

ART IN MOTION DIRECTOR'S CUT

ACT 1

Nuwanda

A noiseless patient spider
I mark'd where on a little promontory it stood isolated,
Mark'd how to explore the vacant vast surrounding,
It launch'd forth filament, filament, filament, out of itself,
Ever unreeling them, ever tirelessly speeding them.

FALLING

This piece was created to show how a relationship on the outside can look good, but there
are conflicting issues behind those smiles and laughs. The person's vision will become
clear only when you can look into your own heart. Who looks outside, dreams;
who looks inside, awakes.
