. *Prerequisites: All business foundation courses or equivalent.*

**MGT 6681 Organization Development and Change (3)**

A study of management concepts and practices useful in improving organizational performance. Theories and concepts applicable to making organizations more hospitable to people and more productive in accomplishing their goals and objectives are identified and discussed. Special attention is paid to strategic interventions and change in both private and public sector organizations and in the global arena.

**MGT 6682 Leadership and Motivation (3)**

The course examines the foundational concepts of leadership, reviews traditional theories of leadership, and investigates critical issues in leadership and motivation as they apply in the contemporary work-

place. Applications develop critical thinking skills about the concepts. *Prerequisites: All business foundation courses or equivalent.*

**MGT 6685 Management Strategy (3)**

Study of the integrative functions of senior management in long-range strategic planning and decision making to support implementation. This is a capstone course which utilizes all the skills and knowledge developed earlier in the program. It focuses on policy problems and planning beyond the boundaries of the firm. It emphasizes advanced case analysis and computer simulation. *The course may not be transferred into the MSM program. Students are required to complete the graduate Educational Testing Service Major Field Test and a Capstone Examination in this course. A grade of "B" or better is required. Prerequisites: Must have completed 18 semester hours to include BUS 6610 (with a grade of "B" or higher), and MGT 6600, MGT6627, MGT 6671, and FIN 6631 (all with a grade of "C" or higher) and one other 3 SH course in either the concentration or an elective with a grade of "C" or higher.*

---

**MARKETING**

---

**MKT 6661 Global Strategic Marketing (3)**

This course is a comprehensive survey of strategic marketing concepts used to provide value to customers in a global business context. Topics focus on the application of marketing theories and concepts to address problems and take advantage of opportunities. *Prerequisites: Graduate standing, acceptance into the MBA program, all undergraduate business prerequisite courses or equivalent completed.*

---

**MASTER OF SCIENCE IN MANAGEMENT**

---

**MSM 6610 Theories of Organizational Behavior (3)**

This course is the study of the theories and concepts of individual leaders and group behaviors within organizations. The course examines important behavioral processes, including learning, perception, attitudinal structuring, values, motivation, communication, conflict, quality, and social reinforcement. Emphasis is placed on the relationship of these processes to individual and group performance and their implications for leadership and decision-making. *Prerequisite: Admission into the MSM degree program.*

**MSM 6630 Management Information Systems for Leaders (3)**

Conceptual and practical foundations of information systems to include support of management and decision-making functions, computer system project management, economic and legal considerations of management information systems, and system implementation/evaluation. *Prerequisite: Admission into the MSM degree program.*

**MSM 6633 Leading and Developing High Performance Teams (3)**

An in-depth study of the process of developing a new team or revitalizing an existing team. The course will involve the study and application of current theories of team development and performance in the work setting. Special emphasis will be placed on the leadership of work teams in both face-to-face and virtual settings for effective performance and member satisfaction.

- MSM 6635 Leadership of Innovation and Change (3)**  
The study of management concepts and practices useful in improving organizational performance. Theories and concepts applicable to making organizations more hospitable to people and more productive in accomplishing their goals and objectives are identified and discussed. Special attention is paid to strategic interventions and change in both private and public sector organizations and in the global arena. *Prerequisite: Admission into the MSM degree program.*
- MSM 6640 Foundations of Leadership and Motivation (3)**  
The course examines the foundational concepts of leadership, reviews traditional theories of leadership, and investigates critical issues in leadership and motivation as they apply in the contemporary workplace. Applications develop critical thinking skills about the concepts. *Prerequisite: Admission into the MSM degree program.*
- MSM 6645 Continuous Improvement (3)**  
Analysis of Total Quality Management (TQM) and the driving philosophy, including leadership, human resource management and human resource development, strategic planning, implementation, methods, benchmarking, results, and the principles of closing the loop. Case analyses used to illustrate TQM as a systemic approach to organizational effectiveness using the Baldrige Criteria. *MSM core requirement; potential MBA unspecified elective; potential MSHRM elective. Prerequisite: MSM 6610.*
- MSM 6650 Strategic Management (3)**  
Study of the integrative functions of senior management in long-range strategic planning and decision making to support implementation. This is a capstone course which utilizes all the skills and knowledge developed earlier in the program. It focuses on policy problems and planning beyond the boundaries of the firm. It emphasizes advanced case analysis and computer simulation. *Prerequisite: completion of at least 15 semester hours in the MSM core. Students should be in their last term or semester of their program when completing this course. A grade of "B" or better is required.*
- MSM 6655 Advanced Leadership (3)**  
The leadership concentration capstone course provides an in-depth examination of leadership theory and practical applications. Aspects of leadership are examined relative to change management, implementation, and communication, with an emphasis on ethical behavior, team and global leadership, team development, the learning organization, role modeling, and employee development. Analysis of cases and workplace situations focus on integrating theory and application.
- MTH 5520 Graph Theory (3)**  
The elements of graph theory including: trees; bipartite, chordal and planar graphs; graph coloring; graph traversals; and flows *Prerequisites: Permission of instructor.*
- MTH 5522 Numerical Analysis (3)**  
This course covers topics including finite differences, interpolation, numerical integration and differentiation, solutions of equations of one variable, linear systems, and numerical solutions of ordinary differential equations.
- MTH 5524 Real Analysis I (3)**  
A study of the real number system, completeness, limits, continuity, sequences, differentiation, and the Riemann integral.
- MTH 5525 Real Analysis II (3)**  
A study of sequences and series of functions, series, and a continuation of the integral to include the Fundamental Theorem of Calculus. *Prerequisite: MTH 4424 or MTH 5524.*
- MTH 5526 Complex Analysis (3)**  
A study of complex numbers, elementary functions and their mappings, complex limits and power series, analytic functions, integrals, contour integral, and Cauchy integral formula.
- MTH 5536 Number Theory (3)**  
This course covers divisibility, congruences, prime numbers, Fermat's theorem, Diophantine equations, number theoretic functions, quadratic reciprocity.
- MTH 5541 Abstract Algebra I (3)**  
A study of properties of the integers, modular arithmetic. Elementary theory of groups, finite groups, subgroups, cyclic groups, permutation groups. Group isomorphisms and homomorphisms. *Prerequisite: MTH 3331.*
- MTH 5542 Abstract Algebra II (3)**  
This course covers the elementary theory of rings, polynomial rings, divisibility, unique factorization domains. Integral domains, ideals, factor rings, divisibility in integral domains. Elementary theory of fields. Extension fields. *Prerequisite: MTH 4441 or MTH 5541.*
- MTH 5551 Mathematical Statistics I (3)**  
A study of probability theory, sample spaces, random variables, mutual exclusion, independence, conditional probability, permutations and combinations, common discrete and continuous distributions, expected value, mean, variance, multivariate distributions, covariance, Central Limit Theorem.
- MTH 5552 Mathematical Statistics II (3)**  
A study of the fundamentals of the theory of statistics, the Central Limit Theorem, point estimation, sufficiency, consistency, hypothesis testing, sampling distributions, confidence intervals, linear regression models, interpretation of experimental results, Bayesian Estimation. *Prerequisite: MTH 4451 or MTH 5551.*
- MTH 5560 Topology (3)**  
An introduction to metric and topological spaces and associated topics, separation axioms, compactness, and connectedness.

---

### MATHEMATICS

---

**Note:** Multivariable calculus and a course in proof techniques or its equivalent or permission by the Chair of the Department are required prerequisites for all graduate mathematics courses.

- MTH 5512 Discrete Mathematics (3)**  
Topics include counting techniques such as Pigeonhole Principle, permutations, combinations, binomial coefficients, inclusion-exclusion, and relations and graphs.

- MTH 6600 Modern Topics in Mathematics (3)**  
An investigation of current topics in mathematics that are generally not covered in regularly offered graduate courses in the mathematics graduate curriculum. *Prerequisites will be determined by the topic under investigation.*
- MTH 6601 Metric Education for Elementary Teachers (3)**  
A study of the materials and methods program of instruction with workshops in selected school systems. *Prerequisite: Admission by permission of instructor.*
- MTH 6610 History of Mathematics (3)**  
The course is designed to acquaint the secondary mathematics teacher with the historical development of mathematics with particular attention given to the techniques of the period studied.
- MTH 6612 Advanced Discrete Mathematics (3)**  
This course is a study of discrete mathematical structures and associated concepts-which may include graphs and hypergraphs, Boolean Algebra, modeling computation-properties of these structures and their applications.. *Prerequisite: MTH 4412, MTH 5512 or permission of instructor.*
- MTH 6615 Advanced Topology (3)**  
Generalization of such topics as functions, continuous functions, open, closed, compact and connected sets, arbitrary topological spaces. *Prerequisites: MTH 4424 or 5524, MTH 4426 or 5526 or permission of instructor*
- MTH 6616 Mathematical Models (3)**  
An introduction to the modeling process. Students will practice creative and empirical model constructions, analyze models and do independent model research. Application using paired data will be included.
- MTH 6620 Advanced Concepts of Algebra (3)**  
This course covers topics including rings and fields, polynomial rings and factorization, and Galois theory. *Prerequisite: MTH 4442 or 5542 or permission of instructor*
- MTH 6621 Foundations of Mathematics (3)**  
A study of the axiomatic nature of mathematics, theory of sets, cardinal and ordinal numbers, continuum hypothesis and axiom of choice.
- MTH 6624 Applied Combinatorics (3)**  
This course includes topics from computational aspects of discrete optimization problems from graph, hypergraph and combinatorial design theory. These aspects include complexity, algorithms for solving such problems, and their contemporary applications.
- MTH 6625 Specialized Study in Area of Mathematics (3)**  
**6626** A study of a problem or problems using research  
**6627** techniques. Selection of problem must be approved by student's adviser, instructor under whom the study is to be made, and the appropriate director of the Graduate School or Dean of Arts and Sciences. *Note: Total credit for any combination of enrollments in these courses may not exceed six semester hours. See semester hour limits listed under Course Restrictions in General Regulations section.*
- MTH 6632 Non-Euclidean Geometry (3)**  
A study of non-Euclidean geometries with emphasis given to their logical development.
- MTH 6633 Advanced Linear Algebra (3)**  
A study of linear and orthogonal transformations, orthogonal and unitary matrices, numerical linear algebra, and applications. Spectral theory and duality. *Prerequisite: MTH 3331 or permission of instructor*
- MTH 6640 Advanced Concepts of Analysis (3)**  
A study from the classical theory of point sets in Euclidean space and the theory of functions of one or more real variables to topology, continuous functions, and Lebesgue integral and the Henstock integral. *Prerequisites: MTH 4425 or MTH 5525*
- MTH 6650 Trends in Technology and Problem Solving in Secondary Mathematics Instruction (3)**  
A comprehensive study of contemporary teaching strategies that incorporate current technologies and effective problem solving approaches for use by the mathematics educator in the modern secondary school mathematics program. Emphasis will be placed upon the effective use of calculators, writing, and computer software in the mathematics curriculum.
- MTH 6691 Research in Education (3)**  
A study of a variety of research and evaluations methods in the teaching of mathematics. *A grade of "B" or better is required.*
- 
- MUSIC**
- 
- MUS 6600 Band Performance (1)**  
This course covers rehearsal/performance through band literature
- MUS 6601 Choral Performance (1)**  
This course covers rehearsal/performance through choral literature
- MUS 6605 Advanced Music Technologies (3)**  
Advanced educational use of multimedia and internet based music technologies.
- MUS 6607 Literature and Techniques for the Beginning/Middle School Band (3)**  
A study of the materials and techniques utilized in the beginning/middle school band program. Listening and score analysis will be included.
- MUS 6610 Advanced Woodwind Pedagogy (3)**  
A study of teaching techniques, materials, and repertoire for woodwind instruments.
- MUS 6612 Advanced Music Program Administration (3)**  
An intensive study of the administration, curriculum, organization, and teaching techniques of school music programs.
- MUS Private Instruction (1)**  
Private instruction is available in the following areas:  
**6614 Piano**  
**6615 Organ**  
**6616 Voice**  
**6617 Clarinet**  
**6618 Oboe**  
**6619 Flute**  
**6620 Bassoon**  
**6621 Saxophone**

