

MASONIC CLUB
OF THE
THIRD AMERICAN ARMY

COBLENZ, GERMANY.

Singee, Germany,
Nov. 24, 1919.

Dear Little Mother and Father,

I suppose you are real busy getting your turkey ready for Thanksgiving, you surely would have to have a big one if your kiddies were going to have dinner with you, we surely would love too.

We are not going to be able to get a turkey but we will have chicken if nothing happens.

It has been warmer here to-day and the snow is all gone

at present and we surely are glad of it
I have had a terrible cold but am
feeling O.K. again, you see my dear
good hubby takes such good care of
me I can't stay sick long.

Arthur is sitting here at the
table to my left, buried in a book
as usual, and he says to give
you all his best love.

I had such a nice letter from
Miss Annie Coblin, in Jessup, she
seems so interested in Arthur
and I. One surely enjoys a letter
from home over here.

Our dog is growing like a weed
and he is so cute. I know that
that you are awfully anxious for
me to ^{come home} bringing "Jack". Really

3. he is unusually beautiful.

Arthur had a letter from Dr. Ross, "Rossie's" husband, you know they are in Mobile, he said he was back in Civil life and getting along fine.

A great many of the Army wives are coming over now, when we came there were only about three others ahead of us.

We are just crazy about this little town of Singig and we would love to stay here all the time we are in Germany. Here we can live comparatively cheap, and do not have to do any society but just enjoy our little home and buy and put a lot of Jones away so you will have to give us a

whole lot of love when we get home
Father.

By the way, I can get a good diamond
here for \$250, don't you want to send
me a money order so I can get it over
here, you know I mas' almost here.

Well I will close for to-day so with
lots of love, hugs, kisses and prayers
from Arthur and I to you both,
Darn

Your loving daughter,
Joyce.
