TROY History

Excellence is an enduring tradition at Troy University, but so too is a unique ability to adopt a name that best fits the needs of its students. TROY has customarily kept pace with an ever-shifting world through a variety of name changes. Since it was founded more than a century ago, the University, under many names, has continued to be a leader in academics, athletics, and student service.

Established in 1887, TROY was originally referred to as **Troy Normal School**. The idea of the normal school came from a modification of an English school system that included two years of post-secondary education. The primary objective of each normal school in the South was to fulfill the higher education needs and ultimately the career goals of the residents of the area. Specifically, Troy Normal School provided the citizens of Southeast Alabama with the opportunities associated with completing a teaching certificate.

Building on its Normal School beginnings, TROY realized a steady course of growth and was officially renamed **Troy State Teacher's College** in 1929. This adaptation was due to the changing needs of its students and the communities and regions it served. Troy State Teacher's College offered a four-year curriculum which attracted higher-quality students to the institution opening paths beyond southeast Alabama. It was under this name that TROY was first accredited by the Southern Association of Colleges and Schools.

TROY soon saw the need to offer more than a teaching degree and in 1957 the University was renamed simply **Troy State College**. The first non-educational degree was offered in the 1946-1947 Bulletin as a result of the increase attendance after World War II. The University began pre-professional programs, including medical technology, as well as a degree in business. Shortly after the integration of these degrees came the development of a Master's Degree with graduate coursework beginning in 1957.

As TROY continued to grow, another change occurred in December, 1967, when Troy State College became **Troy State University**. It was under this name TROY began to shine. The University took the acronym "TSU" and quickly took the shape it is known for today. It soon added additional campuses in Alabama and world-wide growing to serve more than 18,000 students. Also, interest in athletics rose to an all-time high with the move to Division I football the capstone event in 2001.

On April 16, 2004, the Board of Trustees voted unanimously to drop the word "state" from the University name. The trustees said the new name, **Troy University**, more accurately reflected the University's world-wide mission as TROY operates more than fifty teaching sites outside Alabama in sixteen U.S. states and seven nations without state of Alabama appropriations. The University's name may have evolved, but TROY has shown over one hundred years of progress and dedication to its students, faculty, alumni, and fans. That progress shows no sign of slowing down. There has never been a better time to be a TROY TROJAN!!!

Student Government Association President Message..

Two years ago, I graduated from a small school in North Alabama and decided to attend Troy University. I was both nervous and excited what the next four years of my life would hold. Every day I have spent at TROY since making that decision has reassured me that my school cares about the academic, professional, and social development of its students.

Our faculty goes above and beyond to educate meaningful principles to their students and prepares them to be competitive in their careers. I am proud to attend a university that places equal value on *ethics* and competence. With free tutoring and the ability to form a personal relationship with one's professors, the path for a student to achieve academic success is made clear and achievable.

TROY eagerly offers students a variety of ways to find opportunities after graduation. As a Risk Management Insurance major, I am repeatedly told by my professors, "help us help you." Career fairs, internships, and study abroad trips give us perspective and insight into our passions and interests. I encourage you to take advantage of these immense resources that will define your time at TROY.

The full-hearted sense of community at Troy University is one of a kind. It defines our student experience and breaks down the barriers that separate us as individuals. Through involvement in academic clubs as well as organizations such as Greek Life, and Student Government, I have learned that *anyone* at TROY can be a leader. Take the steps to build meaningful relationships, inspire others, and lead change.

With honor and excitement, I welcome you into our proud TROY community.

All the best,

Theodor Thoenes

There may be times when students need to be accessible to work and family members via cellular phones. Students are requested to be mindful of others and the learning environment when bringing cellular phones in the classroom. The silent mode or the ringer off is the preferred cellular status while in the classroom. A student may wish to inform the instructor if the student may be receiving a call during a class. It is, however, the instructor's responsibility to keep the learning environment at an optimum level, and it is at the instructor's discretion to permit and limit cellular phone use in the classroom.

Free Speech and Assembly Policy

I. Background

Alabama State Legislature Act 2019-396 enacted in June 2019 mandated certain free speech and assembly actions applicable to state universities and concurrent with other state and Constitutional freedoms. Complying with provisions of this new law, Troy University fully supports a campus environment that promotes, protects and upholds intellectual freedom of expression contributing to the marketplace of ideas to include those expressions that may be considered unwelcome, unpopular or disagreeable.

II. Policy Statement

Troy University recognizes and supports the role of a university as a marketplace for ideas. Freedom of expression and public assembly are essential components of the education process. Troy University is committed to its function as an institution in which stakeholders discover and disseminate knowledge by means of research and teaching. Further, Troy University supports the rights of students, employees, and

Troy University

visitors to speak in public and to demonstrate for or against actions and opinions with which they agree or disagree.

Such freedom comes with a responsibility to welcome and promote this freedom for all, even in disagreement or opposition. The responsibility of the University to operate and maintain an effective and

efficient institution of higher education requires regulation of time, place, and manner of assembly, speech, and other expressive activities on the grounds and facilities of the University. In keeping with this responsibility, students, faculty, and staff are free to exercise the rights to assemble and engage in expressive activity in a constitutionally protected manner subject only to the content-neutral regulations necessary to fulfill the mission and obligations of the University, preserve the rights of others, coordinate multiple uses of limited space, assure preservation of the campus facilities and grounds, and assure financial accountability for any damage caused by these activities.

It is not the proper role of the University to shield individuals from speech protected by the First Amendment of the United State Constitution and Article I, Section 4 of the Constitution of Alabama, including, without limitation, ideas and opinions they find unwelcome, disagreeable, or offensive.

The University will at all times strive to remain neutral as an institution on the public policy controversies of the day, except as far as administrative decisions on the issues are essential to the day-to-day functioning of the University. The University will not require students, faculty, or staff to publicly express a given view of a public controversy. However, students, administrators, faculty, and staff are free to take positions on public controversies and to engage in protected expressive activity in outdoor areas of the campus, and to spontaneously and contemporaneously assemble, speak, and distribute literature.

In all cases of expressive activity, university employees must be mindful such expression should be in keeping with the mission of the university and do no harm to the university or others.

III. Definitions

Amplified Sound is sound that is increased or enhanced by any electric, electronic, or mechanical means, including handheld devices such as megaphones and sound trucks.

Campus Grounds means all outdoor areas owned, leased or controlled by the University that are common accessible to all students and employees such as sidewalks, lawns, parking lots, and promenades.

Demonstration action by a mass group or collection of groups of people in favor of a political or other cause or people partaking in a protest against a cause of concern; it often consists of walking in a mass march formation and either beginning with or meeting at a designated endpoint, or rally, to hear speakers.

Debate is a discussion involving opposite viewpoints in which opposing sides of an issue are advocated and/or presented by differing speakers.

Expressive Activity is the verbal or symbolic expression of an idea, thought or opinion and may include speeches, assembly, marches, parades, rallies, picketing, distribution of literature, graphic or pictorial displays and other similar activities intended to communicate an idea or opinion. Expressive Activity does not include speech that is likely to incite or produce imminent lawless action, expression that consists of fighting words or threats of physical harm or expression that is defamatory, obscene or commercial in nature.

Literature is any printed material that is produced in multiple copies for distribution or publication to an audience, including but not limited to flyers, handbills, leaflets, placards, bulletins, newspapers, and magazines, but does not include the *Tropolitan* or official University material.

Official University Function is all activities, events and programs sponsored by an academic or administrative unit of the University.

Outdoor Forum is a designated area on campus not confined by walls or a roof. Within this designated area, individuals or groups are encouraged to openly discuss, express, and/or exchange ideas on topics in accordance with university policies.

IV. **Policy**

- A. **General.** Troy University is committed to providing an educational environment that is conducive to the development of each individual. As a public institution, the university provides formal and informal forums for the expression of ideas and opinions as long as it is done within the context of university policies and does not impede pedestrian and/or vehicular traffic, disturb or interfere with normal academic, administrative or student activities, or involve coercive behavior.
- B. **Application.** This policy applies to all University students, employees, organizations, and sponsored guests. This policy does not apply to official academic activities and official functions of the University. For Faculty policies, refer to the Faculty Handbook.
- C. **Outdoor Forums.**

Nothing in this section shall be interpreted to limit a student's right to free expression elsewhere on campus so long as the expressive activities or related conduct do not violate any other applicable university policies.

 1. An outdoor forum area is designated in the Quadrangle area adjacent to the student center on the Troy campus.
 2. An outdoor forum area is designated in the Quadrangle area between the three main campus buildings on the Dothan campus.
 3. An outdoor forum area is designated on the south side of the Riverfront Building on the Phenix City campus.
 4. An outdoor forum area is designated on the paved walkway to the west of the main entrance to Bartlett Hall on the Montgomery campus.

The University reserves the right to define, redefine or re-designate outdoor forum locations at its sole discretion.

These forum areas provide an area for free exchange of ideas and do not have to be pre-scheduled. However, sponsors/participants are encouraged to schedule with the Dean of Students to minimize possible conflict.

D. Free Expression Responsibilities

Freedom of expression at the university includes organized demonstrations or events. At the same time, the university has long recognized that this right does not include the right to engage in conduct that disrupts the university's operations or endangers the safety of others. Expressive activity may not create a vehicular or other safety hazard or constitute disruptive activity, defamation, riotous conduct or obscenity as defined by federal or state law and may not impede access to other expressive activity, such as blocking the audience's view or preventing the audience from hearing a speaker. Displaying a sign, gesturing, wearing symbolic clothing or otherwise protesting silently is permissible anywhere unless it is a disruptive activity as defined by federal or state law.

E. Expressive Activity Speaking and Use of Campus Facilities

1. Campus Events

- Campus large scale events defined as events attracting 50 or more people require coordination with either the Senior Vice Chancellor for Academic Affairs (for academic events) or Dean of Students (for student organizations) for speaking events or demonstrations outside the outdoor forum.
- Such events may include: invited speakers, use of amplified sounds, marches etc.
- Only campus recognized organizations may sponsor such activities and must request authorization to use a university-controlled building or campus area.
- Such requests must be submitted seven working days in advance to Dean of Students using the online event management request system.

2. Organization responsibility. Organizations inviting outside groups or speakers to campus will ensure that a safe, non-disruptive environment exists for free expression. In turn, speakers "expressive actions" must avoid defamation, threats, obscenities or conduct not conducive to good order and discipline. The University will not change security fees based on anticipated speech content requiring the need for additional security.

3. Reservation Denial.

- The University will not deny a registered student organization any benefit or privilege available to any other registered student organization or otherwise discriminate against the organization based on the expression or beliefs of the organization.
- Requests to reserve a designated area, to use amplified sound, or to register a route for a parade, march or rally may not be denied based on the content of the proposed expressive activity.
- Requests may be denied for the following reasons:
 - Scheduling conflict with another group;
 - the designated area or an adjacent area has been reserved for an official University function or the designated area is no longer suitable for use due to a conflict with a nearby official University function;

- the reservation or registration form is incomplete;
- the request exceeds more than fifteen days in a semester or is for more than five consecutive days;
- the proposed event or activity will substantially interrupt the safe and orderly movement of traffic or create a safety hazard; or
- the request was submitted by an individual or organization that is not permitted to reserve space on campus under this policy.

4. Expressive Activities Relocation

Individuals and organizations engaged in expressive activity on campus may be required to relocate to other areas by the Dean of Students or, when immediate action is necessary, the University police department, under the following circumstances:

- a. the noise generated by the activity disrupts an official University function or substantially interferes with resident housing life and activities (e.g. the activity is too close to an academic, administrative or residential building);
- b. the location does not safely accommodate the number of participants;
- c. the number of individuals participating in or attending the activity creates unsafe conditions for vehicular or pedestrian traffic, parking, or blocks the ingress or egress to buildings or official university activities;
- d. the space has been reserved for an official University function, has been reserved in accordance with this policy, or a reserved location is needed for an official University function; or
- e. the activity creates a health or welfare hazard, such as interfering with fire, police or emergency services.

5. Distribution of Literature

Students, employees and sponsoring organizations may distribute literature on campus grounds. Sponsored guests may distribute literature only in the designated area reserved for their use. If no Registered Student Organization will sponsor an outside individual or organization to distribute literature on campus grounds, they may file a request with the Dean of Students seven business days before the requested event or activity. If an outside individual or organization does not reserve an area at least seven business days before they intend to distribute literature, they must use a designated outdoor forum defined in Section IV. C of this policy.

Students, employees, sponsoring organizations and sponsored guests who distribute literature should be responsible for refraining from littering on campus grounds.

It should be understood and presumed that all literature distributed by students, employees, sponsoring organizations, or sponsored guests does not represent the views and opinions of Troy University. If literature could be reasonably mistaken as taking an official position on behalf of the University, a disclaimer statement should be added to the literature.

This policy does not apply to attempts to distribute literature that is commercial in nature (i.e. information about goods or services offered for sale).

6. Responsibilities of Individuals, Sponsoring Organizations and Sponsored Guests

Sponsoring organizations are responsible for ensuring that sponsored guests read and understand all obligations set out in this and all other applicable University policies. Members of the University community may be held individually responsible and sponsoring organizations may be held collectively accountable for any violations of University policies, including the Code of Student Conduct and personnel policies, as

applicable. Sponsored guests who do not comply with this or other applicable University policies automatically forfeit their reservations and must immediately vacate University property. Repeat violations of this policy by a sponsored guest may result in loss of privilege for the sponsored guests as determined by the Dean of Students.

7. Appeal of Decisions Related to Expressive Activity

Students, employees and organizations whose requests for use of campus grounds for expressive activity are denied may appeal the decision to the Dean of Students no later than two business days after the decision that is being challenged was made. The appeal must be made in writing and state the specific reason(s) the individual or organization disagrees with the decision. The appeal should include all information the individual or organization believes will assist the Dean of Students to decide the matter. The Dean of Students will issue a decision on the appeal within three business days of its receipt. The decision is final.

V. Sanctions

Anyone under the jurisdiction of the University who materially and substantially disrupts the free expression of others is subject to a range of disciplinary sanctions per Alabama law. For students, see the Student Code of Conduct. For employees, see Staff and Faculty handbook.

VI. Event Termination/ Postponement

This is inclusive of comments or conduct by a person in a position of authority that is intimidating, threatening or abusive. Harassment can also occur between people of similar authority. Examples of harassment include gestures, remarks, jokes, taunting, innuendos, display of offensive materials, threats, imposition of academic penalties, hazing, stalking, shunning, or exclusion related to the discriminatory or harassing grounds. The victim should directly inform the harasser that the conduct is unwelcome and must stop. The victim should report any complaint as dictated by policy.

NOTE: In any case of harassment, the harasser can be the victim's supervisor, an agent of the employer, a supervisor in another area, a co-worker, or a non-employee to include students.

A. Sexual Harassment

Sexual harassment as defined by this policy includes unwelcome sexual advances, requests for sexual favors, and any other verbal, graphic, or physical conduct. If these events are of sexual nature it constitutes sexual harassment when submission to, or rejection of this conduct explicitly or implicitly, affects an individual's employment or educational experience, unreasonably interferes with an individual's work performance or academic performance, or creates an intimidating, hostile, or offensive work or educational environment.

Sexual harassment can occur in a variety of circumstances, including but not limited to the following:

1. Demanding sexual favors in exchange for favorable evaluations, assignments, promotions, continued employment, grades, letters of recommendation, or similar promises.
2. Subtle pressure for sexual activity.
3. Continued or repeated sexual jokes, kidding, teasing, epithets, flirtation, advances, or propositions.
4. Derogatory or demeaning comments about gender, whether sexual or not.
5. Harassment consistently targeted at only one sex, even if the content of the verbal abuse is not sexual.
6. Verbal abuse of a sexual nature.
7. Graphic verbal commentary about an individual's body, clothing, sexual process, or sexual deficiencies.
8. Sexually degrading or vulgar words to describe an individual.

9. Leering, whistling, touching, pinching, brushing the body, assault, coerced sexual acts, or suggestive, insulting, or obscene comments or gestures.

Definition of Discrimination

For the purposes of Troy University's policy, discrimination is defined as any action resulting in illegal differentiation or adverse treatment of an individual based on their age, sex, race, religion, national origin, marital status or veteran status.

Procedures

A. Reporting a Complaint

Troy University encourages anyone that believes he or she is being harassed or discriminated against should report the incident within 180 days. An incident should be reported in one of the following ways:

- Directly inform the harasser that the conduct/comments are unwelcome and must stop. If the conduct and/or comments do not cease immediately, the accuser should report the complaint to the accused's supervisor or the Department of Human Resources.
- If the accuser does not desire to confront the alleged harasser directly, he/she should report the incident to the alleged harasser's superior (the individual to whom the alleged harasser reports) who will report the complaint to the Department of Human Resources.
- If the complainant is not comfortable reporting the incident to the accused supervisor, he/she can report the complaint directly to the Department of Human Resources.

Once the complaint is received by the Department of Human Resources, the complainant can choose:

1. To proceed informally; where the superior of the alleged harasser, in conjunction with Human Resources, will assist in resolving the matter.
2. If the matter is not resolved informally to the satisfaction of the reporting party, the complainant may request to begin a formal investigation process.
3. The complainant may request to begin the process with a formal investigation rather than an informal procedure if warranted.
4. To begin a formal investigation, the complaint must be submitted to Human Resources in writing and signed by the complainant.

NOTE: Anyone witnessing an act of harassment and/or discrimination may report the incident directly to the Human Resources Department.

B. Investigation

Human Resources will coordinate the investigation of the complaint and file a summary report with a subcommittee of the Personal Advisory Committee. The subcommittee and the appropriate Senior Vice Chancellor will determine whether there is a reasonable basis for believing the alleged

violations of the harassment and discrimination policy has occurred. The investigation may include oral interviews and/or written statements from the complainant, the alleged harasser, any witnesses who may be able to provide pertinent information about the facts of the case, and review of any documentation of previous allegations and/or disciplinary actions related to harassment or discrimination. In the course of the investigation, the accused individual will be informed of the allegations and the facts surrounding the allegations and will be afforded a full opportunity to respond.

In general, the investigation process will consist of the following procedures:

1. Interview complainant.
2. Have complainant read, approve, and sign a written report of the incident.
3. Notify accused of complaint.
4. Interview and obtain written report from accused.
5. Interview and obtain written reports from witnesses to the incident of harassment or discrimination.

The University is committed to investigating and resolving any complaint of harassment or discrimination brought to the attention of the University. The investigation process will be completed in an appropriate and timely manner.

An individual who believes he or she is a victim of harassment, discrimination, or retaliation is encouraged to keep a record of the objectionable conduct. However, the complainant should be aware that a record kept at the direction of the University may be considered privileged, to any extent possible.

C. Committee Review and Resolution

The results of the investigation will be reviewed by an appropriate subcommittee of the Personnel Advisory Committee and the appropriate Senior Vice Chancellor.

Individual Accused	Appropriate Committee to Hear Claim
Student	<ul style="list-style-type: none"> • Student Affairs Committee
Faculty	<ul style="list-style-type: none"> • Senior Vice Chancellor/Provost • Dean of College or School • Faculty member serving on Personnel Advisory Committee • Senior Leader in Human Resources
Staff or Administrator	<ul style="list-style-type: none"> • Senior Vice Chancellor of the employee’s division • Two (2) members of the Personnel Advisory Committee • Senior Leader in Human Resources
Others	<ul style="list-style-type: none"> • Varies based on circumstances – appropriate representatives determined by Senior Leader in Human Resources

If a member of the appropriate body is involved in the incident or asked to be recused from the review, another appropriate representative will be appointed to the review committee by the Senior Leader in Human Resources.

The results of the investigation may fall into two categories:

- **No Merit** - If the appropriate committee determines the complaint is without merit, the complaint will be regarded as resolved with no further action.
- **Merit**- If after review by the appropriate committee, the complaint is determined to have merit,

appropriate sanctions and/or disciplinary action will be taken. The harasser's supervisor, in conjunction with the appropriate Senior Vice Chancellor and the Department of Human Resources, will coordinate the disciplinary action which may include (but not be limited to) counseling or education about discrimination or harassment, verbal or written reprimands, reassignment, suspension or termination. Disciplinary procedures will vary as a result of the parties involved, i.e., the complainant and the accused. A recommendation of sanctions will be forwarded to the Office of the Chancellor for approval.

In all cases, The Senior Leader in Human Resources will provide a written response to the complainant and the accused following conclusion of the process. The procedures outlined in this policy do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Equal Employment Opportunity Commission (EEOC), initiating civil action, or redress under state, civil, or criminal statutes and/or federal law.

D. Confidentiality

Harassment or Discrimination is a particularly sensitive issue that may affect any member of the University community. The University recognizes the privacy rights of both the complainant and the accused in a harassment or discrimination situation. The University and its employees will take care to provide confidentiality to all parties involved in a discrimination or harassment charge. However, it will be necessary to investigate the complaint and to respond to any legal and/or administrative proceedings, which may arise out of or relate to the harassment or discrimination complaint. The need to include individuals in the investigation will obligate sharing of information in the process.

E. Non-Retaliation

Retaliation is a very serious violation of this policy and should be reported immediately. Any attempt to penalize or retaliate in any way against a person bringing, investigating, or cooperating with an investigation of a harassment or discrimination charge is prohibited and will be treated as a separate incident to be reviewed on its own merit.

F. Protection of the Alleged Harasser

In the event the allegations are not substantiated, all reasonable steps will be taken to restore the reputation of the alleged harasser if it was damaged by the proceeding.

G. False Claims

A complainant found to have been intentionally dishonest in making the allegations or to have made them maliciously is subject to the full range of the University's disciplinary procedures from official reprimand to dismissal.

Sanctions

Sanctions will be determined based on the severity and/or number of incidents. Prior issues related to harassment and discrimination will be taken into account in determining the appropriate disciplinary level.

A. Employees

Potential sanctions for harassment or discrimination include (but are not limited to) the following:

- Disciplinary warning/reprimand
- Referral to appropriate counseling

This appeal will be to address the sanction; however, the determination of the merit of the harassment and/or discrimination charge is not eligible for appeal.

Education and Training

The university commits to this policy by:

1. Developing and reviewing the comprehensive policy on a timely basis;
2. Annually communicating the policy to students and employees;
3. Annually training and educating students and employees;
4. Confidentiality, insofar as possible, in investigating incidents;

6. Taking appropriate action when incidents occur.

Policy Regarding Children on Campus

All children on campus must be accompanied by an adult at all times. For safety and security reasons, a child not accompanied by an adult on campus will be treated as a lost child. All personnel, including students, are prohibited from bringing children to the campus and leaving them unattended at any location. If an unaccompanied child is observed on campus, the first priority will be to locate the parent or guardian and return the lost child to his or her custody immediately. The parent or guardian will be advised of this policy for compliance. Adult supervision will be provided from the time the lost child is found until the university police or other University official(s) locate the parent or guardian. If an emergency arises and a child must be brought to class or work, the child must be accompanied at all times by an adult. The adult must obtain prior written approval from the appropriate university official (faculty, supervisor, etc.).

9. Reports of dead animals on the TROY campus should be made to the TROY Physical Plant at 334-670-3342.
10. Animal owners are required to follow all City of Troy municipal ordinances and State of Alabama laws regarding animal care and responsibilities.

Assistance Animals

It is University policy to ensure that individuals with disabilities who require the use of Service or Support Animals (collectively, "Assistance Animals") as a reasonable accommodation receive the benefit of the work or tasks performed by such animals or the therapeutic support they provide. As such, Service Animals assisting individuals with disabilities are generally permitted in all controlled spaces, including all TROY facilities, TROY-owned, leased, or managed housing, TROY transit vehicles, and TROY campus programs that are open to the public and/or students, except as described below. Support Animals are generally permitted only in TROY-owned, leased, or managed housing (specifically, in the room assigned to the owner of the Support Animal), and only when it is necessary to afford the individual an equal opportunity to use and enjoy TROY-owned, leased, or managed housing, provided the individual meets certain conditions described herein below.

The Use of Service Animals on TROY Campus

Service Animals accompanying individuals with disabilities are welcome in all areas of campus that are open to the public, except as otherwise prohibited in this policy. In these areas, and when it is not readily apparent that a dog is a Service Animal, TROY officials may appropriately ask a person with the animal to answer only the following two questions:

1. Is the animal a certified service animal?
2. What work or tasks is the animal trained to perform?

Students using Service Animals in TROY controlled spaces are required to submit the *Service Animal Registration Form* providing information about the service animal to the University's Office of Adaptive Needs, who will include this information in the accommodations letter to faculty and can assist in making recommendations on how to handle inquiries from TROY officials. The Office of Adaptive Needs can be reached at [334-670-3221](tel:334-670-3221) or via email at ajhughes@troy.edu. It is particularly helpful for the Office of Adaptive Needs to have a description of the Service Animal (e.g. weight, breed, color, markings) and the Service Animal's name.

Employees using Service Animals in offices or other areas of campus not open to the public must follow the University's ADA policy found at this link: <https://my.troy.edu/human-resources/ada-policy.html>. Employee requests for reasonable accommodations, including requests to have a Service Animal at work, are handled through the Human Resources (HR) Americans with Disabilities Act (ADA) Coordinator, who may be reached through the HR Service Center at [334-670-3710](tel:334-670-3710) or at jscalhoun@troy.edu

Visitors using Service Animals are welcome in areas of the TROY campus that are open to the public, as set forth in this Policy. Specific questions related to the use of Service Dogs on the

TROY campus by visitors can be directed to the ADA Coordinator (contact information provided above) or to the TROY University Police Department when offices are not open.

Information Regarding the Use of Assistance Animals in TROY-Owned, Leased, or Managed Housing
Pets, other than fish, are generally prohibited in TROY-owned, leased, or managed housing. Service Animal and approved Support Animals are not considered pets, and are permitted to reside in TROY-owned, leased, or managed housing.

A student with a disability residing with a Service Dog in TROY-owned, leased, or managed housing must meet with the Housing and Residence Life Office to complete the *Assistance Animal Agreement* **prior** to moving the Service Animal into TROY-owned, leased, or managed housing. Proof of current rabies vaccination must also be submitted before a Service Animal may reside in TROY-owned, leased, or managed housing. It is preferable for this meeting to take place **at least 30 days prior** to move in.