- 6622 **Trumpet**  
 6623 **Horn**  
 6624 **Trombone**  
 6644 **Guitar**  
 6645 **Euphonium**  
 6646 **Tuba**  
 6647 **Percussion**  
 6648 **Conducting**
- MUS 6625 **Specialized Study in Area of Music (1-3)**  
 6626  
 6627 The student has the opportunity to engage in intensive study of a particular subject or learn a pertinent skill, which fits his/her academic and/or professional needs, but is not available in the regular curriculum. See semester hour limits listed under Course Restrictions in the General Regulations section.
- MUS 6630 **Collaboration for Inclusion (3)**  
 This course is designed to provide advanced students with an in-depth study of current literature and research on collaboration and consultation as a service delivery model to meet the challenge of educating students with disabilities in the regular classroom. Specifically, this course focuses on collaborative-related issues for teachers who work with students with disabilities. *Prerequisite: A survey of Special Education Course is required if not previously completed.*
- MUS 6631 **Advanced Rehearsal Techniques (3)**  
 Teaching music through performance in context.
- MUS 6638 **Literature Analysis (3)**  
 Historical and theoretical analysis of masterworks for band or choir.
- MUS 6639 **Computer-based Music Notation (3)**  
 An exploration of music notation software. Students will use industry standard notation software to design and produce musical scores, parts, and assignments to be used in a K-12 educational setting.
- MUS 6653 **Educational Evaluation in Music (3)**  
 Advanced study in music assessment.
- MUS 6654 **Music Pedagogy 1 (1)**  
 Alabama Music Educators Association Conference. Attendance and written portfolio is required.
- MUS 6655 **Music Pedagogy 2 (1)**  
 Troy University High School Honor Band or Choir Clinic. Attendance and written portfolio is required.
- MUS 6656 **Music Pedagogy 3 (1)**  
 Troy University Middle School Honor Band Clinic. Attendance and written portfolio is required.
- MUS 6657 **Advanced Brass Pedagogy (3)**  
 A study of teaching techniques, materials, and repertoire for brass instruments.
- MUS 6658 **Advanced Percussion Pedagogy (3)**  
 A study of teaching techniques, materials, and repertoire for percussion.
- MUS 6660 **Legal Issues in Music Education (3)**  
 This course will provide an overview of our legal system, examine court cases in music/music education and identify the implications studied from this review to assist the practicing music educator
- MUS 6662 **Advanced Arranging (3)**  
 A study of advanced arranging and scoring concepts for instrumental or choral ensembles.
- MUS 6670 **Practical Band Instrument Repair (3)**  
 This course covers the maintenance, repair, and supervision of equipment used by music educators.
- MUS 6680 **Leadership in Music Education (3)**  
 The course will focus on principles of leadership as they relate to the music educator and conductor.
- MUS 6685 **Music Pedagogy 4 (1)**  
 Attendance and written portfolio required.
- MUS 6686 **Music Pedagogy 5 (1)**  
 Troy University Summer Band Clinic. Attendance and written portfolio required.
- MUS 6691 **Research Methods (3)**  
 Research methods will provide the student with a detailed examination of types of research and reporting and a working knowledge of research terminology and data analyses as applied to the field of music.
- MUS 6696 **Practicum (2 credit hours)**  
 Application of professional knowledge, skills, and attitudes through discussion of historical and philosophical highlights of music education. Includes completion of an individual music project/presentation.
- 
- NURSING**
- [Course credit hours/contact hours (if different) per week are noted in parentheses]*
- NSG 6604 **Theories in Nursing (2)**  
 Explores the evolution and importance of knowledge and theory in nursing, mechanisms for developing and critiquing theory, and the analysis and application of theories in nursing practice.
- NSG 6605 **Healthcare Economics (2)**  
 An introductory course in health economics, designed to provide the student with the elements of economic analysis as applied to the area of healthcare and healthcare policy.
- NSG 6606 **Curriculum Development in Nursing Education (3)**  
 Provides content and learning experiences that enable students to understand all phases of the curriculum development process. Explores principles of curriculum development and major historical influences on nursing curricula. Includes in-depth analysis of the basic components and determinants of curriculum development as well as the concepts of balance, continuity, and sequence.
- NSG 6610 **Power, Politics, and Policy Formulation in Nursing (3)**  
 Analysis of the relationship of power, politics, and policy formulation to nursing and healthcare.
- NSG 6612 **Advanced Health Assessment (3)**  
 Designed to prepare an expert clinician in health assessment of patients across the lifespan. Advanced content in history and interviewing processes, physical examination, and documentation of assessment findings are included. The clinical diag-

nostic process is emphasized. *Co-requisite:* NSG 6613 (FNP) or NSG 6618 (CNS).

- NSG 6613 Advanced Health Assessment Preceptorship (3/9)**  
Preceptorship course designed for clinical application of skills in advanced health assessment, clinical diagnosis and management, and maintenance of health promotion/disease prevention in the role of the primary care family nurse practitioner. *Prerequisites:* NSG 6671 and 6649 *Co-requisite:* NSG 6612.
- NSG 6616 Role of the Nursing Administrator (2)**  
Assists students to evaluate the role of the nurse administrator. Explores principles of ethical and critical decision-making, quality improvement, and communication for management and resolution of issues and conflicts within the functional role. Examines use of research, evidence, and outcome data for informed decision-making and consideration of factors that influence policy making within the nursing organization. *Prerequisite for MSN students:* NSG 6604, 6660, 6691, 6692 and clinical specialty courses. *Prerequisite for DNP students:* NSG 6604, 6691, and clinical specialty courses. *Co-requisite:* NSG 6617.
- NSG 6617 Nursing Administration Internship (3/12)**  
Provides opportunities to apply management theories basic to nursing, administration. Includes supervised experiences in role of nurse administrator. *Prerequisite for MSN students:* NSG 6604, 6660, 6691, 6692 and CNS clinical specialty courses. *Prerequisite for DNP students:* NSG 6604, 6691, and CNS clinical specialty courses. *Co-requisite:* NSG 6616.
- NSG 6625 Specialized Study in Advanced Nursing (1/4)**  
**6626**  
**6627**  
Under supervision of a faculty member, student may pursue study in selected area applicable to the practice of nursing which fits his/her academic needs but is not available in the regular curriculum. *Total credit for any combination of enrollments in these courses may not exceed four semester hours. F, Sp, Su See semester hour limits listed under Course Restrictions in General Regulations section.*
- NSG 6631 Concepts of Healthcare Informatics and Leadership (3)**  
Focuses on an examination of the concepts and core principles that are essential for nurse informatics specialists and nursing leaders to operate within a dynamic healthcare environment. Course topics include foundations of practice, data management, healthcare technology, organizational structure, human capital management, care delivery systems, continuous performance improvement, and practice applications.
- NSG 6632 Theoretical Foundations of Nursing Informatics and Leadership (3)**  
Explores the foundation of nursing informatics, organizational leadership, and nursing administration, related theories and sciences. Identifies nursing and healthcare data sets, classifications systems, and nomenclatures utilized in practice. Students also explore transformational leadership, emotional intelligence, strategic planning principles, shared leadership/governance, and leading and sustaining change.
- NSG 6633 Healthcare Systems (3)**  
Centers on the understanding of the Advanced Practice Nurse's role to practice dimensions of leadership and technology within today's healthcare system.
- Explores the planning, analysis, design, implementation, and evaluation of clinical information systems. Includes strategies for developing a strategic plan and issues in project management along with major design and implementation issues. Students will also explore managerial functions of planning, organizing, leading, and evaluating across the healthcare system. *Prerequisite:* NSG 6631, NSG 6632
- NSG 6634 Roles in Nursing Leadership and Informatics (3)**  
Focuses on the role of the advanced practice nurse in the healthcare environment. Emphasizes concepts, research, issues and trends relative to the practice of the nursing informatics specialist and nursing leader within the healthcare environment. *Prerequisites:* NSG 6636 NSG 6633. *Co-requisite* NSG 6637
- NSG 6635 Applied Principles of Leadership and Technology in Healthcare (3)**  
Prepares students with the knowledge and skills to integrate management and informatics concepts into clinical practice. Nursing leadership content addresses the application of fiscal planning, execution, and accountability, and risk management within practice. Nursing informatics content addresses ergonomics, electronic health records, clinical decision support systems, and emerging technologies. *Prerequisites:* NSG 6631, NSG 6632, NSG 6633 *Co-Requisite* 6636
- NSG 6636 Advanced Nursing Practice Internship I (4/16)**  
First of two internship courses that facilitate the application of nursing leadership or nursing informatics within field experiences to provide the student an opportunity to work collaboratively with healthcare systems. Students may select to intern with a nursing leader, a nursing information technology expert, or a combination of roles. Students will participate in relevant clinical practice to meet the demands of changing patient care services. *Prerequisites:* NSG 6631, 6632, 6633 *Co-Requisite* NSG 6635.
- NSG 6637 Advanced Nursing Practice Internship II (4/16)**  
Second of two internship courses that provides students with an immersion experience in one of the selected advance nursing practice roles, nursing leadership or nursing informatics. The course focus is on the application and synthesis of knowledge and skills acquired in all previous courses. Students participate in relevant clinical practice with either a nursing administrator or nursing information technology expert. *Prerequisites:* NSG 6636, NSG 6635; *Co-requisite:* NSG 6634.
- NSG 6645 Family and Cultural Theories in Advanced Nursing Practice (3)**  
Provides the student with in-depth knowledge of family and cultural assessment. Further analysis of diverse cultures and multi family structures enhance the student's application of family and/or cultural theories and advanced nursing interventions.
- NSG 6649 Advanced Pharmacology (3)**  
Presents knowledge and theory critical to management of the pharmacological needs of a variety of populations across the lifespan. Discusses major classification of drugs and protocols for administration and use of technology in management of drug therapy.
- NSG 6660 Foundations of Advanced Nursing Practice (3)**  
Provides content that enables students to focus on

the advanced nursing practice. Emphasizes the theoretical bases critical to leadership and analyzes current issues in relation to advanced practice.

**NSG 6665 Primary Care I: Pediatrics and Women's Health (3)**

Focuses on advanced knowledge and theory base in the assessment and care of children and women of child-bearing age. Health promotion is emphasized, but the practitioner is also prepared to deliver complex multifaceted care to patients in primary care settings. *Prerequisites: NSG 6612 and 6613. Co-requisite: NSG 6666.*

**NSG 6666 Primary Care I Preceptorship: Pediatrics and Women's Health (3/9)**

Clinical preceptorship course in the advanced practice role of the family nurse practitioner with pediatric patients and women of childbearing age in primary care settings. *Prerequisites: NSG 6612, 6613. Co-requisite: NSG 6665.*

**NSG 6667 Primary Care II: Adults and Geriatrics (3)**

Focuses on advanced knowledge and theory base in the assessment and management of care of adult and geriatric patients. Health promotion is emphasized, but the practitioner is also prepared to deliver complex multifaceted care to clients in primary and rehabilitative settings. *Prerequisites for MSN students: NSG 6604, 6660, 6665, 6666, 6691, 6692. Co-requisites: NSG 6668. Prerequisites for DNP students: NSG 6604, 6665, 6666, 6691. Co-requisites: NSG 6668.*

**NSG 6668 Primary Care II Preceptorship: Adults and Geriatrics (3/9)**

Clinical preceptorship course in the advanced practice role of the family nurse practitioner with adult and gerontological patients in the primary and rehabilitative care settings. *Prerequisites: NSG 6665, 6666. Co-requisite: NSG 6667.*

**NSG 6670 Role Synthesis Seminar (1)**

Provides a forum for the analysis and synthesis of role behaviors specific to the family nurse practitioner. Emphasis is on the role, patterns of health promotion, primary care, and professional, social, and political issues related to the role. *Prerequisites: All core nursing specialty courses. MSN students only: Co-requisite: NSG 6680.*

**NSG 6671 Advanced Pathophysiology (3)**

Provides an in-depth study of pathophysiologic processes across the lifespan to correlate changes that occur at the cellular and system level with the development, clinical manifestations, and management of various disease states.

**NSG 6680 Family Nurse Practitioner Internship (5/20)**

Internship course designed to provide extensive clinical experience with a broad spectrum of patients to allow students opportunities to strengthen clinical skills in specific areas. *Prerequisites: All core and FNP nursing specialty courses. Co-requisite: MSN students only: NSG 6670.*

**NSG 6691 Research and Evidence for Advanced Nursing Practice (3)**

Reviews the processes for ethical conduct of research and translation of evidence for nursing practice and patient outcomes. Emphasis is on the rigorous critique, utilization and generation of research

and evidence relevant to advanced practice nursing. *A grade of "B" or better is required.*

**NSG 6692 Data Analysis and Interpretation in Quantitative Research (2)**

Examines basic statistical methods for analyzing, interpreting, and evaluating quantitative data. The focus is on developing knowledge necessary to critically evaluate research reports and selected data.

**NSG 6695 Thesis (4 minimum)**

*Prerequisites: NSG 6691, 6692. Pass/Fail.*

**NSG 6696 Scholarly Inquiry Practicum I (1/2)**

Faculty-guided experience to further develop the student's knowledge of a special area of interest utilizing research-based inquiry or evidence-based practice. Students must take this course during their final Fall semester. *Grading system is Pass/Fail. Prerequisites: NSG 6604, 6660, 6691, 6692.*

**NSG 6697 Scholarly Inquiry Practicum II (1/2)**

Faculty-guided experience for implementation and evaluation of student's scholarly inquiry. *Grading system is Pass / Fail. Prerequisite: NSG 6696. Successful completion of this course meets the MSN comprehensive exam requirement.*

**Thesis Option**

Students who plan to progress to doctoral education will be encouraged to pursue the thesis option in preparation for the doctoral dissertation. Students should discuss with their adviser the option prior to filing their degree plan.

