In-State and Out-of-State Status

Pursuant to the Code of Alabama, Section 16-64-4, and for the purposes of admissions and tuition, students may be considered a residential student by meeting certain requirements.

Military service members, spouses, dependents and veterans who reside in the state of Alabama, or within 90 miles of a Troy University campus, will be granted in-state residency.

Students not affiliated with one of the categories above, may still meet residency requirements outlined in the Code of Alabama. Please refer to the Office of Admissions/Enrollment Management for residential eligibility