For further information on the use of Service Animal in TROY-owned, leased, or managed housing, students may contact the Housing and Residence Life Office at [\(334\) 670-3346](tel:3346703346) or email the Housing and Residence Life Office at housing@troy.edu.

If a student with a disability needs to reside in TROY-owned, leased, or managed housing with a Support Animal in order to afford the student an equal opportunity to use and enjoy said housing, the student must request a modification to TROY's No-Pet Policy. Specifically, before a Support Animal can reside in TROY-owned, leased, or managed housing, the student must submit (1) the *Support Animal Accommodation Request Form* (completed by the student), and (2) the *Support Animal Accommodation Request Supporting Medical Documentation Form* that must be completed by the student's physician, psychiatrist, or other mental health professional. This documentation should be submitted to Housing and Residence Life Office with ample time for the Office to review and make a decision about the request, which is generally **at least 30 days prior to the date on which the student wishes to move the Support Animal into the student's assigned TROY-owned, leased, or managed housing unit**. The request will be reviewed to determine whether such request (1) constitutes a reasonable accommodation for a student with a documented disability; (2) the Support Animal is necessary to afford the student with a disability an equal opportunity to use and enjoy TROY-owned, leased, or managed housing; and (3) there is an identifiable relationship or nexus between the student's disability and the assistance the Support Animal provides (i.e., that the animal provides support that alleviates at least one of the identified symptoms or effects of the disability). A request will not, however, be granted if the Support Animal poses a direct threat to the health and safety of others; would cause substantial physical damage to the property of others; would pose an undue financial and/or administrative burden on the University; or would fundamentally alter the nature of TROY housing operations.

If the Housing and Residence Life Office approves the Support Animal, the student must meet with the Housing Office, to complete the *Assistance Animal Agreement* **prior** to moving the Support Animal into the student's TROY-owned, leased, or managed housing unit. Proof of current rabies vaccination and a recent picture of the Support Animal must also be submitted before the student may move the Support Animal into TROY-owned, leased, or managed housing. Support Animals are limited to the resident's rooms in the TROY-owned, leased, or

managed housing units assigned to the students with whom the support animals are approved to reside.

A student dissatisfied with a decision concerning an Assistance Animal Application as a reasonable accommodation in TROY-owned, leased, or managed housing may seek further review from the Dean of Student Services at [\(334\) 670-3203](tel:3346703203).

Students who misrepresent an animal as a Support Animal or Service Dog in Training, or who fail to register an Assistance Animal as required, will be referred to the Student Service Office for possible disciplinary action.

When an Assistance Animal May Be Asked to Leave or Be Prohibited in a TROY Facility or Program
In certain situations, discussed below, an Assistance Animal may not be permitted or TROY may ask that the Assistance Animal be removed from a TROY facility or program. In such instances, TROY will give an individual the opportunity to participate in the service, program, or activity without having the Assistance Animal on the premises.

- Assistance Animals must not engage in unacceptable or disorderly behavior that is disruptive to other participants within the program or facility. If an Assistance Animal does engage in unacceptable behavior, the owner is expected to use proper training techniques to correct the behavior. TROY may ask the owner to remove an Assistance Animal from the premises if the animal is out of control and/or disruptive and the owner does not take effective action to control it. TROY may bar the Assistance Animal from the facility until significant steps (such as additional training for the Assistance Animal and owner) are taken to mitigate the behavior.
- TROY may ask the owner to remove an Assistance Animal from the premises if the Assistance Animal is not housebroken or, in the case of a Support Animal that uses a designated cage or litter box, the owner fails to clean the cage or box such that the cleanliness of the TROY-owned, leased, or managed housing unit is not maintained.
- Service Animals may be excluded in areas where the presence of the animal fundamentally alters the nature of a program or activity or presents a safety hazard. Examples may include, but are not limited to, research labs, areas requiring protective clothing, food preparation areas, labs, and areas with sharp objects on the floor or protruding from a surface, extremely hot or cold material on the floor, or a high level of dust. Service Animals are not permitted in any lab area requiring personal protective equipment, unless a documented need is reviewed and approved by the Adaptive Needs Office, Environmental Health and Safety (EHS). Support Animals are generally permitted only in TROY-owned, leased, or managed housing, and may be excluded where the presence of the Support Animal fundamentally alters the nature of the program or activity or presents a safety hazard.

Requirements for Assistance Animals

Any violation of the following requirements may result in the exclusion of an Assistance Animal from TROY campus:

- **Compliance with City Ordinances/Laws.** All individuals must abide by current city ordinances/laws pertaining to licensing and vaccination requirements for animals. It is the responsibility of the owner and/or custodian of the Assistance Animal to know about and comply with these ordinances and/or laws, some of which are noted below.

- **Vaccination.** An Assistance Animal must be vaccinated on an annual basis in accordance with standard veterinary practice and in accordance with state and city regulations. For young animals or others that have not been previously vaccinated, the initial rabies vaccine must be administered no less than 28 days prior to the date of the Assistance Animal's occupancy in TROY-owned, leased, or managed housing. Written proof of vaccination is required, including proof that an entire series of rabies shots have been administered to the Assistance Animal. Current rabies vaccination tags must be attached to a collar or harness worn by an Assistance Animal.
- **Animal Health.** Assistance Animals to be housed in TROY-owned, leased, or managed housing must have an annual clean bill of health from a licensed veterinarian. This will include current vaccinations (as required by state, county and city laws), and a physical exam/assessment to document the Assistance Animal's fitness to continue its role as a Service or Support Animal.
- **License or Documentation.** A Service Animal is not required to be licensed or certified as a Service Animal. Licensing or certification as a Support Animal is neither sufficient nor necessary to establish that an animal is a Support Animal.
- **Control.** An Assistance Animal shall be under the full control of its owner at all times. An Assistance Animal shall wear a harness or collar and shall also wear a leash when outside of the student's assigned TROY-owned, leased, or managed housing unit. If the owner is unable, because of a disability, to use a harness or leash for a Service Animal, or if the use of a harness or leash would interfere with the Service Animal's safe, effective performance of work or tasks, the Service Animal nevertheless must be under the full control of the owner by other effective means (e.g., voice commands, signals, etc.). The care and supervision of the Assistance Animal is the responsibility of the owner.
- **Hygiene and Cleanliness.** Assistance Animals must be clean. Daily grooming and occasional baths should be utilized to keep an Assistance Animal's odor to a minimum. Adequate flea prevention and control must be maintained. If an Assistance Animal's odor is offensive to other individuals, the owner or custodian of the animal will be directed to remove the Assistance Animal and ensure that it is thoroughly bathed before the Assistance Animal is returned to the facility. Repeated occurrences may result in the Assistance Animal being temporarily barred from the facility until steps are taken to comply with the rules regarding cleanliness.
- **Cleanup Rule.** Animal waste must be disposed of by the owner or custodian of an Assistance Animal, and cleanup must occur immediately. Animal feces, defined as cat litter box content and any solid animal waste, must be disposed of properly. It should be placed in a plastic bag and should be disposed of in an outdoor receptacle, either in a dumpster or an outdoor trash can. If the owner is unable to clean up after the Assistance Animal due to disability, it is the owner's responsibility to make satisfactory arrangements for a third party to perform proper cleanup.
- **Expense and Care.** The care, arrangements and responsibilities for an Assistance Animal, and the costs associated with the same, are the sole responsibility of the owner at all times.
- **Assistance Animal Agreement.** Students residing with an Assistance Animal in TROY-owned, leased, or managed housing must abide by the terms and conditions of the *Assistance Animal Agreement*.
- **Damages.** Owners of Assistance Animals are financially responsible for the actions of Assistance Animals, including bodily injury, property damage, cleaning and/or replacement of furniture, carpet, blinds, and any and all other damages which may arise.

Service Animals in Training

State and federal law allows for individuals, both with or without disabilities, to train service dogs. In 2019, the Alabama State Legislature amended the 1975 Code of Alabama, Sections 21-7-1 to 21-7-9, inclusive, thus clarifying the rights and responsibilities of individuals with disabilities who use Service Animals in public accommodations or in housing accommodations, and for those training Service Animals. The legislation provides criminal penalties for those who

misrepresent their need for Service Animals, as well as for those who falsely represent that they are Service Dog trainers. TROY understands the need for properly trained Service Dogs and allows trainers and Service Dogs in Training, provided all applicable policies and procedures are followed.

- A Service Dog that is in training must wear a harness, collar, leash, cape, or backpack that identifies the Service Dog is in training. The written identification on the harness, collar, leash, cape or backpack **must be visible and legible from a distance of at least 20 feet.**
- To determine if a dog is a Service Animal in training or a pet, TROY faculty and staff may ask any of the following:
 - Is the trainer an owner-trainer with need of a service animal or a qualified trainer with at least one year of experience training animals?
 - Agencies involved in the rehabilitation of individuals with disabilities generally recognize certain schools and/or organizations as reputable and competent to provide Service Animal training. Can the trainer provide photo identification stating that they are an employee, volunteer, agent, or graduate of such a school and/or organization and verification that they are actually involved in the training process?
 - What task(s) is the animal being trained to perform, and is the trainer currently engaged in the training of the animal?
- Trainers are expected to ensure that Service Dogs in Training have been fully vaccinated and have also been given a clean bill of health by a licensed veterinarian.
- Trainers who plan on living in TROY-owned, leased, or managed housing with their Service Dogs in Training must complete and submit required paperwork to the Housing and Residence Life Office, **at least thirty (30) days prior** to moving the Service Dog in Training into their TROY-owned, leased, or managed housing unit. To obtain the required paperwork, contact the Housing and Residence Life Office at [\(334-670-3346\)](tel:334-670-3346) or via email at housing@troy.edu.

Definitions

- **Controlled spaces**, for purposes of this policy, are defined as any indoor areas owned or controlled by TROY, any outdoor area owned or controlled by TROY that has limitations on use or access (including, but not limited to, practice fields, tennis courts, stadium, etc.), University transit vehicles, and any other area not generally open to the public. Areas open to the public (such as streets, lawns, sidewalks, parking lots, etc.) with no limitations on access are not controlled spaces for the purposes of this policy.
- **Service animal** is defined by the Americans with Disabilities Act (ADA) as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not Service Animals for the purposes of this Policy. Support Animals, sometimes referred to as Emotional Support Animals (ESAs), Therapy Animals and/or Companion Animals, are not Service Animals under the ADA. Although not a “service animal,” the use of a miniature horse by an individual with a disability is permitted under the ADA in limited circumstances.
- **Support animal**, sometimes referred to as an Emotional Support Animal, Therapy Animal, and/or Companion Animal, is defined as an animal that is necessary to afford the student with a disability an equal opportunity to use and enjoy TROY-owned, leased, or managed housing, and provides emotional or other support that ameliorates one or more identified symptoms or effects of a person’s disability. Unlike Service Dogs, there is no requirement for Support Animals to be trained to perform work or tasks.

- Work or tasks performed. Work or tasks performed by a Service Animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to:
 - Assisting individuals who are blind or who have low vision with navigation and other tasks;
 - Alerting individuals who are deaf or hard of hearing to the presence of people or sounds;
 - Pulling a wheelchair;
 - Assisting an individual during a seizure;
 - Alerting individuals to the presence of allergens;
 - Retrieving items such as medicine or the telephone;
 - Providing physical support and assistance with balance and stability to individuals with mobility disabilities; and
 - Helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

Scope

This policy applies to all faculty, staff, students, and visitors to Troy University.

Release of Address Information

Troy University shall not release address labels, in either print or electronic format, of students, prospective students, or employees, to off-campus organizations. When Troy University has entered into a business agreement with an organization, the addresses may be made available as part of that agreement, at a cost set by the university. On-campus organizations and departments may obtain address labels, at a cost set by the university, for purposes related to their routine operation and which are consistent with the university's educational mission. Written requests for address labels, including a copy of the material to be sent, must be approved by the Senior Vice Chancellor for Student Services and Administration or his designee.

Troy University Religious Accommodation Policy

Troy University is committed to providing welcoming and inclusive learning and workplace environments. As part of this commitment, the University will make good faith efforts to provide reasonable religious accommodations to faculty, staff, and students who's sincerely held religious practices or beliefs conflict with Troy University policy, procedure, or other academic or employment requirement, unless such an accommodation would create undue hardship,

Individuals may not be discriminated against because of their religious beliefs or practices, or because they lack religious beliefs or practices. Anyone who believes they have been discriminated against by the denial of a requested religious accommodation should contact Title IX Office at 334-670-3203 or Human Resources Office at 334-670-3701

Frequently Asked Questions:

What is religious accommodation?

A religious accommodation is a change in work or school schedule or environment, or in the way tasks or assignments are customarily done, made to enable a student or employee to participate in their religious practice or belief without causing undue hardship to Troy University operations or activities.

What factors are considered in determining religious accommodations?

Factors considered in determining religious accommodations include business needs; academic requirements; and considerations of cost, safety, efficiency, and the rights of others. Troy University is not required by law or policy to accommodate religious beliefs when such accommodation would violate other laws or interfere with the safety and security of our campus (for example, a religious practice related to use of illegal drugs or carrying a weapon might not be reasonable to accommodate). The Equal Employment Opportunity Commission (EEOC) provides guidance at www.eeoc.gov/laws/types/religion.cfm.

What are some examples of religious accommodations for employees?

Reasonable accommodations for employees might include granting individual leave for religious observances, providing a time and place to pray, or allowing the flexibility to wear religious attire to work. Other examples of accommodations for religious beliefs might include scheduling changes, voluntary substitutions of shifts or hours with supervisory approval, and appropriate job reassignments or lateral transfers. Reasonable accommodations are necessarily determined on an individual basis and depend on the particular circumstances.

How does an employee request time off from work or other kinds of religious accommodations at work?

Employees should make accommodation requests directly to their supervisors (for faculty, this may include deans or department heads) with as much notice as possible. A supervisor may only deny leave when an employee's absence from work would create undue hardship on the department's operations.

What type of leave applies to absence from work due to a religious accommodation?

Depending on the situation and with supervisory approval, an employee requesting a religious accommodation may use accumulated leave (such as vacation leave), compensatory time, or leave without pay. In some circumstances, the leave may be accommodated by an alternate work schedule approved in advance by the employee's supervisor.

Which religious holidays are accommodated at the University?

Religious holidays have no official status at the Troy University, and any sincerely held religious belief, observance, or practice will be accommodated where reasonable, including holy days. Faculty members may wish to consult an interfaith calendar in advance for planning coursework, syllabus dates, and deadlines.

What are some ways to accommodate a student's need to miss class for religious reasons?

Reasonable accommodations are necessarily determined on an individual basis and depend on the circumstances. They might include rescheduling an exam or giving the student a make-up exam, allowing an individual or group presentation to be made on a different date, letting a student attend a different discussion section for the same class that week, adjusting a due date, or assigning the student appropriate make-up work that is intrinsically no more difficult than the original assignment.

As a student, how should I ask my instructor for a religious accommodation?

A student should make their religious accommodation request to the instructor or faculty member in charge of the course. Students are asked to examine the course syllabus for potential conflicts at the start of the semester and promptly notify the instructor of any anticipated accommodation needs, providing as much notice as possible. If an instructor has asked that requests be made in a certain way (such as by e-mail), it is best to make the request in that manner; in any case, clearly specify the reason for the requested absence or other accommodation. Students are responsible for arranging in advance to make up missed work or material in a timely manner.

As a supervisor or instructor, what are my responsibilities under the Religious Accommodation Policy?

Supervisors and instructors are expected to reasonably accommodate individual religious practices. A refusal to accommodate is justified only when undue hardship to the Troy University's legitimate business purposes would result from each available alternative for reasonable accommodation (e.g., requires more than ordinary administrative costs, diminishes the efficiency in other jobs, infringes on other employees' job rights or benefits, or impairs campus/workplace safety).

What if a student has religious and/or cultural food restrictions?

If there is a known allergy, food intolerance or specific need, the student may contact Trojan Dining to discuss the specific request. We will make every effort to comply with the restrictions once we are made aware of them.

If I have other questions about the Religious Accommodation Policy, where may I get assistance?

Troy University

The Title IX Office or Human Resources Office can provide guidance and direction regarding all aspects of the Religious Accommodation Policy. Please contact Title IX Office at (334) 670-3203 or Human Resources Office at (334) 670-3701.

Selling or Peddling on Controlled Property

Selling or peddling on controlled property is prohibited. University controlled property is defined as; “All facilities operated for the benefit of Troy University students, such as buildings on campus, fraternity houses, and residence halls.”

Skateboard Policy

- A. The use of skateboards and longboards are permissible on Troy University property, so long as they are used in a manner compliant to the guidelines described herein.
- B. Skateboards and longboards are to be ridden in a manner compliant with the laws and regulations of the State of Alabama and University regulations.
- C. Skateboards and longboards are not to be ridden on sidewalks intended only for pedestrian use (defined as sidewalks less than 10 feet wide). They are not to be ridden in a manner/location that potentially causes personal injury or property damage, such as the Bob Boothe Plaza in front of Bibb Graves Hall, staircases, the rails of all outdoor staircases, the edges of low walls, and through fountains.
- D. The use of skateboards and longboards on streets is strongly discouraged.
- E. Skateboards and longboards are not to be ridden inside University facilities, which include, but are not limited to, academic buildings, athletic facilities, dining facilities, and the Trojan Center
- F. Any violators of the aforementioned policy are subject to a financial penalty determined by the Troy University Police Department and the Office of Student Services. TUPD and the Office of Student Services reserve the rights to determine the amount of said financial penalty at their own discretion.

Social Security Number

Disclosure of a student’s Social Security number is voluntary and not mandatory. A student’s Social Security number is solicited pursuant to the authority delegated to the officers of Troy University by the Board of Trustees thereof under Alabama Code, Title 52, SS 509 (116) - 509 (128c) and will be necessary if the student is employed by the university, including employment through a student financial aid program. When provided, the Social Security number will be used as the most efficient means of identifying the student and eliminating confusion over similar names and names changed by marriage.

No right, benefit or privilege provided by law will be denied to a student if they refuse to disclose their Social Security number. In addition, Troy assigns an identification number to each student through the University’s computer system. These numbers are used to identify individual students on class rolls or other verification documents.

Solicitation

Commercial advertising consists of any commercial solicitation by any individual, organization, or agency not affiliated with the Student Government Association or Troy University is prohibited. (See “Advertising, Distribution of Literature, Notices, And Other Printed Material” in this handbook. The same regulations apply to commercial enterprises.)

Student Complaint Policy

Troy University provides a wide variety of educational services, as well as artistic, athletic, and cultural programs, along with non-academic services to students at teaching locations located around the world. As a service organization, the University values high quality in the delivery of all of its academic and administrative services to all of its constituents in all of its locations.

Occasionally, a student may feel that the treatment they have received is not consistent with expectations based upon the university's official documents, such as the Undergraduate Catalog, the Graduate Catalog, or the Oracle Student Handbook. In these cases, the University desires to have a clearly defined path for students to express their complaints in a manner that will provide documentation and accountability within the institution for providing a timely response and resolution.

Definition of a complaint

A complaint is a written statement by a student that the treatment they have received is not consistent with the university's policies as stated in an official document. Only students may submit a complaint.

- Complaints concerning academic programs are to be submitted in writing by a student to either the Office of the Associate Provost for Undergraduate Programs or the Office of the Associate Provost for Graduate Programs, depending upon whether the student is an undergraduate or graduate student. These complaints must reference the portion of the Undergraduate or Graduate Catalog where the student perceives he or she was not treated in a manner consistent with the information stated in the appropriate catalog. Academic complaints related to grades may not be adjudicated through the Associate Provost's offices. Academic judgments made by faculty are based on academic content, course requirements, and student performance. Students may not appeal grades based on allegations concerning the competence of a faculty member, the fairness of an examination, the difficulty of a course, or other matters of a purely academic nature. Grades for individual assignments and exams may not be appealed. While it is recognized that faculty hold the right and responsibility to grant a grade, a student who receives a course grade that he or she believes to be unwarranted for reasons other than those listed above may appeal that grade using the stated procedures located in the Undergraduate or Graduate Catalog as appropriate.
- Complaints concerning student services are to be sent in writing by a student to the Office of the Dean of Students and must reference the portion of the Oracle Student Handbook in which the student perceives their treatment was inconsistent with the policies in the handbook. Student services issues include housing, parking, student health and wellness activities, Greek life, and campus security.
- Complaints regarding financial services and student financial aid are to be sent in writing by a student to the Office of the Associate Vice Chancellor for Financial Services.

The Office of the Associate Provost for Undergraduate Programs, Office of the Associate Provost for Graduate Programs, the Office of the Associate Vice Chancellor for Financial Aid, the Office of the Dean of Students, and the office of the Associate Vice Chancellor for Distance Learning will each maintain a record of all written complaints that have been received from students, along with documentation of how the complaint was addressed. These records will be retained for a period of three years and redacted records will be available for review for any accreditation or regulatory purposes.

The procedure for submitting a complaint:

A student with a complaint should use the online form, accessible at <http://trojan.troy.edu/students/>, for describing the nature of the complaint along with contact information that the University can use to respond to the student. The form must be completely filled out by the student, signed, and sent as a paper copy to the appropriate office identified in this policy, are listed below.

Undergraduate Programs 117 Eldridge Hall, Troy University, Troy, AL 36082

Graduate Programs 11 Adams Administration, Troy University, Troy, AL 36082

Dean of Students 233 Trojan Center, Troy University, Troy, AL 36082

Student Consent Letter

In accordance with (FERPA) Family Educational Rights and Privacy Act, the university must have signed student consent to allow the university to release student information to the parents and/or legal guardians. This information includes grades, billing information, schedules and judicial files. Questions concerning the Family Education Rights and Privacy Act may be referred to the Student Services Office on each campus.

Student Grievances

Student grievances are handled through one of two procedures depending on the nature of the grievance. If the matter is academic in nature, the student should follow the stated grade grievance procedures. If the matter is non-academic or grade related, the student should address the concern with the appropriate department head. After that, all student grievances that are non-academic related should be brought to the Senior Vice Chancellor for Student Services and Administration's Office or his/her designee. Should a student not know where to file a grievance, the student should contact the Student Services Office on their respective campus.

Student Proprietary Rights to Coursework

Academic work submitted by students in partial or full completion of course requirements (research papers, reports, photography, electronic discs, etc.) remain the property of the student. Student permission must be granted if faculty members decide that student work may be used in other venues. Should students request the return of their previously submitted coursework, faculty members will make every effort to comply with such requests.

Student's Role and Participation in Institutional Decision Making

The administration of Troy University supports student participation in institutional decision making. The Student Government Association (SGA) is an active and vital organization which serves as a link between the student body and the administration. The SGA (of which all students are members) serves as the governing body for student issues and performs many other valuable functions for students. Students are actively integrated into the university decision-making process through representation on university standing committees, membership on the Student Services Judicial Committee and the University Activities Council, representation on the University Board of Trustees, generally on University ad hoc committees, and on various advisory committees in some academic schools and departments. Student representatives to committees are recommended by the SGA and names are submitted through the Senior Vice Chancellor for Student Services and Administration to the University Chancellor for appointment. The SGA President represents the student body by serving as a nonvoting member of the

University Board of Trustees. The Senior Vice Chancellor for Student Services and Administration serves as co-advisor to the SGA, thereby providing an open channel of communication to the administration on a daily basis. The student voice is an active component of the university's decision-making process.

Technology Use Policy

Troy University reserves the right to update or revise the following policy. Updated policy is published at <http://it.troy.edu>.

Use of the University's various technologies (computers, telephones, etc.) are a privilege available to those who abide by this Technology Use policy. All users are obligated to use technology resources in

a responsible, legal and ethical manner. The University respects each individual's right to privacy in electronic formats and expects all users to respect the privacy of others.

Users must abide by all applicable copyright laws and licensure agreements. The University shall take disciplinary and/or legal action, as appropriate, against individuals who violate this policy. Violators will be billed for any illegal use of technology and for damages caused by misuse. Violators will be temporarily or permanently suspended from technology facilities and will be prosecuted for statutory violations.