---

**DOCTOR OF NURSING PRACTICE**

---

**NSG 8880 Directed Professional Practicum (1-3)**

Provides the DNP student with the opportunity to obtain required clinical hours for completion of the program. 1000 post-BSN clinical hours. Students enrolled in this course will engage in practical professional activities with a preceptor who will facilitate achievement of student-developed learning objectives. These activities may relate to advanced practice or leadership competencies depending upon students' chosen DNP track. This course is capable of providing 60-180 contact hours.

**NSG 8801 Healthcare Informatics and Data Management (3)**

Provides an overview of the planning, implementation, and evaluation of clinical information systems. Assists student in recognizing the applications of nursing informatics in healthcare systems. Includes a historical review of the evolution of nursing informatics and current trends. Prepares student with knowledge and skills necessary to retrieve, manage, and generate data relevant to evidence-based practice. *Prerequisite: NSG 6655 or admission as post-MSN.*

**NSG 8802 Applied Biostatistics (3)**

Builds on prior knowledge of basic statistical concepts, including descriptive statistics and the components of statistical inference (p-values and hypothesis testing). Emphasizes ethically generated application and results rather than clinical theory. Focuses on application of statistical methods that evaluate evidence-based nursing practice including inferential statistics (*t*-test, ANOVA, risk index, linear and multiple regression, and other multivariate tests). Requires writing narrative and tabular results using

- APA format.
- NSG 8804 Policy and Politics in Healthcare (3)**  
Addresses healthcare policies and political forces that shape them. Analyzes the adequacy and impact of current legislation; federal, state, local and workplace policies; and best practice guidelines for patient-centered care, and advanced practice roles. Emphasizes the leadership role of the DNP in areas of analyzing, formulating and implementing healthcare policies. Explores the interrelationships between policies and nursing, organizations, politics, and the economics of healthcare. *Prerequisites: NSG 8815, NSG 8820*
- NSG 8805 Principles of Epidemiology (3)**  
Presents concepts, principles, and methods of the epidemiological approach to disease and intervention, identification of cause of disease, response to disease outbreak, disease surveillance, evaluation of screening and prevention measures, and ethical issues in epidemiological research. Applies biostatistical concepts necessary to interpret findings of epidemiological studies and to critically evaluate application to evidence-based practice. Examines distribution and determinants of disease risk in human populations across the lifespan with an emphasis on disease prevention and early detection.
- NSG 8810 Synthesis of Evidence Based Practice I: Project Identification (1)**  
Orients and introduces the DNP Synthesis Project which focuses on the identification and initial development of the DNP Synthesis Project for improvement of nursing practice or patient outcomes within a specialized area of advanced practice. Requires the identification of feasible DNP Synthesis Project idea, synthesis of evidence-based literature, selection of a DNP Synthesis Project Chair and committee and initiation of an e-portfolio. Requires completion of a minimum of 60 clinical hours for the development of DNP role competencies. *Co-requisite: NSG 8812.*
- NSG 8812 Foundations of Evidence-Based Practice (3)**  
Explores issues related to evidence-based practice. Emphasizes the process of evaluating evidence for best practices within healthcare delivery systems. Equips the advanced practice nurse with the skills needed to identify, critically appraise, and utilize best evidence to recognize and comprehend concurrent needs and demands of patients, communities, and organizations and direct appropriate interventions for the improvement of outcomes. *Co-requisite: NSG 8810.*
- NSG 8815 Evaluation Methods for Improvement of Clinical Outcomes (3)**  
Appraises the methods of evaluation of clinical and program outcomes as they guide safe and effective patient and aggregate health care. Focuses on application of evidence-based models and middle range nursing theories to methodologies and evaluation methods; measurement of study variables related to evidence based practice; and nurse-sensitive outcomes. Synthesizes clinical, patient, aggregate and economic outcomes. Contributes to the development of DNP Synthesis Project methods and outcomes. *Prerequisites: NSG 8801, NSG 8802, NSG 8812. Co-requisites: NSG 8820.*
- NSG 8820 Synthesis of Evidence Based Practice II: Project Development (2)**  
Develops the methodology for an evidence-based DNP Synthesis Project with a systems-level impact for the improvement of nursing practice or patient outcomes within a specialized area of advanced practice. Explores the impact of ethical, safe and effective patient and organizational outcomes in the translation of evidence into practice. Culminates in the defense of the DNP Synthesis Project proposal, compliance with the regulations involving human subjects and approval from Troy University's Institutional Review Board. Requires completion of a minimum of 120 clinical hours for the development of DNP role competencies. *Pre-requisite: NSG 8810. Co-requisite: NSG 8815*
- NSG 8822 Leadership in Organizations and Systems (3)**  
Prepares students to lead and manage the challenges of a global, dynamic, and changing healthcare environment. Analyzes and evaluates nursing leadership and evidence-based management theories critical to leading in today's healthcare systems. Focuses on integration and application of concepts of leadership, management, business planning, and evaluation of population-based efforts to provide affordable quality care. Prepares the student to utilize these concepts in articulating a vision encompassing evidence-based care.
- NSG 8826 Health Disparities from a Systems Perspective(3)**  
Explores health disparity and diversity as a result of economics, class structures, cultural background and social stigmas. Critically analyzes the impact of local, national, and international social issues on health care delivery. Examines prominent social issues for the development of appropriate clinical guidelines and policy for patients, groups, and organizations. Analyzes healthcare models for accuracy and appropriateness based on evidence of cultural health seeking behaviors of groups.
- NSG 8830 Synthesis of Evidence Based Practice III: Project Implementation (2-4)**  
Focuses on implementation of an evidence-based DNP Synthesis Project with a systems-level impact for the improvement of nursing practice or patient outcomes within a specialized area of advanced practice. Requires integration of knowledge of nursing theory, evidence-based nursing practice, physiologic and pathophysiologic foundations, ethical and legal principles and healthcare systems. Involves development of datasets for analysis of DNP Synthesis Project outcomes. Requires completion of a minimum of 120 clinical hours and up to 240 clinical hours. *Prerequisite: NSG 8820.*
- NSG 8840 Synthesis of Evidence Based Practice IV: Project Evaluation (3-5)**  
Emphasizes the evaluation, synthesis and critique of DNP Synthesis Project outcomes to support quality clinical or organizational practices. Requires completion of a final paper to the DNP Advisory Committee and presentation to faculty and peers. Concludes with reflection and evaluation of achievement of DNP role competencies. Requires completion of a minimum of 180 clinical hours and up to 240 clinical hours. *Prerequisite: NSG 8830.*
- NSG 8850 Dissemination (3)**

Emphasizes preparation and submission of a manuscript to a professional peer-reviewed journal for dissemination of the DNP Synthesis Project. Includes selection of best fit journals and conferences, review of manuscript submission process, and techniques (guidelines) for scholarly writing. Examines ethical issues related to publication and dissemination. *Co-requisite: NSG 8840.*

- PA 6645 Managing Government Contracts (3)**  
An overview of the principles, legal aspects, processes, and strategies of contract management in public and nonprofit organizations.
- PA 6646 Organizational Behavior (3)**  
A study of the various theoretical perspectives that help to explain complex organizational behavior in public and nonprofit organizations in the global environment.
- PA 6647 Advanced Contract Administration (3)**  
An examination of the current processes, procedures, standards, issues and problems in planning, managing, auditing, and evaluating contract performance. *Prerequisite: PA 6645.*
- PA 6648 Contract Negotiation (3)**  
This course focuses on management of the overall contract negotiation process and examines the basics of negotiation, including the procedures, processes, psychology, and skills. These contract negotiation processes are applied to the defense contracting framework. Perspectives of both government and commercial interests are explored.
- PA 6649 Government Contract Law (3)**  
This course focuses on legal aspects of government contracting. Procurement laws and federal acquisition regulations are examined to serve as a basis for development of case methods. The case methods are used in this course to emphasize legal procedures and logic. The course highlights the significance of the legal process for practicing public administrators.
- PA 6650 Governmental Budgeting & Financial Management (3)**  
A survey of concepts, principles, processes, and practices in governmental budgeting at national, state, and local levels and the interrelationships of planning, programming, and budgeting strategies.
- PA 6660 Readings in Public Administration (1-3)**  
A study of problem(s) in a public or non-profit organization using analytical methods with a public policy focus and producing a scholarly paper that contributes directly to the student's curriculum. *The Director of the MPA Program must approve the topic. PA 6660 may substitute for a concentration course only once in a student's program and only if taken for three credit hours.*
- PA 6665 Leadership in Public Administration (3)**  
A survey of leadership theories, styles, and strategies in the contemporary public and nonprofit workplace.
- PA 6666 Foundations of Nonprofit Organizations (3)**  
A survey of the history, theory, and political, organizational, legal, financial, personnel, and service contexts unique to nonprofit management.
- PA 6667 Executive Leadership in Nonprofit Organizations (3)**  
An examination of the managerial tools and professional practices for developing the internal and external capacity of nonprofits. Topics include working with boards, volunteers, and communities; developing partnerships with public, private and other nonprofit organizations; marketing the program;
- planning special events; and influencing policy directions through lobbying.
- PA 6668 Grant Management for Public and Nonprofit Organizations (3)**  
An overview of strategies and techniques integral to identifying potential funding resources and planning, developing, and writing grant proposals. Topics include program development and grant opportunities, the funding acquisition processes, stewardship of funds, and project management strategies including evaluation, dissemination, and continuation plans.
- PA 6674 Ethics in Public Administration (3)**  
A study of the philosophical and practical issues related to ethical decision making in the public sector. Emphasis is on the analysis of ethical problems and the development of analytical skills and values framework to act ethically in public service roles.
- PA 6675 Public Health Services Administration and Policy (3)**  
The course provides a framework for developing and analyzing a range of U.S. public health policy areas and issues; acquaints students with increased understanding of the context of public health administration and healthcare policy; and examines key factors and forces impacting total public health system performances in the United States.
- PA 6676 Legal and Social Issues in Public Health Administration (3)**  
An examination of the legal and ethical aspects of contemporary legal and social issues within the public health services administration process.
- PA 6677 Public Health Preparedness & Emergency Response (3)**  
The course provides an overview of public health's involvement and response strategies to various natural and unnatural emergencies and the domestic and international responses to disasters, outbreaks, and epidemics.
- PA 6678 Introduction to Public Health (3)**  
An introduction to the mission, roles, issues, and context of public health, community health, and health systems, including the history and mission of public health as well as a comprehensive exploration of the essential services and core functions of public health, social justice, and human rights.
- PA 6679 E-Governance (3)**  
The course studies concepts and methods of e-Government strategies to include planning, implementing, and evaluating information technology used to deliver government services. Topics include e-Government strategy, the use of Web 3.0 and social media, policy concerns, and how to assess the performance and function of e-Government applications and strategies.
- PA 6694 Internship (3)**  
A practical learning experience in a public or nonprofit organization that includes a written paper analyzing a problem pertinent to the student's concentration.
- PA 6699 Capstone in Public Administration (3)**  
The required outcome assessment course using case analyses, papers, and/or computer simulations that emphasize the application of analytical skills and knowledge gained from curriculum courses to ad-

ministrative, organizational, and policy problems. *To enroll in PA 6699, students must have a 3.0 grade point average or better and take PA 6699 as the final core course or, with the approval of the instructor, in conjunction with the final core course in the MPA program. To successfully complete this course, the student must achieve a grade of "B" or better. Students should retain core course textbooks for use in PA 6699.*

**NOTE:** Courses from disciplines other than Public Administration (CJ and IR) used as PA concentration selections are described in the Catalog sections pertaining to those programs.

### PHYSICS

---

**PHY 5500 Topics in Physics (3)**  
This course focuses on selected topics in the field of physics. These may include geophysics, biophysics, nuclear power and waste, relativity, health physics, astrophysics, mathematical methods in physics, particle physics.

**PHY 5511 Advanced Modern Physics (3)**  
Foundations of statistical physics, solid state physics, nuclear physics, elementary particles, astrophysics, and cosmology. *Prerequisite: PHY 5510*

**PHY 5520 Mechanics (3)**  
A study of the kinematics and dynamics of particles and systems of particles.

**PHY 5530 Electromagnetic Fields (3)**  
A study of vector fields, dielectric and magnetic media, fields in conductors, electric and magnetic circuit elements. Maxwell's equations and boundary condition problems in one, two and three dimensions.

**PHY 5591 Guided Independent Research (1)**  
A laboratory based physics research project under the direction of a faculty member. The project must culminate in a written report with the results presented at a department seminar.

**PHY 5593 Guided Independent Study (3)**  
An independent study for advanced students under the direction of a faculty member.

**PHY 6600 Advanced General Physics (3)**  
This course explores the scientific view of the world as it has developed from the earliest theories of Aristotle, Euclid and Newton to modern theories such as Einstein's relativity and quantum mechanics. *Prerequisite: Eleven hours of college physics or permission of instructor.*

**PHY 6625 Specialized Study in Area of Physics (1-3)**  
**6626** A study of a problem or problems using research techniques. Selection of a problem must be approved by the professor under whom the study is to be made and the Dean of Arts and Sciences. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for any combination of enrollments in these courses may not exceed four semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.*

### POST SECONDARY EDUCATION

---

**PSE 6660 Trends and Issues in Adult Education (3)**  
This course focuses on current trends in adult education. It includes a comprehensive investigation of current issues in adult education and an examination of how historical events and ideas have influenced those issues and trends. Special emphasis will be given to the analysis of trends and issues and formation of judgments based on supportable information.

