About Student Outcome Measures Report

Student retention and graduation rates are critical measures of the quality of a university's educational experience and are widely regarded as proxies for student satisfaction and achievement. Student retention rates are important to know because they allow us to measure our effectiveness in serving our students and helping them in reaching their goal of graduation. It's about the commitment that the faculty and staff makes to every student who enrolls.

This report provides an analysis of student outcomes among Troy University first-time and transfer students, focusing on student retention and graduation rates.

Definitions

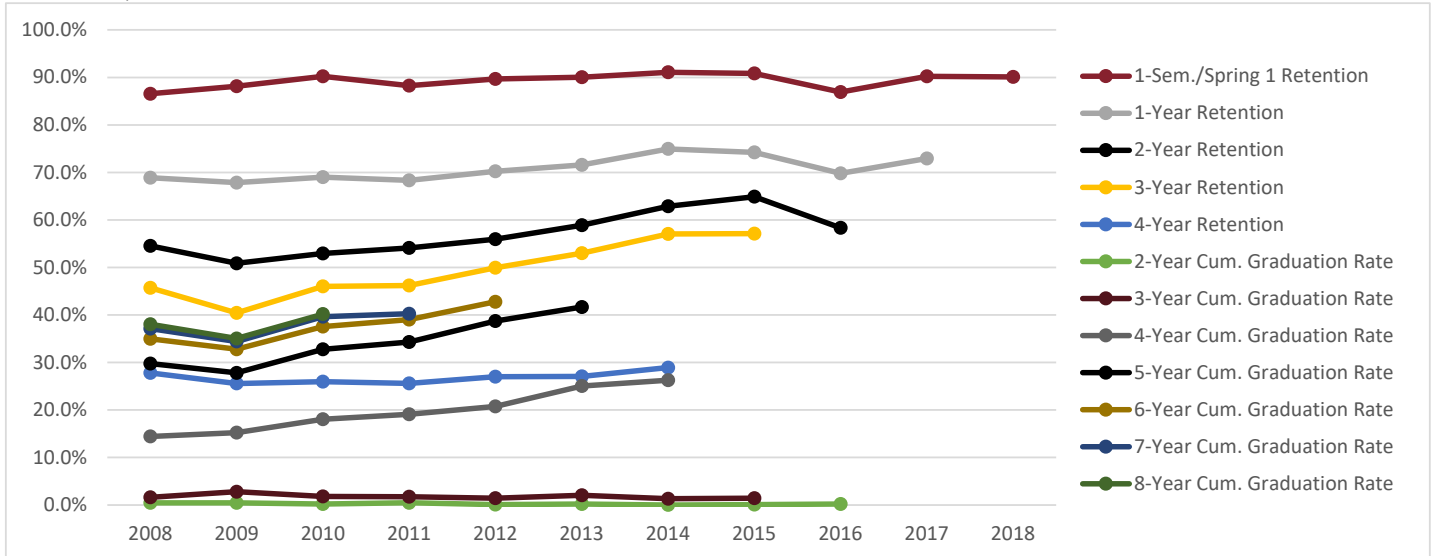

Adjusted Cohort - The legislation allows to remove (delete) the following students from the cohort for calculations of graduation/retention rates; students who died or were totally and permanently disabled; those who left school to serve in the armed forces; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on official church mission.
Bachelor's or equivalent degree-seeking subcohort - a cohort of students who were seeking a bachelor's or equivalent degree upon entry.
Census Date – The date that marks the end of the add/drop period for each semester/term. On this day, the IRPE Office extracts data from Colleague. These extracted file are 'frozen' and become the official files that are used for all reporting.
Cohort - A cohort is a specific group of students established for tracking purposes.
College - College of the student at the initial enrollment. AS=College of Arts & Sciences; CB=Sorrell College of Business; CF=College of Health & Human Services; ED=College of Education; HH=College of Health & Human Services; OTH=Other (Undecided Students)
Continuing/Returning Student (Undergraduate) - A student who is not new to the institution, but instead is continuing his or her studies at the institution in the fall (i.e., not first-time and not transfer-in).
Enrollment (Student) - Students enrolled in courses creditable toward a degree or other formal award; students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus or extension centers; and high school students taking regular college courses for credit.
Entering Students (Undergraduates) – students coming into the institution for the first time in the fall term (or the prior summer term who returned again in the fall. This includes 1) all first-time undergraduate students, 2) students transferring into the institution at the undergraduate level for the first time, and 3) non-degree/non-certificate-seeking undergraduates. This also includes both full-time and part-time students.
First-time Student (First-time Entering Freshmen) – A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits or postsecondary formal award earned before graduation from high school).
Full-time Student (Undergraduate) - A student enrolled for 12 or more semester credits. For reporting purposes, semester credit hours is calculated by the sum of credits attempted for the entire semester (e.g., 18/FA+18/TFA+18/T1+18/T2).
Geographic Residency - The residency classification of a student (in-state or out-of-state).