- A. Users of University computing resources must comply with federal and state statutes and laws, University rules and policies, and the terms of applicable contracts including software licenses. Examples of applicable laws, rules, and policies include the laws of libel, privacy, copyright, trademark, obscenity, child pornography, the Electronic Communications Privacy Act, the Computer Fraud and Abuse Act (which prohibit "hacking", "cracking", and similar activities), the University's Student Code of Conduct, and the University's Harassment Policy.
 - B. Computer software is a form of intellectual property controlled by licenses that spell out clearly how it may be used and distributed. All members of the University community (faculty, staff, students, and community patrons), must adhere to all license provisions regulating the use and distribution of computer software. Use or distribution of software in violation of license provisions may subject the violator to criminal and civil penalties, as well as to civil liability to the licensor. Any violation of licensing agreements, such as copying, distributing, or otherwise sharing of software in violation of the license agreement is prohibited.
 - C. A computer network provides a powerful tool in the educational arena by enabling communications and learning among people who are engaged in the education process, but are separated by time, distance, language, or other traditional communication barriers. A computer network also enhances and helps to equalize the resources available for scholarship at colleges and universities worldwide. However, the unlawful or inappropriate use of these tools infringes on both the integrity of the system and on the rights of others. In that light, the University expects all members of its community to use electronic communications in a responsible, considerate, ethical, and beneficial manner. All users are expected to:
 1. Respect the rights of all users on the system
 2. Comply with all copyright and fair use laws and regulations
 3. Comply with any and all applicable instructions issued by faculty and network administrator(s)
 4. Use computer network resources (including time on-line and storage) only for purposes directly related to their role at the University
 5. Refrain from transmitting defamatory utterances concerning a person, organization, or institution that may subject the individual or University to civil liability damages.
 - D. Anything that is not in keeping with the interests that support the mission of the University and increases the expense of information technology resources is prohibited. This includes the prohibition of the use of University property for private gain as defined by Alabama state law.
 - E. The installation of ad-hoc networking devices on university property is prohibited. Included among such devices are wireless access devices. Concern over wireless communications in the residence halls and campus is mostly about security, speed and interface among wireless access points. There is a lot of risk in using an unsecured wireless network. Using a wireless router in the residence halls has already caused users to become restricted from using the network because other students connect to their unsecured router Instead of the campus network. Any activity that an individual knows or should know is wasteful of computing resources prohibited. This may include activities such as:
 1. Sending advertisements for commercial enterprises
 2. Sending mass mailings or chain letters
 3. Obtaining unnecessary output
-

4. Maintaining unnecessary or excessive file storage
 5. Creating unnecessary multiple jobs or processes
 6. Creating unnecessary network traffic
- F. As with all University resources, the University bears the responsibility and has the authority to allocate, limit or prohibit access to computer and network resources in order to ensure their most effective and economical use.
- G. Any action that may destroy, endanger, or divert another's research or writing is prohibited. In addition, University policy prohibits users from gaining access to, using, reviewing, changing, transmitting or deleting another user's files or software without the express permission of the user. Introduction of destructive software such as programs known as computer viruses, Trojan horse or worms into any computer, program, system or network is prohibited. "User" does not apply to the University personnel managing or administering the technology of the institution or the system.
- H. Among the most valuable and most sensitive of the University's computer resources are the personal work and storage spaces assigned to users. The University treats electronically stored information, including personal files, as confidential and permits examination or disclosure of their contents only when authorized by the owner of the information or when required by local, state, or federal law. Under Alabama Code §13A-8-102, it is a crime to attempt or to achieve access to, communication, examination, or modification of, to destroy, disclose, use, or take data, computer programs or supporting documentation. In plain words, state law prohibits either the use, transmittal, change, or deletion of another user's files or software without permission and the introduction of destructive software, such as programs known as computer viruses, Trojan horses or worms into any computer, computer system, or network.
- I. Anything that may hinder a free and open atmosphere of electronic discussion is prohibited.
- J. Cruelty, obscenity, crudity, and offensiveness, for the sake of offensiveness, have no place in the public discourse of a University community. As members of the University community, we are all responsible to one another and to the thinking and thoughtful community of which each of us ought to be a valuable part. Each of us must be considerate of other users of University computer resources and facilities.
- K. For your information, use of campus e-mail, the Internet, or networks for the following purposes have been subject to criminal, civil, and/or university sanctions at other institutions:
1. Threats against persons or property;
 2. False information about academic or administrative policies or issues
 3. Messages deemed offensive to the receiver because of their pointlessly hateful, obscene, harassing, or libelous content.

The foregoing does not include all the kinds of conduct that have been challenged as illegal or inappropriate in a university setting. A good rule of thumb is to refrain from saying anything on any network or computer system that you would not say face to face to another person. Hurtful or offensive words spoken face to face or by telephone leave no written evidence to use against you, but hurtful or offensive words typed on a network or computer system can leave a permanent record that can, depending upon their content, support criminal or civil liability, damage your professional reputation or diminish your stature in the eyes of those whose respect you would like to keep or earn. You should be aware that e-mail files have been ruled to be "discoverable" in a court of law, which means that your privilege of confidentiality is certainly not absolute, but may be overridden by court order.

- A. Anything that makes the University or an individual criminally or civilly liable is strictly prohibited. Any act or omission that may subject an individual or the University to criminal penalties or civil liability is prohibited. The individual responsible for the act or omission may be required to reimburse the University for the full amount of the expense incurred. Each individual must be aware

of any state or federal law that imposes civil or criminal liability. If state or federal law prescribes certain consequences for certain conduct, you and the University may suffer those consequences, even if not described herein.

- B. The University may employ various measures to protect the security of its computing resources and the privacy of its users. Access to the computers and to the information technology networked environment within the University is a privilege extended in good faith to students, faculty, staff, and community patrons. To protect the system and the right of all users, inappropriate use of the system will not be tolerated. In addition, while the University does not condone the routine inspection of electronic files, it does reserve the absolute right to place restrictions on the use of its computers and network systems and to establish policies and procedures to ensure that systems operate effectively and legally. Users should be aware, therefore, that the University cannot guarantee security and confidentiality. Users should therefore engage in “safe computing”. It is the responsibility of each user to protect his/her user identifier (ID) and password from unauthorized use by other individuals. Each user is responsible for the activities that originate from his/her system while logged onto the network. Users may not lend their network/Internet account and/or password to other users. Any user who has reason to believe that his/her password or ID has been or could have been obtained by another individual must report this to an administrator of the University immediately. All members of the University community are responsible for ensuring that their handling of information about individuals is consistent with the University’s policy on privacy of information. The privacy of individuals must be protected, regardless of the form or location in which the information is stored, including computer media. Access to personal information must be limited to authorized users for approved purposes. Such information must be safeguarded from unauthorized access. Individuals who are authorized to access personal information about others should not make unauthorized disclosure or use of it.
- C. Computers and other campus technology are and at all times shall remain University property. The University reserves the right at any time, in its sole discretion, to access, examine, modify, disclose, remove or delete any data, program or document from its computers, system, network or any software program. Such action must be authorized by the University Chancellor.

Violations

Penalties may include, but are not limited to, suspension or revocation of user privileges. Such penalties may be assessed for students by their instructors and for all users by the network administrator(s). Decisions may be appealed to the Director of Student and Community Services. Violators may also be billed for illegal use of the computer systems and for any damages caused by such misuse. Violations of this Technology Usage Policy may also constitute violations of other University policies as printed in the handbooks for students, faculty, staff, and adjunct faculty and, as such, violators will be subject to processes and penalties associated with these other University policies as well as applicable local, state and federal laws.

Agreement

By using University computer systems or networks, students, faculty, staff and guests agree to indemnify and hold harmless the University, its employees and agents, from and against any claim, demand, liability, cause of action, or suit for damages arising out of use of University computers, including, but not limited to, any loss of the individual’s data stored on the network. Users must acknowledge their understanding of this general policy as a condition of receiving an account and using the University network to access the Internet. Users will receive a copy of this policy and, upon request, have the opportunity for explanation and discussion thereof prior to receiving their password. Policies will also be posted in University computer labs and may be accessed on-line.

All University computer system and network users will be deemed to have agreed to this Technology Usage Policy upon entry into the system by use of their password and ID on each occasion of said use. The University hereby expressly and explicitly disclaims any liability and/or responsibility for violations of this policy.

Internet Service

Troy University is meeting the technological challenges of the 21st Century by providing its students, both on and off-campus, campus organizations, faculty and staff with E-Mail accounts and access to the University website, University information network and the Internet. This is available through direct network hook-up and provides educational and informational services

Resident Network (RESNET) Policy

- A. RESNET users will refrain from abusive or harassing behavior toward others via email or other electronic means.
- B. RESNET users are prohibited from utilizing any type of file-sharing or peer-to-peer (P2P) application on the network, and will not knowingly and illegally download and/or distribute copyrighted materials, such as movies, music, software, and/or video games.
- C. RESNET users are prohibited from tampering with any RESNET resource including excessive bandwidth usage, hardware, Ethernet wiring, network jacks, and Access Points (AP's). (Also, incident will be investigated and reported to Dean of Students for disciplinary action)
- D. RESNET users are not allowed to install or connect any hardware such as wireless routers, hubs, or Ethernet switches to the RESNET network for any reason without express written consent from the IT department. Doing so could result in a permanent network block as these devices could disrupt and interfere with network services and establish security vulnerabilities.
- E. RESNET users are prohibited from changing or masking their IP address distributed from the University and/or Configuring or attempting to set a "Proxy" as well as any attempts to bypass the Troy Network Access Control device by manipulating/masquerading one's network device.
- F. RESNET users are strictly prohibited from using another user's computer without consent from the computers owner.
- G. RESNET users are strictly prohibited from performing network scans, port vulnerability scans, sniffing, and Denial of Service attacks. **(Block length dependent on review by the University's Security Team)**
- H. RESNET users are prohibited from unauthorized access to local and/or remote resources at Troy University, or any other institution, without express written permission from said institution.
- J. RESNET users are limited to a maximum of 3 devices logged into the RESET Network at any given time.
- K. RESNET users are strictly prohibited from sharing user credentials with any user, for any reason. This includes requesting another user to log into your computer with their credentials, or logging into another user's computer with your credentials.
- L. RESNET computing has been designed and designated with Academics as a first and foremost

application. The use of these resources is a "privilege", not a "right".

Some of the above polices are previously stated in the University's Information and Technology. Usage Policy listed at <http://www.troy.edu/epolicy/manuals/800.htm#802>. RESNET Policies listed here are subject to change at any time without prior notice to users.

Any violation of these policies can result in the following suspensions:

1st Offense of Academic Year	Helpdesk Ticket Required
2nd Offense	2 Days Suspension

3rd Offense	5 Days Suspension
4th and Above Offense	Semester Suspension

NOTE: The definition of suspension is as follows: Internet access for ALL personal systems (e.g. Laptops, Desktops, PDA, and/or Phones) that are used by the offending user, will be blocked from accessing services from the University's Campus Network for the above number of days.

Tobacco Free Policy

WHEREAS, Troy University, which places paramount importance on the health and safety of its students, has implemented policies declaring its campuses to be tobacco free; and

WHEREAS, the Student Affairs Committee of the Board of Trustees, in concert with TROY University Administration, have determined that updates to the current policy are necessary and prudent:

USE OF TOBACCO AND TOBACCO-RELATED PRODUCTS

Introduction

Troy University is committed to providing a healthy and safe environment for all students, faculty and staff. The University's Board of Trustees demonstrated this commitment with the approval of a resolution since August 13, 2012 designating Troy University as a tobacco-free campus.

Rationale for Policy

Research findings show that tobacco use in general, including smoking and breathing secondhand smoke, constitutes a significant health hazard. In addition to causing direct health hazards, smoking contributes to institutional costs in other ways, including fire damage, increased cleaning and maintenance costs, and costs associated with absenteeism, health care, and medical insurance.

Additionally, research indicates that smoke-and tobacco-free policies at colleges and universities:

- Reduce tobacco use among young adults
- Create opportunities to educate students about harmful effects of tobacco use
- Have positive economic and environmental benefits such as litter reduction and lowered risk for fires
- Prepare students for a workplace that increasingly prohibits tobacco use. Research shows that smokers have a harder time getting hired...the chances of obtaining work within a year are reduced 24% for unemployed job seekers who smoke when compared to nonsmokers.

Health care and health education programs of the University perform an important function by demonstrating and promoting healthy lifestyles through activities such as curtailment of the use of tobacco and tobacco-related products.

Definitions

A. Cigarette. Any roll of tobacco wrapped in any substance not containing or containing tobacco, which because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette.

B. Electronic Cigarettes and Vaporizers. Electronic cigarettes, also known as e-cigarettes, e-vaporizers, or electronic nicotine delivery systems, are battery-operated devices that people use to inhale an aerosol, which typically contains nicotine (though not always), flavorings, and other chemicals. They can resemble traditional tobacco cigarettes (cig-a-likes), cigars, or pipes, or even everyday items like pens or USB memory sticks. Other devices, such as those with fillable tanks, may look different. Regardless of their design and appearance, these devices generally operate in a similar manner and are made of similar components. Smoking, inhaling, exhaling, burning or carrying any lighted or heated cigar, cigarette, or pipe.

- C. Members of the University Community. All part-time or fulltime faculty and staff, students, volunteers, vendors, customers and visitors.
- D. Smokeless Tobacco. A variety of tobacco products that are either sniffed, sucked, or chewed.
- E. Tobacco Use. Defined as any habitual use of the tobacco plant leaf and its products. The predominant use of tobacco is by smoke inhalation of cigarettes, pipes, and cigars.
- F. Tobacco and Tobacco-related Products. All forms of tobacco, including but not limited to cigarettes, cigars, pipes, water pipes (hookah), electronic cigarettes and smokeless tobacco products such as chewing tobacco and snuff.
- G. Vaping. The act of inhaling and exhaling the aerosol, often referred to as vapor, which is produced by an e-cigarette or similar device. The term is used because e-cigarettes do not produce tobacco smoke, but rather an aerosol, often mistaken for water vapor, that actually consists of fine particles. Many of these particles contain varying amounts of toxic chemicals, which have been linked to cancer, as well as respiratory and heart disease.

Note: On May 5, 2016, the FDA announced that nationwide tobacco regulations now extend to all tobacco products, including e-cigarettes and their liquid solutions, cigars, hookah tobacco, pipe tobacco. This ruling includes restricting sale of these products to minors. For more information, see the FDA's webpage, [The Facts on the FDA's New Tobacco Rule](#).

Policy

- A. General Policy. Any use of tobacco or tobacco-related products is prohibited on all property that is owned, operated, leased, occupied or controlled by the University. "Property" for the purposes of this paragraph includes buildings and structures, grounds, parking lots, non-public walkways, sidewalks and vehicles, as well as personal vehicles in these areas. These same policies apply for all TROY campuses and locations.
- B. This policy specifically prohibits:
 - 1. Smoking, vaping, and any other use of tobacco and tobacco-related products within University buildings, parking lots, structures, walkways, indoor and outdoor athletic facilities, University vehicles, worksites, grounds and any vehicles on campus regardless of ownership. The sale of tobacco and tobacco-related materials on campus.
 - 2. The free distribution of tobacco or tobacco-related products anywhere on campus.
- I. Troy University will provide a variety of wellness initiatives to assist students, faculty, and staff achieve independence from the use of tobacco and tobacco-related products.
- J. This policy applies to University employees, students, contractors, vendors, recruits and visitors.

Implementation Authority

Authority for enforcement of this policy is vested in the Deans of Colleges, Department Chairs, Supervisors, the Dean of Students, Senior Vice Chancellors, and Campus Vice Chancellors, or their designees, in conjunction with the Senior Director of Human Resources.

Compliance

Violation of this policy may result in corrective action under the Student Code of Conduct, Human Resources Policies and Procedures or other applicable University Regulations or Policies. Visitors refusing to comply may be asked to leave campus.

Effective Date

This policy is effective June 1, 2020. This policy replaces the Tobacco Free policy contained with the Oracle, 2020-2021, Student Handbook and Planner, page 31.

THEREFORE, BE IT RESOLVED, that the Troy University Board of Trustees approves the proposed updates to the University's polices governing the use of tobacco and tobacco-related products.

Troy University Facilities and Services Agreement Policy

The following contains the policy of Troy University (TROY) regarding usage of its facilities by all individuals, organizations and groups. The facilities covered in these policies and procedures include but are not limited to: Trojan Center and all spaces within; Arboretum; HAL Hall; Claudia Crosby Theater; Sorrell Chapel; Student Recreation Center on Elm Street; McDowell Lee Natatorium; Troy University Intramural Fields; Trojan Arena; Stadium Towers; Veteran's Memorial Stadium; Riddle-Pace Field; Track/Soccer Complex, Softball Field; Tennis Courts; and any classroom on the Troy campus used for non-teaching purposes. This agreement also includes the use of Troy University tents (for non-football events) and tables and chairs outside any of the facilities above.

Background.

TROY has the exclusive right to determine whether to allow an individual or organization (the "User") to use its facilities or equipment. The decision to approve or disapprove usage will be based on whether or not the planned event and activities are in the best interest of the University. This decision shall be based on the following factors:

- Will the event support TROY's academic mission?
- Will the event be disruptive to TROY's educational activities?
- Will the event enhance TROY's image?
- Will the event promote student involvement and/or interest?
- How likely will it be that the event will damage TROY's facilities or equipment?
- Will the event likely result in controversy or public attention that may harm TROY's reputation or image?
- Are there other compelling reasons surrounding the event that should be considered in making the decision to approve or disapprove use of the facilities?

Generally Disallowed and Allowed Uses.

TROY does not allow use of its facilities for any political campaigning, fundraising, or other politically connected events, except those events specifically sponsored by TROY student organizations. Student sponsored events must be approved by the Student Involvement and Leadership Office prior to activities being held in TROY's facilities or on TROY's campus grounds.

TROY does not allow solicitation or product promotions in its facilities or on campus grounds, except when specifically approved by the University for the benefit of students, faculty, and/or staff.

TROY campus location may allow usage of its facilities to a User if the planned event and activities of that User are in the best interests of that campus or TROY.

Requirements for Usage of Facilities by User

Any User must comply with TROY's rules and regulations in any allowed usage of university facilities. Each campus has its own unique facilities. Facilities and/or equipment must be reserved a minimum of ten (10) days prior to the event. These facilities and/or equipment must be reserved using the appropriate reservation form. These forms are available on line at <http://www.troy.edu/publicservices/reservationform.html>.

Payment may be made by check, money order, or with a billable purchase order (which will be invoiced by the Office of Event Management). This payment must be made **at least seventy-two (72) hours prior to the event.** No reservation will be confirmed until payment is received. Any exceptions to the payments policy must be authorized by the Senior Vice- Chancellor for Student Services and Administration or the Chancellor.

Responsibility for Damages

A User will be fully responsible for payment of any damages that occur to the facilities or equipment caused by, or attributable to, that User's sponsored activity, that User's use of the facilities, or the actions of that User's employees, participants, guests and invitees.

Specific Policies

No Usage of TROY's Name or Identification

A User shall not use the name TROY (or any variation of that name) or identification of any TROY campus site in any advertisement, brochure, mailer, or similar item in a manner that infers or suggests that TROY is a sponsor/co-sponsor of the event or is in any way affiliated with the User (unless approved by the specific TROY campus official). Any and all marketing materials, advertisements, brochures, announcements, or other publicity that references TROY or other campus sites (i.e., directions, press releases, etc.) **must** be submitted in draft form to the specific campus official prior to use by the User in order for the official to determine that such references to TROY are accurately reflected. This draft may be faxed or emailed for expedited approval. TROY reserves the right to disapprove usage of its name (or any variation of its name) and other TROY identification in any such materials and publicity or in any public release.

Right of Cancellation by TROY Officials

Circumstances may arise requiring a specific TROY campus site to cancel, change, or modify use of requested facilities by a User and requiring the TROY site to cancel the agreement for the allowed use of the facilities by the User.

A. Cancellation or Substitution of Requested Facilities

A specific TROY campus site expressly reserves the right to cancel any User's usage of the facilities or to substitute other facilities at its site for the facilities requested by the User

whenever deemed to be in the best interest of that TROY campus site or as necessitated by circumstances, to be determined in the sole and absolute discretion of TROY. In any such situation TROY will attempt to assist the User by providing reasonably equivalent, substitute facilities on TROY properties or to assist the User in locating alternative facilities in the local area to meet the User's needs. TROY shall have no responsibility or liability for providing substitute facilities on TROY properties or for locating alternative facilities for the User. If Users are required to use, or elects to use, alternative space in the local area for the event then all amounts paid to TROY by the User for the requested facilities will be refunded.

B. Cancellation of Agreement by TROY

In the event sufficient funding or support is unavailable to the TROY campus site for the performance of its agreement for the allowed use of the facilities by the User, as determined at TROY's sole and absolute discretion, the User will be notified in writing of TROY's election to cancel the usage agreement at the earliest opportunity and all amounts paid to TROY by the User in such situation for the requested facilities will be refunded.

Responsibility for Event Sponsored by User.

A User will be solely responsible for organizing, financing, advertising, and conducting the event and activities stated on the reservation form at the specific campus site, and that TROY in no way shall be sponsor or supporter of the event and associated activities (unless agreed to in writing).

Food-Services Requirements.

Any and all food-services requirements of the User for the event must be obtained exclusively from the University food service contractor on campus. Any arrangement and agreement for food services will be exclusively between the User and the Contractor. TROY shall not be a party to the arrangement and agreement for such food-services requirements and shall have no responsibility for the food services provided by the Contractor. Waivers to allow use of other foodservices contractors must be approved by the specific campus official responsible for food services. Contact information for the current food services contractor:

Control of Requested Facilities; Indemnification of TROY, etc.

All employees, participants, guests and invitees of the User shall be under the direct supervision and control of the User and shall be the responsibility of the User. Nothing contained in the agreement requires TROY to relinquish control of any of its facilities to the User (including the facilities specifically requested for usage by the User). A User is to expressly acknowledge that TROY retains the full and complete right to require that User, or any of that User's employees, participants, guests and invitees, to leave campus premises if circumstances justify such action.

TROY assumes no responsibility for loss or theft of personal property, or damage to personal property of the User or any of the User's employees, participants, guests and invitees. A User shall be liable for, and shall reimburse TROY for, all damages to persons and property on account of that User's use of the requested facilities.

A User must indemnify and hold harmless TROY, its officers, agents and employees, against any and all liabilities and claims for loss, injury or damage (including attorney's fees and costs) to persons or property, including claims of employees, participants, guests and invitees of that User, arising out of, or resulting from, activities conducted by that User or any of its employees, participants, guests and invitees in, on or about the requested facilities and TROY buildings and other properties. TROY assumes no liability whatsoever for any property placed in the requested facilities or in any of TROY's buildings or other properties by the User or any of the User's employees, participants, guests, or invitees.

As part of the reservation process, a User must provide a Certificate of Liability Insurance for the Special Event to the Office of Event Management naming Troy University as additionally insured for the event and/or activity. The policy must be for a minimum of \$1,000,000.00. This is a requirement before the facility can be reserved and confirmed. There will be no exceptions to this requirement.

Changes to Facilities Reservation Forms.

Any additions or changes to the facilities reservation forms are subject to such additional charges then in effect in accordance with the campus' (then-prevailing) schedule of charges for any such items. A User agrees that all additions or changes must be made no less than three (3) business days before the event. TROY campus sites cannot commit to accommodate additions or changes requested within three (3) business days of the event and any attempt to accommodate such request by TROY campus sites will only occur in TROY's sole discretion and if circumstances otherwise permit. All official University functions (classes, practices, meetings, etc.) will receive priority over any and all events.

Entire Agreement.

The facilities and/or reservation form agreement(s), specific to each TROY campus site, constitute the entire agreement between TROY and the User. No prior written or oral commitments shall be binding on either party.

Termination by TROY.

TROY may terminate the facilities reservation agreement entered into with a User, without penalty and at any time, for breach by that User of any of the terms of that agreement and, in such event, TROY may retain, as liquidated damages to cover University's expenses, all amounts paid by the User.

Termination by User.

A User may terminate the facilities and reservation agreement before the scheduled start date of the event, but not later than three (3) business days prior to the event. If the agreement is terminated within the three (3) business days of the event, the User must pay all charges assessed for the event.

Meaning of Business Day.

As used in this Policy, the term "business day" shall mean any day which is not a Saturday, Sunday, or recognized holiday by Troy University.

Headings.

All headings contained in this Policy are solely for the purpose of reference only, and shall not limit or otherwise affect any of the terms or provisions of this Policy and shall not be construed or interpreted in connection with any term or provision of this Policy.

ALL POLICIES AND REGULATIONS INDICATED ON THE "REQUEST TO RESERVE FACILITIES: FORM APPLIES TO ALL FACILITIES.

Unauthorized Student Group Gatherings

Any and all students and/or persons participating in an unauthorized group meeting on the campus which creates a disturbance or results in destruction of university or personal property, or brings discredit to the university, shall be subject to disciplinary action and possible civil action. Participants are defined as those persons actively engaged in the action and those drawn to the scene, out of curiosity, as spectators and who refuse to disperse after warning. Any student that can be

identified personally by university officials and/or through photographs taken at the scene of the disturbance are also defined as participants.

Use of Institutional Name

No student organization or individual student may use the institutional name in the solicitation of gifts or in buying or selling merchandise, either on or off the campus, without written permission from the Senior Vice Chancellor of Student Services and Administration or designee. Organizational leaders and

faculty advisors are directed to consult the Troy Graphics Standards Manual before making requests to use the Troy name and/or graphics of the University.

Use of Student Images

Troy University reserves the right to utilize images of students in marketing materials. This includes still photos and video images taken by the University photographer or a contract photographer. Images shall be those taken on University property or at any University-sponsored function.

Visiting Speaker/Notices Printed Materials Policy

Troy University has established policy and procedures regarding invitations to and the appearance of outside speakers on the university campus. In the interest of orderly administration and to ensure effective public relations, adequate preparation and reservation of facilities as well as proper maintenance of the campus, the following procedures have been established by the university.

1. An outside speaker (one who is not a registered member of the student body, faculty or staff of this university) may be invited to speak on campus only by university recognized student, faculty or staff organizations.
 2. The faculty member or officers of an organization sponsoring an outside speaker shall assume full responsibility for making the necessary arrangements, paying all expenses, including any damages to university property during the course of the event, and preserving the peace and dignity of participants of the scheduled event. Any responsible officer who willfully violates this policy may become subject to appropriate disciplinary action.
 3. Individuals who are not associated with the university as a student, staff or faculty member and who wish to speak without organizational sponsorship must provide notice to the Senior Vice Chancellor for Student Services and Administration or designee.
 4. Prior to extending an invitation to an outside speaker for a campus event, the organization shall submit a written request to the Office of Student Services. Such requests shall be completed to furnish all information required thereon. Upon receipt of the request form, properly completed and executed by the authorized officer and the faculty advisor of the organization, the Student Services Office shall determine the availability of adequate facilities for such event. The proposal shall be reviewed to determine whether university regulations have been fulfilled. A copy of the request shall be returned to the sponsoring group, showing the findings and action taken thereon. Said request will be acted upon by the Student Services Office within a maximum of one week of the time of the receipt of the request.
 5. All notices and printed material pertaining to the speaker or scheduled event shall:
 - Bear the name of the sponsoring organization and shall not contain any implication that the speaker or event is being sponsored by the university.
 - Be posted only on bulletin boards situated inside the buildings on campus. Any locations for posting such material other than on bulletin boards must be approved by the Student Services Office, who shall be primarily concerned with the prevention of any temporary or permanent damage to university property or the appearance thereof.
 - Be distributed on campus only at tables or booths provided for such purpose inside the buildings on campus. Any locations for distributing such material other than the customary places must be approved by the Student Services Office, who shall be primarily concerned with the prevention of excessive litter spoiling the appearance of the campus.
 - Be removed by the sponsoring organization within 24 hours following the scheduled event. The university will not tolerate any speech on campus which presents a clear and present danger to the persons and property within the campus community. The privilege of any speaker to speak on campus will be denied if it reasonably appears that such speaker would advocate:
-

- Violent overthrow of the government.
- Willful destruction or seizure of school property.
- Disruption or forceful impairment of education functions.
- Physical harm, coercion, intimidation or other invasion of lawful rights of the school officials, faculty, or students.