**PSE 6665 Field Project in Post Secondary Education (3)**  
This course helps students make connections between theoretical knowledge and practical situations. The content of this course is variable, depending on the individual student's interests, present situation, and future plans. The determination of the content for each student will be made through collaboration between the student, the student's adviser, and the instructor of the course. Students may focus on supervised teaching, action research, or a project with a major field agency. *Prerequisites: This course is open only to students enrolled in the Masters of Science in Post Secondary Education program who have completed 18 hours of coursework including the research class.*

**PSE 6670 Psychological Foundations of the Adult Learner(3)**  
An in-depth study of research findings and psychological concepts related to the nature of adult learners and learning processes; principles of motivation, effective instructional design geared toward adult learners; and social and cultural influences on adult learning. Emphasis will be given to the understanding of critical and variable attributes of adult learners.

**PSE 6680 Curriculum Development for Adult Education (3)**  
A study of concepts, learning theories, materials, and media related to curriculum and program development in adult education.

**PSE 6691 Research Methodology (3)**  
The study and evaluation of research methods commonly used in the social sciences. The course will provide information necessary to understand and apply research processes, synthesize knowledge and writing, and plan and organize research problems for interpretation and application of research results. Application of these skills in the form of a written project using the Publication Manual of the American Psychological Association (APA) is required. *A grade of "B" or better is required.*

**PSE 6695 Thesis (3-6)**  
The thesis must be related to both the students' concentration area and post secondary education. Information regarding thesis guidelines and requirements may be obtained from the Graduate School office. *Grading system is Pass/Fail.*

**PSE 6699 Capstone in Post Secondary Education (3)**  
This course is a culminating experience that helps students integrate and apply the knowledge they have gained through their previous coursework. Emphasis is placed on challenging students to view the post secondary educational process from many perspectives. Students complete field experiences appropriate to their concentration areas and analyze case studies drawn from real-life situations. Students also create a personal philosophy of post secondary instruction. *Prerequisites: This course is open only to students enrolled in the Master of Science in Post Secondary Education program. Students may take this class only during their last two semesters of coursework.*

<b>PSYCHOLOGY</b>			
<b>PSY 5501</b>	<b>Psychological Tests and Measurements (3)</b> The selection, evaluation, administration, scoring, interpretation and use of tests of intelligence, proficiency, interests, personality, aptitude and social adjustment.	<b>PSY 6633</b>	<b>Advanced Psychology of Learning (3)</b> A study of the historical roots and contemporary principles and theories of human learning and their applications to educational practices. Emphasis of this course is on contemporary perspectives and developments; field and cultural influences on learning; and the relation of individual and group adjustment to school learning.
<b>PSY 5556</b>	<b>Gerontology (3)</b> The study of aging. Emphasis on biomedical, psychological, and social aspects of middle and late adulthood.	<b>PSY 6635</b>	<b>Vocational Psychology and Career Development (3)</b> This course covers the procedures used in obtaining, organizing, integrating, and utilizing educational and occupational information including electronic media. Career development theories, scope of the world of work, decision making strategies and counseling for career development including information on the relationship between career choice and life style. Attention is given to the appraisal of interest, aptitude and personality measurements.
<b>PSY 5559</b>	<b>Applied Behavior Analysis (3)</b> Training and experience in design, execution, and evaluation of behavior modification programs for professionals in fields of counseling, education, rehabilitation and psychology. Provides study of key concepts of classical and operant conditioning, as well as discussion and application of specific strategies building on conditioning principles.	<b>PSY 6636</b>	<b>Wechsler Scales (3)</b> An exploration of the theory, nature, and measurement of human intelligence. Techniques of administering the Wechsler scales are taught include but are not limited to the following: WAIS-III, WISC-III, WPPSI-R, WIAT, and WMS. The student administers, scores, and interprets test batteries and writes satisfactory reports. <i>Prerequisites: PSY 6645 and adviser approval.</i>
<b>PSY 6606</b>	<b>Interventions for Children and Adolescents (3)</b> This course examines the behavioral characteristics of children and adolescents including their emotional, social, and cognitive behaviors. Emphasizes intervention, assessment, diagnoses, teaching, and prevention.	<b>PSY 6637</b>	<b>Stanford Binet and Others (3)</b> This course requires the administration, scoring, interpretation and reporting of psycho-educational batteries, including Binet IV, Woodcock Johnson, PIAT, and Kaufman. This course will include measures of intelligence, academic achievement, adaptive behavior, behavior rating, and perceptual-motor skills. The primary focus will be upon those instruments commonly used in schools excluding the Wechsler scales. <i>Prerequisites: PSY 6645, PSY 6636, and adviser approval.</i>
<b>PSY 6610</b>	<b>Physiological Dynamics of Alcohol &amp; Other Drugs (3)</b> A study of physiological and psychological dynamics and resultant behavioral implications in use of alcohol and other drugs. Based on assessment of dynamics and behavior and application of diagnostic procedures using appropriate manuals and materials.	<b>PSY 6638</b>	<b>Philosophy of Cognitive Development (3)</b> An investigation of educational philosophies and human development as they relate to cognitive development and teaching of thinking skills.
<b>PSY 6613</b>	<b>Objective Personality Assessment (3)</b> An introduction to objective personality assessment. The student will learn basic administration, scoring procedures, and utilization of assessment results in clinical practice for various objective personality and temperament measures. Application of objective personality instruments and computer scoring will be explored. <i>Prerequisites: PSY 6645 or similar graduate course and PSY 6669 or similar graduate course.</i>	<b>PSY 6644</b>	<b>Bio-Psychology (3)</b> A study of the physiological correlates of behavior focusing on the cells of the nervous system, the structure and functions of the nervous system, psychopharmacology, drug abuse, and research techniques.
<b>PSY 6620</b>	<b>Introduction to Play Therapy (3)</b> This course is designed to promote the development of a historical, theoretical and ethical basis for the practice of play therapy. This course must be taught by a registered play therapist.	<b>PSY 6645</b>	<b>Evaluation and Assessment of the Individual (3)</b> The study of knowledge, understanding and skills necessary to obtain records, appraise information and write reports regarding individuals. Involves integration and use of data from interviews, standardized tests, scales, inventories, other procedures, including individual and group methods of assessment. <i>Prerequisite: CP/EDU 6691 (with a grade of B or better), or permission of instructor</i>
<b>PSY 6625 6626 6627</b>	<b>Specialized Study in Psychology (1-3)</b> A study of a problem or topic using research techniques or a guided program of readings. Preparation of a scholarly paper is required and may involve an oral defense. A specialized study may be substituted for only one required course or elective in a student's program. Approval by the student's adviser, the course instructor, and department chair is required. <i>See semester hour limits listed under Course Restrictions in General Regulations section.</i>	<b>PSY 6648</b>	<b>Theories of Personality (3)</b> A critical analysis of major theories and systems of personality.
<b>PSY 6631</b>	<b>Psychological Foundations of Education (3)</b> An overview of educational psychology, including research findings and philosophical concepts related to nature of learner and learning process; principles of motivation and educational evaluation; and educational concepts representing different schools of psychological theory.	<b>PSY 6650</b>	<b>Practicum: Psychometry (3)</b> This course provides field supervised experiences preparatory to the Internship in School Psychometry/

School Psychology. At least 100 hours of prescribed experiences in school psychometry/psychology must be completed at approved schools (K-12) and must be supervised by an approved school psychometrist or school psychologist. *Prerequisites: PSY 6636 and PSY 6637*

**PSY 6653 Measurement and Evaluation (3)**

A study of basic statistical processes and measures used in education, counseling, and psychology. Analysis of a variety of standardized tests and measurement procedures including construction, use, and interpretation. Construction of teacher/counselor-made tests and measuring devices.

**PSY 6655 Internship: Psychology Assessment (6)**

This course will provide a clinical internship appropriate to the specialty and practice of psychological technician. Training will be six months in duration and consist of at least 500 hours, 250 of which hours must be in direct contact with patients/clients. The student will be supervised for at least one hour per each five hours of client contact. At least 60% of supervision will be provided by a licensed psychologist. *Grading system is Pass/Fail.*

**PSY 6659 Cognitive and Behavioral Interventions (3)**

This is a study of the basic principles and techniques of cognitive and behavioral systems of intervention. Applications of these techniques are applied to the problems of children and adults in school, home, and clinic settings are presented.

**PSY 6662 Internship: Psychometry (3)**

This course includes at least 300 hours of prescribed experiences in school psychometry, completed at approved schools (K-12), and supervised by an approved school psychometrist or school psychologist. *Grading system is Pass/Fail. Prerequisites: PSY 6650 and approval of instructor*

**PSY 6664 Assessment of Disabling Conditions (3)**

This course covers client assessment in the rehabilitation process and knowledge and skills required by the counselor in order to provide quality services to the individual. *Prerequisite: PSY 6653 or permission of instructor.*

**PSY 6668 Human Lifespan and Development (3)**

A study of the nature and needs of individuals at all developmental levels. Problems of human adjustment faced at all stages of development from conception through retirement, including adjustment issues in the home, school, work place, social groups, and retirement. An understanding of developmental crises in human behavior is also a goal of this course.

**PSY 6669 Behavior Pathology (3)**

A study of psychopathological disorders with emphasis on the psychological, social, and biological origins. The current classification system used by the American Psychiatric Association is used as a foundation. Diagnosis and treatment planning are emphasized.

**PSY 6670 Diagnosis and Treatment Planning (3)**

A course designed to assist mental health professionals in the understanding and application of a multi-axial system (current edition of the Diagnostic and Statistical Manual). Also included is a comprehensive treatment planning strategy for development

statements of behavioral symptoms, short-term objective, long term goals and therapeutic interventions. Psychopharmacology treatment interventions are covered. *Prerequisite: PSY 6669.*

**PSY 6688 Medical/Psychosocial Aspects of Disability (3)**

A study of medical and psychological information related to the disabled persons and to their families. Aspects of personal and social adjustment will be emphasized.

**PSY 6693 Psychological and Educational Statistics (3)**

A study of variety of descriptive and inferential statistics commonly used in psychology and education. Emphasizes application of statistical methods to research design. *A grade of "B" or better is required. Prerequisite: ADE/CP/EDU 6691.*

**PSY 7700 Professional School Psychology (3)**

This course provides a knowledge base specific to the professional practice of school psychology and includes legal and ethical issues, professional standards, models of service delivery, roles of the school psychologist, modern technology, and assessment. *Enrollment limited to Ed.S. students.*

**PSY 7725 Specialized Study in Psychology (1-6)**

**7726**  
**7727** Under supervision of faculty member selected by student and approved by adviser and faculty supervisor, student may pursue extensive study of particular area which fits his/her academic needs but is not available in regular curriculum. Department will establish guidelines for supervision and pursuance of study. *See semester hour limits listed under Course Restrictions in General Regulations section.*

**PSY 7753 Internship: School Psychology (3-6)**

At least 300 hours per three-semester-hour course of prescribed experiences in school psychology, completed at approved schools (K-12), and supervised by an approved school psychologist. The student is advised to check national and multi-state requirements for internship experiences. *Prerequisites: PSY 6650 and approval of instructor.*

**PSY 7754 Internship: School Psychology (3)**

At least 300 hours per three-semester-hour course of prescribed experiences in school psychology, completed at approved schools (K-12), and supervised by an approved school psychologist. The student is advised to check national and multi-state requirements for internship experiences. *Prerequisites: PSY 6650 and approval of instructor.*

**PSY 7755 Internship: School Psychology (3)**

At least 300 hours per three-semester-hour course of prescribed experiences in school psychology, completed at approved schools (K-12), and supervised by an approved school psychologist. The student is advised to check national and multi-state requirements for internship experiences. *Prerequisites: PSY 6650 and approval of instructor.*

**PSY 7794 Field Project (3)**

An independent study of a problem of a practical nature that is encountered in a field setting. A proposal for the study and a written report of findings must be approved by the student's advisory committee. The advisory committee may administer an oral examination covering the research findings.