Graduation Rate - the percent of students in a cohort who completed their degree/certificate program within the specified time frame.
· Graduation Rate (4-Year Rate) – the percent of students in a cohort who completed their degree/certificate program within <u>100 % of normal time.</u>
· Graduation Rate (6-Year Rate) – the percent of students in a cohort who completed their degree/certificate program within <u>150 % of normal time.</u>
· Graduation Rate (8-Year Rate) – the percent of students in a cohort who completed their degree/certificate program within <u>200 % of normal time.</u>
Location - Home location of the student at the initial enrollment.
Non-Degree/Certificate-Seeking Student - A student enrolled in courses for credit who is not recognized by the institution as seeking a degree or formal award.
Non-First-Time Student - A student who has prior postsecondary experience before attending the institution. This cohort of students may closely reflect the transfer-in students.
Official Data - Every semester/term, the IRPE Office Institutional Research extracts data from Colleague on the official census dates. These extracted files are 'frozen' and become the official files that are used for all reporting.
Other degree/certificate-seeking subcohort - A subset of students belonging to a cohort who were seeking a degree or certificate other than bachelor's degree upon entry. This includes students seeking an associate's degree or an undergraduate certificate program.
Part-time Student (Undergraduate) - A student enrolled for less than 12 semester credits. For reporting purposes, semester credit hours is calculated by the sum of credits attempted for the entire semester (e.g., 18/FA+18/TFA+18/T1+18/T2).
Pell Grant Recipient - A student that receives a Pell Grant at any time during their first academic year.
Retention Rate – the percent of students in a cohort who returned the following fall semester.
Semester: For reporting purposes, term 1, term 2, and fall semester are reported as an unduplicated count for the complete fall semester. Term 3, term 4, and spring semester are reported as an unduplicated count for the complete spring semester. Term 5 and summer semester are reported as an unduplicated count for the complete summer semester.
Subcohort - A predefined subset of the initial cohort or the revised cohort established for tracking purposes. Degree/certificate-seeking students in the bachelor's degree-seeking group in the IPEDS Graduation Rates (GR) component and Pell-Grant, non-first-time, part-time students in the IPEDS Outcome Measures (OM) component are examples of subcohorts.
Transfer-In Student (Undergraduate) - A student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the undergraduate level. This includes new students enrolled in the fall term who transferred into the institution the prior summer term. The student may transfer with or without credit.
Transfer-out rate - Total number of students who are known to have transferred out of the reporting institution within 150% of normal time to completion divided by the adjusted cohort.
Underrepresented Minority Students - Underrepresented minority students are those that are American Indian, Asian, Black, Hispanic, Native Hawaiian, or more than one race.