If a recognized organization fails to obtain the approval of an invitation which it wishes to extend to a speaker, it may appeal, through the Senior Vice Chancellor for Student Services and Administration, to the Executive Committee of the university. The sponsoring organization shall make it clear; at the time the speaker is introduced at the scheduled event, that the views expressed by the speaker are not necessarily those of the university.

Payment of Registration Expenses

The payment of charges for tuition, fees, room, and board is part of the registration process. Troy University encourages full payment of all tuition and related fees by the last day of the regular registration period for the current semester or term. Payment of fees may be made on-line using Self Service or at the office of the Student Financial Services. Troy University accepts Visa, MasterCard, Discover, American Express, money order, paper check, and cash.

Payment Plan

Students with an account balance after the first payment due date will be placed in a two-part payment plan and will be assessed a \$25.00 payment plan fee.

One-half of the amount owed to Troy University will be due by the first scheduled payment due date. Students may apply the following toward the first payment:

- Awarded institutional scholarship
- Awarded financial aid
- Payment by paper check, money order, cash, debit card or credit card

The remaining amount is owed by the final payment due date. Payment due dates are published and are approximately two months apart. Financial Aid above what is needed to cover the first payment due may be applied to the remaining payments due. The student should be prepared to pay any amount not covered by Financial Aid. Failure to pay the entire balance by the final payment date will result in a late fee of \$50.00. Also, failure to satisfy financial obligations to the University will result in the student's restriction from future class registration, possibly having the account assigned to a collection agency, and non-release of transcripts.

It is the responsibility of the students to pay their account balance by the established payment due dates. A current semester or term debt must be paid-in-full before a student will be allowed to register during registration dates that fall before the final payment due date.

Clearance of Obligations

All financial or other obligations to the University must be cleared prior to the end of each semester or term. Past due student account balances will result in a financial hold, which prevents future registrations, access to transcripts, as well as other services being offered in accordance with university policy. Delinquent student account balances may be reported to a credit bureau and referred to collection agencies or litigated. Student will be required pay any and all costs associated with the collection of unpaid fees, including any/all cost of collections and collection fees, (33.33%), attorney fees, and/or court costs, including appropriate court charges in Pike County, Alabama, regardless of domicile at the time of bringing such action, if such be necessary.

Other Expenses

In addition to basic regular registration expenses, other expenses such as Health Center charges may be incurred by the student and charged to the student's account. These charges are payable when incurred.

Offset of Funds

If a student's University account has an outstanding balance and the University has in its possession any funds payable to the student, the University reserves the right to withhold funds necessary to clear the outstanding balance on the student's account and to cover any collection costs incurred. Once accounts are cleared, any remaining funds will be paid to the student.

Change in Regulations or Expenses

All financial regulations, fees or charges are subject to change as conditions warrant.

Student Excess Financial Aid Refunds

The Office of Financial Aid office processes financial aid for all campuses. Although it is primarily the responsibility of the students and their families to pay college costs, this is not always possible. In such cases, the student should apply for financial aid to supplement family resources.

The Office of Financial Aid strives to help students meet their educational costs that exceed the parents' contribution and other resources. Numerous Federal regulations determine a student's eligibility for financial aid. Staff members assist students and their families in understanding those regulations, but the university often has little opportunity to make exceptions to regulatory guidelines.

Student Loans

Loan programs in which Troy University participates include the Direct Subsidized and Unsubsidized Stafford Loans and Direct PLUS (parent) loans. Loans must be repaid.

Federal Financial Aid

Students should apply for financial aid using the Free Federal Application for Student Financial Aid (FAFSA). The Troy University Website (troy.edu/financialaid) includes a Financial Aid Checklist to guide students through the financial aid process and downloadable forms. Please visit our website for links to the FAFSA and other pertinent links. Students must reapply for federal financial aid each year.

Grants

Grants available at Troy University include the Pell Grant, Supplemental Educational Opportunity Grant and State Grants. Grants do not have to be repaid.

Scholarships

Troy University offers a variety of university and foundational scholarships. For more information go to troy.edu/scholarship.

Student Employment

The University provides employment for students through work-study and work-ship programs. The Federal Work-Study Program is a federally funded, need-based student work program awarded and administered by the Office of Financial Aid. To be eligible for work-study, student must apply for financial aid and show financial need. Work-ship is part-time employment up to 15 hours per week in various departments on campus. All work-ship positions must be approved through the Office of Human Resources and follow the procedures required by that department.

Other Sources of Aid

Additional student aid may be obtained through Veterans benefits, Marine Officer Programs, vocational rehabilitation, and Alabama Benefits for Children of the Blind.

Deadline

Students applying for assistance prior to March 1 will be given priority in the allocation of funds available for the coming academic year. Students applying after that date may receive assistance if funds are available. Students must reapply each academic year.

Additional Information

Students enrolling less than full-time will have their financial aid awards reduced or canceled according to the number of hours taken. Students using student loans must maintain halftime status for eligibility.

Financial Aid Disbursement

The transmittal of financial aid will be made on the day after the free drop/add period if the offer letter has been accepted and all requirements have been met. Students are expected to enroll with sufficient funding to purchase books and to survive for a minimum of two weeks after the beginning of the term. If book vouchers are available, they are issued by Student Financial Services.

Troy University reserves the right to adjust any aid if there is any change in academic or financial status of the aid recipient or to prevent institutional liability.

Satisfactory Academic Progress (SAP) Requirements

Minimum Standards & Practices

Beginning July 1, 2011, the Satisfactory Academic Progress standards will change in accordance with new federal regulations. Troy University is required by Sec. 484© of the Higher Education Act 1965, as amended to establish Standards of Satisfactory Academic Progress for students receiving assistance through the Title IV programs (Pell Grant, Supplemental Educational Opportunity Grant, Federal Work-Study, State Grant, and Direct Student Loan Programs.) Troy University has adopted the following as its official policy governing a regular student's satisfactory academic progress.

Satisfactory progress is not to be confused with "good standing." A student can meet the Troy University standards of "good standing" and be allowed to enroll but may not meet the minimum standards of "Satisfactory Progress" to receive financial aid while enrolled.

Grade Point Average and Completion Rate

To receive Title IV funds (Federal, Plus Loans, Pell Grant, Work-Study, State, or Supplemental Grant), a student must be making "satisfactory academic progress" toward completing his/her academic program.

For purposes of this standard, students must maintain a 2.0 undergraduates (3.0 graduate) cumulative grade point average (GPA) and successfully complete 67% of all hours attempted, including repeated courses, dropped courses, withdrawals, incompletes, and F/FA grades.

This standard is measured annually and begins immediately for graduate students and at the end of the first year for undergraduate students. Satisfactory Academic Progress will also be checked any time you make application for additional aid.

Maximum Eligibility

In addition to the above measures, the maximum length of a student's program may not exceed 150% of the minimum length required to complete the program. The academic records office according to the published standards in the University Catalog establishes the length of each program. Courses, which transfer from another post-secondary institution, will reduce the time frame accordingly.

Examples: (1) If your degree is a 120-hour program: $120 \times 150\% = 180$ attempted hours maximum time frame. You are eligible for only the first 180 hours attempted. (2) If you transfer and bring 70 hours' credit into a 120-hour program: $120 \times 150\% = 180 - 70 = 110$ hours' maximum time allowed for degree funding.

However, if at any point it's determined the student will not be able to meet the 150%-time frame by graduation, the student becomes ineligible for federal aid.

Example: a student has already attempted 170 hours and is in a program that has a 180-hour maximum, but still has 30 hours left to complete the program; the student will not be eligible for federal aid because the program cannot be completed within the 180-hour time frame ($170 + 30 = 200$).

Second Degree Issues

Troy University

Students who are working toward a degree level which they have already completed (AS, BS, MS, etc.) or who are working toward a degree which is lower than the one they hold, will have their maximum length of program established at no more than 150% of the normal time frame minus any credits, which transfer from any post-secondary institution.

However, if at any point it is determined the student will not be able to meet the 150% time frame by graduation, the student becomes ineligible for federal aid.

Students will not be eligible for federal aid when seeking a third degree above the second degree which is already attained.

Example: Students will not be eligible for federal aid if working on a third master's degree.

Preparatory Coursework

A student may apply for a loan for prerequisite coursework that is necessary to be admitted in an eligible program. The courses must be part of an eligible program offered by Troy University. If enrolled at least half time in these prerequisite courses, the student is eligible for loans for one consecutive 12-month period (not per program) beginning on the first day of the loan period.

Example: a student has a bachelor's degree with a major in mathematics and wants to enroll in a graduate computer science program but needs 12 more semester hours of computer science coursework to meet the admission requirements. The student may receive a Stafford loan if enrolled at least half time in undergraduate prerequisite courses that are required for enrollment in the graduate program.

Notification and Reinstatement

A student who is notified of his/her ineligibility for financial aid funds due to failure to meet these standards may submit a [written letter of appeal for reinstatement](#). The written letter must state the basis for the appeal and include a copy of his/her current academic transcript along with supporting information. All documentation submitted must be original documents; faxed or photocopied appeals will be denied automatically. All letters written on your behalf must be notarized and be on official letterhead. Submission of this appeal does not guarantee approval. If you enroll in classes before your appeal is reviewed, you are responsible for payment of tuition and other education expenses out-of-pocket.

Financial Aid Suspension

Financial Aid Suspension status is assigned to a student who fails to make SAP. A student who is placed on Financial Aid Suspension may only receive financial aid if the student re-establishes eligibility by meeting the standards set forth in this policy.

Financial Aid Probation

Financial Aid Probation is assigned to a student who fails to make SAP and who has successfully appealed and has had financial aid reinstated. A student who is placed on financial aid probation may receive financial aid for one term/semester. At the conclusion of the term/semester, if the student meets the Standards of Satisfactory Academic Progress, the student will be eligible for financial aid reinstatement.

If the student fails to meet overall Satisfactory Academic Progress at the end of the probation, the student's academic performance for the term/semester will be evaluated against the student's Financial Aid Probationary Academic Plan.

The Financial Aid Probationary Academic Plan requires that the student:

1. Must be at least half-time and have completed 100% of those classes for credit
2. Must have a grade point average of 2.0 for undergraduate students or 3.0 for graduate students.
3. Must not withdraw, drop, or have an incomplete during the probationary term/semester.

If you do not meet the above requirements, you will be ineligible to receive financial aid until you meet the satisfactory academic progress standards. No additional appeals will be accepted for failing to meet the Financial Aid Probationary plan. Also, the student is responsible for their bill for classes and other charges.

The student is responsible to contact the financial aid office after the grades are transcribed by the records office for the probationary term/semester to request a SAP reevaluation for eligibility for financial aid for the next term/semester. Due to time requirements for the records office to add the grades to the transcript, the student will not be able to apply for book vouchers and should be prepared to purchase their books for the subsequent term/semester.

The professional financial aid office staff will review each appeal and respond to the student in writing stating the reason for reinstatement or upholding the denial of financial aid. If your appeal is denied, the decision of the appeal committee is final. If the student is enrolled in classes during the appeal and is denied, they are financially responsible for the payments for the classes and other charges.

Standards of Conduct and Disciplinary Procedures

By publication of these “STANDARDS OF CONDUCT,” the University calls to the special attention of students and organizations the standards by which they are expected to abide. Students and organizations should be aware of the STANDARDS and should know they will be held accountable for their provisions.

Student Conduct Office General Philosophy

Troy University emphasizes a developmental approach toward discipline that is educational and proactive and allows for maximum student growth. The Office of Student Conduct embraces the concept of a student-centered University. Troy University is committed to developing and establishing programs designed to enhance lifelong learning opportunities, foster a climate of personal growth and development, set high expectations for personal integrity, and assist students in the development of an informed set of values, ethics, and beliefs. Troy University embraces a campus climate in which civility and respect among members of the campus community is viewed vital to the overall ethical development of its students.

Authority for Rules and Regulations

The Board of Trustees of Troy University is vested with the authority to promulgate rules and regulations regarding the conduct of students while enrolled at Troy University by Title 16-56-6, Code of Alabama, 1975. The University Trustees have delegated full authority to the University administration to prepare and administer rules and regulations for the welfare and discipline of its students.

Administrative Responsibility and Authority

The Student Services Division of the University has primary authority for the supervision of student conduct and administration of discipline. The Senior Vice Chancellor for Student Services and Administration and campus staff are responsible for working with students and student organizations to encourage support and compliance with University standards. The Senior Vice Chancellor may delegate specific responsibilities to members of his respective staffs, and in some instances, to student government agencies. It is permissible for the Student Services Conduct Officers on each campus to handle disciplinary decisions administratively if both the student or student organization and the Conduct Officer agree to an administrative hearing. The Student Services Conduct Officer is responsible for coordinating all disciplinary procedures and maintaining appropriate records of student conduct and disciplinary actions.

Statement on Student Conduct

Troy University students are expected to obey national, state, and local laws, to respect the rights of members of the campus community, and to accept responsibility for the consequences of their behavior. In the event students fail to demonstrate such behavior, Troy University reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community. Such action may include pursuing disciplinary action for violations of University rules and regulations, policies, violations of national, state, and local laws that occur on-campus, off-campus, or on the internet that adversely affects the educational interest of the University.

Troy University’s student conduct system is not a court of law. The Student Conduct Code is not written with the specificity of a criminal statute. In cases where civil or criminal proceedings also involve a violation of the Student Conduct Code, the University reserves the right to take appropriate disciplinary action against the student. Such action will be regarded as separate and distinct from proceedings in criminal or civil court and may be scheduled according to timelines that serve the interest of the University.

Disciplinary Procedures

Any member of the University community has the right to file a complaint against a student alleging a violation of the Standards of Conduct. The complaint must be made in writing and filed as soon as possible following the infraction. Students who are charged with violation of university regulations will receive a fair and reasonable hearing before a conduct board or administrative officer where the fundamental elements of due process are followed.

When a student is charged with a violation of the Standards of Conduct, the student will be notified to appear for a meeting with a Student Conduct Officer. The notification will be through mail, email or class notification through an instructor. It is expected that the student will respond to the summons in a timely manner. Failure to respond to the summons will result in a hearing being held in absentia and action being taken based on the facts of the case as presented. Students will not be permitted to register for subsequent terms until this disciplinary case is resolved.

A student withdrawal from the University or a particular course does not absolve the student from the disciplinary responsibility.

University disciplinary procedures assure the student's right to procedural and substantive due process to safeguard the personal and confidential information concerning the student. These procedures may differ from court procedures in the interest of student welfare and confidence. Procedures and rules have been developed to assure a fair hearing and appeal. Incidents of alleged misconduct and the relevant facts may be referred directly to committees for initial action. Prior notice concerning the alleged misconduct or offense and specific university policies or standards that apply are given to the student or students involved.

Information and facts are presented before such committees in the presence of the student or students, and

they are given an opportunity to challenge these presentations and to offer such information as they deem necessary. The failure of a student to appear at a scheduled hearing will not of itself prejudice his case; neither will it prevent the committee from hearing the case.

The right to proceed with university disciplinary proceedings shall in no way be affected by the filing of criminal or civil charges in any court by any person or any government entity against the accused student or organization. If charges pertaining to a conduct case also result in an off-campus warrant against the

accused student or organization, the university will proceed with on-campus conduct action. Exceptions may be made with the approval of the Senior Vice Chancellor for Student Services and Administration, based on a written recommendation by the Student Services Conduct Officer at the specific location, when the accused is incarcerated without bail or other circumstances warrant a delay in adjudicating the case on campus. Sanctions imposed in a case that is also adjudicated by an off-campus agency may be subject to modification based on the outcome of the off-campus case.

Responsibility for Disciplinary Actions

The University delegates specific and general authority and responsibility to faculty, administrators, committees, and councils. The Senior Vice Chancellor for Student Services and Administration and staff provide specific information concerning student rights, procedures, and jurisdiction for specific incidents or alleged misconduct. The major agencies involved in disciplinary procedures are described in the remainder of this section.

Appeals from Actions and Referrals for Action

The University procedures for handling disciplinary matters are based upon the principle of appeal for review by a higher administrative authority or committee. An appeal from a decision may be made by any party to the appropriate appeal board or administrative authority within five days of the decision. The appeal authority may take any action deemed appropriate.

Student Conduct Boards

Certain disciplinary authority may be delegated to student organization conduct boards. Appeals from student conduct board decisions may be made through the Office of the Senior Vice Chancellor for Student Services and Administration or his designee to the Student Services Conduct Board on each campus. Student organization conduct boards are established with specific authorities when constitutions are approved by the University Student Services Committee. Examples of such delegation of disciplinary authority exist in the case of the Student Government Association, the Interfraternity Council, and the Panhellenic Council. (See pertinent Constitutions.)

Mediation

Mediation is a voluntary process. Its aim is to assist the persons in dispute to resolve or settle their issue quickly, informally, cooperatively, and confidentially. Where informal settlement is accepted by both parties, a mediator from Student Services will convene a mediation meeting. The mediator does not act as an advocate for either side but as a facilitator. The mediator's role is to assist both parties to explore the issues that led to the complaint, identify points of agreement, and arrive at a solution that resolves or settles the complaint. If at any time the mediation process does not result in satisfaction to both parties, then the incident may be referred to the Student Services Conduct Officer or Board for a formal process.

Student Services Conduct Board

Troy University

A Student Services Conduct Board procedure has been established by the university. There will be boards at each campus and the boards have the following functions:

- To hear charges and information concerning student and organization misconduct and to take final action in all cases referred to the committee for original jurisdiction by the Student Services Conduct Officer.
- To serve as a review committee for cheating and plagiarism cases referred by faculty members through the Student Services Conduct Officer or to hear appeals by students regarding faculty actions when referred by the Student Services Conduct Officer.
- To review and make recommendations to the Student Services Conduct Officer on student discipline policies and procedures.
- To review cases of appeal from student Conduct agencies which are referred to it by the Student Services Conduct Officer.
- The failure of a student to appear at a scheduled hearing will not of itself prejudice his case; neither will it prevent the committee from hearing the case.

This board is charged with the responsibility of all matters pertaining to students that are organizational, disciplinary, or procedural. The committee, at its discretion, may delegate substantive and procedural functions to organizations and/or individuals concerned with the above stated areas.

Rights of Accused Students or Organizations

Students or recognized student organizations that are charged with violation of university regulations will receive a fair and reasonable hearing before the appropriate administrative officer or conduct committee where the fundamental elements of procedural due process are followed. The following procedures are guaranteed to accused students or recognized student organizations in those proceedings considering charges that could lead to suspension or expulsion from Troy University:

- A written notice shall be provided at least five (5) calendar days in advance of any hearing; the notice shall specify the factual allegations of misconduct and refer to the specific institutional rule that the facts, as alleged, call into play. The student may waive the five (5) day minimum notice.
- A hearing shall be conducted by an appropriate tribunal. It is not necessary that students be impaneled on such a board, but neither should deans or administrators representing the institution's cases be allowed to sit on the tribunal.
- The student or student organization shall be permitted to have counsel present at the hearing only to seek advice during the course of the proceedings.
- The student or student organization shall be permitted to confront accusers and all witnesses who were physically present during the event.
- The student or student organization shall be granted the opportunity to present his/her own case, including his/her version of the facts, and any affidavits, exhibits, or witnesses in support thereof, in reference to the specific charges against the student.
- The student or student organization shall be allowed to hear all facts and information presented against him/her and to cross-examine all adverse witnesses.
- The failure of a student to appear at a scheduled hearing will not of itself prejudice the student's case; neither will it prevent the committee from hearing the case.
- The tribunal shall make its decision solely on the basis of facts presented to it and must provide a written finding of their decision.

- Appellate procedures must be guaranteed and for that purpose, a record of the hearing must be preserved. There shall be a single verbatim record, such as a tape recording, of all hearings before a Conduct body. The record shall be the property of the University.

Disciplinary Action and Penalties

Disciplinary actions are taken and penalties are assigned by staff members or appropriate committees and judiciaries on the basis of all attendant circumstances. Official notifications are given by the appropriate

administrative office and official records are maintained in that office. Efforts are made to keep penalties consistent with those applied in similar cases in recognition of the fact that the University is an educational institution with a rehabilitative point of view. A student or group of students found to be in violation of the “STANDARDS OF CONDUCT” is subject to one or more of the following sanctions:

Disciplinary Warning

A disciplinary warning is used for infractions of regulations and consists of a restatement of the regulation violated with an official warning concerning future behavior.

Loss of Privilege

Loss of privilege is used in cases of violation of a university standard by a student or a student organization. It is most commonly used in the case of dormitory regulations violations, rushing violations by student organizations, social standard violations, or misuse of university facilities. The loss of privilege is ordinarily established for a specific period of time, and actions are recorded in personnel and organization records.

Educational Sanction

An educational sanction may consist of the assignment of specific projects to be performed by a student or student organization, such as writing a research paper on a specific topic, remedial education in a particular area, attending an educational program, or completing mandated alcohol and drug education programs.

Restitution

Restitution allows for the compensation of loss, damage or injury caused by a student or student organization’s misconduct. Compensation may take the form of appropriate service, and/or monetary or material replacement.

Work Reparation/Community Service

The option of working off part of the sanction by doing work for the university without pay may be offered to the student. Additionally, students and/or organizations may be sanctioned with community service as a part of their punishment.

Suspension from Housing

Separation of a student from the residence halls for a specified period of time in which the student may not live or visit in the on-campus residence halls.

Expulsion from Housing

Permanent separation of a student from the residence halls. The student may not live or visit in the residence halls for the remainder of their time at the institution.

Disciplinary Probation

Disciplinary probation means that a student is permitted to remain in the University on a probationary status. If a violation of STANDARDS occurs during probation, the student is normally suspended. Disciplinary probation is recorded on the student’s permanent personal file in the Student Services office.

Troy University

Conditions of probation are specific to the individual case and will include the loss of the privilege of holding any elected or appointed student office or appointment to a university committee. Any specific probation conditions are described in a personal letter to the student.

Temporary Suspension

Accused students will be afforded the right to attend classes and university functions until the hearing is held and the case is decided. Exception to this would be made for reasons relating to the general safety of students, faculty, or university property. In this event, the Student Services Conduct Officer may impose such temporary sanctions on the student as are reasonably necessary to protect the student, the University and/or University property from such danger.

Suspension

Suspension is used in cases of serious misconduct, or violation of probation, and means that the student is required to cancel registration and is not eligible to apply for readmission for a designated period of time. To qualify for readmission after suspension, a student must receive the approval of the Student Services Conduct Officer and meet academic requirements. Criteria for eligibility for readmission will include the students conduct and activities while out of school. Credit will not be given for work taken at other institutions during a student's suspension.

Expulsion

Dismissal from the university on a permanent basis. An expelled student may not return to the campus for any reason without the approval of the Dean of Student Services. Students failing to comply with the expulsion are subject to arrest for trespassing.

Other Sanctions

Other sanctions may be imposed instead of, or in addition to, those specified above. For example, students may be subject to restrictions upon or denials of University parking privileges for violations involving the use of registration of motor vehicles on campus and the loss of privileges for access to University computers or networks. Service or research projects may also be assigned and the student may be required to attend a specified University class or workshop at his or her own expenses. For violations of academic integrity, appropriate academic penalties may also be applied.

Notification of Parents/Guardians due to an Alcohol and/or Drug Violation

Under federal legislation adopted in 1998, the University may notify parents or guardians of students under the age of 21 who are found guilty of an alcohol or other drug violation. This option will be exercised as necessary to ensure the safety and well-being of all students.

Appeals

Appeals must be made in the form of a letter within five days of the decision in sufficient detail to inform the Review Authority of the grounds for appeal. Ordinarily, the student(s) or organization will not be given the opportunity to appear before the Review Authority for an oral hearing. The appeal is not intended to afford a full rehearing of the case, but to serve as a method of reviewing the record of the case and the procedures followed in its adjudication. Appeals will be made to the Senior Vice Chancellor for Student Services and Administration on the Troy campus and to the campus Vice Chancellor at all other locations. The appeals will be forwarded through the Student Services Conduct Officer on each campus to ensure the reviewer has all the facts concerning the case.

Grounds for Appeal

The purpose of an appeal is to review the procedures of the hearing in order to determine if there were errors in the procedures. Grounds for appeal include the following:

1. A violation of due process.
2. Evidence of prejudicial treatment by the original hearing body.
3. Evidence that does not support a finding.
4. Sanction(s) inappropriate for the nature of the violation.
5. Evidence that becomes available during the review process that was not previously available during the original hearing.

The Senior Vice Chancellor or Campus Vice Chancellor will review all the materials related to the case and the hearing. He/she may affirm the original decision by the board; change the sanctions imposed by the board; refer the case to another hearing board, if appropriate; find the student not responsible for the charges and terminate any further proceedings. The decision of the Senior Vice Chancellor or the Campus Vice Chancellor is final and there is no further appeal.

Class Attendance During Disciplinary Proceedings

Accused students shall be afforded the right to attend classes and university functions until the hearing is held and the case is decided. Exception to this would be made for reasons relating to a student's physical or emotional safety and well-being, or for reasons relating to the general safety of students, faculty, or university property. In this event, the Student Services Conduct Officer may temporarily impose such sanctions on the student as are reasonably necessary to protect the student, the University and/or University property from such danger.

University Honor Code

Academic honor, trust, and integrity are fundamental to Troy University. These qualities contribute directly to a student's education and reach far beyond the campus to an overall standing within the community. The following Honor Code was proposed by the SGA, approved by the Student Body and was implemented by the University Board of Trustees. The Honor Code reads: "I, (Troy University Student), will be honest in all of my academic work and strive to maintain academic integrity." Adopted by the Troy University Student Government Association and approved by the Board of Trustees, this Honor Code is in support of the Academic Code as stated in The Oracle.