**PSY 7795 Thesis (3)**

**7795** Independent research for and preparation of a schol-

arly paper related to a school psychology problem under the supervision of the student's advisory committee. A research proposal and the written paper must be approved by the student's advisory committee. The advisory committee will administer an oral examination covering the research findings. *Grading system is Pass/Fail.*

### QUANTITATIVE METHODS

---

- QM 6640 Data Analysis for Global Managers (3)**  
This applied course provides the skills managers need to analyze data quantitatively and to make decisions using spreadsheet modeling tools. As a basic understanding of statistical concepts is assumed, the focus will be on the application of these concepts. Topics covered include probability distributions, statistical inference, regression analysis, time series analysis and forecasting, quality management, and an introduction to simulation. *Prerequisites: Graduate standing, admission into the MBA program and all undergraduate business prerequisite courses or equivalent completed.*
- QM 6641 Management Science (3)**  
An analysis of the probabilistic and deterministic quantitative techniques available to business managers involved in the decision-making process of the marketplace. Included is an evaluation of the models and processes now available for problem-solving purposes. *Prerequisite: QM 6640*
- QM 6655 Introduction to Project Management (3)**  
This course provides an introduction to effective project management theory, tools, and techniques used throughout the entire project sequence, from pre-project definition through post-project evaluation. *Prerequisites: Admission into the MSM degree program. Undergraduate statistics course within 8 years preferred, or demonstrated proficiency in statistics.*
- QM 6660 Advanced Project Management (3)**  
This course provides an extension of QM 6655. Varied project approaches in different types of organizations are examined. The extensive use of project management software will enhance the student's knowledge of project management and his or her value to the organization. *Prerequisites: Graduate standing. Admission into the MSM degree program, QM 6655*
- QM 6665 Seminar in Project Management (3)**  
An application of project management theories and practice in the workplace. *Prerequisite: QM 6655*

### READING

---

- RED 6603 Special Topics in Literacy (3)**  
An in-depth investigation of an approved topic designated by the instructor and the student for further research and exploration of a particular topic in literacy education.
- RED 6625 Specialized Study in Area of Literacy (1-3)**  
A study of a problem or problems using research techniques. Selection of the problem must be approved by the student's adviser, the instructor under whom the study is to be made, the appropriate college dean, and the Dean of the Graduate School. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for*

*any combination of enrollments in these courses may not exceed four semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.*

- RED 6630 Directed Reading Practicum (3)**  
This course is designed to provide the future teacher with directed practice in providing reading interventions to individual students or small groups of students in school settings. Experiences in the planning and preparation of lessons, modification of lesson procedures, and materials to fit student needs and the ongoing evaluation of student progress are included.
- RED 6670 Advanced Study of Literacy (3)**  
This course prepares the student to examine the variables related to difficulties in learning to read printed material. Emphasis is placed on designing appropriate programs of improvement.
- RED 6674 Literacy in the Content Areas Grades 6- 12 (3)**  
The examination of research-based methods and materials for teaching reading and writing in grades 6-12. Field experiences required.
- RED 6675 Literacy Instruction for Diverse Populations (3)**  
A study of English language learners and culturally and academically diverse learners and an examination of appropriate instructional strategies for those learners. Field experiences required.
- RED 6678 Literacy and Multicultural Diversity (3)**  
A course designed to help teachers explore the cultural values, language structures, and belief systems of the major racial, ethnic, and national groups found in today's classrooms. Specifically, methods, materials, and evaluation instruments and techniques which would maximize learning efficiency for these culturally diverse groups will be introduced. Children's literature and instructional activities that would increase self esteem and understanding of cultural diverse groups and their contributions to society will be explored.
- RED 7778 Teaching Reading to Culturally Diverse Groups Through Literature (3)**  
A course designed to help teachers explore the cultural values, language structure and belief systems of the major racial, ethnic, and national groups found in today's classrooms. Specifically methods, materials and evaluation instruments and techniques which would maximize learning efficiency for these culturally diverse groups will be introduced.

### GENERAL SCIENCE

---

- SCI 5503 Conservation (3)**  
The conservation of natural and human resources with emphasis on population expansion as the major element in a changing ecology.
- SCI 5560 Science and Society (3)**  
A study of the social, political and economic implications of scientific discovery, innovation, and implementation. *Prerequisites: Twelve hours of coursework in science or permission of instructor*
- SCI 5595 Selected Topics in Science (3)**  
Specialized topics not generally included in course offerings. *Course may be taken twice for a maximum of six hours toward degree requirements. Prerequisite: Eight hours of coursework in science or permission of instructor. See semester hour limits listed under Course Restrictions in General Regulations section.*

**SCI 6625 Specialized Study in Area of Science (1-4)**  
**6626** A study of a problem or problems using research  
**6627** techniques. Selection of a problem must be approved by the professor under whom the study is to be made and the Dean of Arts and Sciences. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for any combination of enrollments in these courses may not exceed four semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.*

**SL 6630 Principles, Techniques & Materials in SL Teaching (3)**

This course overviews the teaching principles, techniques and materials relevant to an interactive approach to second language teachers. Students will expand their teaching repertoire by studying curriculum design, assessment measures, learner variables, techniques and materials for teaching grammar/vocabulary/four skills (listening, speaking, reading and writing) and sociopolitical contexts for teaching ESL/EFL. Prerequisite(s): SL 6035 Methods and Approaches to Second Language Teaching.

**SL 6635 Methods & Approaches in SL Teaching (3)**

This course will look at recent research and publications relative to SECOND LANGUAGE TEACHING. Not only will specific areas selected by the instructor be examined, but the students in the class will have the opportunity to suggest areas of particular interest to them. This course provides opportunities for the student to extend knowledge and skills necessary for developing programs, selecting appropriate methods and employing materials and evaluating in language teaching.

---

### SECONDARY EDUCATION

---

**SED 5544 Internship Seminar (3)**

This course provides interns an opportunity to develop analytical thinking skills through examining broad educational issues and concerns, topics on the state and local levels, and those of personal interest. The scope of the course ranges from juvenile law, classroom management, professionalism, professional development for teachers, and other course topics. This course must be taken concurrently with internship.

**SL 6640 Teaching Language Skills (3)**

The purpose of this course is to assist graduate students as they investigate and construct a deeper understanding of language and develop techniques to teach a new language and its background culture connected to the language. This class will help participants to develop instructional strategies and practical tools for integrating culture into a language acquisition classroom.

**SED 6695 Secondary Internship Grades 6-12 (6)**

The Professional Internship Program is the culminating clinical field-based experience for students seeking certification in a teaching field. The Professional Internship Program provides the student with the opportunity to conduct classes and assume the role of a teacher while receiving supervision from a classroom teacher and a university supervisor for a period of one full semester.

**SL 6645 Grammar (3)**

The purpose of this course is to assist graduate students as they investigate and construct a deeper understanding of and develop techniques to teach a new language and its grammar connected to the language. This class will help participants to develop instructional strategies and practical tools for integrating grammatical instruction into a language acquisition classroom.

### SECOND LANGUAGE INSTRUCTION

---

**SL 6610 Survey of SLA for SL Teachers (3)**

This course will look at recent research and publications relative to second language teaching. Not only will specific areas selected by the instructor be examined but the students in the class will have the opportunity to suggest areas of particular interest to them. This course provides opportunities for the student to extend knowledge and skills necessary for developing programs, electing appropriate method and employing materials, and evaluation in second language teaching.

**SL 6653 Assessment & Evaluation (3)**

The purpose of this course is to provide students with an overview of the skills, techniques and information necessary to become competent in the process of second language assessment and research. Students will be required to learn and practice various forms of assessment and research. The learning structure of this course will consist of interactive instructor presentations, learning activities, group discussions, independent readings and practice of assessments and research procedures.

**SL 6615 Intro to Linguistics (3)**

The purpose of this course is to provide students with a foundational understanding of the complex multifaceted system that we call language. Through lectures, discussions, and problem solving, students will develop an understanding of the various components that constitute language acquisition and to describe the interlanguage of language learners. In the first mid-term, the areas of psycholinguistics, sociolinguistics and animal communication as they relate to second-language learning will be explored.

**SL 6691 Research Methodology (3)**

This course will examine issues and recent research on second language acquisition (SLA). The course will provide information necessary to understand and apply research processes, synthesize knowledge and writing, and plan and organize research problems for interpretation and application of research results. Application of these skills in the form of a written project using the Publication Manual of the American Psychological Association (APA) is required. This research course may not be substituted with another research course or one transferred from another university. A grade of "B" or better is required).

**SL 6620 Survey of Sociolinguistics for Second Language Teachers (3)**

Sociolinguistics is the study of the systematic relations of language varieties and social groups. A wide variety of phenomena are investigated in sociolinguistics, including social, regional and stylistic variation, pidgins and creoles, multilingualism, age and gender differences, relationship between language and culture, etc. The goal of the course will be to gain understanding and an awareness of the socio-cultural factors that influence the way people use different language varieties to communicate with each other.

**SL 6695 Thesis (1-3)**

The thesis must be related to a Second Language Instruction problem or situation. Information regarding

the thesis program may be obtained from the Dean of the Graduate School. This course may be repeated. Grading system is Pass/Fail. *Prerequisite(s): All 9 of the Core Courses must be completed.*

**SL 6696 Practicum (3)**  
Supervised experiences related to instruction in area of specialization. The application of skills, concepts and principles acquired in previous courses will be emphasized as well as all the principles of the SIOP Model. *Prerequisite(s): All 9 of the Core Courses must be completed.*

**SL 6699 Capstone (1-3)**  
This course helps students make connections between theoretical knowledge and practical situations. The content of this course is variable, depending on the individual student's interests, present situations and future plans. The determination of the content for each student will be made through collaboration between the student, the student's advisor and the instructor of the course. Students may focus on supervised teaching, action research or a project with a major field agency. *Prerequisite(s): All 9 of the Core Courses must be completed.*

ing marital relations and family interactions. Race, ethnicity, age, and gender differences will also be addressed.

**SOC 5542 Sociology of Education (3)**  
This course will examine the impact of education as a social institution from a sociological perspective. The course will begin by discussion the history and goals of education, as well as the ways in which sociologists have sought to understand this institution. We will then examine important topics including educational inequality, the dynamics of race, class, and gender in education, standardized testing, school choice, and higher education.

**SOC 5545 Trends in Globalization (3)**  
This course will investigate globalization through many sociological lenses and methods of inquiry. We will discuss who are the winners and losers in globalization as well as the institutions and entities that both incentivize and slow down globalization. We will also look at globalization as a historical phenomenon; past, present, and future.

**SOC 5546 Deviant Behavior (3)**  
This course will explore the social meaning and construction of social behavior outside normative boundaries. Deviance is relative social behavior that occurs outside social norms. By the end of this course, students will be familiar with, and think critically about the attitudes, behaviors, and meanings associated with society and social deviance. In addition, students will be introduced to topics related to law, social change, social power, conflict, structure, and culture.

- SOCIAL SCIENCE**
- 
- SS 5550 Peace, Conflict and Human Rights (3)**  
 Sociological analysis of peace, conflict and human rights, with focus on the last 100 years. Emphasis on non-violent struggles at the nation-state level internationally, the role of ethnic and religious affiliations in current war and conflict at home and abroad will also be examined.
- SS 6610 Grant Writing in the Social Sciences (3)**  
 In the non-profit world as well as in social science research, grant writing is a valuable skill to acquire. This course will explain how to research potential funding sources not only in the social sciences but also in the social service sector. It will also provide hands-on experience in writing well-crafted proposals.
- SS 6630 Quantitative Analysis in the Social Sciences (3)**  
 This course is designed to teach what social scientists do with the data they gather. Particular attention is given to descriptive and inferential statistics, the relationship between research and policy, evaluation research and research ethics. Special emphasis is given to utilization of SPSS.
- SS 6690 Seminar in Social Sciences (3)**  
 This course will focus on current issues in the Social Sciences and prepare the student for transition into a Social Science career or further graduate study at the doctoral level.
- SS 6691 Survey of Research Methods in the Social Sciences (3)**  
 A survey of the methods used in the Social Sciences to collect, analyze, and report data.
- SS 6693 Thesis Practicum (3)**  
 During this course, the student, under the supervision of the instructor, will design and implement a plan to collect and analyze data in preparation for the completing of the thesis.
- SS 6695 Thesis (3)**  
 During this course, the student, under the supervision of the instructor, will use data collected during SS 6693 Thesis Practicum to write a thesis as partial fulfillment of the requirements for the Master's degree.
- SS 6696 Introduction of College Teaching in Social Science (3)**  
 The purpose of this course is to introduce students to college and university level teaching. This class will present the responsibilities of college teaching, introduce learning outcomes, teaching strategies and different forms of learning evaluation. This class is designed for those who are interested in teaching in Social Sciences as the college/university level.
- SS 6698 Social Theory (3)**  
 A survey of theoretical approaches used historically and currently in the Social Sciences.
- 
- SOCIAL WORK**
- 
- SWK 6601 Introduction to Social Policy Development and the Effects Community and Organizations (3)**  
 This course is designed to assist students in developing a working understanding of American social policy, and the system, its response to human need and its relation to the organized profession of social work. Emphasis is placed on identifying and examining social, political, economic, legal and cultural concepts that influence policy formation, program development and service delivery. This course also explores the effects of social policy at the community level, including organizations, formulating coalitions, engaging in participatory planning and economic development.
- SWK 6604 Human Behavior In The Social Environment I (3)**  
 The overall purpose and primary focus of this course is the exposure to and acquisition of knowledge about the development of human behavior within the social systems of individuals, families, groups, communities, institutions, and organizations. This course will provide through a series of lectures, participatory discussions and in-class activities, a framework with which to gain a professional understanding of human behavior from an ecological systems perspective.
- SWK 6605 Human Behavior in the Social Environment II (3)**  
 The overall purpose and primary focus of this course is the exposure to and acquisition of knowledge about the development of human behavior within the social systems of individuals, families, groups, communities, institutions, and organizations as this relates to the adult to elderly aspects of the life span. This course will provide through a series of lectures, participatory discussions and in-class activities, a framework with which to gain a professional understanding of human behavior from an ecological systems perspective.

