

June 7, 1919.

Dear Father & Little Mother,

Your nice long letter
came ~~rather~~ while I was
at Ellsworth's so Aunt
Louise brought it down
to me yesterday.

I enjoyed it so much
and appreciated it to
think even if you are
so busy you can find
time to write to your
Yankee daughter.

2. If my coming home would
take you to Kate's mother I
would surely be glad to
come. Of course I would
just enjoy the mountain

"Little Mother" I think
you ought to decide to
go somewhere for a change
for you need one as badly
as one can need a change.

You see by going away
for a while it would
build you up and then

you would get a good
start and then with
Winter coming on you
would get along very
well.

I haven't had any more
mail from our Boy and
I think it is time for
it is two weeks now
since the last mail
came.

Of course I realize
he has been unusually
busy since he has

taken up his new work
with the 3rd Division.

Oh say, I heard or rather
I saw in the paper
where the 6th Division
has already started home
and that the others
would follow. It just
thrills me to think of
it.

So Aunt Tommie is going
to Fla. to live well I
wonder how Myrtle
will ever make out

without her,

I was so sorry to hear about poor Lillie May, I sent her a card. telling her I hoped she would soon be well, I do hope she will get it O. K. not knowing her correct address it may not reach her. You can tell her when you see her.

Clementine seems to be getting some beautiful gifts for graduation.

Commencement starts the
13th ~~ending~~ continuing for
one week.

What seems to be the
trouble with Bonnie's
Father, I do hope he
isn't seriously ill.

I wonder if Bonnie's
reducer proved as successful
as she expected, Mother
has wanted me to ask
you before but it
escaped my mind.

It seems to me Bess is
in bed most of the time
she ought to have a
trained nurse all the
time.

Suppose she and Pal
are as loving as ever,
believe me I don't
enjoy her.

All the folks seem
quite well once more
and I surely and thank
full for it. Junior has

just had some pictures
taken in his bath
tub, if they come out
good I will send you
some.

give my love to all
the folks, especially
to grandmother Newton

With hug and kisses

Dan

Your loving little both
girl

Joyce.