Academic Code

A student is subject to disciplinary action if:

1. In connection with a student's admission, readmission, enrollment, or status in the university: a. A student gives false information to the university concerning any matter which may properly be considered in that connection; or b. A student knowingly withholds from the University any information requested by the University.
2. In connection with the taking of, or in contemplation of the taking of any examination by any person: a. A student knowingly discovers or attempts to discover the contents of an examination before the contents are revealed by the instructor; b. A student obtains, uses, attempts to obtain or use, or supplies or attempts to supply to any person, any unauthorized material or device; c. A student uses, attempts to use, or supplies or attempts to supply to any person any material or device dishonestly.
3. Where the work affects or might affect a student's grade, credit, or status in the university, a student represents to be his or her own any work that is not the product of his or her own study and efforts (known as plagiarism).

Penalties for Misconduct:

Troy University

1. Any student who has committed an act of misconduct (1, 2, or 3 above) may be subjected to one or more of the following penalties:

a. A student's grade in the course or on the examination affected by the misconduct may be reduced to any extent, including a reduction to failure.

b. A student may be suspended from the University for a specific or an indefinite period, the suspension to begin at any time.

2. Procedure

Proceedings before the Student Services Committee may be commenced by any member of the faculty or any person summarily disciplined.

a. **Summary Discipline:** Any member of the faculty who is convinced that any person enrolled in his or her course or taking an examination given or supervised by the student has committed an act of misconduct in connection therewith may take the action described in 1.a above (reduction of grade). If the instructor does so, he or she shall notify the student and the Department Chair and also shall notify the student who may request consideration of the matter by the Student Services Conduct Board.

b. **Commencement by instructor:** Any member of the faculty who has good cause to suspect that any person enrolled in their course or taking an examination given or supervised by him or her has committed an act of misconduct, shall notify the Student Services Conduct Officer of the belief and the facts upon which it is based. The chair shall call a meeting of the committee to consider the matter.

c. **Hearing:** A hearing shall be held if the student or faculty member requests it and in any case that the misconduct could result in the student's suspension or dismissal from the University.

d. **Determination:** After the hearing is ended, the committee shall make a finding as to whether or not the person whose conduct is considered has committed any act of misconduct that warrants further action or recommendations.

Internship

All students seeking a degree that leads to an Alabama Teaching Certificate (Class B, A or AA) are advised of the following:

The State Superintendent of Education shall have the authority to refuse to issue, to suspend, or to recall a certificate for just cause. Just cause may be defined as:

... proven guilty of immoral conduct or unbecoming or indecent behavior in Alabama or any other state or nation in accordance with Alabama Code 16-12-5 (1975).

Students who have been arrested for immoral conduct or unbecoming or indecent behavior during their education internship (student teaching) may present a reason to their cooperating school district to request removal from their district following their notification of such. In such an event, the appropriate campus official will make a reasonable attempt at an alternative placement. If such placement is not possible, the student will be asked to:

1. Take an incomplete for the internship, and following a favorable settling of the charges, be allowed to re-enter the internship program (fall, spring) at an alternative site for completion.

2. Withdraw from the University until such time as a favorable settlement is achieved. At that time, the student will be allowed to re-enroll in the university and student internship (fall, spring).

In the event that the individual is found guilty, the case will be remanded to the Office of Student Services for appropriate action under the "STANDARDS OF CONDUCT" set forth in The Oracle, as established by the Troy University Board of Trustees.

Troy University has established guidelines for students displaying emotional problems or abnormal behavior. In some instances, a student's behavior may be beyond the on-campus resources and capabilities and require consideration of involuntary administrative withdrawal from the university, or from university housing, for a specific period to ensure the safety, security, and well-being of the student and/or other members of the university, and to assure the orderly operation of normal university functions.

It is the policy of Troy University to consider behavioral manifestations that persistently or substantially disrupt the academic process as a serious matter. The University reserves the right to withdraw a student from the University for reasons pertaining to mental health when the student's behavior is a direct threat of harm to themselves or others or when a student's behavior significantly disrupts the lawful activities of

others. When a student demonstrates behaviors that are unduly disruptive and impedes the performance of others, students will not be allowed to return to the University residential community or to classes until such time as an evaluation has been made by a qualified mental health professional and the student has been cleared to return. Failure to cooperate will result in immediate, temporary suspension of that student. The final decision to allow a student to return to classes or the residential community will be determined by the Senior Vice Chancellor for Student Services and Administration or his designee.

Standards for Withdrawal

1. A student will be subject to involuntary administrative withdrawal from the university, or from university housing, if it is determined, by clear and convincing facts (See Informal Hearing), that the student is suffering from a mental disorder, including alcoholism, (see definitions, Deviations from established procedures) and, as a result of mental disorder:
 - a. The student engages, or threatens to engage, in behavior that poses a danger or causes physical harm to self or others.
 - b. The student engages, or threatens to engage, in behavior which would cause significant property damage, or directly and substantially impede the lawful activities of others, or impairs the educational environment of the University.
2. These standards do not preclude removal from the University, or University housing, in accordance with provisions of the residence hall occupancy agreement, or other university rules or regulations. Referral for Evaluation
 - The Student Services Conduct Officer may refer a student for evaluation by an independent licensed psychiatrist or psychologist chosen by the institution, if the Student Services Conduct Officer reasonably believes that the student may meet the criteria set forth under Section 1, "Standards for Withdrawal", or if a student, subject to disciplinary charges wishes, to introduce relevant evidence of any mental disorder.
 - Students referred for evaluation shall be so informed in writing, either by personal delivery or by certified mail, and shall be given a copy of these standards and procedures. The evaluation must be completed within ten business days from the date of the referral letter, unless an extension is granted by the Student Services Conduct Officer in writing. Students may be accompanied by a licensed psychologist or psychiatrist of their choice, who may observe, but not participate in the evaluation process. Legal representation will not be permitted during the evaluation.
 - Any pending disciplinary action may be withheld until the evaluation is completed, in the discretion of the Student Services Conduct Officer.
 - A student who fails to complete the evaluation in accordance with these standards and procedures may be withdrawn on a temporary basis, as set forth under temporary suspension, or referred for disciplinary action, or both.

Temporary Withdrawal

Troy University

1. A temporary administrative withdrawal (temporary suspension) may be implemented immediately if a student fails to complete an evaluation, as outlined in the Referral for Evaluation Section, of these standards and procedures. Also, a temporary withdrawal may be implemented immediately if the Student Services Conduct Officer determines that a student may be suffering from a mental disorder, and the student's behavior poses an imminent danger of:

- a. Causing serious physical harm to the student or others.
- b. Causing significant property damage, or directly and substantially impeding the lawful activities of others.
- c. The student's behavior being disruptive to normal university functions.

2. A student subject to a temporary withdrawal shall be given written notice of the withdrawal either by a personal delivery or by certified mail, and shall be given a copy of these standards and procedures. The student shall then be given an opportunity to appear personally before the Senior Vice Chancellor for Student Services and Administration or the campus Vice Chancellor, within two business days from the effective date of the temporary withdrawal, in order to review the following issues only:

- a. The reliability of the information concerning the student's behavior.
- b. Whether or not the student's behavior poses a danger of causing imminent, serious physical harm to the student or others, causing significant property damage, or directly and substantially impeding the lawful activities or others, or the behavior is disruptive to normal university functions.
- c. Whether or not the student has completed an evaluation, in accordance with these standards and procedures.

3. A student subject to temporary withdrawal may be assisted in the proceeding specified in item 2 of this section by a family member and a licensed psychologist or psychiatrist, or in lieu of a licensed psychologist, or psychiatrist, by a member of the faculty or staff of the institution. Furthermore, the student may be accompanied by legal counsel, although the role of counsel will be limited to providing advice to the student. Students will be expected to speak for themselves whenever possible.

4. An informal hearing will be held within seven business days after the student has been evaluated by the appropriate mental health professional. Such evaluation should be undertaken within two business days after the student submits a proper request for an appointment. The student will remain withdrawn on an interim basis pending completion of the informal hearing, but will be allowed to enter upon the campus to attend the hearing, or for other necessary purposes, as authorized in writing by the Student Services Conduct Officer.

Informal Hearing

Students subject to an involuntary withdrawal shall be accorded an informal hearing before the Senior Vice Chancellor for Student Services and Administration, or the specific campus designee. The following guidelines will be applicable:

1. Students will be informed, in writing, of the time, date, and location of the informal hearing either by personal delivery or certified mail, at least two business days in advance.

2. The entire case file, the evaluation of these standards and procedures will be available for inspection by the student in the Student Services Office during normal business hours. The file, which should be available at least two business days before the informal hearing, need not include the personal and confidential notes of any institutional official or participant in the evaluation process.

3. The informal hearing shall be conversational and non-adversarial. Formal rules of evidence will not apply. The Senior Vice Chancellor for Student Services and Administration or designee shall exercise active control over the proceedings to avoid needless consumption of time and to achieve the orderly completion of the hearing. Any person who disrupts the hearing may be excluded.

4. The student may choose to be assisted by a family member and a licensed psychologist or psychiatrist, or, in lieu of a licensed psychologist or psychiatrist, by a member of the faculty or staff of the institution. Furthermore, the student may be accompanied by legal counsel, although the role of counsel will be limited to providing advice to the student

5. Those assisting the student, except for legal counsel, will be given reasonable time to ask relevant questions of any individual appearing at the informal hearing, as well as to present relevant evidence.

6. Whenever possible, the student will be expected to respond to questions asked by the Senior Vice Chancellor for Student Services and Administration or designee. Students who refuse to answer on grounds of the Fifth Amendment privilege may be informed that the Senior Vice Chancellor or designee could draw

a negative inference from their refusal which might result in their dismissal from the institution, in accordance with these standards and procedures.

7. The informal hearing may be conducted in the absence of a student who fails to appear after proper notice.

8. The mental health professional who prepared the evaluation may be expected to appear at the informal hearing, and to respond to relevant questions, upon request of any party, if the Senior Vice Chancellor for Student Services and Administration or designee determines that such participation is essential to the resolution of a disposition issue in the case.

9. The Senior Vice Chancellor for Student Services and Administration or designee may permit a university official, and the mental health professional who prepared the evaluation, to appear at the informal hearing and to present evidence in support of any withdrawal recommendation. Such evidence will not be presented by legal counsel for the university.

10. The informal hearing shall be tape recorded by the Senior Vice Chancellor for Student Services and Administration or designee. The tape(s) shall be kept with the pertinent case file for as long as the case is maintained by the institution.

11. A written decision shall be rendered by the Senior Vice Chancellor for Student Services and Administration or designee within five business days after the completion of the informal hearing. The written decision, which should be mailed or personally delivered to the student, should contain a statement of reasons for any determination leading to involuntary withdrawal. The student should also be advised as to when a petition for reinstatement could be considered, along with any conditions for reinstatement.

12. The decision of the Senior Vice Chancellor for Student Services and Administration or designee shall be final and conclusive and not subject to appeal.

Deviations from Established Procedures

Reasonable deviations from these procedures will not invalidate a decision or proceeding unless significant prejudice to a student may result.

Definitions

1. Abnormal behaviors are overt actions, omissions to act, or verbal or written statements that would not be consistent with the actions or statements of a reasonable, prudent person under similar circumstances.

2. Emotional problems include, but are not limited to, behaviors resulting from possible physical, drug or alcohol-related, or psychological disorders that may pose a potential harm to the physical well-being of the student or others, and/or cause significant disruptive activity to the normal functions of the university.

3. An emotionally disturbed student is interpreted to include, but not limited to, a student exhibiting any of the behaviors described above.

Readmission Procedures and Appeals

1. When a student is suspended or withdrawn for health reasons, a medical hold will be placed on the student's readmission to the university. This hold will remain in the student's records until the student's request for readmission is approved in accordance with the following procedures:

a. A student who has had a medical hold placed on his or her readmission for health reasons must request readmission clearance from the Student Services Conduct Officer at least three (3) weeks prior to the first day of classes of the semester or summer session in which the student wishes to enroll. The student will be required by that office to submit medical evidence supportive of his or her present health and emotional ability to function properly in a university environment. The Student Services Conduct Officer, in consultation with the University physician and/or other appropriate health/counseling personnel, shall evaluate the student's request and supporting evidence. Primary consideration will be given to the satisfying of all conditions specified at the time of suspension or withdrawal for the readmission of the student to the University. If approval is granted by the Student Services Conduct Officer for the removal of the medical hold, the student must then complete requirements by the Office of Enrollment Management and the Office of University Records.

b. If approval for readmission is not granted by the Student Services Conduct Officer, the student may appeal that decision to the Senior Vice Chancellor for Student Services and Administration or the campus Vice Chancellor. The appeal must be made, in writing, within five (5) university working days of the date the student was notified by the Student Services Conduct Officer that his or her request for readmission was denied.

c. The Senior Vice Chancellor or campus Vice Chancellor will inform the student that he or she is entitled to a hearing. This hearing will be held within five (5) university working days if at all possible. The hearing will be conducted by the Senior Vice Chancellor or Campus Vice Chancellor. Following the hearing, the decision will be to either sustain the decision of the Student Services Conduct Officer or overrule the decision and allow the student to apply for readmission to the university. The Senior Vice Chancellor or campus Vice Chancellor shall notify all parties of this decision, in writing, within three (3) university working days following the completion of the hearing. The decision of the Senior Vice Chancellor or campus Vice Chancellor is final.

Requests for Voluntary Withdrawal Due to Mental Health Circumstances

A student may be eligible for withdrawal due to mental health circumstances when a mental disorder results in a significant change and impairment of an individual's social and academic functioning. A student wishing to explore the appropriateness of a withdrawal due to mental health circumstances should contact the Student Development/ Counseling Services office. A review process will be conducted which includes the receiving and examining of appropriate records and documentation. The review may also include consultation with the student's professors and other personnel as appropriate. The final decision to grant a withdrawal due to mental health circumstances will be determined by the Senior Vice Chancellor for Student Services and Administration or his designee. Documentation from a qualified mental health professional (preferred) or physician is required.

Documentation from a clinician on letterhead stationery must include the following:

1. Dates of treatment
2. Diagnosis
3. Prognosis (status of treatment)
4. Reason why this provider supports your request for withdrawal

Withdrawals due to mental health circumstances must be initiated before the current semester's deadline (see academic calendar for current semester's deadline).

Troy University has a designated overall Title IX Coordinator and designated Title IX points of contact on each of the Alabama campuses. The University also has a Title IX committee that works in conjunction with the Coordinator in ensuring all aspects of the law are adhered to.

Responsibilities

The Title IX Coordinator and committee members are responsible for monitoring the University’s policies in relation to Title IX law developments; implementation of grievance procedures, including notification, investigation, and disposition of complaints; provision of educational materials and training for the campus community; conducting and/or coordinating investigations of complaints received pursuant to Title IX; ensuring a fair and neutral process for all parties; and monitoring all other aspects of the University’s Title IX compliance related to sexual harassment and sexual violence.

Sexual Discrimination and Definitions

Troy University is committed to an environment for all faculty, staff, students and visitors that is free from sexual discrimination including sexual harassment, sexual assault, sexual violence, stalking, domestic violence, and dating violence. No form of sexual discrimination will be tolerated.

1. Sexual Harassment is defined as unwelcome gender-based verbal or physical conduct that is severe, persistent or pervasive and occurs when:
2. Submission to, or toleration of, such conduct is made a term or condition of instruction, employment, or participation in other university activities;
3. Submission to, or rejection of, such conduct is used as a basis for employment or education decisions affecting the individual; or
4. Such conduct has the effect of unreasonably interfering with an individual’s education or employment performance or creating an intimidating, hostile, or offensive university environment.

Sexual assault occurs when a person is subjected to an unwanted sexual act by force or threat without consent. Sexual acts occur without consent when they are perpetrated against a person’s will or where a person is incapable of giving consent due to minority, intellectual impairment, or use of mind-altering substances such as drugs or alcohol.

Sexual violence includes sexual assault but may also consist of an attempt to obtain a sexual act or sexual advances using coercion which do not result in a completed sexual act.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress.

Domestic Violence is defined as a felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabiting with or has cohabited with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Alabama, or by another person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Alabama.

Dating Violence is defined as violence committed by a person (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship, (ii) the type of relationship, and (iii) the frequency of interaction between the persons involved in the relationship.

It is important to preserve all evidence of sexual discrimination, especially if the description is also a criminal offense, such as sexual assault, sexual violence, stalking, domestic violence, or dating violence.

Supervisors and staff members must recognize that their positions necessarily embody unequal power relationships with their subordinates and students. Because of the inherent power of differences in these relationships, the potential exists for the less powerful to perceive a coercive element in suggestions relative to activities outside those appropriate to the professional relationship. It is the responsibility of supervisors and staff members to behave in such a manner that their words or actions cannot reasonably be perceived as coercive.

Each campus has a Title IX Coordinator or Point of Contact who is charged with investigating allegations of sexual discrimination including sexual harassment, sexual assault, sexual violence, stalking, domestic violence and dating violence. Employees with supervisory responsibilities and university police personnel must report incidents of sexual discrimination whether observed by them or reported to them to the Title IX Coordinator who will conduct an immediate, thorough, and objective investigation of all claims. If sexual discrimination has occurred, appropriate remedial action commensurate with the severity of the offense will be taken up to and including termination. All reports, complaints, and investigations are treated with discretion and confidentiality is maintained to the extent allowed by law.

The Title IX Coordinator will notify the appropriate law enforcement agency of all reports of sexual assault, sexual violence, stalking, domestic violence or dating. The person who has allegedly been subjected to sexual discrimination may also contact law enforcement and may seek an order of protection, no contact order, or similar order. The Title IX coordinator will assist the person alleging to be subjected to sexual discrimination with locating resources for counseling, medical treatment, legal advice, victim advocacy, or other services.

The Title IX Coordinator will be responsible for providing training and assistance on school policies related to sex discrimination and develop programs, such as college trainings or group discussions, on issues related to Title IX to assist the recipient in making sure that all members of the school community, including students and staff, are aware of their rights and obligations under Title IX.

Each campus within the Troy University System provides educational materials and programs on sexual discrimination. Contact the Title IX Coordinator or Point of Contact on your respective campus or the Human Resources Department for information on awareness and prevention of sexual discrimination.

The University reserves the right to take whatever measures it deems necessary in response to an allegation of sexual discrimination in order to protect individuals' rights and personal safety. Such measures include, but are not limited to, modification of campus living or employment arrangements, interim suspensions from campus, no contact or communications requirements, leave with or without

pay, and reporting the matter to law enforcement. Persons reporting allegations of sexual discrimination must follow the Title IX Grievance Procedure.

Title IX Coordinator Responsibilities:

- First, the Title IX Coordinator will work with the University community to help make sure that the grievance procedures are written in language appropriate for the age of the audience, and that they are easily understood and widely disseminated.
- Second, the Title IX Coordinator shall review the grievance procedures to help determine whether they incorporate all of the elements required for the prompt and equitable resolution of student and employee complaints under Title IX, consistent with the Title IX regulatory requirement and OCR guidance.
- Third, the Title IX coordinator shall communicate with students, parents or guardians, and school employees to help them understand the University's grievance procedures; train employees and students about how Title IX protects against sex discrimination; and provide consultation and information regarding Title IX requirements to potential complainants.
- Fourth, the Title IX coordinator is responsible for coordinating the grievance process and making certain that individual complaints are handled properly. This coordination responsibility may include informing all parties regarding the process, notifying all parties regarding grievance decisions and of the right to and procedures for appeal, if any; monitoring compliance with all of the requirements and timelines specified in the grievance procedures; and maintaining grievance and compliance records and files.
- Finally, the Title IX coordinator shall work with the University community to help ensure that its grievance procedures are accessible to English language learner and students with disabilities.

Troy University does not discriminate on the basis of sex in recruitment and admissions by reviewing the recipient's recruitment materials, admission forms, and policies and practices in these areas. Troy University also provides equal athletic opportunities for members of both sexes and effectively accommodate students' athletic interests and abilities.

Troy University may not: (a) provide different amounts or types of financial assistance, limit eligibility for such assistance, apply different criteria or otherwise discriminate on the basis of sex in administering such assistance; or (b) assist any agency, organization, or person which offers sex restricted student aid.

The Title IX coordinator must coordinate the recipient's efforts to accept and appropriately respond to all complaints of sex discrimination and should work with the recipient to prevent sexual and gender-based harassment.

- First, the Title IX coordinator shall assist in any training the University provides to the school community, including all employees, as to what conduct constitutes sexual and gender-based harassment and how to respond appropriately when it occurs.
- Second, the Title IX coordinator shall help the University develop a method appropriate to the institution to survey the campus climate (Campus Climate Survey), evaluate whether any discriminatory attitudes pervade the school culture, and determine whether any harassment or other problematic behaviors are occurring, where they happen, which students are responsible, which students are targeted, and how those conditions may be best remedied.
- Third, because the Title IX coordinator must have knowledge of all Title IX reports and complaints at the University, the Title IX coordinator is generally in the best position to evaluate confidentiality requests from complainants in the context of providing a safe, nondiscriminatory environment for all students.
- Fourth, the Title IX coordinator shall coordinate record keeping (for instance, in a confidential log maintained by the Title IX coordinator), monitor incidents to help identify students or employees who have multiple complaints filed against them or who have been repeated targets, and address any patterns or systemic problems that arise, including making school administrators aware of these patterns or systemic problems as appropriate.
- Fifth, the Title IX coordinator shall recommend, as necessary, that the recipient increase safety measures, such as monitoring, supervision, or security at locations or activities where harassment has occurred.
- Finally, the Title IX coordinator shall regularly review the effectiveness of the University’s efforts to ensure that the University is free from sexual and gender-based harassment, and use that information to recommend future proactive steps that the University can take to comply with Title IX and protect the school community.

The Title IX coordinator shall work with the University on its obligation not to discriminate against students based on their parental, family, or marital status, or exclude pregnant or parenting students from participating in any educational program, including extracurricular activities.

The Title IX coordinator shall review the recipient’s discipline policies to help make sure they are not discriminatory. In addition, the Title IX coordinator shall work with other coordinators or school employees to help the University keep and maintain accurate and complete records regarding its disciplinary incidents and monitor the recipient’s administration of its discipline policies to ensure that they are not administered in a discriminatory manner.

General Principles

Troy University

For the purpose of these grievance procedures, “University Title IX Coordinator” shall mean the University Title IX Coordinator; designated members of the Title IX Committee; and/or designated Points of Contact on other Alabama campuses, unless otherwise specified. Where appropriate and with prior notice where applicable, these grievance procedures may be modified or amended by the University Title IX Coordinator.

Privacy and confidentiality: All activities under these grievance procedures shall be conducted with due regard for any legitimate privacy and reputational interests of those involved. It is expected that any materials and information prepared or acquired under these grievance procedures will be shared only with those who have a legitimate need to know. Disclosure of such information may also be made if it is permitted by law and the University Title IX Coordinator determines in his or her judgment: (1) that such disclosure is necessary to protect the health, safety, or well-being of members of the Troy community; or (2) that such disclosure advances the interests of those involved in the process and/or the University and outweighs the interest in confidentiality. While the University Title IX Coordinator will take into account any requests made by a complainant for confidentiality or that a Title IX grievance not be investigated, the University Title IX Coordinator must take appropriate steps to respond to the grievance consistent with the requirements of Title IX.

Retaliation: Retaliation against any person in the University community either for alleging discrimination prohibited by Title IX or for cooperating in these grievance procedures is strictly prohibited.

Standard of Evidence: The University Title IX Coordinator shall review allegations of discrimination prohibited by Title IX by applying a preponderance of the evidence standard.

Right of Appeal and Review of Disciplinary Proceedings: The University Title IX Coordinator does not make a determination on or review a disciplinary process’s factual findings, conclusions, or imposed penalty. Any appeal rights in that regard which may exist are referenced in applicable student, faculty and staff policies and procedures. If a complainant wishes to appeal the decisions of the Title IX Coordinator or a University Conduct Board he/she may make a written appeal as outline in University policies and procedures.

Procedures

Any Community Member who believes that he/she has been subjected to discrimination prohibited by Title IX, or that the University has failed to meet its Title IX obligations, may bring the concern to the attention of the University Title IX Coordinator. While the University Title IX Coordinator welcomes an informal presentation of such allegations, and is available to address concerns through counseling, advice, and informal resolution, the University Title IX Coordinator is fully prepared to receive and address such allegations through formal grievance procedures.

The University Title IX Coordinator has the authority to investigate allegations of discrimination prohibited by Title IX even absent the filing of a formal grievance, or its subsequent withdrawal. In addition, the University Title IX Coordinator may proceed with investigating a formal or informal grievance even if a complainant specifically requests that the matter not be pursued. In such a

circumstance, the University Title IX Coordinator will take all reasonable steps to investigate and respond to the matter in a manner which is informed by the complainant’s articulated concerns.

In most circumstances, the University Title IX Coordinator will coordinate his/her activities with other University offices charged with responsibilities for student, faculty and staff conduct and discipline and for enforcing the University's policies and procedures generally.

Informal Resolution

In many instances, counseling, advice, or informal discussion may be useful in resolving concerns about allegations of discrimination prohibited by Title IX. Complainants who wish to resolve their concerns informally should bring them to the attention of the University Title IX Coordinator.

In working to resolve the matter, the University Title IX Coordinator ordinarily will interview the complainant and, as appropriate, others who may have knowledge of the facts underlying the grievance. At any point, including while the informal process is ongoing or afterward, the complainant may elect to end the informal process in favor of filing a formal grievance.

Although Troy welcomes informal resolution of grievances when appropriate, it will not use mediation between a complainant and alleged perpetrator or any other informal resolution mechanism to resolve grievances pertaining to non-consensual sexual contact or non-consensual sexual penetration, as defined by the University Policy on Sexual Misconduct.