**SWK 6606 Direct Practice Methods with Individuals and Families (3)**

This course focuses on direct social work practice with individuals and families based on an ecological multi-level systems framework and a strengths perspective. Knowledge, skills and values essential to the professional relationships (including mutuality, collaboration and respect for the client system) are developed. Knowledge, skills and values essential to implementation of a variety of social work roles are acquired through examination and analysis of appropriate practice models through experiential classroom activities and critiques of case studies.

**SWK 6608 Theory and Practice with Groups (3)**

This course is an introduction to theory and practice with diverse groups to assist students in developing a contextual understanding of group dynamics over the course of the group process. Viewed through the lens of race, culture, and gender, this course will emphasize group functioning within a strengths-based, resiliency framework.

**SWK 6612 Foundation Pre-Practicum and Seminar (3)**

This course is designed to prepare the Foundation student to enter into Foundation Practicum. Students will draw upon all previous foundation coursework to successfully apply and secure an approved Foundation Practicum placement. In this course, students will be required to submit the necessary documentation to be approved to take the block (3) of Foundation Practicum and Seminar classes. Prerequisites: Must have approval of academic advisor.

**SWK 6614 Cultural Diversity (3)**

The purpose of this course is to provide students with an opportunity to examine and integrate current trends, issues, and dynamics as they relate to professional social work practice with diverse individuals, families, groups, and communities. The effects of race, class, ethnicity, age, disability, and sexual orientation are examined as related to interpersonal, inter-group, inter-group, and inter-system power struggles and differences.

**SWK 6620 Social Work Practice with Women (3)**

This course is designed to facilitate an understanding and appreciation of diversity among women utilizing multiple practice perspectives (including feminist theories). In addition, it is designed to foster a critical understanding of the dynamics and consequences of social and economic injustices, inclusive of but not limited to discrimination and oppression in formulating our assessment and treatment plans with women and the critically assessment and challenge of policies that negatively impact women.

**SWK 6622 Crisis Intervention (3)**

Direct Practice techniques for dealing with crisis. Crisis theory, stress management and time-limited intervention will be examined.

**SWK 6691 Foundation Research Methods (3)**

Basic principles of developing, testing, refining, and using scientific knowledge for direct social work practice are presented. Consideration is given to the development of theory, formulation of testable prob-

lem statements, the design of appropriate strategies for obtaining and analyzing relevant information, drawing conclusions and applications for use in professional practice, and communication of findings to others.

**SWK 6696 Foundation Practicum and Seminar I (2)**

The Foundation Field Practicum and Seminar engages the student in an assigned human service agency. In addition to providing an orientation to the practicum experience, this course directs the student's study of the practicum client population and agency, promotes the student's self-assessment and learning goals for professional social work development. This course is the first 134 contact hours at an agency; a second course (SWK 6697, 134 contact hours); and a third course (SWK 6698, 134 contact hours) will complete a total of 402 contact hours at the same agency. *Prerequisites: Approved by Director of Field Education*

**SWK 6697 Foundation Practicum and Seminar II (2)**

The Foundation Field Practicum and Seminar engages the student in an assigned human service agency. In addition to providing an orientation to the practicum experience, this course directs the student's study of the practicum client population and agency, promotes the student's self-assessment and learning goals for professional social work development. This course is the second 134 contact hours at the same agency. There will be a third course (SWK 6698, 134 contact hours) completing the Foundation Practicum requirements of 402 contact hours. *Prerequisites: Approved by Director of Field Education*

**SWK 6698 Foundation Practicum and Seminar III (2)**

The Foundation Field Practicum and Seminar engages the student in an assigned human service agency. In addition to providing an orientation to the practicum experience, this course directs the student's study of the practicum client population and agency, promotes the student's self-assessment and learning goals for professional social work development. This course is the third and final 134 contact hours at the same agency, completing the Foundation Practicum requirements of 402 contact hours. *Prerequisites: Approved by Director of Field Education*

**SWK 7701 Advanced Social Work Practice with Individuals and Families (3)**

Advanced practice with individuals within family systems and community environments are addressed. The course builds from the knowledge acquired in SWK 6606, SWK 6604, and SWK 6605 by expanding the conceptual dynamics of the ecological perspective related to individuals. Topics will include assessing individuals within a family and community context using multiple theoretical orientations.

**SWK 7703 Direct Practice Evaluation (3)**

This course is the second research course in the graduate social work curriculum. Building upon the principles of social science research methods acquired in SWK 6691, the content of this course focuses upon the linkages between individual and family centered social work practice and evidenced based social work research.

**SWK 7705 Assessment and Psychopathology (3)**

This course provides an overview of social work assessment methods applicable to family-centered clinical practice. Topics include the basic principles of social work assessment (including reliability and validity) and a review of common methods of empirically supported assessment methods.

**SWK 7707 Advanced Social Work Practice with Groups (3)**

This advanced clinical practice course teaches group practice skills development for use as a primary treatment modality in clinical social work practice. Theoretical and practice principles of group work are emphasized to enhance understanding and use of “group” as a complex system of roles and interrelationships in a highly experimental format.

**SWK 7720 Special Topics (Social Work with Abusing and Neglecting Families) (3)**

This course is a critical examination of current knowledge about the causality and interventions to prevent or remedy child abuse and neglect (more recently referred to as child maltreatment). Attention is given to ethical and cultural issues in defining and intervening with abusive and neglectful families. Legal aspects and implications for social policy and social work practice for prevention and remediation with families are emphasized. The course provides specialized content for graduate students interested in social work practice with families and children. It builds upon foundation content in social policy, social work theory and practice, and research provided during the first year of the graduate study in social work.

**SWK 7722 Social Work in Health Care Settings (3)**

This course enables students to explore and evaluate the issues involved in offering effective psychosocial interventions in a health care setting, understand managed care, compete within this environment, and influence the quality of health care. Emphasis on a holistic approach to health care will examine the biological, behavioral, cognitive, emotional, and spiritual components of the client within the health care system. The importance of these components as they interact with the individual’s gender, ethnicity, and sexual orientation will also be explored. The complex but necessary interaction of the individual’s experiences with family, social, political, and legal systems will also be examined. Finally, and with equal importance, the student’s attitudes and feelings regarding the practice of social work in health care will be explored.

**SWK 7724 Topics in Grant Writing and Program Development (3)**

This course examines current issues, major concepts, and principles in grant writing (primarily) and program development (secondarily). Specific content is focused on development of proposals for human service agencies and related programs. The components of a human service proposal are examined including: needs assessment, objectives, program designs and models, evaluation designs, budgeting, and future funding.

**SWK 7726 Social Work with Military Families (3)**

The course is designed as an elective for graduate students in the School of Social Work who wish to increase knowledge and skills for practice with military personnel, Veterans, and their families. Students will learn about the role of social work within the military and the Department of Veterans Affairs in meeting the needs of active duty service members, National Guard and Reserve members, Veterans and their families. Students will develop a working understanding of the history of military social work, aspects of the military culture that they will need to know in order to be able to develop a strong therapeutic alliance, social and mental health needs and issues facing this ethnically and culturally diverse population, military social work policies and services, and needed advocacy efforts in that regard, evidence-based and other mental health interventions with emerging empirical support for this population, and other ethnic and cultural diversity issues in military social work.

**SWK 7730 ORGM Evaluation (3)**

This course is designed to teach the integration of systems of care practices with the essential tools of ongoing assessment and development. There is a direct linkage between SWK 7730 and SWK 7732 (Program Design and Development). The student will examine quantitative tools such as Logic Models, Tylerian model, and other utilitarian models in addition to qualitative tools such as action research, participants’ model, and other pluralistic models.

**SWK 7732 Program Design and Development (3)**

The student learns current issues, theories, policies, and methods in the development and management of nonprofit organizations, with emphasis upon strategic planning; resource acquisition through marketing, fund-raising, and grants; financial and managerial accounting; and human resources development, including the board, staff, and volunteers. *Prerequisites: Graduate student, completion of core curriculum.*

**SWK 7734 Advanced Policy Analysis (3)**

This course is designed to provide students with the ability to analyze contemporary social welfare policy issues and programs and to understand the relationship between social policy theory and social work practice. The course focuses on historical, political, economic, and other social conditions that influence policy development in the United States and some other countries.

**SWK 7736 Organizational Leadership and Management (3)**

This course examines current issues, theories, policies, and methods in the development and management of organizations, with emphasis upon strategic planning; resource acquisition through marketing, fundraising, and grants; financial and managerial accounting; and human resources development, including the board, staff, and volunteers. *Prerequisites: Foundation Courses completed*

**SWK 7738 Organizational Leadership and Management Senior Seminar (3)**

This course is conceptualized as a mechanism for students to draw upon all previous courses in the MSW program and integrate and apply all that they have learned. The course is taken concurrently with

the final block field placement. Students demonstrate mastery of the current issues, theories, policies, and methods in the development and management of organizations.

**SWK 7740 Social Work Practice with Children and Adolescents (3)**

The overall purpose and primary focus of this course is to address Social Work practice methods when working with children and adolescents as well as identify the diverse issues and concerns impacting them. Unique aspects of working with children an adolescent that will also be discussed in this course include impacts at home and at school, ethical and legal consideration as well as best practice methods when working with parents, guardians and educators.

**SWK 7742 Social Work in School Settings (3)**

This course presents advanced knowledge and skills essential to providing effective school social work interventions. Students will learn to identify, select an apply evidence-based prevention and intervention methods for use with individuals, groups, families, school personnel, and communities to enhance student learning, development, and school success. Students will acquire the skills needed to effectively practice as a school social worker to enhance student learnings and achievement.

**SWK 7769 Advanced Direct Practice Senior Seminar (3)**

This course is conceptualized as a mechanism for students to draw upon all previous courses in the MSW Program and integrate and apply all that they have learned. The course is taken concurrently with the final block field placement. Students demonstrate mastery of the theoretical and empirically-based knowledge from all components of the curriculum, and the ability to apply this knowledge in advanced social work practice with children, youth, and families.

**SWK 7796 Concentration Practicum I (3)**

Placement in a social service agency which provides the opportunity to practice and develop beginning professional social work skills under the joint supervision of a faculty and an agency supervisor. Includes a weekly seminar plus a minimum of 170 hours in a concentration agency setting. This is the first of three required practicum courses. *Prerequisites: Completion of all Foundation Courses. Must have approval of Director of Field Education.*

**SWK 7797 Concentration Practicum II (3)**

Placement in a social service agency which provides the opportunity to practice and develop beginning professional social work skills under the joint supervision of a faculty and an agency supervisor. Includes a weekly seminar plus a minimum of 170 hours in a concentration agency setting. This is the second of three required practicum courses. *Prerequisites: Completion of all Foundation Courses. Must have approval of Director of Field Education.*

**SWK 7797 Concentration Practicum III (3)**

Placement in a social service agency which provides the opportunity to practice and develop beginning professional social work skills under the joint supervision of a faculty and an agency supervisor. Includes a weekly seminar plus a minimum of 170 hours in a

concentration agency setting. This is the third of three required practicum courses. *Prerequisites: Completion of all Foundation Courses. Must have approval of Director of Field Education.*

**SPORT AND FITNESS MANAGEMENT**

---

**SFM 6600 Foundations of Sport & Fitness Management (3)**

This course is designed to introduce graduate students to the field of sport management. Various topics related to sport management and related fields will be discussed. *Students must enroll in this course during their first semester of graduate school.*

**SFM 6602 Motor Skills and Human Performance (3)**

In an interdisciplinary approach, students will be exposed to a systematic analysis of motor skills and human performance. Students will learn how to observe, evaluate and diagnose, and apply interventions to improve motor skill performance.

**SFM 6604 Statistical Analysis and Interpretation (3)**

This course requires students to utilize statistical fundamentals, analyses, and interpretation of statistics. Statistical information includes, but is not limited to, sampling, hypothesis testing, regression, frequency distributions, t-tests, parametric and non-parametric statistical techniques, multivariate data analysis (MANOVA), and others using SPSS and other statistical software.

**SFM 6610 Physical Education, Sport and the Law (3)**

The course is designed to provide students with an in-depth awareness and understanding of legal responsibilities of sport managers, coaches, and administrators. Emphasis will be placed upon critically analyzing the legal theories, structures, statutes, case law, and standards that apply to the sport industry and that impact sport organizations. Substantive legal areas include tort, constitutional, antitrust, intellectual property, agency, contract, and business law.

**SFM 6614 Risk Management in Sport (3)**

Sport organizations are required to ensure safety and, as a result, they may be held liable for injuries. While safety and risk management are not viewed as being overly complicated, the specific understanding of safety principles and risk management decisions that assist sport managers to provide reasonably safe environments may be more problematic. This class will examine various theories of risk management as managerial functions in modern sport organizations as applied, but not limited to negligence, premises liability, product liability, financial considerations, and harassment.

**SFM 6615 Organizational Behavior & Leadership in Sport(3)**

In this course students will study the basic concepts, theories and organization of administration including financial management as applied to sport, physical education, and recreation.