2017	1,899	90.2%	72.9%											
2018	1,718	90.1%												

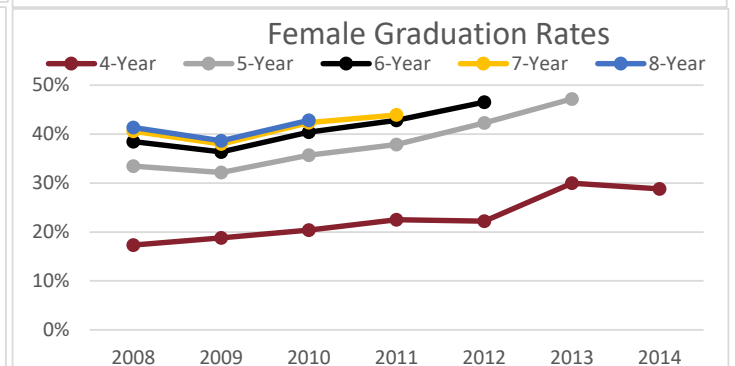

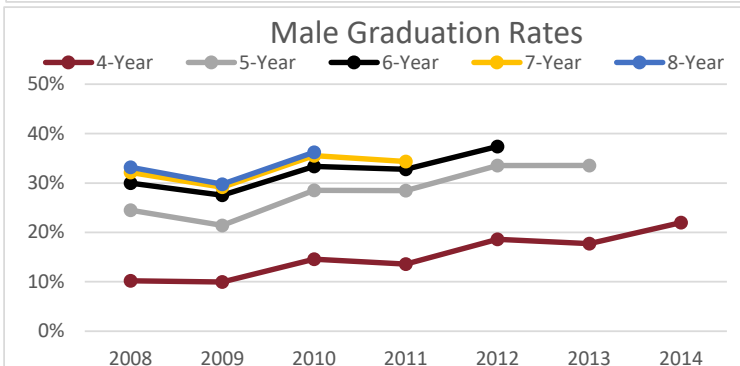

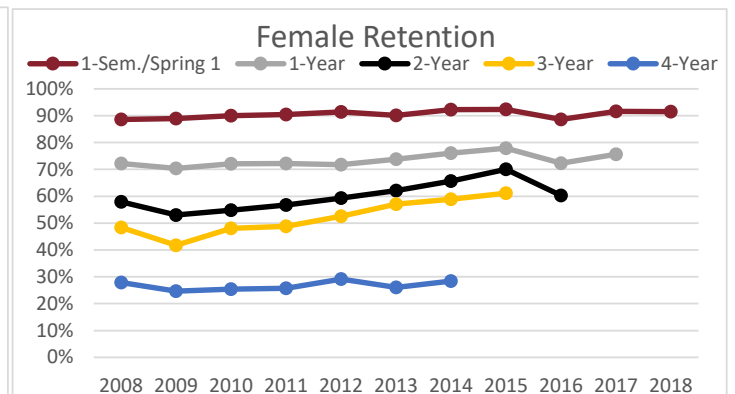

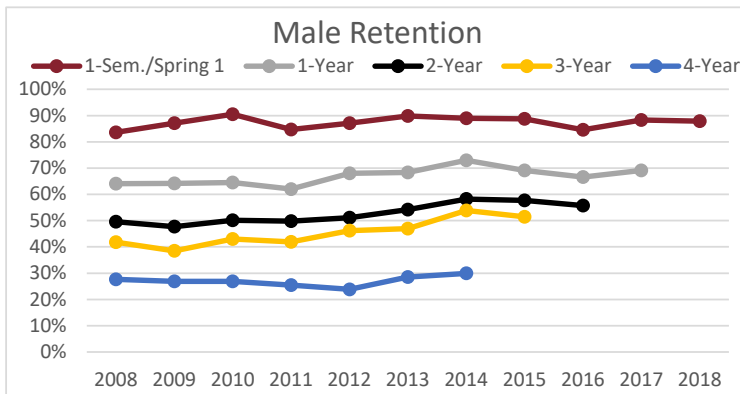

The overall 4-year, 5-year, and 6-year graduation rates have reached an all-time high. The overall 6-year graduation rate was 42.8% for full-time freshmen entering in 2012, which is the most recent class to have had a full six years to graduate. This represents an increase of four percentage points over last year. The overall 5-year graduation rate was 41.7% for full-time freshmen entering in 2013, which is an increase of three percentage points over last year. The overall 4-year graduation rates for full-time freshmen entering in 2014 was 26.3%. This is a one percentage point increase over last year.