Grievance Procedures for Formal (i.e. Written) Grievances

Complainants who are considering bringing a formal grievance may at any time meet with the University Title IX Coordinator, who will discuss the matter and describe the formal grievance process.

Alternatively, a complainant may choose to submit a written grievance to the University Title IX Coordinator (including via use of the available Title IX grievance form).

A formal grievance process is initiated when a complainant submits a written statement alleging discrimination prohibited by Title IX to the University Title IX Coordinator. In the statement, the complainant is encouraged to request any relief sought from the University. Prompt submission of formal grievances is encouraged.

The University Title IX Coordinator will consider the written grievance, and may dismiss the grievance without further process or review if the University Title IX Coordinator determines that the grievance on its face is frivolous, not credible, clearly without merit, or outside the scope of these grievance procedures.

If the grievance is not dismissed, the University Title IX Coordinator will interview the individual who submitted the written statement. Depending on the circumstances, the University Title IX Coordinator also may interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the grievance.

The University Title IX Coordinator will determine whether the complainant was excluded from participation in, denied the benefits of, or subjected to discrimination on the basis of sex under any University program or activity, using a preponderance of the evidence standard. The University Title IX Coordinator will consult with other University offices as necessary in reaching a decision regarding the written grievance. The University Title IX Coordinator will prepare a written report setting forth findings, conclusions, and actions to be taken, if any, and will determine with whom to share the report.

Following such review, the University's Title IX Coordinator will, as necessary, take appropriate action to ensure that the University comes into compliance with Title IX in a manner which is prompt and

Troy University

equitable to the complainant. For example, the University Title IX Coordinator may assure that appropriate changes to housing, academic programs or working conditions are implemented. While the action taken by the Title IX Coordinator may impact third parties, such action is not intended to be punitive (or constitute disciplinary penalty) with respect to these third parties.

The decision of the University Title IX Coordinator is the final resolution of the grievance, unless the individual who filed the grievances wish to appeal the decision through the appropriate University outlined appeal policies and procedures.

While the time it may take to investigate and resolve a Title IX grievance will depend on a variety of factors, including the nature and scope of the allegations, the University Title IX Coordinator will seek to resolve the grievance within 45 working days of receipt of the grievance. Throughout the process, the University Title IX Coordinator will, as appropriate, keep the participants informed of the status of the grievance process.

Allegations of Student-on-Student Sexual Harassment and/or Discrimination

Regardless of whether student disciplinary proceedings or a criminal charge are pending or being investigated pertaining to an allegation of student sexual misconduct, and irrespective of their outcome, Troy University shall take steps to meet its responsibility to provide an environment where no member of its community is, on the basis of sex, excluded from participation in, denied the benefits of, or subjected to discrimination under any education program or activity. In addition to the procedures described above, the following additional procedures apply in allegations of student-on-student sexual harassment and/or discrimination.

The University Title IX Coordinator shall be available as a resource to any dean or other Troy faculty or staff member who receives an allegation of student-on-student sexual harassment and/or discrimination, and the University Title IX Coordinator shall be promptly informed of any such allegation.

As indicated above, following appropriate investigation and review, the University Title IX Coordinator or the campus Point of Contact shall determine and promptly implement any remedies that he/she believes are necessary to maintain an environment free from harassment and/or discrimination and to protect the safety and well-being of community members. Such remedies may include, but are not limited to, no-contact orders, academic accommodations, housing accommodations, counseling services, campus escorts, and educational or outreach initiatives. Adjustments to a student(s)' educational environment may be taken on an interim or permanent basis. Any adjustments in that regard would not be punitive, and, as such, would not appear on any student disciplinary record.

At any point during an informal or formal Title IX grievance procedure, the University Title IX Coordinator may, at his/her discretion, inform other University officials of the possibility that a violation of the University's Code of Conduct and/or disciplinary policies may have taken place.

These procedures do not replace the University's student disciplinary processes, including the appeal processes specified therein. While the University Title IX Coordinator will review grievance claims as to whether the University has fulfilled its obligations under Title IX, including whether student disciplinary processes were conducted in a manner free of discrimination, it is not the function of the University Title IX Coordinator to hear appeals from, rehear or otherwise resolve student discipline matters based on their content.

Definitions

The definitions below are simply provided as guidance for a person wishing to file a complaint. They are not all inclusive and all complaints will be reviewed by the Title IX Coordinator or a designee.

Gender Discrimination is the unfair, biased and condescending treatment of people based on their gender. It stems from the society's assignment of roles based on whether one is male or female. This assignment presents the impression that these allocated roles cannot be swapped successfully between men and women. Hence, a gender is relegated to the background even when they possess characteristics that qualify them for roles the society has not assigned them.

Gender Inequity is closely related to gender discrimination except that when males and females are assigned same roles, one group is better compensated than the other not based on their performance but on their gender.

Sexual Harassment according to the **Equal Employment Opportunity Commission (EEOC)** is "Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature." It could range from subtle looks to touch to expressive verbal communication.

Sexual Assault is any sexual contact or activity that occurs without the recipients willing and expressive consent. Often misunderstood, sexual assault is not narrowed down to just sex intercourse, but also to activities that suggest sex.

Sexual Misconduct is the umbrella term for any misbehavior of a sexual nature. That includes the aforementioned sexual harassment and sexual assault.

Rape is an aggravated sexual assault in which sexual intercourse or sexual penetration is achieved, in the presence or absence of coercion, without the victim's consent. Statutory rape occurs when the victim is not old enough to grant a legal consent to sexual relations.

Stalking is a compulsive, obsessive, usually irritating attention and monitoring by one or more persons. Under more serious situations, stalking could be a criminal offence of first or second degree depending on whether or not the victim is put in reasonable fear of death.

Retaliation is any action taken against a person as a repercussion for speaking up against a cause or defending one that does not suit the interests of the persons taking the actions. Despite being frowned upon by the law, retaliation, according to the **Equal Employment Opportunity Commission (EEOC)**, "is the most frequently alleged basis of discrimination in the federal sector and the most common discrimination finding in federal sector cases."

Relationship Violence is the intentional, intimidating, and repetitive verbal, physical, emotional, and psychological abuse of an intimate partner by an intimate partner in order to gain total control or power over the relationship. Relationship violence is not always noticeable at the beginning of a relationship but can escalate with time.

Bullying is an unacceptable habitual behavior in which coercion and intimidation are used to dominate others who are considered inferior or different. Bullying is typically not the fault of the victims as they are not usually the cause but the fault of the bullies who need to tear others down to feel superior.

Cyber Bullying shares every characteristic of the previously discussed bullying except that it is perpetrated through electronic technology and electronic communication. It usually involves threats, name calling, harassment, humiliation, to name a few.

Campus Sexual Violence Elimination (SaVE) Act

The **Campus SaVE Act** amends the Clery Act, which addresses **campus** sexual assault policies within the Higher Education Act of 1965. President Obama signed **SaVE** into law on March 7, 2013 as part of the Violence Against Women Act (VAWA) Reauthorization.

Under VAWA, colleges and universities are required to:

- Report domestic violence, dating violence, and stalking, beyond crime categories the Clery Act already mandates;
- Adopt certain student discipline procedures, such as for notifying purported victims of their rights; and
- Adopt certain institutional policies to address and prevent campus sexual violence, such as to train in particular respects pertinent institutional personnel.

VAWA's SaVE Act provision imposes new reporting requirements:

A. The Clery Act requires annual reporting of statistics for various criminal offenses, including forcible and non-forcible sex offenses and aggravated assault. VAWA's SaVE Act provision adds domestic violence, dating violence, and stalking to the categories that, if the incident was reported to a campus security authority or local police agency, must be reported under Clery. Parsed for clarity, these offenses are defined:

1. "Domestic violence" includes asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.
2. "Dating violence" means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.
3. "Stalking" means a course of conduct directed at a specific person that would cause a reasonable person to fear for her, his, or others' safety, or to suffer substantial emotional distress.

B. The provision adds "national origin" and "gender identity" to the hate crime categories, involving intentional selection of a victim based on actual or perceived characteristics that must be reported under the Clery Act.

C. The provision requires, with respect to the "timely reports" the Clery Act mandates for crimes considered a threat to other students and employees, that victims' names be withheld.

D. The Campus SaVE Act takes effect with respect to the Annual Security Report that must be issued by each institution no later than October 1, 2014. Final regulations to implement statutory changes to VAWA will not be effective until after ED completes the rulemaking process. Until regulations are issued, ED expects institutions to "to make a good faith effort to comply" with the requirements. For more information, see ED's electronic announcement May 29, 2013, on this issue.

Student Discipline Requirements

A. Current requirements in the Clery Act are that institutions inform students of procedures victims should follow, such as preservation of evidence and to whom offenses should be reported. VAWA added that institutional policy must also include information on:

1. Victims' option to, or not to, notify and seek assistance from law enforcement and campus authorities.
2. Victims' rights and institutional responsibilities regarding judicial no-contact, restraining, and protective orders.

B. VAWA prescribes standards for investigation and conduct of student discipline proceedings in domestic violence, dating violence, sexual assault, and stalking cases.

1. Institutional policy must include a “statement of the standard of evidence” used. Unlike some earlier drafts of the legislation, VAWA does not prescribe the evidentiary standard. The OCR Guidance Letter, at page 11, directs a standard of “preponderance of the evidence.” That letter, although not positive law, authoritatively represents OCR enforcement policy.

2. Institutional officials who conduct the proceeding must be trained on how to investigate and conduct hearings in a manner that “protects the safety of victims” and “promotes accountability.”

3. Institutional policy must identify “sanctions or protective measures” the institution may impose following a final determination of rape, acquaintance rape, domestic violence, dating violence, sexual assault or stalking.

4. “[T]he accuser and the accused are entitled to the same opportunities to have others present during an institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice....”

5. Accuser and accused must be notified “simultaneously” and “in writing” of: the outcome of the proceeding; appeal procedures; any change to the result before it becomes final; and when the result becomes final. The OCR Guidance Letter, at page 13, merely “recommends” that the parties be provided the determination “concurrently.”

6. Institutional policy must address how victims' confidentiality will be protected, including record-keeping that excludes personally-identifiable information on victims. OCR's Guidance Letter, at page 5, encourages institutions to be cognizant of victims' confidentiality, but does not mandate that institutional policy address it.

Requirements to Educate Students and Employees on Sexual Violence

Under VAWA, new students and new employees must be offered “primary prevention and awareness programs” that promote awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. The OCR Guidance Letter, at pages 15-16, “recommends” that institutions implement preventive education programs; VAWA is more prescriptive in its requirements.

The training programs must include:

A. A statement that the institution prohibits those offenses.

B. The definition of those offenses in the applicable jurisdiction.

- C. The definition of consent, with reference to sexual offenses, in the applicable jurisdiction.
- D. “Safe and positive” options for bystander intervention an individual may take to “prevent harm or intervene” in risky situations.
- E. Recognition of signs of abusive behavior and how to avoid potential attacks.
- F. Ongoing prevention and awareness campaigns for students and faculty on all of the above.

University Personnel Involved

All Campus Security Authorities (CSAs) should be educated on Campus SaVE Act requirements. This includes all relevant stakeholders on campus, including but not limited to: Chancellor, Senior Vice Chancellors, Trustees, Vice Chancellors, Associate Vice Chancellors, Deans, compliance and regulatory personnel, campus police or safety officers, Health & Wellness educators, student conduct officials and judicial board members, advocates and counselors, housing directors, and athletic staff.

Campus Safety and Emergency Procedures

Troy University

Campus safety and security is paramount on all of the campuses. Information contained in this section is provided to assist everyone in maintaining a safe environment. Safety on a university campus is everyone's responsibility.

University Police Department

As the department of safety and security of Troy University, the University Police Department strives to fulfill its responsibilities to each member of the university by enforcing policies, providing services, and information that will assist you in making the time you spend here safe and enjoyable. The Troy University Police Department is located at 500 Park St., Room 103. Call 334-670-3215 for non-emergency police assistance, or dial 911 in case of an emergency on campus. Blue light strobe Emergency/Information Towers have been installed at Trojan Village and are equipped with an emergency button; when pressed the strobe light is activated and flashes for the duration of the call. The University Police provides service 24 hours a day and is an essential part of the university's dedication to the students, faculty, and staff. The police department provides a wide range of police services including, but not limited to, investigations of crimes on campus, processing crime scenes, evidence and property control, testifying in judicial proceedings, making arrests, providing crime prevention services, traffic and parking enforcement, executing search and/or arrest warrants within our jurisdiction, traffic and crowd control for campus events, maintaining police records and submitting crime reports to the Alabama Criminal Justice Information Center.

Campus Police/Security (Dothan Campus)

A staff of campus police/security officers is empowered by the administration for general safety and security on University property. The campus police/security officers assist students, faculty, staff, and guests on Dothan campus property, enforce parking and traffic regulations, and safeguard University buildings and equipment.

Campus Police/Security (Montgomery Campus)

All of Montgomery Campus internal and external facilities, including parking areas, are well lighted and regularly patrolled by assigned campus police. Montgomery campus employs a combination of part-time university policemen and off-duty Montgomery City police to provide campus security. All university campus police officers have attended a certified police academy and most are veteran police officers. Whenever evening classes are in session, there police assigned to the downtown area. In addition to their normal security responsibilities and duties, Montgomery campus university police will, upon request, escort students to their cars and assist students with minor car problems (contact Whitley Hall front desk at 334-241-9500 to request assistance). To access the annual security report go to our website: www.troy.edu.

Campus Police/Security (Phenix City Campus)

A staff of campus police/security officers is empowered by the administration for general safety and security on University property. The campus police/security officers assist students, faculty, staff, and guests on Phenix City campus property, enforce parking and traffic regulations, and safeguard University buildings and equipment.

Jurisdiction, Structure, and Authority

The University Police Department is a department of sworn police officers and civilian staff under the office of the Senior Vice Chancellor for Student Services and Administration. All officers are professionally trained and State of Alabama certified with the same authority and right to bear arms as any officer within the State of Alabama. University Police Officers are declared by law to be law enforcement officers of the state and conservators of the peace with the right to arrest, in accordance with the laws of this state, any person for violation of state law or applicable county or city ordinances. Each officer must maintain the mandated training requirements of the State of Alabama Peace Officers Standards and Training Commission including qualifying on the firing range annually.

Building Security Policy

All buildings are locked at certain hours each day. No student may enter any building for any purpose after closing hours unless accompanied by a faculty member, or unless the student has written permission by the person responsible for the building.

Residence Hall Security Policy

All residence halls are locked twenty-four (24) hours a day. Access is gained to the residence through a “key fob” access device which is issued to all residents. Only residents and invited guests are allowed in the residence halls at any time.

Jeanne Clery Act

The Jeanne Clery Act is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. The Clery Act was originally enacted by the Congress and signed into law by President George Bush in 1990 as the Crime Awareness and Campus Security Act of 1990. The name later was renamed in honor of Jeanne Clery, a student murdered in 1986 at Lehigh University. Schools have to publish an annual report every year by October 1st that contains 3 years’ worth of campus crime statistics and certain security policy statements including sexual assault policies which assure basic victims’ rights, the law enforcement authority of campus police and where students should go to report crimes. Below are the most recent statistics for Troy University.

Annual Disclosure of Crime Statistics

The Dean of Student Services on the Troy campus, in conjunction with the other campuses prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at troy.troy.edu/universitypolice/index.html. You will also be able to connect with our web site via the Troy University Home Page at www.troy.edu. This report is prepared in cooperation with the local law enforcement agencies surrounding our Troy campus and alternate sites, Housing and Residence Life, Judicial Affairs Officers from all campuses, and the Division of Student Services. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the Troy University Police Department, designated campus officials (including but not limited to directors, deans, department heads, residence life staff, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses and is not required by law. The Personal Counseling and SAVE Project staff shall inform their clients of the procedures to report crime to the University Police on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

Troy University

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provide the web site to access this report. Copies of the report may also be obtained at the University Police Department located in Hamil Hall or may also be obtained in the Dean of Student Services office on all Alabama campuses. All prospective employees shall be notified by email and through the application process regarding crime statistics.

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of University Police or head of campus security, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the University e-mail system to students, faculty, staff and the campus’ student newspaper, The Tropolitan.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the police or security may also post a notice on the University text messaging system (e2campus) and the campus-wide electronic bulletin board located at sos.troy.edu. This provides the university community with a more immediate notification. In such instances, a copy of the notice is posted in each residence hall, at the front door of each on- campus fraternity and sorority house, and in prominent places on campus where students may see the notice. The electronic bulletin board is immediately accessible via computer by all faculty, staff and students. Anyone with information warranting a timely warning should report the circumstances to the University Police office or Campus Security Office on their respective campus by contacting the office by phone or in person at the number or location below.

Any suspicious activity or person seen in the parking lots or loitering around vehicles, inside buildings or around the Residence Halls should be reported to the police/security department. In addition you may report a crime to the following offices:

For off campus options you should contact the City Police Department for your specific location. The University and the various communities have a mutual aid and working agreement. Each department augments the other within their jurisdictions during mutual investigations, arrest, and prosecutions.

Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action within the University System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the University Police/Security Department on your campus can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to a potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Troy University encourages anyone who is the victim or witness to any crime to promptly report the incident to the police or security. Because police reports are public records under state law, the University Police Department cannot hold reports of crime in confidence. Confidential reports for proposes of inclusion in the annual disclosure of crime statistics can generally be made to other Troy University campus security authorities, as identified above. Confidential reports of crime may be made by calling your campus police or security office or one of the other offices listed above to report criminal offenses.

Access Policy

During business hours, the University (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During non- business hours access to all University facilities is by key, if issued, or by admittance via the University Police/Security Department with written permission. In the case of periods of extended closing, the University will admit only those with prior written approval to all facilities.

Residence halls are secured 24 hours a day and access is given to approved persons through a key fob system. Over extended breaks, only those students and staff approved to be in the residence halls will be given access via their fob. Fobs are not to be loaned or given to anyone else for any reasons.

Troy University

Lost or stolen fobs should be reported immediately to the University Police and the Access Control Office. Some facilities may have individual hours. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility.

University Police and Jurisdiction

Section 16-56-12 of the Alabama Code 1975 allows for the appointment of police officers on the Troy University campuses.

Police Officers

- A. The chancellor or the presidents of the several campuses of the Troy University System with the approval of the chancellor; may appoint and employ persons as they may deem proper to serve as police officers pursuant to Sections 16-22-1 and 16-22-2. These police officers may do any of the following:
1. Eject trespassers from the university system buildings and grounds.
 2. Arrest without a warrant any person believed guilty of disorderly conduct or of trespass upon the property under the control of the university system, or for any public offense committed in their presence, and carry them before the nearest district court or municipal court. Upon proper affidavit charging the offense, the person arrested may be tried by the court and convicted as in cases of persons brought before the court on a warrant.
 3. Summon a posse comitatus.
 4. Arrest with a warrant any person found upon or near the premises of the university system charged with any public offense and take that person before the proper officer.
- B. The police officers provided for in this section shall cooperate with and, when requested, furnish assistance to the regularly constituted authorities of the city and county in which the employing campus of the Troy University System is located.
- (Acts 1967, No. 420, p. 1084, §11; Acts 1997, No. 97-586, p. 1035, §12; Act 2009-159, p. 315, §1)

Troy University Police have complete police authority to apprehend and arrest anyone involved in illegal acts on-campus and areas adjacent to the campus. If minor offenses involving University rules and regulations are committed by a University student, the campus police and security may also refer the individual to the disciplinary division of Student Services.

Major offenses such as rape, murder, aggravated assault, robbery, and auto theft are also reported to the local police and joint investigative efforts with investigators from University Police and the City Police are deployed to solve these serious felony crimes. The prosecution of all criminal offenses, both felony and misdemeanor, are conducted at Municipal Courts and District Courts in the various cities and counties that campuses are located.

Campus Police/security personnel work closely with local, state, and federal police agencies and have direct communication with the City Police Departments. The University Police/Security Departments are also a part of the County 911 Emergency Systems.

By mutual agreement with state and federal agencies, the University Police Departments maintain LETS access (Law Enforcement Tactical Systems). Through this system police personnel can access the National Crime Information Computer system as well as the Alabama Criminal Justice Information Center. These computer databases are used for accessing criminal history data, nationwide police records, driver/vehicle identification information, as well as other local, state and federal law enforcement information.

The University Police/Security Department's jurisdiction extends to any University owned or leased property both on campus and in outlying areas. Some areas are patrolled jointly by both University and City Police. The jurisdiction for the police departments in Troy and Montgomery

is extended to other locations where University functions are being held or where University students may be residing. This is through a mutual agreement with the City Police Departments. Through coordination with local law enforcement agencies, any criminal activity engaged in by students at off-campus locations of student organizations, is monitored and recorded. This information is provided to the Dean of Students for any action or follow-up that may be required.

Campus Law Enforcement

Troy University Police or Security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Troy University. Troy University Police and security officers have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Safety and Security officers do not possess arrest power. Criminal incidents are referred to the campus police or the local police who have jurisdiction on the campus. All crime victims and witnesses are strongly encouraged to immediately report the crime to campus Police or Security Office and/or the appropriate police agency. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics.

Reporting a Crime or Emergency

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to their respective University Police or Security Department in a timely manner.

To report a crime call 911 if it is an emergency or refer to the chart below.

Troy Campus	334/670-3215 (24/7)	
Montgomery Campus	334/241-9500 (day)	334/241-9500 (night)
Dothan Campus	334/983-6556 x313 (day)	334/615-3000 (night)
Phenix City Campus (Riverfront)	334/448-5213 (day)	334/592-3163 (night)

Dispatchers and/or personnel are available at these respective telephone numbers to answer your call. In response to a call, University Police/Security will take the required action, dispatching an officer or asking the victim to report to University Police/Security Department to file an incident report.

All University Police/Security Incident Reports are forwarded to the Dean of Students Office on the respective campus for review and potential action by the Judicial Affairs Officer. University Police Department investigators will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Dean of Student Services Office.

If assistance is required from the City Police Department or City Fire Department, University Police/Security will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, including University Police, will offer the victim any services available both on and off campus to sexual assault and rape victims. Troy University (Troy campus) has a Sexual Assault and Violence Education Counselors on call to assist a victim.

Again, crimes should be reported to the University Police/Security Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

Addressing Counselors (Confidential Reporting Procedures)

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The rule-making committee defines counselors as:

Pastoral Counselor

An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Security Awareness and Crime Prevention Programs

During orientation in June and July, new students are informed of services offered by the University Police and Security Departments. This is done through the distribution of various publications to new students. Students are also told about crime on-campus and in surrounding neighborhoods. Similar information is presented to new employees during the recruitment process.

Safety Awareness and Crime Prevention Programs are offered on the Alabama campuses at the beginning of each semester. The programs are offered on two nights and are open to anyone within the University community. Presenters include the Dean of Student Services, Chief of University Police, Campus Safety Officer, City Police Department representative, City Fire Department Representative and Sexual Assault and Violence Education representative.

Crime Prevention Programs on personal safety and theft prevention are sponsored by University Police Departments and Campus Security Departments through various campus organizations and residence halls throughout the year. University Police personnel facilitate programs for students and student organizations. In addition to these programs, training for Housing and Residence Life Resident Assistants is provided on a variety of educational strategies and tips on how to protect themselves and residents from sexual assault, theft and other crimes.

The Troy campus offers Rape Aggression Defense System (RAD) training through the Police Department as well as an academic credit course. It is a comprehensive course that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. Certified RAD instructors will teach the courses.

Annually, in conjunction with various local and state law enforcement and other safety departments, a Safety Fair is held on the Shackelford Quad on the Troy campus. Information is disseminated on safety awareness from several different agencies to include University Police, City of Troy Police, City of Brundidge Police, Pike County Sheriff’s Department, State of Alabama Troopers, City of Troy Fire Department, Sexual Assault and Violence Education Office, State of Alabama Game Wardens, Care Ambulance Service, State of Alabama Corrections Department, and the Pike County Emergency

Management Agency. Through displays and information disseminated to students, faculty and staff, the campus becomes more safety conscious.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

When time is of the essence, information is released to the university community through security alerts posted prominently throughout campus, through computer memos sent over the university's email system and the campus text messaging system (e2campus).

Criminal Activity Off-Campus

When a Troy University student is involved in an off-campus offense, police/security officers may assist with the investigation in cooperation with local, state, or federal law enforcement. The City Police routinely work and communicate with campus officers on any serious incidents occurring on-campus or in the immediate neighborhood and business areas surrounding campus. Many students live in the neighborhoods surrounding the campuses of Troy University. While the City Police Departments have primary jurisdiction in all areas off campus, University Police/Security officers can and do respond to student-related incidents that occur in close proximity to campus. Troy University Police/Security officers have direct communications with the city police, fire department, and ambulance services to facilitate rapid response in any emergency situation.

Alcoholic Beverage Policy

Troy University recognizes that the use of illicit drugs and the abuse of alcohol interfere with the rights of everyone to a safe and productive educational environment or workplace. Troy University has a legal obligation to maintain a drug-free school and drug-free workplace. Accordingly, Troy complies with and upholds all federal, state, and local laws that regulate or prohibit the possession, use, or distribution of alcohol, prescription drugs not prescribed by medical personnel, and/or illicit drugs. Unless otherwise stated by law, each individual retains responsibility for his or her mental or physical state, even if altered by alcoholic beverages or other drugs. Students, faculty, staff, and employees of Troy, are hereby notified of the University's alcohol policy and are expected to adhere to the guidelines set forth in this policy.

Drug-Free Workplace and Drug-Free School Act*

Drug and alcohol use and abuse are threats to American society. The use of illicit drugs and abuse of alcohol interferes with the rights of everyone to a safe and productive educational environment or workplace. Troy University has both a legal and moral obligation to maintain a drug-free school and drug-free workplace.

The unlawful possession, use, consumption, manufacture, distribution or dispensation of alcohol or controlled substances on Troy University property, in the workplace of any employee of the University, or as any part of any functions or activities by any student or employee of the University is prohibited. In any of the instances above, Troy University will act swiftly to prevent recurrence of such actions.