**SFM 6616 Sport Finance (3)**

This course is designed to provide students with information concerning advanced theory in finance, accounting, and managerial control of budgets.

**SFM 6617 Research Methods I (3)**

This course explores principles, methods, and strategies for planning, designing, evaluating, and applying research in sport and/or related fields. A grade of "B" or better is required. *Prerequisites: SFM 6600*

*Foundations of Sport and Fitness Management and a total of 18 hours of SFM courses.*

**SFM 6618 Sport Economics (3)**

This course assists students in understanding past and contemporary trends in economics and sport economics research. In addition, major economic concepts and frameworks related to and outside of sport are researched and discussed.

**SFM 6620 Physical Fitness: A Critical Analysis (3)**

This course is designed to prepare the student for the American college of Sports Medicine (ACSM) Health Fitness Specialist (HFS) certification. The course will examine the process of pre-participation health screening and risk stratification, administration, of physical fitness assessments and interpretation of results and the development of appropriate exercise prescriptions used in the evaluation and improvement of human fitness. *Prerequisite: SFM 6650*

**SFM 6623 Biomechanics of Sport Techniques (3)**

This course is designed to prepare the student for the National Strength and Conditioning Association (NSCA) Certified Strength and Conditioning Specialist (CSCS) certification. The course explores basic biomechanical concepts and their application in the analysis of sport technique for goal of improving athletic performance. *Prerequisite: SFM 6650*

**SFM 6624 Sociological Aspects of Sport (3)**

This course focuses on the advanced recognition, discussion, and systematic review and analyses of sociological and ethical issues in sport. Topics discussed will include but are not limited to: the development of sport and the sports industry; the political and cultural significance of sport; the part played by sport in international relationships; the relationship between sport, gender, class and ethnicity; a range of sports-related issues such as health, drugs, and violence, and the management of sports activities both in educational establishments and in the wider society.

**SFM 6625 Specialized Study in SFM (1-3)**

**6626** Study of problem or problems using research  
**6627** technique. Selection of problem must be approved by student's adviser, instructor under whom the study is to be made, and the appropriate Director of Graduate Studies. The study should contribute to the student's program. Preparation of a scholarly paper is required and may involve an oral defense. *Total credit for any combination of enrollments in these courses may not exceed six semester hours. A specialized study may be substituted for a required course only once in a student's program. See semester hour limits listed under Course Restrictions in General Regulations section.*

**SFM 6632 Critical Issues in Sport and Fitness Management (3)**

This course focuses on the recognition, discussion, and systematic analysis of controversial issues and problems encountered in the conduct of professional activities in sport, fitness, health and physical education.

**SFM 6633 Sport Consumer Behavior (3)**

This course examines the sport consumer as a decision maker by reviewing their social, cultural, and psychological influences on purchasing decision-making processes. Also, this course allows for students to gain an in depth review of such influences emphasizing their implications for marketing strategies.

**SFM 6639 Sport Communication (3)**

Students in this course will explore and apply communication theories to the sport industry. Emphasis will be on the examination of public and media relations with a special focus on organizational communication to external and internal publics.

**SFM 6640 Sport Marketing (3)**

The purpose of this course is to teach the sports manager how to create a marketing plan. The emphasis is on following a ten-step procedure designed primarily for the non-profit sector and learning the theoretical base required to complete the process accurately and proficiently.

**SFM 6641 Sport Facility and Event Management (3)**

This course is designed to provide the student with information concerning the planning, design, organization, and administration of sport and recreational facilities, with an added emphasis on event management.

**SFM 6642 Managing Sport and Physical Activity Organizations (3)**

This course focuses on the conceptual analysis of management in sport. The field of sport management is described in terms of the services within the field, and management itself is viewed as the coordination of the processes of production and marketing of those services. Students will discuss and demonstrate knowledge in managerial functions of planning, organizing, leading and evaluating problems associated with the production and marketing of services within the field of sport management. *Prerequisite: SFM 6600*

**SFM 6644 Human Resource Management in Sport and Physical Activity (3)**

This course focuses on management of human resources within sport and physical activity organizations. The course will explore the organizational processes of job design, staffing, leadership, performance appraisal, and reward systems. Desired outcomes of job satisfaction are examined along with organizational commitment. *Prerequisite: SFM 6600*

**SFM 6645 Revenue Generation in Sports (3)**

This course will explore the contemporary trends in revenue generation of professional and amateur sport teams and programs. The course will analyze and produce skills essential to the revenue production and sales process commonly found in business and sport business.

**SFM 6650 Sport Nutrition and Exercise Metabolism (3)**

This course examines established dietary requirements of athletes relative to performance, training, and recovery. Emphasis will be placed on the use of peer reviewed literature to understand the im-

portance of pre- and post-event nutrition, nutritional issues faced by athletes, and possible ergogenic strategies, foods, and dietary supplements. Examination of metabolic pathways will allow advanced interpretation of the metabolism of macronutrients during conditions of exercise and disordered metabolism. *Prerequisite: SFM 6670*

- SFM 6670 Exercise Physiology (3)**  
This course examines acute and chronic physiological responses of the respiratory, cardiovascular, and musculoskeletal systems to the demands of exercise. Contributions made by aerobic and anaerobic metabolism to energy production will be examined. The contribution of various physiological variables will be investigated to facilitate an understanding of the physiological basis of human performance.
- SFM 6671 Advanced Exercise Physiology (3)**  
This course will allow students to experience and explore advanced concepts, topics, and laboratory techniques related to exercise physiology. Material covered in this course will prepare students to interpret, conduct, and share advanced material with their peers. Students will have the opportunity to implement an advanced research project or commence thesis-related research. *Prerequisite: SFM 6650*
- SFM 6672 Sport Psychology (3)**  
The course is designed for the student with a vocational interest in athletic coaching within the educational environment. Psychological theories will be applied to the teaching of sports skills and the development of individuals into efficient team units.
- SFM 6673 Ethics in Sport (3)**  
The course examines ethical matters and issues relating to sport and physical activity.
- SFM 6674 Entrepreneurship in Sport (3)**  
The course provides students with an awareness and understanding of basic concepts and problems in starting a business.
- SFM 6675 NCAA Governance, Compliance and Institutional Control (3)**  
This course is designed to give graduate students an understanding of the history, purposes, fundamental policies, and administrative organization of the NCAA. The student will gain sufficient working knowledge of the Operating Bylaws of the NCAA Manual and learn to apply NCAA rules and regulations to compliance related scenarios. In addition the student will learn the basic principles of institutional control of an intercollegiate athletics program and the basic components and applications of an institutional compliance program.
- SFM 6690 Internship (3)**  
A 400-hour supervised experience in planning, staging and evaluating a formal practicum in related field. *Prerequisite: Permission of instructor.*
- SFM 6691 Research Methods II (3)**  
This course examines the variety of research methods and reporting methods used in sport & fitness management research. A grade of "B" or better is required. *Prerequisite: SFM 6600, SFM 6604, and SFM 6617*
- SFM 6694 Thesis I (3)**  
Independent research related to sport and fitness management topic under the supervision of the student's advisory committee. A thesis proposal must be approved by the student's advisory committee. Grading system is Pass/Fail.
- SFM 6695 Thesis II (3)**  
Independent research leading to the preparation of a scholarly paper related to sport and fitness management topic under the supervision of the student's advisory committee. The student's advisory committee will administer an oral examination covering the research and findings. Grading system is Pass/Fail.
- SFM 8801 Statistical Analysis and Interpretation (3)**  
This course examines the fundamentals, analyses, and interpretation of statistics. Statistical information to include sampling, hypothesis testing, regression, frequency distributions, t-tests, parametric/nonparametric statistical techniques, multivariate data analysis (MANOVA), and others using SPSS and other statistical software.
- SFM 8803 Research Methods for Doctoral Students (3)**  
The purpose of this course is to introduce the student to broad and practically oriented research design methods within sport management as a social science. This course will also require students to investigate the development and usage of theory and design as they relate to research in sport management. Using this knowledge, students will be able to begin developing their own research agenda by identifying and expanding key questions within their area of interest. A grade of "B" or better is required.
- SFM 8805 Research Methods II (3)**  
This course examines the variety of research methods and reporting methods used in sport and fitness management research. A grade of "B" or better is required.
- SFM 8807 Seminar in Research Dissemination (3)**  
This course is designed to prepare individuals for the research demands of higher education and the sport industry. Emphasis will be given to both scholarly and practical publication and presentation processes including but not limited to: researching appropriate publication and presentation outlets, adhering to publication/presentation requirements, submitting projects according to the respective guidelines, and preparing for oral and poster presentations.
- SFM 8810 Seminar in Applied Statistics in Sport Management (3)**  
This course provides an introduction to the statistical techniques commonly employed in sport management research. Course topics will include statistical techniques that measure the relationship among variables, determine significance of group differences, predict group membership, and analyze scale structure.
- SFM 8812 Seminar in Sport Marketing (3)**  
This course will include discussions of current topics and issues impacting sport marketing and its application within the sport management field. Emphasis is on discussion and critical analysis in sport marketing

theory, research, education, and current issues relative to social, cultural, political, and ethical issues in sport marketing.

**SFM 8814 Seminar in Sport Finance (3)**

This course is designed to provide students with an advanced appreciation and understanding of financial theories related to sport management. Emphasis is on review, research, discussion and application of financial cases.

**SFM 8860 Dissertation (1-9)**

In consultation with the dissertation chair and committee, the student will design and conduct research to complete the aims identified in his/her research proposal, or as modified subsequently, in line with recommendations from the committee. Dissertation credit hours are offered in 3 hour increments. A student may not exceed 9 semester hours within a semester or six semester hours with a term.

**SPECIAL EDUCATION**

---

**SFM 8816 Seminar in Organizational Behavior and Leadership (3)**

This course covers a wide spectrum of organizational behavior and leadership topics and focuses intently on the theoretical evolution and underpinnings of the material and how research could be potentially directed in the future. This course exposes the student to various leadership theories, management principles, and variables, including analysis of the methods and materials commonly utilized by organizational researchers.

**SPE 5544 Internship Seminar (3)**

This course provides interns an opportunity to develop analytical thinking skills through examining broad educational issues and concerns, topics on the state and local levels, and those of personal interest. The scope of the course ranges from juvenile law, classroom management, professionalism, professional development for teachers, and other course topics. This course must be taken concurrently with internship. *Co-requisite: SPE 6654 or SPE 6655*

**SFM 8820 Seminar in Legal Aspects of Sport (3)**

This course is designed to provide students with an advanced appreciation and understanding of legal responsibilities of sport managers. Emphasis will be on researching and reviewing legal cases and understanding and applying legal theories to select cases.

**SPE 6609 Content Enhancement (3)**

This methods course emphasizes inclusive teaching practices that combine an interactive instructional sequence with a teaching device for teachers of secondary level students (6-12) with mild disabilities. This course focuses on content enhancement routines that help teachers carefully organize and deliver content area information.

**SFM 8822 Seminar in Sport Management Pedagogy (3)**

This course examines common practice and issues in higher education and sport management pedagogy. Emphasis will be placed on understanding the varying types of institutions, traditional roles and responsibilities within the respective institutions, ethical issues in higher education, research and practice for effective college teaching, the classroom environment, effective instructional formats (online and traditional), and teaching strategies.

**SPE 6610 Research Trends and Issues in Special Education (3)**

This course is designed to provide advanced students with an in-depth study of significant research in special education. Specifically, this course focuses on (a) methodological issues that relate to descriptive research, intervention, research, case study, qualitative and longitudinal research, (b) issues in assessment and instrumentation and (c) ethical issues related to research in special education. The course is premised on the trend of recent changes in the discipline from a service orientation to one that is becoming more scientific. *A grade of "B" or better is required.*

**SFM 8825 Specialized Study in the Area of Sport Management (3-6)**

This course is designed to provide the student with an opportunity to explore an area of interest related to his/her selected specialty under the direct supervision of a faculty member.

**SPE 6614 Adaptive Teaching Strategies for Students with Mild Disabilities K-6 (3)**

This course focuses on the characteristics of students with learning disabilities and attention deficit/hyperactivity as well as classroom-tested and research-based instructional strategies. Specifically this course provides strategies for adapting curriculum materials, teacher instruction, and student practice activities for both basic-skills and content area instruction. *Prerequisite: SPE 3340 or SPE 6640 (or equivalent).*

**SFM 8830 Special Topics (3)**

This course is designed to explore sport management related topics in depth to allow the graduate student to become an "expert" in that topic. Significant preparation, recognition of the topic, research, discussion, and collaboration with peers and colleagues will be required in order to adequately prepare for the submission of a scholarly research paper.

**SPE 6615 Adaptive Teaching Strategies for Students with Moderate/Severe Disabilities K-6 (3)**

A comprehensive study of research, theoretical issues, diagnosis, and educational planning for those students with moderate/severe disabilities. Curriculum adjustment and differentiated instruction will be emphasized. *Prerequisite: SPE 3340 or SPE 6640 (or equivalent)*

**SFM 8835 Seminar in Advanced Statistics in Sport Management (3)**

This course provides an introduction to the advanced statistical techniques recently employed in sport management research. Course topics will include Exploratory Factor Analysis, Confirmatory Factor Analysis, and Structure Equation Modeling that systematically evaluate conceptual/theoretical models.