* The Drug-Free Schools and Communities Act Amendments of 1989 (PL 101-226) and The Drug-Free Workplace Act of 1988 (PL 100-690).

Sexual Assault Prevention and Response

The University educates the student community about sexual assaults and date rape through mandatory freshman orientations each fall. The University Police offers sexual assault education and information programs to University students and employees upon request. Literature on date rape education, risk reduction, and University response is available through the Sexual Assault and Violence Education Office and the University Police Department (Troy campus).

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The University Police/Security Departments strongly advocate that a victim of sexual assault reports the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a University Police/Security Officer and/or to a SAVE Project representative. Filing a police report with a University Police/Security officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a report will

- Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim

- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothes prior to a medical/ legal exam)
- Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention

When a sexual assault victim contacts the Troy University Police Department (Troy campus), a representative from the SAVE Project will also be notified. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the University Conduct Council, or only the latter. A University representative from the Police Department or the SAVE Project will guide the victim through the available options and support the victim in his or her decision. Various counseling options are available both on and off campus.

University disciplinary proceedings are detailed in the student handbook, *The Oracle*. Both the victim and accused will be informed of the outcome of the hearing. A student found guilty of violating the University sexual misconduct policy could be criminally prosecuted in the state courts and may be suspended or expelled from the University for the first offense. Student victims have the option to change their academic and/or on-campus living situations after an alleged sexual assault, if such changes are reasonably available.

Missing Persons

The purpose of this policy is to establish procedures for the university's response to reports of missing University residential students, as required by the Higher Education Opportunity Act of 2008. (Note: Missing University non-residential students are reported to the local law enforcement authorities).

For purposes of this policy, a University residential student may be considered to be a "missing person" if the person's absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare.

Procedures for designation of emergency contact information

A. Residential students age 18 and above and emancipated minors

Students will be given the opportunity during each semester registration process to designate an individual or individuals to be contacted by the university no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed or revoked by the student.

B. Residential students under the age of 18

In the event a student who is not emancipated is determined to be missing pursuant to the procedures set forth below, the university is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below.

Official notification procedures for missing persons

- A. Any individual on campus who has information that a residential student may be a missing person must notify Troy University Police as soon as possible.
- B. Troy University Police will gather all essential information about the residential student from the reporting person and from the student's acquaintances (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the physical

and mental well-being of the student, an up-to-date photograph, class schedule, etc.). Appropriate university staff will be notified to aid in the search for the student.

- C. If the above actions are unsuccessful in locating the student or it is apparent immediately that the student is a missing person (e.g., witnessed abduction), the Troy University Police will contact the appropriate local law enforcement agency to report the student as a missing person and request assistance as needed.
- D. No later than 24 hours after determining that a residential student is missing, the Dean of Students will notify the emergency contact (for students 18 and over) or the parent/guardian (for students under the age of 18) that the student is believed to be missing.

University communications about missing students

In cases involving missing persons, law enforcement personnel are best situated to provide information to the media that is designed to elicit public assistance in the search for a missing person. Therefore, all communications regarding missing students will be handled by law enforcement authorities, who may consult with the Office of University Relations. All inquiries to the university regarding missing students, or information provided to any individual at the university about a missing student, shall be referred to the Troy University Police. Prior to providing the Troy community with any information about a missing student, the Office of University Relations shall consult with the Troy University Police to ensure that communications do not hinder the investigation.

Sex Offender Registry

In accordance to the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Troy University Police Department is providing a link to the Alabama Bureau of Investigation Sex Offender Registry.

This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. In the State of Alabama, convicted sex offenders must register with the Sex Offender Registry maintained by the Alabama Bureau of Investigation.

The Sex Offender Registry is available via Internet pursuant to Title 15 Article 2 Section 15-20-25, Adult Criminal Sex Offender - Community Notification Procedures, of the Code of Alabama. Registry information provided under this section shall be used for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. The Alabama Bureau of Investigation is responsible for maintaining this registry. To access the Sex Offender Registry, go to <http://www.alea.gov> and it can be found under the services tab.

Campus Notification Systems

Troy University notifies students of campus emergencies in a number of ways. Below are the two official means of communication for students.

E2campus

E2campus is the University official text messaging system for communicating with faculty, staff and students in case of a crisis situation. Through this system, the University can swiftly notify university constituents of a number of unexpected events to including:

- Emergency Broadcasts

- Alerts
- Weather Advisories
- School Closing
- Class Cancellations

- Significant Maintenance Events

Only emergency messages are sent out over the E2campus system. People may sign up for the E2campus system by logging on to the sos.troy.edu web page and clicking the link to subscribe. Additional information concerning the E2campus system can be found on the web page above.

sos.troy.edu Website

Information concerning a particular crisis or emergency event is placed on this site simultaneously to a text message being sent out. A person without text messaging capabilities can be logged onto this website to obtain up-to-date information concerning crisis situations. A weather advisory link is placed on the home page that directs persons to this website in case of adverse weather.

Severe Weather Emergency Procedures

Inclement Weather and Emergency Situations:

Both faculty and students are responsible for meeting all assigned classes. In the event of inclement weather, faculty and students will be expected to attend classes as usual as long as they do so without risking peril to themselves or to others. During periods of inclement weather, faculty and students will not be penalized for absences dictated by perilous conditions. In severe cases of inclement weather or other emergency conditions, the Office of the Provost on each campus will announce cancellation of classes through the local and regional media as well as through the university's web sites. During severe weather the following precautions and procedures should be followed.

Thunderstorms and Lightning:

When a thunderstorm threatens, move to a safe area. Areas of safety may be a home, large building, or inside an all-metal (not convertible) vehicle. If outside, and you are unable to reach a safe building or an automobile follow these rules of safety:

- Do not stand underneath a natural lightning rod, such as a tall isolated tree in an open area.
- Avoid projecting above the surrounding landscape.
- Get out of and away from open water.
- Get off and away from motorcycles, scooters, bicycles and put down ball bats and golf clubs.
- Stay away from wire fences, clotheslines, metal pipes, and other metallic paths, which could carry lightning to you from some distance away.
- In open areas, go to a low place such as a ravine or valley.
- If you are isolated in a level field and you feel your hair standing on end-indicating lightning is about to strike – drop to your knees and bend forward putting your hands on your knees. Do not lie flat on the ground.

Tornadoes and Hurricanes:

When a tornado or hurricane warning is given for the immediate vicinity by the Emergency Management Agency, university safety personnel will insure that the following precautions and procedures are taken:

- The residence hall staff and safety personnel will be responsible for verbally notifying all occupants of the buildings.
- Occupants and residents should carry blankets (coats and pillows) and proceed (with the assistance of safety personnel and residence hall staff members) quickly and quietly to interior hallways on the lowest floor of the building and will sit with their backs to the walls.
- At all times occupants and residents should stay away from windows, outside doors and outside walls.
- If a tornado or hurricane approaches, all persons will place their heads down and cover themselves with blankets (coats and pillows).

Safety Tips

Personal Safety Tips

- Walk to your vehicle in pairs or in a group.
- Follow a well-lit pathway or roadway.
- Be aware of your surroundings. Watch for suspicious people or activities.
- When you enter your vehicle, lock all doors and turn on your headlights. This will allow you to see anyone outside in the dark.
- Have your keys in your hand so that you don't have to search for them when you reach your vehicle.
- When you know you will be returning to your vehicle later that night, try to park in a well-lit area of the parking lot.
- Before getting into your vehicle, visually inspect the interior for anything suspicious.
- Report any safety concerns to the University Police Department or the local police department.
- Do not offer rides to strangers.
- If you suspect that someone is following you, drive to the nearest open public place, to the University Police or local police department.
 - University Police will provide a walking escort on campus any time you feel threatened or unsafe.

Car Safety

- Always lock your vehicle no matter how long you will be gone.
- Don't play your radio loud before you park somewhere- it attracts attention, including thieves.
- Don't leave your car unattended in neutral gear. It can roll out of parking space and hit people or cars
- Do not leave items of value in your car, always lock your doors while vehicle is unattended.

Apartment/ Dormitory Safety

- Never let a stranger enter the building, including people who say "parcel delivery", "I forgot my key", or "paper boy". Unless you know them personally, do not let them in the building.
- Never hold the outer door open for strangers when you come in or go out. Tell them to call the person they're visiting or the resident assistant/ property manager. If you're uncomfortable, "hang back" to avoid a confrontation.

Keep the Doors Locked

- Make a habit of locking the door when you come into your apartment or room. A thief can steal your valuables in the time it takes to have a shower. Remember, even if you live above the first level, you could become a victim.
- Always lock your door, windows, and patio doors when you leave, even if you are just going to the laundry room or mailbox.
- Make sure all doors with locks have shut behind you after you come in or out.
- Never prop open the entrance doors and leave them unattended. If you're moving have someone posted at the doors.
- Report any burned out lights, non-functional locks or doors, or broken windows to the residential assistants or property managers.
- Report lost keys to the resident assistant or property manager immediately
- Never put your identification or address on your apartment key or car key rings.
- Never hide spare keys
- If your door doesn't have a deadbolt lock or peephole, it's a good idea to ask the resident assistant or property manager for permission to have them installed.
- Have your keys ready as you approach the door.
- Get to know your neighbors. Then you'll know if someone doesn't belong.

Parking & Traffic

Parking & Traffic Regulations

Parking privileges are provided under established regulations which are designed to facilitate the work of the University. For the safety and convenience of all concerned, the enforcement and administration of regulations governing motor vehicles on campus shall apply to visitors, students, faculty, staff and all others employed on the campus. All student and employee (faculty and staff) permits expire August 1st annually.

All vehicles operated by faculty/staff and students must be properly registered in accordance with these regulations.

Registering your motor vehicle is part of the academic registration process at the beginning of each semester. Current vehicle registration/tag receipt is required. After fall semester registration you must register the vehicle the day you arrive on campus. No one is exempt from getting a parking permit. Registering another person's vehicle is prohibited. Students enrolling in evening, weekend classes and internships must register their vehicles. Visitors are required to obtain a "Visitor Permit" from the University Police Department.

If you are handicapped, under Alabama law your vehicle must have a state-issued handicap decal visible inside the vehicle and registered with the University Police. Students residing at Fraternity Houses, University Apartments, Sorority Hill and any other university property are required to purchase parking permits. Also, students enrolled in evening classes are required to purchase parking permits. All drivers are responsible for obtaining a copy of the current regulations and abiding by them at all times when operating or parking a vehicle on campus.

We do accept Tri-Care Select. We do see students who do not have any insurance. Their services will be billed to their student account which can be paid through Web Express as well. such may result in the student's account being charged for services rendered at the health center. We encourage all students and parents to get familiar with their insurance coverage prior to attending Troy University.

Troy University

Troy Campus (Dining Dollars or Commuter Plus Plan). By using your Trojan ID Card at participating locations on campus, your account is simply debited for the purchased amount.

The guiding principle for allowing non-official business to be conducted on the campus is that doing so will benefit University students. Any vendor who wishes to conduct or solicit business on the grounds must first obtain written permission and sign a release of

liability. Such requests will be handled through the office of the Associate Dean of Students, Malone Hall, Room 100. The University reserves the right to limit the number of vendors or events at any given time.

Student Organizations and Activities

Student Involvement and Leadership

Involvement in campus organizations and activities is an important part of a student's experience at Troy University. Students find that one of the best ways to become involved in campus life is through joining a campus organization. Students who join campus organizations develop their leadership skills, meet other students who share similar interests and goals, and develop lifelong friendships. Students involved with campus organizations made a great deal of difference in the lives of many people. Troy University encourages every student to join a campus organization. For more information, the Student Involvement and Leadership Office is located in room 215 of the Trojan Center, or call 334-670-3204.

Leadership Scholars are required to work three hours per week for the university. Freshmen and sophomore Leadership Scholars are assigned to faculty or staff mentors. These mentors help guide their Leadership Scholars through their first year. Each semester, the Leadership Scholars have an outstanding speaker address them. The junior and senior years the Leadership Scholars serve the university in others ways. For more information, e-mail Barbara Patterson, Director of Student Involvement at bpatters@troy.edu.

Policies Pertaining Primarily to Student Organizations

Administration of Student Organizations (General Policy)

When groups of students wish to have a continuous association, intended to last beyond the term of those immediately involved, causing them to congregate for activities on the campus, requiring from time to time the use of university facilities, and advertising them to the general public as a group centered on the campus, it is proper that they be required to register with the university. All registered associations should be accorded the same privileges and bound by the same obligations. No student organization may carry on any activity on university-controlled property unless it has been registered under the procedures herein outlined.

Registration of New Organizations

A group of students wishing to register an organization at Troy University must file the documents listed below with the Office of Student Involvement and Leadership (Troy) or the Student Services Office on other campuses. Those students wishing to form a social Greek organization should request from the Interfraternity Council, Panhellenic Council, or NPHC Council, Trojan Center 215, ext. 3204.

- A completed "Student Organization Application for Registration" listing the organization name, mailing address, and purpose; the name, signature, ID#, address and telephone number of the President, and two other officers; the name, signature, title, campus address and campus telephone number of a full-time faculty or staff member indicating his or her willingness to serve as an advisor to the organization. Signatures of the officers and advisor indicate the group's willingness to abide by the university's policies outlined in the Oracle and the Student Organization Handbook.
- The signatures of at least ten university students interested in organizational membership.
- A copy of the organization's constitution and by-laws. The required format is available in the Office of Student Involvement and Leadership (Troy). The constitution must be recognized by the Student Government Association Senate.
- If registration is denied by the Office of Student Involvement (Troy)/Student Services Office (other campuses) or the group's constitution is not recognized by the Student Government Association, the designated president and advisor or the applying organization shall be notified of the decision in writing. The applying organization may appeal in writing to the Dean of Student Services within ten university working days from the date of the denial letter. The decision of the Dean is final.

- Registration of an organization results from compliance with these regulations; it does not imply university endorsement of the organization or its activities.

Conditions for Maintaining Registration

Each organization wishing to maintain registration with the university must have on file by the fifth week of Fall semester a “Student Organization Application for Registration.” Registration will be suspended until such time a completed form is received. Notification of subsequent changes in officers by the organization shall be filed in the Office of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses) when such changes occur. Any change or amendment affecting the nature of purpose of the organization as originally approved must also be approved by the Office of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses).

Suspension of Registration Through Inactivity

Registration may be suspended by the Director of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses) subject to appeal to the Dean of Student Services:

- When an organization fails to file a “Student Organization Application for Registration” by the fifth week of each semester or
- When the organization does not actively promote the ends and purposes specified in its constitution, as evidenced by membership, meetings, and other activities.

Ten members will be regarded as a normal minimum, and an organization may be expected to show cause as to why it should not be suspended when its membership falls below ten. Registered student organizations are expected to comply when requested by the Director of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses) to provide a brief report on their year’s activity.

An organization suspended through inactivity may be reactivated by application to the Director of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses) subject to appeal to the Dean of Student Services, by a group following the registration procedures.

Suspension of Registration of Cause

Registered student organizations are expected to conduct their activities in accordance with their constitutions, and with the procedures and limits set forth in University “Standards of Conduct” and other policies referred to in this handbook. Any organization which ignores the procedure or exceeds the limits stated herein shall be officially warned by the Director of Student Involvement and Leadership (Troy) or the Student Services Office (other campuses). If repeated or flagrant violations occur following such warning, registration of the organization may be suspended by the Director of Student Involvement and Leadership or the Student Services Office (other campuses). A suspended organization may not hold meetings on the campus, or otherwise request the privileges of a registered organization. Recognition may be restored to a suspended organization by action of the Director of Student Involvement (Troy) or the Student Services Office (other campuses). After suspension for a period of four years, a group may petition for re-establishment in order to register the organization.

Faculty Advisors: Eligibility and Role

All student organizations must have one or more qualified faculty advisors. When the membership reaches 25 or more, the organizations may wish to obtain an additional faculty advisor.

Any faculty member with at least one year’s experience at Troy University may serve as faculty advisor to a student organization. The Director of Student Involvement and Leadership (Troy) or Student

Services Office (other campuses) must be advised and approve of any changes in faculty advisors. A faculty member who agrees to the request of a student organization to serve as its faculty advisor accepts thereby responsibility for encouraging the organization in its purpose and activities, within the limits of the university policy.

Additionally, the Trojans have won four straight bowl games— 2010 New Orleans Bowl, 2016 Dollar General Bowl, 2017 New Orleans Bowl, and 2018 Dollar General Bowl. Troy won its Sun Belt-record sixth football conference championship in 2017 and finished as Sun Belt East Co-Champions in 2018.

Under first-year head coach Jon Sumrall, the football program made history in 2022 earning a No. 19 ranking in the final Associated Press Poll after winning a program-record 12 games, including the Sun Belt Championship and Cure Bowl.

Success on the field is not only limited to the Troy football team, as the Trojans have been widely successful across all its athletics programs.

The Troy baseball team captured conference titles in 2005, 2006, and 2013 and advanced to the Division Regional Tournament in '95, '96, '06, '07, '11, '13 (where Troy beat the University of Alabama not once, but twice) and '18. Troy's softball team won the conference championship, defeated the Ohio Valley Conference champions in a play-in, and advanced to post-season play in 1996, the first softball team from the state of Alabama ever to do so. Troy returned to the NCAA Tournament in 2021, receiving the program's first-ever at-large bid in the process and capturing the program's first-ever NCAA Tournament victory.

Further, the men's basketball team dominated the Atlantic Sun Conference by capturing the regular season conference championships in 2000, 2002, 2003, 2004 and were back on top in the Sun Belt Conference in 2010. "March Madness" invaded Troy in 2003 and 2017 when the Trojans won the Atlantic Sun and Sun Belt Conference Tournaments and advanced to participate in the NCAA Basketball Tournament. The Trojans also competed in the National Invitation Tournament (NIT) in 2004 and in the College Basketball Invitational (CBI) Tournament in 2009 and 2022. Under current head coach Scott Cross, Troy is the only Sun Belt team to win 20-plus games overall and 10 Sun Belt games in back-to-back seasons.

The Troy women's team has turned into a dynasty in the Sun Belt Conference, winning the league title in five of the last seven years and advancing to three NCAA since 2016. In 2016 the women's basketball team won the Sun Belt Conference Tournament and participated in the NCAA Tournament facing the Oregon State Beavers. In 2017 the Trojans won the Sun Belt Conference Tournament again and participated in the NCAA Tournament competing against Mississippi State. Troy won the Sun Belt regular season crown in 2020 but was unable to participate in the NCAA Tournament as it was canceled due to COVID-19, but the Trojans made their return in 2021 after winning the Sun Belt Tournament and nearly shocked the world as their upset bid over No. 2 Texas A&M came up just short.

The Troy women's golf team also built a mini-dynasty in the Sun Belt Conference, winning the league title three times over a four-year period in 2014, 2015 and 2017. On the other side of the links, the men's golf team made three straight NCAA Regional appearances from 2015 to 2017.

University athletic teams have a history of success at every level. In all, Troy has won 11 NCAA National Championships in four different sports. The 1968 football team earned notoriety by winning the NAIA national championship with a wide-open passing attack that was years ahead of its time. The men's golf team won NCAA Division I national crowns in 1976, 1977, and 1984, while the Lady Trojan golfers were national champions in 1984, 1986, and 1989. In addition, the football team won Division I championships in 1984 and 1987, and the baseball team won the 1986 and 1987 Division I National Championship.

Troy University's athletic facilities are among the finest in the nation. The Tine Davis Field House is home to the administrative staff. It features a newly renovated 140 seat auditorium (the Elizabeth Mills Rane Football Team Room) and the Ben F. Beard Executive Conference Room.

The Troy football program moved into the state-of-the-art North End Zone Football Facility in the fall of 2018. The three-storied facility is more than 70,000 square feet includes a 35-by-90-foot video board, 400 additional club seats, coaches offices, weight room, locker room, and multiple player lounges.

Adjacent to the Davis Field House is Veterans Memorial Stadium, which includes the Douglas Hawkins Press Box, home to a 10,000 square foot strength and conditioning center, athletic training center, and Student-Athlete Academic Support Center as well as a Stadium Club and 29 private suites for fans to enjoy home football games.

Next to Veterans Memorial Stadium is the newly renovated Riddle-Pace Field, home of the Trojans baseball team. The facility includes the Lott Baseball Complex, which houses the locker room, meeting rooms, nutrition areas and covered practice facilities. The recent stadium renovations added chairback seating throughout the facility, the addition of an RBI Club down the first base line and coaches offices down the third base line.

Other nearby facilities include the Golf Practice Facility and Clubhouse (2015), Troy Softball Complex (2014) and Lunsford Soccer & Track complex. Also, the Lunsford Tennis Complex was completed in the fall of 2001, doubling the number of courts available to TROY students and the Troy community.

Additionally, construction was completed in 2012 on a state-of-the-art multi-purpose Trojan arena, which is home to the men's basketball, women's basketball and volleyball programs. The facility is located directly behind the Tine Davis Fieldhouse adjacent to the track/soccer complex. On its inaugural night, the men's basketball program initiated the first win in Trojan Arena, beating SEC opponent, Mississippi State, 56-53.

Many student organizations use the word recruitment to refer to the time they select new members. We hope that you will consider being a part of a student organization on campus. If you decide to “rush” a fraternity or sorority here is some basic information you need to know:

Fraternity Recruitment: Men’s Recruitment is the first three days of fall semester and the first three days of spring semester. You will see posters placed all over campus which will give you the times and places of the parties. No alcohol is allowed during fraternity recruitment.

Sorority Recruitment: Membership Recruitment is a series of parties hosted for you so the sororities can get to know you and you can get to know the sororities. Sorority membership recruitment is a mutual selection process. The Panhellenic Council will send you a membership recruitment booklet during the summer announcing the dates.

NPHC Recruitment: The traditional African American Greek organizations host recruitment during the school year. This process is commonly referred to as “new membership intake”.

Look for posters announcing these recruitment events.

Safety is very important to the Residence Life Staff and therefore will be taken seriously when

violations occur. The Residence Life Staff are willing and eager to assist students as they adjust to living away from home and other issues that arise for students, and serve as role models and mentors for other students. The goal of the Residence Life Staff is to guide students in making decisions that will benefit

them throughout their college and professional careers. We look forward to making new friends with students and parents as we grow and learn together.

Bicycles

Non-motorized bicycles are permitted in student rooms, but may not be ridden or stored in hallways, stairwells, or any other areas in the hall itself. Bicycles left unattended anywhere in the halls other than the student's rooms should be turned over to the University Police

(670-1999). Motorcycles and similar vehicles are not permitted in the residence halls. Small riding scooters should not be ridden inside residence halls, but may be pushed to the resident's room to store. They are not allowed to be left in hallways or stairwells.

Bicycle/motorcycle racks are available adjacent to each residence hall. Residents should be encouraged to take their bicycles home with them during breaks to prevent the possibility of theft. Additionally, residents should take other precautions against theft, such as registering their bicycles with the University Police through Operation I.D. (670-1999).

Cancellation Policy

Cancellation Prior to the Start of a Semester:

Cancellations must be made in writing to the Housing Office and postmarked by the cancellation deadline to avoid late cancellation fees. There is a cancellation form available online for this purpose through the Housing Self-Service Portal. The academic year housing contract becomes binding after the cancellation period has passed. Persons enrolled at the university will be held to the terms of the contract if written cancellation is not received prior to the day before classes begin for that term. New students who have applied for spring semester must submit written cancellation before the deadline noted on their electronic assignment letter. New students canceling after the deadline will be held to the terms of the contract if enrolled.

Cancellation After the Start of the Semester:

The contract may be terminated after the start of a semester for the following reasons: withdrawal, marriage, fulfillment of academic programs requiring a student to move out of the area (e.g., student teaching), graduate, or circumstances that are determined by the university to be beyond the student's control. Notification must be submitted in writing to the Housing & Residence Life Office prior to the cancellation deadline, and documentary evidence will be required to show cause for cancellation. Housing does not release students who have decreased their class load from full-to part-time status, or for failure to have read this contract completely, or for pre-existing medical conditions.

Check-In

Check-in dates for each semester are available on the assignment letter, housing website and sent to residence hall students Troy Email. All students must check-in to their room by the deadline listed or notify the Housing Office via email if there is a need to check in late in order to hold the room and/or avoid loss of room or a late check in fee.

Check-Out

Each semester the Housing Office will provide information to the students regarding check-out instructions. All students that are not graduating should plan to vacate their room within 2 hours after their exams end for non-graduates. Non-graduating students should be out by Wednesday before graduation and graduating seniors may remain until 2:00 p.m. on graduation day. Students will be required to sign up for an appointment time with their Resident Assistant to inspect their room for cleanliness and damages and should return the room key and sign all check out paperwork before leaving. Students that fail to follow correct check-out procedure will be subject to applicable fines. All rooms must be swept, mopped or vacuumed. Bathrooms in suite-style rooms must be cleaned including toilets, showers, mirrors, floors, and sinks. Micro-fridge units or refrigerators must be

defrosted and cleaned thoroughly on the inside and emptied of any contents. Stove ovens and burners must be properly cleaned as well as any hood/fan units above stove. Desk areas, window sills and storage areas must be wiped or dusted. Students who have questions regarding check-out procedures should contact their Resident Assistant, or the Housing Office located in Shackelford Hall.

Collective Damages

If damages to a room or hall area occur and the person(s) responsible cannot be determined, all residents of the room or area may be fined collectively. Anyone wishing to report damages may see their Resident Assistant or Housing Office if they have direct knowledge of vandalisms or accidental damage.

Commuter Policy

Students under the age of 19 are required to either reside on campus or may commute from home provided they live within a 60 mile radius of Troy, AL. Students desiring to commute from home must complete the Off Campus Form which may be found on the Housing website. Students who are over 19, married or the parent of a dependent child may also be cleared to reside off campus. Students must declare either on or off campus status and be cleared by Housing in order to register for classes their first semester.

Contractual Obligation

The housing application/contract is for an academic year. By definition an academic year is stated as being the fall and spring semesters. If a student withdraws but later returns and registers for classes during the semester for which he withdraws, the student will be required to complete the on-campus contractual obligation. For more information refer to the housing contract which is available on the website. The signed contract becomes a legally binding document between the university and the signee for both the fall and spring semesters, or the balance of time remaining at the time of assignment. The residence hall application and contract are for accommodations in a residence hall and do not guarantee specific hall or roommate preferences. Residents must be enrolled to live on campus and are responsible for knowing and abiding by the rules and regulations contained in this contract, the University Policy Website and the [Oracle](#).

A. Occupancy

This contract is personal and may not be assigned or transferred to another person. The space may not be sublet. The resident agrees not to allow any persons other than the assigned roommate to live in the residence hall room or suite. Violation of this restriction is considered serious and may result in fines, eviction from the residence halls, or expulsion from the university. The period of occupancy begins upon receipt of a room key by the resident and will terminate within 24 hours after his/her last class or examination.

B. Housing Fee

The contract binds a student to pay housing rental fees according to the university payment schedule for one academic year. The rental fee is billed per semester and is subject to final approval by the Board of Trustees.

Cooking

Kitchens are provided in some residence halls for student use. Students are reminded to use extreme caution when cooking. Cleanliness is also essential due to sanitation concerns (odors, ants, roaches, rodents, etc.). When several people share a kitchen, students will be held responsible for any damages or excessive clean-up charges resulting from cooking in the residence halls. See also "Appliances"

Damages

The Housing and Residence Life Office holds each resident financially responsible for the condition of their assigned room and for all the furnishings which are assigned to their room. The office holds each resident financially responsible for their share of the expense of replacing or repairing any property in common areas (such as hallways, studies, lobbies, etc.) when such losses or damages are determined to be above and beyond normal wear and tear.

The housing office, at its sole discretion, will determine the charges for damages and cleaning. Repairs or replacement of items may not be done by residents. The office will place the charges on the student's account.

Any damages that have occurred during the course of the academic year need to be reported as they occur. All work orders that are turned in bring about an investigation of the circumstances surrounding the work order. All legitimate work order requests (items that are a result of normal expected wear and tear) will be forwarded for completion while others will result in a charge to the student(s) responsible for them. Your assistance in identifying the individual(s) responsible may be requested. If student(s) responsible cannot be identified, the damage will be billed to the entire floor/wing/building. It is to your advantage to report malicious damage as it occurs to avoid the entire floor/wing/building from assuming the responsibility for damage.

Residence Hall Rooms

The efforts to individualize student rooms is encouraged, however we must ensure that any decorating or construction does not create any safety or fire hazards, make periodic maintenance impossible, or cause damage to the residence halls. The resident will be held responsible for any damages to a room with the exception of normal wear and tear. In view of these facts, all residents must ensure that the following conditions are met when decorating rooms. Residents will be required to change the design of all structures and decorations which do not meet standards set by the Housing and Residence Life Office and/or any judgments rendered by the Fire Marshall of the State of Alabama. If these required changes are not made, the Housing and Residence Life Office reserves the right to remove all construction from the room. Residence Life staff will make periodic checks. Residents are not allowed to paint their rooms or change the color of the room without direct permission from the Housing Office.

A. General Requirements

- No holes should be placed in the walls or any furnishings belonging to the University. The use of non-approved tape or adhesive is also prohibited.
- If command strips are used and damage results the resident will be held responsible for damage to the wall which usually consists of having the surface puttied, sanded and painted and in some instances the entire wall must be painted to match. If this is the case the cost to repaint the entire area is assessed.
- When necessary to place something on a painted surface, a good grade of masking tape will normally not result in damage to a painted surface as long as the masking tape is carefully removed. No stickers other than the University inventory numbers are to be placed on room doors, furniture and glass surfaces. Contact paper, stickers or other objects may not be affixed to the metal cabinets or other surfaces or furnishings in the room.
- Electrical accessories must be UL approved. Electrical devices will not be spliced into existing wires.
- Any mess made in public decorating projects will be the student's responsibility to clean up. Excessive piles of lumber or other construction materials in hallways are prohibited. Failure to properly clean-up will result in the students being assessed a clean-up charge.
- When the students move out of a room, it must be returned to the original condition at check in. All construction must be removed by the residents one week prior to the first day of final examinations of the student's last semester of the regular school year. Residents may not leave the construction erected over the summer semester. Any damage to the room will be the resident's responsibility.
- All residents of the room must agree to any decorations or construction.
- All carpets are to be of the fire-retardant Class A or B.

- All drapes are to be made of fire-retardant fabric.
 - No candles or other open flames are prohibited.

B. Holiday Decorations

- No candles or other open flame may be used.
- No live (natural) trees are allowed in student rooms. Metal, artificial trees may not be wired with tree lights.
- All lights or other electrically operated decorations must be in good condition, carry an Underwriter's Laboratory (UL) Certification, and be approved by the Community Director or the Assistant Director of Housing and Residence Life.
- Student room doors and windows may be decorated as long as the decorations do not deface or damage property or create a fire hazard. Any materials that are difficult to remove or will result in damage upon removal are forbidden. Any materials placed on these surfaces must be in good taste and in compliance with University Policy.
- All trees and other decorations are to be taken down and removed from the premises by students prior to the closing of the halls for the holiday break.

Public Areas

Residence hall entrance doors, doors and windows in other public areas may be decorated as long as the decorations do not deface or damage property or create a fire hazard. No decorations may hinder the use of or restrict access to hallways, doorways, stairs, corridors, or fire related equipment. Decorations violating this policy may be removed by the hall staff. Decorations in any public area of a residence hall must receive the approval of the Housing Office Administration.

Homecoming Decorations

Residence halls may prepare decorations and displays in celebration of "Homecoming". Prior to the construction and erection of homecoming displays, the following procedures will be followed:

- The Housing Office must be contacted prior to decorations being displayed.
- In addition to submitting plans for decorations for approval, the sponsoring group must also present plans for restoring the area after the homecoming weekend. Sponsoring groups will be responsible for removing displays not later than the Monday following homecoming weekend.

Drugs

Unlawful manufacture, sale, delivery, use or possession of any drugs or drug paraphernalia defined as illegal under local, state, federal, or University guidelines is prohibited. Prescription medication and vitamins should be stored in the original bottle with the resident's name on it.

Emergency Equipment

Malicious or unwarranted tampering with or damage to fire safety equipment belonging to the University is prohibited. This includes but is not limited to: fire alarm equipment, smoke detectors, fire extinguishers, exit signs and locking devices.

Escort Policy

All non-residents must be escorted by a resident of the hall to and from the main lobby and any- where in the building 24 hours a day. All residents have the responsibility for informing guests of the escort and visitation policies.

Firearms

See Firearms Policy on Page 57

Fire Drills

A Fire Drill will be conducted at each resident hall near the beginning of each semester. The drill may or may not be announced. Students present in the building when the fire alarm sounds should exit the building and go to the designated area for evacuation for their building or quad area.

Students who fail to exit the building may be subject to a fine or judicial action. Students should always exit the building whenever the fire alarm sounds and should take the matter seriously for safety's sake.

Furniture

Each student room is provided with certain items of furniture. Students may not move additional items into their rooms from public areas of the halls or from other student rooms; neither may they remove items from their rooms that are furnished by the University without prior approval of the Housing Office. Resident Assistants are to check rooms as assigned by the Director to ensure that furniture is not missing or damaged and that residents have not moved furniture from the public areas to their rooms.

Gambling

Gambling in any form is prohibited in and around all residence halls.

Guests

Residents are responsible for their guest's conduct in the residence hall, including any financial charges resulting from damages or clean-up caused by the guests. A guest is anyone not assigned to the room they are visiting.

Overnight guest policy:

Student guests may be housed in student rooms provided the following conditions are met:

- Resident completes the overnight guest form at least 24 hours prior to their guest arriving. Forms can be received from the Housing Office or with the RA Staff.
- The guest is of the same sex/gender as the occupant and is the occupant's relative or personal friend.
- There is a bed available for each person staying overnight in the resident's room. The guest's stay does not exceed two consecutive nights; situations requiring additional nights, stay must be approved by the Housing Director.
- The resident obtains permission from their roommate for the guest to use his or her bed.
- The guest must follow Troy University guidelines while on campus.

Harassment

Discrimination, and harassment on the basis of, exclusion, abusive or insensitive language, or any other manifestation of bigotry with respect to race, ethnicity, gender, religious affiliation, physical or mental ability, age, or sexual orientation are unacceptable and will not be tolerated. Harassment is defined as conduct that is so severe, pervasive, and objectively offensive that the individual is effectively denied equal access to institutional resources and opportunities. Any such acts will be dealt with as a serious violation of housing policy.

Hazing

Troy University does not condone hazing in any form. Hazing is defined as any intentional, negligent or reckless action, activity or situation which causes another pain, embarrassment, ridicule or harassment, regardless of the individual's willingness to participate. Such actions and situations include, but are not limited to the following:

- Forcing or requiring the drinking of alcohol or any other substance

- Forcing or requiring the eating of food or any other substance
- Calisthenics (push-ups, sit-ups, jogging, runs, etc.)
- “Treeing”
- Paddling
- Line-ups
- Theft of any property
- Road trips
- Scavenger hunts
- Permitting less than six (6) continuous hours of sleep per night
- Conducting activities which do not allow adequate time for study
- Nudity at any time
- Running person errands of the members (driving them to class, cleaning their individual rooms, serving meals, etc.)
- Forcing or requiring the violation of University, Federal, State, or local law.

Housing Reservations

- A. Reservations for new students - Advance housing reservations for the academic year are made once an applicant has been admitted to the university, completed a residence hall application and submitted the non-refundable \$100 application fee.
- B. Reservations for continuing students - Currently enrolled students residing in residence for fall will keep the same room the spring semester. Residents desiring to move to another room will complete the move request form during a select time frame that is emailed to students from the Housing Office.
- C. Next academic year room reservations - Students currently residing in on-campus housing during spring semester will be given the opportunity be placed on a Wait-List for the next academic year. Specific instructions will be given to students regarding this process. Priority will be given to entering freshman under the age of 19.
- D. Housing reserves the right to re-locate a student based on condition of the room, disciplinary issues or to best accommodate the needs of students or for safety and security purposes.
- E. Assignment Priority - Room assignments are based upon the date the housing application/contract and non-refundable \$100 fee are received in the Housing Office. No specific room assignment based solely upon a resident’s request is guaranteed or implied. Signing the Housing Contract does not guarantee housing if all spaces are filled in the residence halls prior to the time a student’s application is completed. If housing demand exceeds room-assignment capacity the University reserves the right to use designated temporary room assignments pending assignment/relocation to a permanent living space.

Inspections

A safety and cleanliness inspection will be conducted twice a month in all residence halls. Students will be expected to keep the trash taken out in a routine manner. Trash should not be allowed to accumulate but should be removed daily or as necessary to keep rooms clean and sanitary. Bathrooms, including showers, tubs, toilets, floors and sink areas should be cleaned weekly for sanitary purposes. Floors should be swept, mopped or vacuumed. A resident whose room does not pass inspection may be given 24 hours to clean the room as outlined by the Resident Assistant or will be fined accordingly. Candles, incense and any item that presents a fire and safety hazard are not allowed. Repeat offenders may receive increased fines and/or removal from the residence hall.

Lock Outs

Students should keep their key with them when leaving their room. The first time a student is locked-out for forgetting or losing their key; will not be fined. Subsequent or frequent lockouts due to negligence of the student will result in a small charge to unlock the door each time a lockout occurs.

Loss or Damage

The University is not responsible for loss or damage to the personal property of occupants. Each resident is urged to provide security of their own belongings by locking rooms and carrying personal property insurance. Parents should check their homeowner's policy to make sure that their student's belongings are included in their policy. This type of insurance is available through a private insurance company for which the Housing and Residence Life Office provides a brochure to the residents. Thefts should be reported to the University Police and the RA Staff.

Lounges

Staff should monitor the use and/or abuse of the lounge facilities. Students are reminded that it is not the housekeeping staff's job to clean up unnecessary messes or to have to rearrange furniture every morning.

Lounge furniture is provided for all students to use. Any lounge or other unauthorized furniture found in a student's room should be returned to its' original location and recorded on an incident report. Students who move furniture from its' original location are subject to a \$50.00 fine (first offense).

Mattress Covers

Mattress covers are recommended but not required.

Noise

Sound carries easily throughout the residence halls. Voices, stereos, televisions, bouncing balls and exercise equipment in rooms can often be heard in other rooms on residence floors above and below residents. Remember that while residents have rights to listen to music of their choice, other residents have the right to sleep, study or listen to music of their choice without disturbance. Residents may be asked by other residents or staff to adjust the noise level in their room to reduce the disturbance of others around them. They must be considerate and flexible. Yelling, playing loud music, etc., out of windows is strictly prohibited. The playing of musical instruments is prohibited within the living area. (See Quiet Hour Policy)

Open Flame

Open flames or candles are prohibited at all time in all places in the residence halls.

Personal Property

The University is not responsible for lost or stolen property. Students are encouraged to document serial numbers and other means of identification for their personal property. Students may wish to take out rental insurance that will cover lost, stolen or damaged property. Students should always lock their rooms any time they leave the room and should keep the key with them at all times. Students are not encouraged to keep large amounts of cash or expensive valuables in their rooms.

Personal Safety

The University does all within its power to assure that the residence halls are safe, secure places to live. We recognize, however, that sometimes crimes do occur. Most problems are petty thefts, which occur when students fail to lock their room door. Encourage residents to lock doors at all times.

Warn them against propping or tampering with exterior doors. They are not only endangering themselves, but all residents in the building.

Pets and Animals on Campus

See Policy on Page 29

Private Rooms

Each semester the Housing Office receives numerous requests for private or single rooms. The Housing Office will not be able to honor all requests as space is not always available.

Documented medical needs will be given first priority and then requests will be reviewed as space permits. Double Occupancy Suite style rooms that are granted as private rooms will be billed at double the room rate. Rooms designated as Singles are designed for only one resident and will be billed on the rental scale for that building. Students who sign a Request for Private Room and are granted a private room will be billed accordingly. Parents and students should discuss this in advance of the student signing the form.

Quiet Hours

Quiet hours provide a structure to achieve a balance between quiet and privacy. During quiet hours, noise that can be heard one door away from the source is too loud. Quiet hours will be observed during the following times:

- 7:00 p.m. to 7:00 a.m. with the exception of Friday and Saturday. On those days, Quiet Hours begin at 12:00 a.m. and end at 10:00 a.m. the following morning. While some areas are designated as 24 hour Quiet/Study Halls, other living units may vote to increase the number of quiet hours if they so choose.
- Modified Quiet Hours will be in effect at all other times. During Modified Quiet Hours, noise should not be heard more than three (3) doors from the source. At any time a resident's right to a quieter environment should be honored.

Removal from Housing

A student who is deemed to be disruptive or a dangerous presence to other residents in the University housing system may be suspended indefinitely from university housing.

Responsibility for Student Property

Although precautions are taken to maintain adequate security, the University cannot assume the responsibility for the loss of or damage to student possessions. Students or their parents are encouraged to carry appropriate insurance to cover such losses. Theft/damage insurance is available to residents through a private insurance company. The Housing and Residence Life Office has brochures concerning this program. Each resident should be encouraged to provide for the security of their belongings by locking their doors. Any thefts should be reported to the University Police and the Housing Officer.

Room Care

A good standard of room cleanliness is required of all residents. Beds must be made, room swept or vacuumed, and waste baskets emptied as needed. Possessions are to be kept in order. Room inspections will be done approximately twice per month. Staff should knock on the door and ask the resident to enter to complete the room inspection. In the absence of the resident, staff can enter the room but should only do a visual inspection from the doorway. Residents whose rooms are rated "poor" will be given a reprimand and asked to clean their room. It is the responsibility of the RA to follow-up on this matter and ensure the room has been brought up to a satisfactory and sanitary condition.

Room Condition

Students are expected to keep residence rooms in a reasonably clean and sanitary condition. Rooms will be inspected twice monthly to ensure that health and sanitary conditions are being met. Students may be instructed by their Resident Assistant that they should clean their room or take out trash to avoid fines. Residents should comply with the request of the R.A. in a timely

manner to avoid fines, but more importantly to maintain a safe and clean learning environment on the hall.

Room Entry and Unauthorized Entry

The University reserves the right to enter student rooms for purposes of safety, improvements, routine maintenance inspections, cleanliness inspections, or to control rooms in the event of an epidemic or emergency which jeopardizes the well-being of the occupant or other students in the hall. Residence Hall staff members should try to do room inspections in the presence of the resident or another staff member. If this is not possible, a door hanger should be left indicating the room has been inspected.

Room Searches

If deemed necessary and advisable for the safety, security, and maintenance of an educational atmosphere, a room may be searched. Searches will be conducted only in accordance with the preceding statement or if there is reasonable cause to believe that a student(s) is using his/her room for a purpose in violation of federal, state or local laws, or University regulations. Any room search, except one conducted by law enforcement officers with a duly issued search warrant, must be approved by the Senior Vice Chancellor for Student Services/Administration, the Dean of Student Services, or the Assistant Director of Housing as the case may be.

Sales and Solicitation

Sales and solicitations in the residence halls/apartments are prohibited. University related sales must be approved by the Assistant Director of Housing and Residence Life prior to the sale beginning.

Severe Weather

Troy University has a free notification system referred to as SOS. Students and parents may sign up for this free email, cell phone or computer notification system that will automatically send a message notifying student of severe weather or other threatening situations. All students are highly encouraged to sign up for this free service. Information is available on the Troy website. Students living in residence or in class attendance on campus are expected to follow directions given to them by an R.A. or other designated personnel. Students will evacuate to the lowest level or safest area of the building away from glass and should be prepared to stay until the all clear is issued.

Signs

Possession of state, federal, local or miscellaneous signs illegally obtained is prohibited in the residence halls. Residents must be able to prove they purchased the sign(s) legally.

Smoke Detectors and Sprinklers

Smoke detectors should not be covered or tampered with to avoid malfunctioning of the system and to avoid fines. Smoke detectors that beep may need a battery change or may need to be checked by an authorized repairman. Mal-functioning units should be reported immediately to your Resident Assistant or Housing Officer. Students should not attempt to repair or disarm detectors themselves. Nothing should ever be hung from a sprinkler head as this may cause immediate activation of the system leading to flooding and water damage. Damages that result from misuse of a sprinkler will result in the responsible party being billed for all damages.

Storage

Storage is not provided by the Housing Office.

Students' Rights and Responsibilities

As students at this university, residents are guaranteed all of the rights, privileges, and freedoms granted to every United States citizen. However, with these rights come responsibilities. The

Troy University

University is not a place where students can escape the responsibilities imposed by law upon all citizens. As students at Troy University, residents are expected to abide by all Federal, State, and local laws. Alleged violations of these laws will be referred to the appropriate court of police authority. Violations of these laws may also lead to disciplinary actions by Troy University. When students enroll at Troy University they assume special responsibility for the University's conduct regulations. They were not made to deny any of the rights guaranteed previously; rather they were adopted to ensure that this university is able to maintain an atmosphere conducive to learning and growth.

The University Standards of Conduct are explained in The Oracle. It is the student's responsibility to know these regulations.

Thefts

All thefts should be reported to the University Police Department (670-3215) as well as your Resident Assistant. A Police Report and a Resident Incident Form is to be completed on all thefts (student thefts, University property, etc.).

Tobacco Policy

Troy University is a tobacco free campus along with the residence halls. Please see the Tobacco Free Policy in the Oracle.

Trash

Occasionally, situations created by the residents occur which create excessive trash or mess in the residence hall. Unfortunately, some residents take the attitude that cleaning up after such incidents is the housekeeping staff's responsibility or "that's what they get paid to do". This simply is not the case. All trash must be taken to the appropriate receptacle provided for each building. When trash is left in public areas (lounges, halls, and restrooms), the staff member should first attempt to determine the individual(s) responsible. If identified, staff should contact the individual(s) and request that the problem be corrected. If the student is not cooperative and fails to remove the trash or clean up the mess, an incident report should be filed and the resident should be assessed the \$50.00 fine. If trash cannot be traced, the fee may be assessed against all residents of the hall or building, as the case may be. Public waste cans in buildings or outside buildings are not intended for room trash. These waste cans are intended for small items such as a soda can or water bottle. Room/personal trash should be taken to the dumpster. It is not housekeeping's responsibility to take your personal trash out.

Vacation Periods

Residence halls are closed between semesters. Only those students who have been approved to stay in the halls during an interim period may remain after the hall is closed. Students requiring housing during an interim period should come by the Housing and Residence Life Office prior to the period and make application. Students not approved to stay cannot re-enter the building during breaks without permission from the Housing and Residence Life Office. Students may be asked to take their person possessions home if work is being done in the residence halls and are encouraged to do so between long breaks. Students not attending summer semester must remove all personal possessions from their room regardless of the fact that they may be returning to the same room in the fall. The University cannot be responsible for lost or stolen property left in the residence halls during the interim periods and school breaks.

Vandalism of Safety Equipment

Persons who vandalize safety equipment such as fire extinguishers, or pull fire alarms as a prank will face judicial action and are subject to all fines established by the law. Prank pulling of a fire alarm will result in a \$500 fine and if the building is occupied by anyone with a disability is subject to judicial action and may result in prosecution by the State Fire Inspector.

Videotape Guidelines

Due to the copyright laws, Troy University residence halls will not be able to show videos in lounges or public areas without specific authorization from the owner of the copyright. The U.S. Copyright Act grants to the copyright owner the exclusive right, among others, “to perform the copy- righted work publicly.” Any willful infringement of this right is a Federal crime. The first offense is punishable by up to one year in jail or a \$25,000 fine. In addition, each innocent or inadvertent infringer is subject to substantial civil penalties.

Because of this, the residence halls can no longer rent videos to show in residence hall lounges, without infringing the copyright law, unless authorization is granted. Only authorized distributors have a license to distribute videos for non-theatrical release on college campuses. Video stores are not authorized distributors. Renting tapes to show in lounges or public areas is a violation of the copyright. If you have further questions, please contact your Hall Director or the Coordinator of Residence Life.

Videotaping of Individuals Without Their Consent

Students may not use videotaping equipment, cell phones or other devices to videotape their roommates or guests without their knowledge. Residents who have a reason to suspect their roommate of theft or other concerns should report this to the University Police. Unlawful videotaping may result in the video or equipment being confiscated. Students may not post materials that would be considered sexually explicit or humiliating to YouTube or other internet means. Violators may face judicial action.

Visitation

Troy University’s residence hall visitation policy seeks to balance the rights and wishes of individual students with those of other students living nearby. The continuation of the policy depends upon a demonstration of maturity and responsibility by those participating in visitation. Cooperation within the regulations is essential to all residents.

All concerned must recognize the importance of the guidelines being strictly adhered to if the program is to be successful. Visitation in the residence halls will be conducted according to the following guidelines.

- The right of privacy must be maintained; visitation will not be permitted in any room or suite without the consent of all assigned occupants, regardless of the visitation policy in effect.
- Measures for enforcement of the visitation regulations and for residence hall security shall be maintained. The privilege of visitation shall be revoked for individuals or for residence units where the rules governing visitation are violated.
- Visitation is permitted in designated halls daily from 12:00 p.m. to 12:00 a.m.
- Guest should call resident they wish to visit to meet them at the lobby door. In buildings, be escorted into the building by the resident they are visiting. Guest should sign the check in log form in the lobby. Some buildings require a picture ID be left with the Office Assistant. Guest policies are explained at the first hall meeting. If you have questions contact your Resident Assistant for directions for your building. The resident will then escort the guest into the building.
- No guest will be permitted in the corridors or bedroom areas of a residence hall unless escorted by a resident.
- Only one guest will be allowed per resident unless special permission is given by the Hall Director for study purposes.
- Only lobby doors will be used for entering and leaving the building.

- Guests will not be allowed in any resident's room at times other than the times set aside for visitation.
- So as not to cause anyone any embarrassment, all residents using public areas and corridors during visitation hours must be clothed
- Overnight guests of the opposite sex are not allowed. Anyone wishing to have an overnight guest must complete the overnight guest form at least 24 hours prior to the guest arriving. See an RA or contact the Housing Office for an overnight guest form. A form of identification must be presented and documented. Anyone found in violation of this policy is subject to a fine.

Waterbeds

For safety and facility reasons, waterbeds are not permitted in student rooms.

Windows and Screens

No objects should be thrown or hung from windows. Screens if applicable (as all halls do not have screens on windows) are not to be removed from any window.

Whenever there is a broken window, staff should do the following:

- Try to discover what happened and if possible who was responsible for the damaged window. The resident(s) responsible will be billed for the damage.
- Clean up the broken glass. Do not leave the area unattended before the glass is cleaned up and the remaining glass fragments in the window frame are disposed. This is to protect residents unaware of the danger.
- If the broken window is on an upper floor, do not leave the area without posting a sign or placing tape across the window opening to forewarn of the danger.
- If the window has been broken during regular business hours (8:00-5:00, Monday-Friday), staff should follow the work order procedures for repairs. If after 5:00 p.m. or on a weekend, staff should notify your Housing Officer to access the need for emergency maintenance.
- Emergency maintenance should be called if:
 - The window is on the ground floor of the building and it is a breach of the building security.
 - Inclement weather is pending.

Wiring, Electrical, Cable, Etc.

Residents should not splice or otherwise tamper with any existing wire in the building. Should there be a problem with the wiring; a work order should be created to have a trained technician examine the problem. Additionally, residents must not have television aerials, masts, or other radio transmitting equipment stuck or mounted outside their room.

Withdrawal from the University

Official withdrawal from the university is when the student has registered but decides to cancel registration and formally withdraw. The refund of the room rent, if applicable, is prorated based upon the date the room is vacated and the key is returned provided it is before the last date to register for classes. After this date charges will not be refunded unless there is a documented medical reason, military

service or student marries or the withdrawal is beyond the control of the student. This will be reviewed on a case by case basis.

Denied Admission, Suspension, or Dismissal- If a student is not permitted to register at the university for an upcoming semester, the student must cancel in writing with the Housing Office prior to the hall opening. The written cancellation must identify the student's denied admission status.