**SPE 6616 Teaching Students with Emotional and Social Needs (3)**

This course will emphasize the behavioral, psychological, and social needs of the learner who demon-

strates emotional and behavioral disabilities that significantly impact their progress in the general education curriculum and in building and maintaining appropriate social relations with peers and adults. Appropriate intervention strategies used to increase appropriate social behavior and decrease inappropriate social behavior will be studied. *Prerequisite: SPE 3340 or SPE 6640 (or equivalent)*

**SPE 6617 Adaptive Teaching Strategies for Students with Mild Disabilities—Grades 6-12 (3)**

This course focuses on instructional approaches that emphasize teaching students effectively, regardless of disability or special need. Specifically this course provides strategies for adapting curriculum materials, teacher instruction, and student practice activities for both basic-skills and content area instruction. *Prerequisite: SPE 3340 or SPE 6640 or equivalent.*

**SPE 6618 Adaptive Teaching Strategies for Students with Moderate/Severe Disabilities—Grades 6-12 (3)**

A comprehensive study of research, theoretical issues, diagnosis, and educational planning for those students with moderate/severe disabilities. Curriculum adjustment and the development of differential instruction will be emphasized. *Prerequisite: SPE 3340 or SPE 6640 or equivalent.*

**SPE 6620 Service Delivery Models for Multiple Disabilities (3)**

The purpose of this course is to explore the many issues surrounding the education of secondary students with multiple disabilities. Special emphasis is placed on assessment, instructional models, transition programming, and data-based instructional decision making. *Prerequisite: SPE 6640 or equivalent.*

**SPE 6630 Collaboration for Inclusion (3)**

This course is designed to provide advanced students with an in-depth study of current literature and research on collaboration and consultation as a service delivery model to meet the challenge of educating students with disabilities in the regular classroom. Specifically, this course focuses on collaborative-related issues for teachers who work with students with disabilities. The course is premised on the federal mandate that requires educators to employ the interactive framework established by PL 94-142 (now IDEA) to assure that all students are educated in the least restrictive environment. *Prerequisite: SPE 3340 or SPE 6640*

**SPE 6631 Legal Issues in Special Education (3)**

This course provides the special educator with relevant back-ground on the legal issues impacting students with disabilities. Advocacy issues and collaborative roles of administrators, parents, teachers, and significant others in implementing federal legislation will be addressed. The text will be supplemented by more recent case law and policy developments in special education. *Prerequisite: SPE 3340 or SPE 6640 (or equivalent)*

**SPE 6632 Assessment and Individual Programming (3)**

A comprehensive study of the assessment process used in the field of Special Education will be examined to include both standardized assessment measures and curriculum based measures. Emphasis will be on the selection, administration, and analysis of standardized assessment instruments along with

the development, administration, and analysis of curriculum based instruments in determining eligibility for placement and instructional planning. *Prerequisite: Undergraduate special education assessment*

**SPE 6635 Meeting Instructional Needs Through Technology (3)**

This is an advanced survey course in the classroom-adaptable and assistive technologies that are associated with the personal computer and other technologies that assist the learner with disabilities in accessing the teaching and learning environments. This course includes information on the assessment of assistive technology needs as a means of considering assistive technology and matching adaptations with individual needs in various settings. The student will explore ways to make instruction more meaningful for learning. Study will also focus on familiarity with keyboarding, disk operating systems, and tool software. Proficiency with word processing, database and spreadsheet use in an integrated program is developed. *Prerequisite: an undergraduate course in the integration of technology into the curriculum.*

**SPE 6640 Teaching Diverse Learners (3)**

The purpose of this course is oriented toward identifying exceptional students and providing appropriate learning experiences in the classroom setting. This course is a survey of the nature and needs of exceptional children and an introduction to their educational programs.

**SPE 6654 Collaborative Internship Grades 6-12 (6)**

The Professional Internship Program is the culminating clinical field-based experience for students seeking certification in a teaching field. The Professional Internship Program provides the student with the opportunity to conduct classes and assume the role of a teacher while receiving supervision from a classroom teacher and a university supervisor for a period of one full semester. The student will demonstrate skills of the informed, reflective decision maker throughout the internship experience. *Co-requisite: SPE 5544*

**SPE 6655 Collaborative Internship Grades K-6 (6)**

The Professional Internship Program is the culminating clinical field-based experience for students seeking certification in a teaching field. The Professional Internship Program provides the student with the opportunity to conduct classes and assume the role of a teacher while receiving supervision from a classroom teacher and a university supervisor for a period of one full semester. The student will demonstrate skills of the informed, reflective decision maker throughout the internship experience. *Co-requisite: SPE 5544*

**SPE 6694 Collaborative Teacher K-6 Practicum (3)**

The practicum is designed to provide a supervised experience related to instruction in the area(s) of specialization (K-6). The application of skills, concepts, and principles acquired in previous coursework as well as current research will be emphasized.

**SPE 6695 Collaborative Teacher 6-12 Practicum (3)**

This course is designed to provide a supervised experience related to instruction in the area(s) of specialization 6-12. The application of skills, concepts, and principles acquired in previous coursework, as

well as in current research, will be emphasized.

**SPE 6697 Field Based Research Project (3)**

The purpose of this course is to provide graduate students with an opportunity to design, implement, and write about quantitative or qualitative research related to their own teaching. This course will be taken at the end of the graduate program of study. *Prerequisite: SPE 6610*

**SPE 6698 Collaborative Teacher 6-12 Initial Practicum (3)**

This course is for those candidates who do not currently hold an undergraduate teaching certificate for Collaborative Teacher, 6-12. This is a supervised experience in the 6-12 classroom with both the inclusion of disabled students into the general education classroom and with disabled students in a resource or self-contained setting. The prospective Collaborative Teacher will spend 100 clock hours in designing instructional and teaching methods that will allow the student with a disability to access the general education curriculum as outlined by the Alabama Course of Study. The prospective Collaborative Teacher will work collaboratively with the general education teacher, special education teacher, IEP committee, and other professionals to design and deliver an appropriate education for students with disabilities. *Prerequisites: Completion of all core and teaching field areas for persons who do not currently hold an undergraduate teaching certificate in Collaborative Teacher, 6-12.*

**SPE 6697 Field Based Research Project (3)**

The purpose of this course is to provide graduate students with an opportunity to design, implement, and write about quantitative or qualitative research related to their own teaching. This course will be taken at the end of the graduate program of study. *Prerequisites: SPE 6610*

**SPE 6699 Collaborative Teacher K-6 Initial Practicum (3)**

The practicum is for those candidates that do not currently hold an undergraduate teaching certificate for Collaborative Teacher, K-6. This is a supervised experience in the inclusive K-6 classroom and for students with disabilities in a resource and/or self-contained setting. The prospective Collaborative Teacher will spend 100 clock hours in designing instructional programs that emphasize the adaptation and/or modification of the curriculum content and teaching methods that will allow the student with a disability to access the general education curriculum as outlined by the Alabama Course of Study. The prospective Collaborative Teacher will work collaboratively with the general education teacher, special education teacher, IEP committee, and other professionals to design and deliver an appropriate education for students with disabilities. *Prerequisites: Completion of all core and teaching field courses for persons who do not currently hold an undergraduate teaching certificate in Collaborative Teacher, K-6.*

the results of the research. *Prerequisites: Admission to the MBA, M.Acc or M.Tx program, including fulfillment of all business foundation courses and ACT 4494 and ACT 4495. A grade of "B" or better is required for M.Tx students.*

**TAX 6685 Taxation of Individuals (3)**

This course is an in-depth study of the federal taxation of individuals with heavy emphasis on property transactions. This course covers the major tax doctrines applicable to the taxation of individuals. This course addresses includible and excludible items of income and deductions allowed in calculating taxable income. The course requires the writing of a tax research paper, which would be suitable for submission to a high quality professional tax journal. *Prerequisite or co-requisite: TAX 6684*

**TAX 6686 Estate and Gift Taxation (3)**

This course covers the federal taxation of estates and gifts and provides an introduction to the federal income taxation of estates and trusts. This course will have a tax planning focus. *Prerequisite or Co-requisite: TAX 6684*

**TAX 6687 Tax Practice and Procedure (3)**

This course is a study of the Internal Revenue Service (IRS) tax assessment and collection process, including the examination of tax returns and the appeals process. The course covers the statutes of limitation on assessment, collection and refund claims. The course explains the legal and ethical requirements for practice before the IRS and the civil and criminal penalties that may be assessed. The course requires the preparation of a sample protest letter for a conference with the IRS Appeals Division. *Prerequisite or co-requisite: TAX 6684*

**TAX 6688 Taxation of Corporations and Shareholders (3)**

The course is a study of the federal taxation of corporations and shareholders. The course covers the tax aspects of forming a corporation, operating a corporation, distributions in respect of stock, redemptions of stock, and corporate liquidations. The course requires the writing of a tax research paper, which would be suitable for submission to a high quality professional tax journal. *Prerequisite or co-requisite: TAX 6684*

**TAX 6689 Taxation of Partnerships and Partners (3)**

The course is a study of the taxation of partnerships and partners. The course covers the tax aspects of acquiring a partnership interest, the partner's share of partnership income or loss, distributions of partnership assets and calculation of a partner's basis in the partnership. The course requires the writing of a tax research paper, which would be suitable for submission to a high quality professional tax journal. *Prerequisite or co-requisite: TAX 6684*

**TAX 6690 State and Local Taxation (3)**

The course is a study of state and local taxation. The course covers the tax aspects of state income tax, state and local sales and use tax, state franchise tax, and state gift and inheritance tax. *Prerequisite or co-requisite: TAX 6684*

<b>TEACHER LEADER</b>	
<p><b>TL 7700 Adult Learning Theories and Managing Change (3)</b> This course will focus on the examination of how adults learn in instructional settings and managing change. The adult learners' characteristics will be examined. Adult learning theory and current trends and advancements in adult learning and managing change will be examined. The focus will be on preparing the student to make better instructional decisions and use of resources in the education and training of adults.</p>	<p><b>TL 7757 Staff Development</b> Candidates consider and evaluate methods for promoting professional growth focusing on the improvement of teaching and learning. Various approaches to staff development and in-service education are examined in terms of their purposes and components.</p>
<p><b>TL 7702 Diverse Populations and Involving Parents/Community Stakeholders in the School Setting (3)</b> The focus of this course is on the successful school for all students and exploring the critical issues of diversity. Issues relating to diversity and the implications for parental and community involvement will be analyzed. Candidates will explore the construct of diversity as it relates to: race, gender, military status, culture, sexual orientation, and second language learners. Through coursework, readings, group work, and field experiences students will be challenged to examine best instructional and leadership practices to develop sensitive and proactive responses to all members of the school community.</p>	<p><b>TL 7767 Communication and Consultation Methods Practicum (3)</b> This course explores communication models and consultation methods as well as the implementation of those models to improve educational practices in the teacher leader. The course provides an opportunity for the teacher leader candidate to perform a variety of activities that a teacher leader must perform, under the supervision of a practicing teacher/instructional leader. Focus is placed on strategies that will result in enhanced communication among all stakeholders, and increased student achievement.</p>
<p><b>TL 7717 Mentoring (3)</b> The purpose of this course is to prepare educational leaders to serve as role models and mentors for individuals. The educational leaders will develop methods, techniques and organize mentorship programs. Leaders will develop a knowledge base upon which to make informed reflective decisions about mentorship programs in diverse educational settings.</p>	<p><b>TL 7792 Advanced Comprehensive Research Strategies (3)</b> This course is intended to explore the concepts of quantitative and qualitative research methods application for research in education. Participants apply their skills in research design by completing a proposal for a substantive study related to the improvement of instructional services. <i>A grade of "B" or better is required.</i></p>
<p><b>TL 7737 Curriculum (3)</b> This course examines the tenets of curriculum. This course peruses the current research that supports student learning and engagement. In order for instructional leaders to promote effective learning environments, they must be able to understand, identify and apply effective learning theories and methodologies.</p>	<p><b>TL 7794 Research in Action (3)</b> The purpose of this course is to provide instructional leaders with a study of the processes involved in identifying, framing, evaluating, analyzing, and seeking information about problems faced by schools. The goal for the student is to propose a research and implement a study that examines a problem currently impacting the K-12 environment.</p>
<p><b>TL 7740 Creating Effective Learning Environments (3)</b> Instructional leaders must work within the framework of the Individuals with Disabilities Education Act (IDEA) in order to effectively create, develop and maintain a highly efficient learning environment. This course will present best practices and the most up to date research related to the creation of effective learning environments within the public schools. The focus of the course will be both theoretical and practical in nature. As a result of the course, instructional leaders will be able to establish, develop, and maintain and evaluate instruction in order to build an effective learning environment.</p>	
<p><b>TL 7747 Instructional Coaching (3)</b> This course focuses on (a) common forms of instructional coaching including literacy coaching, cognitive coaching, and content coaching and (b) the components/stages of instructional coaching.</p>
